

# CROWDED CARS ON A SCENIC ROAD TAKE FRIGHTFUL PLUNGE

**Jump Track at Coney Island Sixty Feet to the Ground.**

**At Least Four Persons Fatally Injured in the Crash.**

**Spectators Screamed in Terror as They Viewed the Disaster.**

New York, June 22.—At least four persons were fatally injured and a dozen others seriously hurt early today when two crowded cars of a scenic railway on the Coney Island and, running at terrific speed, jumped the track and dropped a sheer sixty feet to the ground.

Two cars of the big switchback had been filled and hauled up the incline, and the party, laughing and shouting, plunged down the first steep. Up the level of the scenic road and began the dive down at a mile a minute pace. Something went wrong with the mechanism, and as the cars were dashing around the track, dragging the forward car with it. Ten of the occupants were thrown down amongst the scenery, falling to the ground, where they lay uncared for. The cars, with the first car and were pinned fast beneath the wreckage.

Five of them, Misses Minnie Cobalt, Tessie Erickson and Rose Wilson, and young girls, Richard Radermacher and Manuel, the Cook, are seriously injured. The sixth is Harry Fitzhugh, 20 years old of Los Angeles, Cal. Fractures of the skull were sustained by the three young women, besides broken bones. The Cook is internally injured, his legs and back and both arms are broken. Radermacher's skull is fractured. Fitch's injuries were reported to be the most serious, and the breaking of four ribs.

As the cars came down, the plunging spectators screamed in terror, and the panic was increased when some one switched off the electric lights. The man in charge of the diving car escaped injury. He could not explain the accident, but declared it was unavoidable.

## ESTABLISHES AERIAL PASSENGER SERVICE

COUNT ZEPPELIN.

# PASSENGER AIR SERVICE

**Count Zeppelin's Airship Carries Twenty People 300 Miles.**

**Motor Work Faultlessly and Trip Made in Nine Hours.**

Dusseldorf, Germany, June 22.—The first regular airship passenger service was inaugurated today when Count Zeppelin's great craft, the Deutschland, carrying twenty passengers, successfully made the first scheduled trip from Friedrichshafen to this city, a distance of 300 miles, in nine hours.

The weather was perfect and the motors worked faultlessly. The average time maintained for the complete course was approximately 3 1/2 miles an hour, but between Friedrichshafen and Stuttgart the 154 miles was covered at an average rate of 41 miles an hour. The best speed for a single hour was 42 1/2 miles.

Count Zeppelin was at the helm when the Deutschland left Friedrichshafen at 3 o'clock this morning and sailed away on the trip that was to mark an epoch in aviation. The passengers were some of the directors of the Hamburg-American Steamship company, and the German Airship Stock company, joint owners of the dirigible, and guests. They occupied the mahogany walled and carpeted cabin, situated between the gondolas, and from the windows of which they viewed the scenery as the aerial car swept along a flood of bright sunshine.

The route was via Stuttgart, Mannheim and Cologne to Dusseldorf. It had been carefully marked out in advance for the guidance of the pilot and was followed exactly. There was no air stirring and the Deutschland made her way unhampered through a flood of bright sunshine.

The hour and minute of the probability.

# RECORD FOR JUNE BROKEN BY MERCURY

**The Weather Bureau Thermometer Registers 93 Degs. at 1 o'clock.**

**Hottest Ever Experienced During First Month of Summer Here.**

Today was a "sizzler." At 1 o'clock the thermometer at the weather bureau on the hill registered 93 deg.

This is the warmest so far this year, and probably the warmest day Duluth people have ever experienced during the month of June. There have been several hotter days in July and August.

Back in 1902, in the month of June, the mercury climbed to 92. One degree, however, make so very much difference when it gets that hot, but it's a new weather record, anyway.

This morning the mercury began to climb early. It was humid, and as early as 8 o'clock the thermometers registered 71. In an hour it went to 76. Another hour and it was 84, and in another sixty minutes it was 88. Then to 92. Down in St. Paul and Minneapolis they have absolutely no relief, and many are coming to Duluth to enjoy the breezes off the lake.

Yesterday it was hot, too. Last night brought some relief when it got down to 62. Down in St. Paul and Minneapolis they have absolutely no relief, and many are coming to Duluth to enjoy the breezes off the lake.

(Continued on page 15, seventh column.)

# SMITH WINS HARD FIGHT FOR THE TREASURERSHIP

## DEATHS DUE TO THE HEAT

**Phil Sweeney of Minneapolis and "Grandpa" Fox at Fargo.**

**Thirty Persons Prostrated and Three Succumb at New York.**

Fargo, N. D., June 22.—Special to The Herald.—Phil Sweeney, a representative of the Orpheum circuit, who has been in Fargo three weeks, registering from Minneapolis, was found unconscious on the floor of his room at an early hour this morning and taken to a hospital where he died a few hours later. Heat prostration is the cause.

The yardman at a local hotel, known as "Grandpa Fox", was found dead in the basement of the building this morning. He recently came here and stated his former home was Devils Lake. He was about 65 years old and death was due to heat prostration.

Three New York Victims.

New York, June 22.—Happless New Yorkers sizzled and sweated yesterday while the mercury climbed steadily, until it attained a maximum of 90 degs. by official readings at 3:45 o'clock. A high mark for the year. Thermometers on the streets ranged as high as 94, and three deaths directly due to heat.

(Continued on page 15, seventh column.)

## EVELETH BANKER GIVEN PLACE ON STATE TICKET

WALTER J. SMITH, Nominee for State Treasurer.

**Eveleth Man Is Victor in the Republican State Convention.**

**Judge Brown Nominated Over Dibel and Lewis for Justice.**

**Samuel Y. Gordon Is the Choice for Lieut. Governor.**

**THE TICKET.**

Governor—A. O. Eberhart.  
Lieut. Governor—S. Y. Gordon.  
Secretary of state—Julius A. Schunabel.  
Auditor—Samuel G. Iverson.  
Attorney General—George T. Simpson.  
Treasurer—Walter J. Smith.  
Associate justices of supreme court—E. A. Jaggard, C. L. Brown, D. F. Simpson, P. E. Brown.  
Railroad Commissioner—C. F. Staples.  
Chief of supreme court—J. A. Caswell.

(From a Staff Correspondent.)

St. Paul, Minn., June 22.—(Special to The Herald.)—St. Louis county asked two things of the Republican state convention and it got one and a half of them.

Walter J. Smith of Eveleth was nominated for state treasurer. That's the one thing St. Louis county got. Judge Dibel was rejected as a candidate for the supreme court, but Justice Lewis was renominated. That is the half portion served to St. Louis county.

The St. Louis county delegation stuck to the last for Dibel, but the voters declared that he should not be made the nominee. Instead, Judge P. E. Brown of the Third judicial district was named. He lives at Luverne and is an attorney and learned judge. Northern Minnesotans, who were prominent in furthering the candidacy of Judge Lewis, regretted exceedingly their inability to bring about the nomination of that jurist, consoling themselves with the thought that at any rate the supreme court of the state of Minnesota has been strengthened as a result of the action taken by the Republicans at this convention here yesterday. In speaking of this they have had much to say for specific quotation, that no matter whether Judge Brown or Judge O'Brien is elected in November, the court will be strengthened. Democrats as well as Republicans took part in the effort to convince the Republicans of the value of that Judge Dibel was the man for the place. To that extent, surely, the Dibel camp.

(Continued on page 15, first column.)

# BREAKING OF THE DROUGHT

**Rains in North Dakota Put an End to Dry Spell.**

**Weather Bureau Say Indications Are for Showers in Northwest.**

Grand Forks, N. D., June 22.—(Special to The Herald.)—Rains west of Rugby broke the long drought last night. The storms appeared to be general in that section and were moving eastward.

Little Rain at Fargo.

Fargo, N. D., June 22.—(Special to The Herald.)—There was a little rain through the Red River valley early this morning, but Wahpeton was the only place that received a sufficient quantity to be of any use. At Fargo it was only four-one hundredths of an inch and there does not seem any more in sight. There was a heavy rain at Detroit, Minn.

Local Rains at Hand.

Washington, June 22.—A special bulletin gives encouragement to those in the Northwest who have suffered from the intense heat during the last few days. Local rains and normal temperatures are now in progress, and the continuation of warm weather in other sections, however, is predicted.

The bulletin says: "A break in the hot wave that is prevailing during the last week in Montana, North Dakota, South Dakota, Nebraska and Kansas is now in progress, and the indications are that there will be local rains and several days of normal temperature in these states. Warm weather is forecasted to continue in the Southern plains states, but the Mississippi valley and the Eastern districts during the next several days."

# MORE TALK ABOUT DEPOSING CANNON

**Insurgents Hold Conference But Not Agreed on the Subject.**

Washington, June 22.—A secret conference of a number of the house insurgents was held late yesterday to discuss the subject of further activity at the present session. The question of whether another attempt should be made to depose Speaker Cannon, was broached and again a divided sentiment on the subject was disclosed. Statements were submitted by different members who had canvassed the situation and reports were made of careful counts on the proposition. It was agreed that it was extremely doubtful whether enough votes could be obtained to carry through such a motion.

# BOSTON GETS THE NEXT CONVENTION

London, June 22.—The international congress of chambers of commerce today accepted by acclamation an invitation to hold the session of 1912 at Boston.

The invitation was extended through Frank D. Lallande of Philadelphia, president of the national board of trade, and was supported by Sir Alfred Burnham, representing the British government, who said that it would be a matter of satisfaction to the government if the next meeting was held in Boston.

# LARGE ST. PAUL BLOCK BURNED

**Three Men Injured at Burning of the Schoch Grocery.**

St. Paul, Minn., June 22.—(Special to The Herald.)—Three men were injured during a fire today which completely destroyed the five-story building occupied by the Andrew Schoch Grocery company at the corner of Broadway and East Seventh street. The building, a handsome structure, hands badly burned; Pipeman Flaherty, overcome by smoke and heat, St. Paul's hospital, unidentified, was struck by falling board and taken to St. Joseph's hospital in an unconscious condition. Today is the Grocers and Butchers' annual picnic day and the store was closed. It is presumed the fire was caused by an explosion. The loss is estimated at \$100,000.

# TO SPEAK IN SEPTEMBER

**Roosevelt Expects to Address the Hamilton Club at Chicago.**

**In Last Speech There First Made Use of Word "Strenuous."**

New York, June 22.—Just as the "Millionaire" expressed the fast morning train from Oyster Bay to New York, pulled out of the station for its run today, Theodore Roosevelt left the town in an automobile for New York. Passengers who came on the train and took the first ferry and car for the Outlook office found, when they arrived, that Mr. Roosevelt was there ahead of them. Mr. Roosevelt, at 10:30 o'clock received twenty-five members of the Hamilton club of Chicago in his editorial office.

In a speech to the Hamilton club before the Spanish-American war, Mr. Roosevelt first made use of the word "strenuous." Col. Roosevelt said, "I haven't used it since, because I have not had a chance."

"I cannot accept more than one of a hundred of the invitations which I receive to make speeches. The Hamilton club's invitation is the one of a hundred. I cannot tell you definitely when I shall make my speech to you. I think, however, that it will be Sept. 10, when I come back from my trip to Kansas City and Cheyenne."

"I wish I could keep you here longer, but you see that I am very busy."

As he spoke his concluding words, Col. Roosevelt pointed to his desk, which was piled high with letters and papers. Chicagoans joined with him in a laugh. John H. Baten, president of the Hamilton club, then made a short speech, and the visitors filed out.

Shortly after the reception Mr. Roosevelt went to attend a luncheon given him by the Campfire club.

# TWO CHILDREN FATALLY BURN

**Boy and Girl Perish When Their Home Burns Near Sandstone.**

Sandstone, Minn., June 22.—(Special to The Herald.)—The home of George Hoyer in the Otter Tamarac locality, about twenty-six miles east of here, was destroyed by fire early yesterday and two children, a girl, aged 11, and a boy, aged 10, were burned to death.

A daughter, aged 14, was also seriously injured and is now in the hospital. Eleven children were sleeping on the second floor when the fire started from unknown origin. Mrs. Hoyer was absent while the fire was burning. Downstairs, aroused by the fire, Mr. Hoyer managed to save nine of the children after several narrow escapes but two could not be reached.

# FLOUR MAKERS IN CONVENTION

**One Thousand Delegates at Minneapolis Welcomed By Governor.**

Minneapolis, June 22.—About 1,000 flour makers of the United States and Canada are here to attend the annual convention of the Millers' National Federation which began a three days' session today. A number of scientists of the department of agriculture, Washington, will address the meeting, and representatives of English, Scotch, and Irish milling interests are attending the convention.

Dwight M. Baldwin, president of the federation, presided at this morning's session. The address of welcome was delivered by Governor Eberhart, and among the other speakers on the program were W. C. Brown, president of the New York Central railway, who will discuss "The High Cost of Living, the Cause and Remedy."

# ROOSEVELT GOES TO NEW YORK BY AUTOMOBILE.

Oyster Bay, N. Y., June 22.—Theodore Roosevelt left here this morning for New York by automobile. He was accompanied by C. G. La Farge of New York, Miss Ethel Roosevelt and Kermit Roosevelt, J. B. Bishop, secretary of the Panama canal commission, who with Mr. La Farge, was the guest of the Roosevelts last night, went to New York by train.

**"White Slave" Arrested.**

Boston, Mass., June 22.—Charged with procuring girls to go to Panama as "white slaves," Max Feret is under arrest here as a result of investigations made by the Watch and Ward society. Evidence against the man was obtained by a young woman settlement worker.

# ASK AID FROM HIGHBINDERS

**Chinese Residents of California Town Fear a Tong War.**

Oroville, Cal., June 22.—The Chinese residents of this city, fearing a Tong war, have asked the police to protect them and prevent the outbreak of hostilities among the highbinders. Pong Lee of the Banking and Merchant company, states that two highbinders came from San Francisco and deposited a lottery ticket in the bank. Later they asked for the ticket and under the claim that it had been substituted and had drawn a prize of \$1,000, demanded that sum from the bankers and threatened, if the amount was refused, to kill the members of the firm.

**The Golden Tourists.**

Dallas, Tex., June 22.—Midway of the tour, the Golden tourists and contestants for the Chicago trophy started northward today and before noon were out of Texas and into Oklahoma, en route to Kansas City and thence to Chicago, the journey's end. Half of the mileage was completed this morning and tonight nine of the eighteen days allotted will have been consumed.

**Boy Kidnapped.**

New York, June 22.—Michael Scimeca, 3 years old, son of Dr. Mariano Scimeca, an Italian physician, followed a man who dressed him in a suit and disappeared. The father reported to the police that he believed the child had been kidnapped. Dr. Scimeca has received four "Black Hand" letters, demanding \$1,000 on pain of death to himself and family.

# EVER NOTICE HOW BIG THE LAWN MOWER GETS AT THIS TIME OF YEAR?

# HARMON IS INDORSED

**Nominated for Another Term as Governor of Ohio.**

**Presented as Candidate for the Presidency in 1912.**

# VOTE ON SHIP SUBSIDY BILL

**Senate Regulars Prevent Any Amendments to the Measure.**

Washington, June 22.—Agreeing to vote at 5 o'clock this afternoon on the Carter motion to concur in the house postal savings bank bill, the senate adjourned at 8 o'clock last night after a day devoted largely to an onslaught upon the house measure. A number of amendments were offered, but the "old guard" of the regulars was on duty and each assault was successfully resisted, the majority ranging from six to eight votes. Word was circulated early in the session that the president desired the house bill and the message undoubtedly had an influence in maintaining the measure intact.

# PLAYING WITH MATCHES CAUSES DEATH OF BOYS.

Tredell, Tex., June 22.—Playing with matches resulted in the death of two little sons of J. O. Taylor, aged 3 and 4 years, respectively, here late yesterday. The little boys were starting a fire when their clothes became ignited and they were burned to death.

**Bleached Flour Trial.**

Kansas City, Mo., June 22.—In support of the contention that the process of bleaching flour does not injure the product, but improves it, several additional witnesses testified for the millers in the bleached flour trial in the federal court here today.

**To Increase Capital.**

Philadelphia, June 22.—The stockholders of the Lehigh Valley Railroad company at a special meeting here today voted to increase the capital stock of the company from \$40,534,800 to \$50,000,000.

## LAST LETTER FROM ROME

Rev. M. S. Rice Writes of "Seeing Europe in Ten Days" Tourists.

The Double-Barreled Nobility of the Church and State.

To the Editor of The Herald:

I do not know that you want any more letters from me, or do I know that you ever wanted any, and I know not whether any I have written you have ever been honored with the type of your presses, and if you don't want to publish this I shall not care, and would in no way question your judgment. But you might sell it for old paper, or give it to some charitable society that is collecting a "year load of paper" and help a good cause. So, when I consider all sides of this matter, and also reckon with the fact that I have been so much that makes me want to talk, and all I can say in the language these folks understand is "huncorner" and I am afraid that I can't spell that, and I don't roll the "r" just right for these fellows in our country. I must have "vent" somewhere, and I have been taking it out on you folks at home. So, published or not, these letters have accomplished for me one thing. But I will precise you now, this is positively the last.

I don't know just how much it will beat me home if you publish it at all, you had better get it out in an "extra," because it would look bad to see it with me on the same day. I spent the first few days of my visit in the most interesting of all cities on the art and more modern architecture. Not that I am a critic, either or know any of the finer points of such criticism, but I have been here over here not to get these things into my senses.

**Ever Present Critics.** You cannot sit before a picture or a statue with your own eyes, or a pretension but that of some busy-on-server, with one eye on guide book and the other on the folks standing by, will justifiably declare something about school, or some other senseless matter, and hurry on where more folks have gathered. I don't know what other tourists think about me, and I don't care, but one thing I have concluded, and that is never to make one of these twenty-minute tours of the world. Why, I had rather go to Superior and sit down on over avenue and look through the Coliseum and the Forum today in thirty minutes. But I have been here to tell you that after I had thoroughly rested my weary body, after some of my strenuous work at Naples, by sitting around in "Girles."

**Forbes Stock Company Opens a Week's Engagement in "Girles."** Rome, Italy, June 8. I have been for the last week, and shall continue for more days, enjoying Rome in all the sense of that word, carrying the flavor of world interest. I have been living in the Forum, on the Palatine, about the Coliseum, along the Appian way, and around the Pantheon. The long-faded memories of Roman history have been struggling in my mind, and I am going to get right at Gibbon's "Rome" as soon as I can. I have been digging that thing all over again with a new appreciation for every page now. I was over at that ancient Church of Ara Coeli the other day just as the barefoot monks were chanting the evening vesper. There was nothing about the chant which interested me in any way, save the fact that certainly chanted very badly, when suddenly I remembered that here it is, and at the very same vesper, Gibbon, listening, caught the first idea of his now famous book, and I at least caught the determination to reread it.

But what folly it would be for me to write a letter about these old things, which are treasured to the whole people these days. The high school graduate has kept us informed every year of the famous fact that Julius Caesar, even after we had he had crossed it, just what it was he crossed—whether a fence, a moat, or the many other matters Rome has furnished us as stock in trade for all our knowledge of ancient history, would make it useless for me to write the facts of the history of these ancient things. I did think I would do it, and picked on the Coliseum and the Pantheon for this letter, but the whole information I could give you will be found in your library, and I don't propose to question your knowledge.

**Modern Italy.** However, the modern matters here in Italy are not so much of interest, and maybe a few words about the great matters that have taken place in this historic old peninsula called Italy, in not very long-gone days, would be welcome to some of our readers. Sunday was Italy's "Fourth of July." They don't put such things on the count of Sunday over here, but rather, seem to prefer that day, for the fireworks, on account of the rain in the afternoon, have been postponed until next Sunday. By that was the rule, it is the "same Fourth" line too, and to accomplish that by letting the government attend to all the fire. There was no promiscuous shooting about the streets, never heard a single fire-cracker all day long, but I did see the great "Plaza del Popolo" simply covered with apparatus in preparation for a great firefest at night. The only thing they succeeded in attempting in the way of their celebration was the grand review of the army by the king. I saw the king as he rode by in his automobile, not far from the review grounds. The people were very quiet, and all that was done from what I could learn, was that the 60,000 troops of every sort imaginable, put on their best clothes, combed their hair, and marched like machines past the king who sat as stiff as a king can, till they had all gone, and then hurried home, and it was all over. But this was the

Wednesday,

king of Italy, and that is, indeed, a stirring fact down here.

Before the year 1870, Italy was a divided territory, made up of seven independent states. Besides these seven states, Lombardy and Venetia were under Austrian rule. The effort to bring about a united kingdom, of course, met with serious trouble always. When King Victor Emmanuel II. came to the throne, he was proclaimed, and Garibaldi, who had just returned from America, took charge of the army, but France intervened, and Garibaldi, after some very serious adventures, gave up and sailed to America. I cannot, in one short letter, tell the great story of the unification of Italy, but I can tell you that Garibaldi came back to Italy in 1848, and under the magnetic leadership he furnished the soldiers, and through the fortunes of the Franco-German war, when the defeat of Sedan gave Rome to Italy, on Sept. 20, 1870, the victorious troops, shouting for Victor Emmanuel, entered the "Eternal City" and set up the new kingdom.

**Church and State.** Now, this was the fact, which has caused so very many different complications in the circles of Roman progress. The church and the state are forever treading on each other's toes. At present either the king or the pope is either for services rendered or for personal merits. Now, there is no doubt that the king is on earth about which people will act so foolishly as about titles, so you can quickly understand what a complication is bound to arise where such a double-barreled nobility is possible. The transfer of titles in connection with real property, and the privileges of the nobility, have been abolished since 1870, and nobles in the Quirinal court, or government circles, are regarded as equal. Since the union the nobility has been split into two sections, of which one has passed over to the Italian court and the other has kept its social circles that the government nobility are "whites" and the royal "blacks," and they don't meet in social engagements. But look out, some one will accuse me of sticking my nose into other folks' business, for this is the place where all these contradictions, which make good news for a world and cause the Vatican so much anxiety about the exact propriety of a case. There has been no trouble over me, however, and none of the nobles seems to know that I have been here these days, and I am now sure I am going to get away without being found out. This is the only advantage I possess over our brilliant ex-president, but it is a great advantage for a traveler.

is with pleasure I contemplate seeing my home land and my home city again. I never loved either so well as I do now. I never believed in them so thoroughly as I do now. I shall return to them confident that no land on earth is as favored as America, and no city in America has better cause for confidence than the "Zenith City of the United States."

M. S. RICE.

Rome, Italy, June 8.

**DIRECTORY OF AMUSEMENTS**

WHERE TO GO TONIGHT.

LYCEUM—The Forbes Stock company in "Girles."

**FITCH COMEDY**

**WELL PRESENTED**

**Forbes Stock Company Opens**

**a Week's Engagement**

**in "Girles."**

A ripple of laughter and gentle applause followed the players of the Gus A. Forbes stock company through the scenes of "Girles" which was given its first performance last evening at the Lyceum.

The clever Fitch comedy was played delightfully and the members of the company realized splendidly the key of the comedy and it was played in exactly the right pitch. "Girles" is as light as this, a perfect misadventure, and a cleverly touched that the tired business man could never find fault with. It can be followed without mental effort and at that it has flashes of the keenest comedy and clever touches that will let no one's interest flag.

In "Girles" Clyde Fitch wrote a satire but his good humor kept him from it and the play has come out a happy mixture of comedy, varying often farce with a satirical touch or two to add good measure.

The story is of three bachelor girls living in New York and in rather hard straits. They vow eternal vengeance to man and the play deals with the events that bring about their change of opinions and heart. It is one as might be expected, in the cleverest possible way.

The moments when the dramatist undertakes to expose feminine stratagems, one could almost believe he was watching and seeing Bernard Shaw in another "Man and Superman." Violet, the lazy girl of the three, the one who is so lazy that she wouldn't draw her breath if she could employ some one to do it, the one who is constantly securing some one else to wait on her hand, is the one who is the most interesting character in the play.

Young lawyer's clerk, legs the privilege of waiting on him. "For I just love to wait on people," says this very feminine person.

There are but a few of the delicate and delightful touches that mark the play Clyde Fitch's own.

Mr. Forbes and his company are given an adequate presentation of the comedy. Every member of the company seems to have realized the pace at which the thing must go, and it goes at that. Miss Justine Wayne, as the fiercest man hater, is very fierce indeed at the fierce time and her manner changes delicately and reasonably to that of the capitulating and Miss Evelyn Watson appears as Kate and Violet, and they do their part to make the trio a very human and enjoyable group of everyday Americans.

Woodie Fitch did some of the best work of the evening as Miss Purcell, gossip, a flirtatious and admirer of men from messenger boy, janitor, postman and milkman up.

Miss Edith Harcourt was seen for the first time this season, and she did the small bit delightfully.

Mr. Forbes appeared as the young lawyer who upset the vows of a young lifetime. He was capable and suave and especially effective in his scenes of the ending of the modern shrew. The other members of the company did the roles assigned them in a manner that made the performance all even and pleasing one.

"Girles" was given at a matinee this afternoon and will be repeated tonight, Friday, Saturday and Sunday nights with Saturday and Sunday matinees.

Dinner by Hyman.

London, June 22.—Winston Spencer Churchill, secretary of home affairs,

gave a dinner last night in honor of W. J. Bryan at the house of commons. Chancellor Lloyd-George was among the guests.

**A Cave That Breathes.**

A curious crevice has been found in a cave in lava formation on a high piece of tableland, near Prescott, Ariz., which is said to breathe, because there is a constant current of air issuing from it or being drawn into it. Because of its purity and invigorating qualities Golden Grain Belt beer remains unexcelled as a summer beverage. Order of your nearest dealer or be supplied by Duluth branch Minneapolis Brewing company.

**Bede at Grand Forks.**

Grand Forks, N. D., June 22.—(Special to The Herald.)—J. Adam Bede of

Pine City, Minn., the political philosopher and wit, will deliver an address in Grand Forks on Saturday evening, June 25, on the political issues of the day.

**APPEAL RIGHT IN LAND CASES**

Washington, June 22.—President Taft sent a message to congress recommending legislation which would enable litigants in land cases to appeal from the decision of the secretary of the interior to the federal courts. A bill embodying the presidential recommendations was introduced by Senator Nelson in the senate, and by Representative

active Modell of Wyoming in the house, and an effort will be made to get the measures enacted into law.

Western members favor the legislation on the grounds that the decisions frequently result in injustice to claimants. The president recommended that litigants have the right of appeal from the secretary of interior's decision to the court of appeals of the District of Columbia. The present law makes no provision for appeal.

**GAME WARDEN'S KIDNAPER. NOT TO BE PROSECUTED.**

Menominee, Mich., June 22.—Ole Mickelson, the fisherman whose craft Saturday captured the Michigan game warden, who had seized his vessel and man, will not be prosecuted. He voluntarily came here, hunted up the warden and took out a license for his craft

to work in Michigan waters. This settles the difficulty.

**WEBB SAYS HE KILLED JOHNSON**

Portland, Or., June 22.—Jesse R. Webb confessed last night to the killing of W. A. Johnson, whose body was found in a trunk at the union station. Webb, in a signed statement to the police, said he killed Johnson in self-defense after a brawl between the two men in Johnson's room in a downtown hotel.

Mrs. W. D. Kersch, who was arrested with Webb, is exonerated of complicity in the crime by the confessed slayer.

who charges, however, that she conspired with him in placing the body in the trunk and sending it to the union station. Mrs. Kersch was supposed to be the wife of Johnson, but admitted she is the wife of Bert Kersch, a city employee of Seattle and that she eloped with Webb a year ago.

Webb professes to know little or nothing of Johnson, but said Mrs. Kersch had told him he had recently come to Spokane from Minnesota.

The confessed slayer says he is a printer by occupation and is 45 years old. He was married to Lena Samuelson in Astoria, Neb.

**Le Sœur Woman Takes Life.**

Le Sueur, Minn., June 22.—Mrs. James O'Donnell, wife of a farmer living near Le Sueur, committed suicide yesterday by shooting herself with a revolver. The deed was done in a fit of despondency caused by the loss of two children by scarlet fever.

who want the best and are tired of  
paying fancy prices.

ADDITIONAL  
SPORTSAUTO CLUB  
IS REVIVED

Vigorous Campaign for Mem-  
bers Is Begun By the  
Directors.

Will Work to Secure Good  
Roads for Use of  
Automobilists.

At a meeting of the board of direc-  
tors of the Duluth Automobile club  
yesterday, plans were formed for a  
revival of interest in the organiza-  
tion and a more active summer than  
the club has had since its organiza-  
tion.

A committee consisting of W. W.  
Walker, A. W. Hartman, C. H. Thorn-  
ton, Howard T. Abbott and C. H. Hag-  
ley, were appointed yesterday to solicit  
members among the automobile own-  
ers of the city and they hope to get  
every owner in Duluth on the rolls  
of the club in order that they may  
go into projects as a unit.

The club will immediately begin the  
work of sign-boarding the county  
roads in the vicinity of Duluth and the  
co-operation of the state associa-  
tion will be asked in sign-boarding  
the roads between Duluth and the  
Twin Cities. A committee on con-  
tests, runs and tours will be named  
soon to arrange for sociability tours.  
The club also plans issuing a road map  
of St. Louis county showing the con-  
dition of all roads in the vicinity of  
Duluth.

The officers and directors of the as-  
sociation are: J. B. Cotton, presi-  
dent; B. E. Baker, vice president; J.  
A. Todd, treasurer; T. F. McCarthy,  
secretary; W. S. Moore, C. S. Wilson  
and W. W. Walker.

The object of the club is to secure  
good roads in the district through  
which Duluth automobilists travel and  
the attaining of that object will be  
coupled by the generation of pleasant  
social relations between owners of  
cars.

GAME WILL BE  
CALLED EARLY

Last Contest With Eau Claire  
Will Start at 2:30  
Thursday.

Because the members of the Du-  
luth baseball team will have to catch  
a train after the game tomorrow, the  
contest with Eau Claire, the last game  
before the team leaves for Wausau,  
will be called at 2:30 sharp.

The game will conclude the series  
with the Schoonhoven Angels, and  
will also be the last until July 3, when  
the team will return from the road.  
The members of the team will have  
to catch a train shortly after 5  
o'clock tomorrow and for this reason  
the game will have to be called early.

FIRST RACE FOR  
THE 18-FOOTERS.

The first of a series of eight races  
for the 18-foot sailing boats of the Du-  
luth club will start this evening.  
The races during the season will be  
called at 6 o'clock. They will cover  
the short course, about three miles. It  
is expected that four boats will com-  
pete in the race this evening.

TRADING LIGHT  
BUT TONE GOOD

Little Interest in Copper  
Market But Prices  
Hold Firm.

The copper market had an excellent  
undercurrent today and the buying, ac-  
cording to dispatches, came from good  
sources. The opening was moderately  
firm, the favorable weather reports  
from the Northwest being chiefly re-  
sponsible. The short interest is be-  
lieved to be fairly large and many  
shorts were forced to cover today  
which gave impetus to the upward  
movement.

Small blocks of copper, it is re-  
ported, have been sold at 12 1/2c a  
pound. It is estimated that about  
25,000,000 pounds of copper have been  
sold for domestic and foreign con-  
sumption within the last week. No  
large blocks have been reported as  
sold to Europe.

Trading here was small and was con-  
fined chiefly to the cheaper issues.  
There was little interest in the mar-  
ket. Dime sold at \$3.06 1/2; Butte &  
Superior at \$1.06, \$1.95 and \$1; Calu-  
met Corbin at \$1.40 and \$2; Calumet &  
Sonora at \$1.40 and \$1.50. Keating at  
\$1.25; St. Mary's at 17c. Tuolumne at  
\$2.25.

Amalgamated sold at \$64.50, \$66.37 1/2  
and \$65.75; Steel at \$78 to \$79.75 to  
\$79.50; Butte Ballaklava at \$15.12 1/2 to  
\$15; Butte Coalition at \$15.50 to \$15.25;  
Calumet & Arizona at \$3 to \$3.25;  
Globe at \$7.12 1/2 to \$7; Greene at  
\$7.75; Lake at \$53.50 to \$55.50 to \$55;  
and \$56.

## ROOTS, HERBS AND BARKS.

You can not doubt recall the collec-  
tion of roots, herbs and barks your  
grandmother made every fall for the  
family medicine chest.

It is interesting to note that the  
most successful remedy for female-ills  
had its origin more than 30 years ago  
in one of these home medicine chests.

Dr. Lydia E. Pinkham's Vegetable  
Compound is made today in immense  
quantities from those same roots and  
herbs with extreme accuracy, care and  
cleanliness.

North Butte at \$27.75 to \$28; Superior  
& Pittsburgh was \$10.75 bid at the open-  
ing and \$10.87 1/2 bid at the close.

Andrew Urquhart, a well-known  
Montana mining man, who is also in-  
terested in mining properties in Cobalt,  
Ont., arrived in Duluth yesterday on  
the Huronic, and will remain here at  
the St. Louis, a few days before re-  
suming his journey westward. Mr.  
Urquhart says that the mines around  
Cobalt are looking better than ever,  
and that that great silver district is  
again coming to the front.

TENER IS NAMED  
FOR GOVERNOR

Republican Convention in  
Pennsylvania Has a  
Brief Session.

Harrisburg, Pa., June 22.—Probably  
the briefest and most harmonious con-  
vention in the history of the Republi-  
can party in Pennsylvania met today  
and unanimously nominated the fol-  
lowing:

Governor—Congressman John K.  
Tener

Lieutenant governor—Congressman  
John W. Reynolds of Bedford county.

JOHN K. TENER.

Secretary of Internal Affairs—Henry  
Hock of Lebanon, present incumbent.

State treasurer—Former Congress-  
man Charles F. Wright of Susquehanna  
county, present incumbent.

Only one hour and fourteen minutes  
was consumed in the work of the con-  
vention.

The platform adopted indorses the  
national and state administrations and  
declares that the tariff bill recently  
enacted is in accordance with the Re-  
publican policy expressed in its last  
national platform.

## LIGHTHOUSES IN STEEPLES.

The Wide World: Some time ago an  
account appeared of a church at  
Charleston, S. C., which has a light  
house situated in its steeple. It was  
stated that it was the only one of its  
kind in the world. A vigilant and pa-  
triotic Danish reader, however, points  
out that his own country possesses a  
similar curiosity in the temple of the  
church at Thuno, a small island of the  
Kattegat near Samsø. The govern-  
ment maintains the lighthouse and the  
minister is the official inspector. This,  
the Danish correspondent believes,  
really is unique.

## DE-E-LIGHTED!

"T. R.'s" delighted at landing  
in dear old U. S. A. could not be  
more than that of the man  
who dons one of our summer  
suits.

"De-e-lighted" he will certainly  
be, for not alone will he be  
perfectly comfortable, but he  
will look as good as the man  
who has paid forty or fifty dol-  
lars for a suit and waited two  
weeks for it.

## We Repeat Our Offer of

\$18.50 Silk Dresses at \$14.50

NO NEED to say much—no argument is necessary if you see the dresses—they're  
styles you want—and they are made with a smartness that gives them a tone and  
individuality you'll like.

\$14.50 Some discriminating shoppers say they  
rank with \$22.50 and \$25.00 dresses else-  
where—but we sell them regularly at  
\$18.50—tomorrow we offer choice for

Dainty Dressing Sacques, Lounging Robes,  
Hospital Robes and Kimonas

A Clever New York designer is specializing in dainty house garments, such as dressing sacques,  
lounging robes, combing sacques, breakfast gowns, hospital robes and kimonas. There is an  
infinite amount of style and daintiness to the garments we have just received from this maker—  
they are so tastefully trimmed with bands of ribbons, Val. laces and embroideries—they are made up  
in silk, Jap. silks, imported crepes, novelty lawns and French batistes.

Prices on these dainty garments are surprisingly reasonable—ranging 75c,  
\$1.25, \$1.50, \$2.98 and by easy stages up to \$16.50.

## \$12.50 for \$15.00 Linene Suits

The smart Russian effect—neatly strapped—tail-  
ored in every respect—the collar has a long shawl roll—  
contrasting colors—the collar has a long shawl roll—  
the skirts are full kilted models—they are shown in  
wanted colors of mercerized linene—pink, blue and gray  
They are the best \$15 suits of their class in the  
city—all sizes—tomorrow, special at \$12.50.

## New Sailors Are Here

The smartest shapes for midsummer  
wear. Also many novelties in midsum-  
mer hats.

Tomorrow Only We Offer David &  
John Anderson's Gingham at 39c Yd.

WE have left, twenty pieces of David & John Anderson's best Scotch  
ginghams. The very finest gingham in all the world—staple checks,  
in light blue or black and white, also plaids in blue, lavender, red, etc.—  
these goods are sold the country over at 45c a yard.

The colors are guaranteed absolutely—tomorrow we  
offer them special at 39c a yard.

## 45c for 59c Meteor Silks Tomorrow

faster—the price of 19c for tomorrow will induce quick buying on the  
part of those who see the handsome quality in stylish shades, staple checks,  
plain colors and pretty plaids—offered to morrow only, at 19c a yard.

## Speckless Cream Woolens

CREAM colored suits, skirts and coats are very popu-  
lar right now. Women who wear them always  
look well dressed—they are so practical for Duluth cli-  
mate, too. If your garments are made of our "speck-  
less" kind they will have that quality-look and they will  
be free from that disagreeable black specks so common  
in cream woolens.

Various weaves and at prices less than such  
good fabrics are usually priced.

Special for Tomorrow—\$6.75 for \$7.98  
to \$9.25 Carriage Bags

YOU KNOW what handsome Carriage  
Bags we have been selling at \$7.98

# NEWS OF THE NORTHWEST

## HEAT CLAIMS TWO VICTIMS

Resident of Ada and Citizen of Erskine Are Overcome and Succumb.

Monday and Tuesday Shattered Long Heat Records in Red River Valley.

Crookston, Minn., June 22.—(Special to The Herald.)—Last evening closed the two warmest consecutive days experienced in this section for a quarter of a century, and only twice in the last sixteen years has the thermometer reached such willing heights. The government thermometer registered 89 deg. Monday, and a fraction over that yesterday. No such heat has been experienced since one day in July, 1901, and in July, 1905, the heat reached that point for one day only. The present heat spell has lasted twelve days, and in that time it was the lowest maximum of any day and it has been over 90 every day but two in that time. The wheat has not been seriously damaged as yet, but cannot hold out against such scorching weather much longer.

**Ada Man Fatally Stricken.**  
Yesterday two people succumbed to the heat. One, Hansson, aged 50 years, working in the tow factory at Ada, died suddenly at 1 o'clock today, and the other, a citizen of Erskine, died at his home in Erskine in the evening, and the cause of the intense heat. His body was found the next morning by a neighbor.

Two prostrations were recorded here—Lillian Anderson, stenographer for Attorney W. E. Rowe, and her sister, employed in the McKenzie Robbins bindery. Both were taken home, and were in a serious condition for a time, but will recover.

**Chippewa Falls Victim.**  
Chippewa Falls, Wis., June 22.—Joseph Schuch, 38, discovered the body of a man in a fence corner on the outside of the city near an old brick yard yesterday. The man evidently had died of heat prostration. No mark of identity was found on the body.

## KILLED WHILE DRIVING WELL

Two Brothers From Strom, Wis., Victims in North Dakota Explosion.

Dickinson, N. D., June 22.—Joseph and William Beaulieu were killed by a charge of dynamite nine miles south of New England at a place called Curtis, where they were boring a well. The explosive was under a wagon and the brothers were getting ready to go to work. Curtis was the only witness of the accident and he does not know how the disaster was caused. The legs and arms of Joseph Beaulieu were blown off in the instant death. William retained consciousness before he died. He was single and 20 years old.

Joseph Beaulieu is survived by a widow and three children. He had been on his homestead for two years, prior to which time the family lived in Dickinson. The parents of the Beaulieu brothers reside in Strom, Wis.

**CANNOT ATTEND PRIMARIES.**

But Senator McCumber Asks for Support of North Dakotans.

Grand Forks, N. D., June 22.—Every voter in North Dakota probably will hear from United States Senator Porter J. McCumber soon relative to his candidacy for reelection. His illness has prevented his taking any active part in the campaign, so he has had to take his candidacy up by mail. In a letter addressed to the people of North Dakota, he says, in part:

"It had been my intention to take part in the primary campaign and discuss fully every political question pertaining to the interests of the state of North Dakota and the country at large. But an illness has confined me to my bed for the past eight weeks. For the past two weeks I have been slowly improving, but it is absolutely impossible for me to get to the state and take any part in the primary campaign. Therefore, I am obliged to leave my candidacy in the hands of the people of the state and shall abide by their verdict."

**HACKMAN ADMITS GUILT.**

Will Be Sentenced After Claiming Witness Sues His Employers.

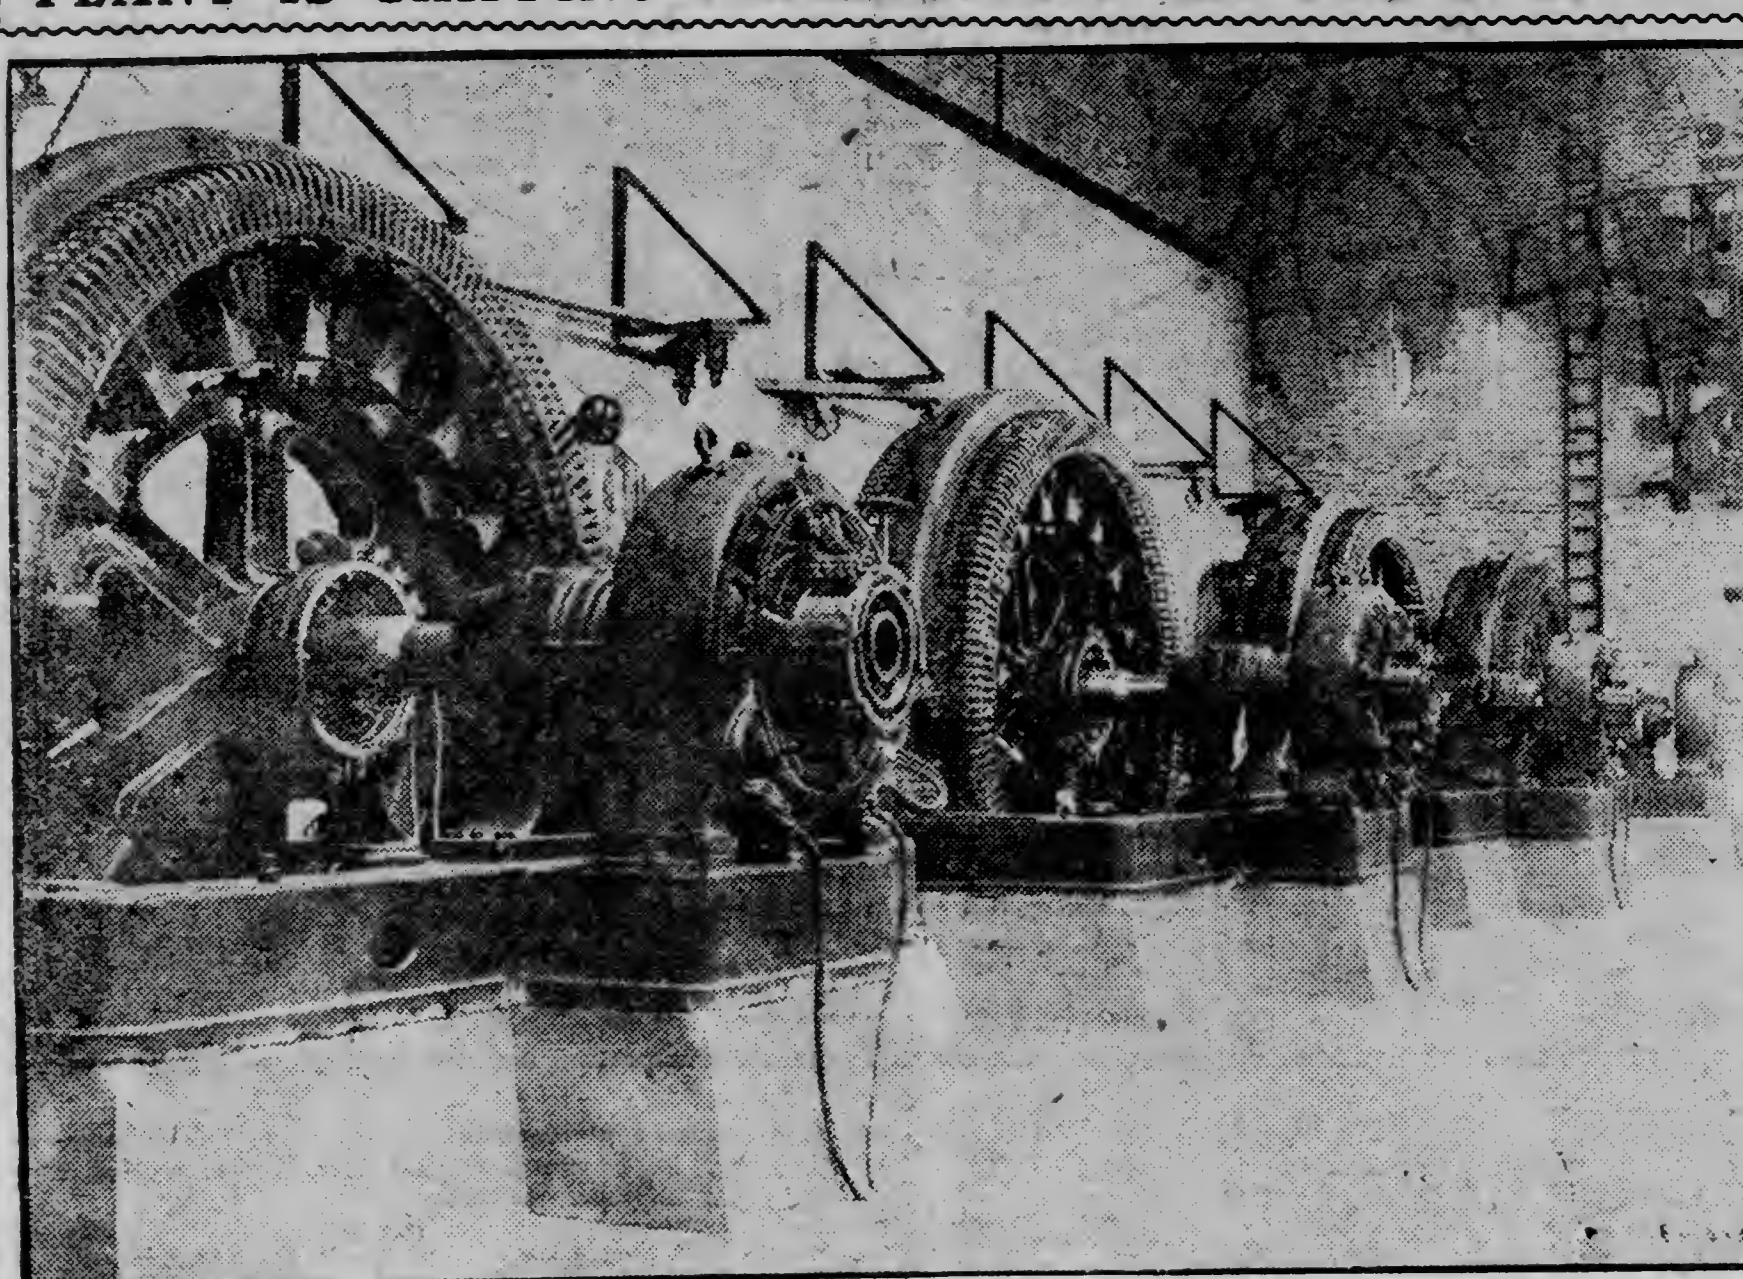

Crookston, Minn., June 22.—(Special to The Herald.)—William Miller, a hack driver pleaded guilty yesterday to assault and will be sentenced later after the civil action brought by the plaintiff, Miss Peterson, has been disposed of. She has brought suit against Crookston & Carlson, Miller's employers. Paul Groden pleaded guilty to robbery in the second degree, and was sentenced to three years by Judge Watts, and his brother, John Groden pleaded guilty to grand larceny in the second degree for disposing of the property his brother stole, and was given six months in the penitentiary. They stole a watch and some cash from a man in East Grand Forks and fired several shots at him when he escaped with a large sum in another pocket.

**FINDS MANY VICTIMS.**

Fake Real Estate Buyer, Smooth One, Palms Off Bad Checks.

Isbn, N. D., June 22.—(Special to The Herald.)—The authorities of Ransom county are searching for a man who came here several days ago, going under the name of Carl Schlosner.

## PLANT IS SHIPPING PAPER ALL OVER THE COUNTRY

WHERE POWER IS GENERATED FOR INTERNATIONAL FALLS PAPER MILL.

International Falls, Minn., June 22.—(Special to The Herald.)—Another machine has been placed in operation in the big paper plant here and the output of the mill has been doubled. About eighty tons of print paper is being turned out at the plant daily and this output will be increased. The two machines now in use are the two smallest of the four to be in use, but their combined output is about four carloads of paper daily. The product of the plant is being shipped all over the United States, the first carload going to a newspaper at Great Falls, Mont., while subsequent shipments have been sent to Minneapolis, Winnipeg and Indianapolis.

In the neighborhood of \$15,000 was paid out to the employees of the company between this city and Moorhead as the employees of the latter place also receive their pay by way of Fargo.

**North Dakota Rifle Shoot.**

Hillsboro, N. D., June 22.—(Special to The Herald.)—Expert marksmen of the North Dakota National Guard will shoot here some time next month, the smallest of the four to be in use, but their combined output is about four carloads of paper daily. The product of the plant is being shipped all over the United States, the first carload going to a newspaper at Great Falls, Mont., while subsequent shipments have been sent to Minneapolis, Winnipeg and Indianapolis.

**New Lead Bishop Installed.**  
Lead, S. D., June 22.—In the presence of more than a score of priests and 500 spectators, Archbishop Ireland of St. Paul Monday formally installed Right Rev. Joseph P. Busch as bishop of the diocese of Lead. The ceremony was held in St. Patrick's cathedral adjoining the Episcopal residence.

**See Through Ball Park.**  
Bemidji, Minn., June 22.—(Special to The Herald.)—Bemidji will not have a good baseball park this year and probably not a good team. The Soo railway recently destroyed the downtown baseball field and the only place where a game can be played is at the fair grounds, a mile from the center of the city. They also appear to be a shortage of good baseball timber.

**Wisconsin Needs Trout Fry.**  
Madison, Wis., June 22.—State Superintendent of Fisheries James Nevin started on Monday to distribute 1,500,000 black fly fry different waters in the state.

**Two Mischief Pioneers Dead.**  
Manitowish, Wis., June 22.—Two men, Fred Jones, Sr., and Lars Olson, who were pioneers in the state, died here Monday. Jones was 85 years old and Olson was 80 years old. They were both residents of Manitowish for many years.

**AGED BERRY PICKER IS OVERCOME BY THE HEAT.**  
Red Wing, Minn., June 22.—Mrs. Elizabeth Edna Way, aged 77 years, a resident of Trenton, Pierce county, died here Monday. She was found in a berry patch at the farm of her daughter, Mrs. Neidmeyer, in Trenton township.

**SEEK HANCOCKITE WHO STABBED BETTER HALF.**  
Calumet, Mich., June 22.—The Houghton county authorities are looking for Leander Heikkila of Hancock, charged with attempting to murder his wife Sunday night with a table fork. The woman was stabbed in the back and may die.

**PLOWMAN CARRIES RIFLE; NOW HE IS IN HOSPITAL.**  
Epping, N. D., June 22.—(Special to The Herald.)—Erick Larson of this place will not carry a rifle with him when he goes plowing, as an accident in so doing has resulted in his being brought to the local hospital. In some manner the rifle was discharged, the bullet entering the body just about an inch below the heart. It is expected that he will recover unless complications set in.

**Dedicating Buford Church.**  
Buford, N. D., June 22.—(Special to The Herald.)—Dedication services for the new Congregational church in this city, which have been in progress since Sunday, will come to a close this evening. This is the first church to be erected in Buford and it is a credit to the community.

**PENINSULA BRIEFS**  
Escanaba—The first heat victim to be recorded in years in Escanaba is Abraham Richards, a negro, who suffered from sunstroke at the preserving plant of the Northwestern road and who died from its effects at the Delta county hospital.  
Negaunee—The Cleveland-Chiffs Iron company has completed the erecting of a new steel shaft house at its Smith mine, on the Swaney range. Work was started some weeks ago after the crew finished erecting a couple of similar structures at the company's North Lake properties.  
Isle Royale—Oscar Forsberg, aged 37, died Sunday night at his family home. Cancer of the liver was the cause of his demise. The deceased has been a resident of Isle Royale for nearly twenty years and he was one of the city's best known Finns.  
Marquette—Mrs. Minnie Erickson is dead at the age of 55 years. Six children survive her. Mrs. August Nordell of Isle Royale, for many years a resident of Marquette, was one of the city's best known Finns.  
Hancock—The remains of William Harris of Hancock, who died at Bismarck, Ariz., Wednesday, arrived in Hancock Saturday, accompanied by John Harris, a son, who was with him when he died. The funeral services were conducted Monday afternoon, by Rev. J. S. Gould, pastor of the Hancock Congregational church.  
Houghton—Rae Catherine Vigeant, 19-month-old daughter of Mr. and Mrs. Eugene F. Vigeant, died last Saturday of pneumonia. The funeral was held Monday afternoon from the home on 23rd St. with interment at Forest Hill cemetery.  
Johannesburg—Johanna C. Gries, wife of Martin Gries, a well known local business man, died at her home Sunday morning about 7 o'clock after a short illness. Mrs. Gries was 33 years old and was born in Calumet.  
Laurium—The funeral of James Morrison of Lake Linden avenue, was held Tuesday afternoon, leaving the house at 2:30 p. m. with services at the Laurium M. E. church. Rev. W. M. Ward officiated. Interment was in Lake View cemetery.

**WISCONSIN BRIEFS**  
Fairmont—Although diligent search has been maintained since his disappearance June 12, no trace of H. McKeown, a resident of Fairmont, has yet been found. Before leaving he packed all his belongings in his trunk, which was found in his home. His departure was deliberate. He did not take the money due him from his employer.  
Red Wing—One of the big attractions at the fairground meet this week will be the amateur automobile races on Thursday and Friday the daring drivers will be held and the daring amateurs will speed over a 45-mile course.  
Sheboygan—Sheboygan county farmers are inaugurating a campaign against reckless automobile drivers and joy riders, and unless the practice of reckless running of the machines over country roads is stopped, the farmers declare some lively measures will be taken to secure strict enforcement of existing laws.  
Baraboo—Word has been received that the body of John True, who, with Thomas Owen, a cousin, was drowned last fall at Carleton, Alberta, Can., has been found. Owen's body was recovered early last spring. True was a nephew of John M. True, secretary of the state board of agriculture. The body will be brought to Portage for interment.  
Beloit—A 11-year-old girl, girl, giving her name as Mary Welch, an orphan, was found asleep by William Crouse, near the Crouse homestead, and was taken in by Mrs. Crouse. Her story was a pitiful one. She said that her aunt, living in Indiana, had threatened her.  
Fond du Lac—Fox Smith, a Mason, was found dead along the North-Western tracks in the southern part of the city on Monday.  
Waukesha—Rex A. Warden, son of a well known local newspaper correspondent, was stricken by the heat Monday morning, while telephoning news to Milwaukee newspapers. After a consultation between several physicians, it was announced that his chances of recovery are small, and his death is expected at any moment.  
Eau Claire—The twelfth annual session of the Lake Champlain Chautauque assembly opens bright and early Thursday, June 23, at the well-known assembly grounds. The management have been assured from all quarters, that this session will eclipse all former efforts.

## BANKERS IN CONVENTION

Annual Meeting of State Association Opens at St. Paul.

Addresses of Officers and Several Speeches Are Delivered.

St. Paul, Minn., June 22.—(Special to The Herald.)—About 375 delegates and accredited members of the association were present at the opening session of the State Bankers' association today, when the meeting was called to order by President W. I. Prince of Duluth.

Following the annual address of the president and the reports of Charles H. Frost, secretary, and L. Whitmore of Wabasha, treasurer, Albert F. Wood, dean of the state agricultural college, addressed the convention on "What the Department of Agriculture of the University of Minnesota Has Done, Is Doing and Plans to Do in the Future in Developing the Agricultural Interests of the State."

J. H. Galarneau, state superintendent of banks, spoke on the new banking department, and "The Present Tendency of Public Expenditures" was the subject of an address by Howard S. Abbott, director of the Minneapolis Trust company.

Following the formal addresses, the St. Paul, Minneapolis and Duluth chapters of the American Institute of Bankers took part in an open discussion on "The Minnesota Bankers' Association, Past, Present and Future."

This afternoon the visiting bankers will be guests of the St. Paul clearing house at the aviation meet at the state fair grounds. In the evening they will attend the play at the Grand opera house. Later in the evening the bankers will be the guests of the Twin City members of the association at an informal dinner at the Saint Paul.

President W. C. Brown of the New York Central railroad, Prof. J. Lawrence Laughlin of the University of Chicago and J. Adam Bede will be the principal speakers at the session tomorrow morning. President Brown will speak on "The Conservation of Our Most Important Resources," and Prof. Laughlin's talk will deal with "Monetary Reform: Governor Eberhart is also expected to make a brief address."

**Main Business Thursday.**

The main business of the convention will be transacted tomorrow afternoon. Reports will be presented from the several group organizations of the state and from the committee on agricultural development and education. The committee on resolutions will also make its report. A special meeting of the executive council will be held at the Minnesota club yesterday afternoon at which the main features to be embodied in the resolutions were discussed.

The plan upon which the bankers have been working for some time of registering commercial paper through the state, will probably be formally presented to the convention at this session. It was generally conceived yesterday by St. Paul bankers that the proposition, as worded, is sound and that it will be adopted by the association. The details of the plan have not yet been made public.

The election of officers will be the closing act in addition to the election of a full roster of executive officers, three members of the executive council will be named to succeed F. M. Beach of Erie, M. J. Dowling of Olivia, and P. Walker, Jr. of Bomditz. A member of the executive council of the American Bankers' association will also be named.

The next want ad that you answer may be "the one."

## ISABEL JAY RETURNS TO LIGHT OPERA STAGE

MISS ISABEL JAY.

Isabel Jay is one of the most beautiful women in light opera. She appeared for many years in the Gilbert and Sullivan operas at the Savoy theatre in London. Then she married a title, but the marriage proved unhappy and recently she separated from her husband and made her reappearance in "The Balkan Princess," to the great delight of London.

To George Frame, frame dwelling, East Tenth street, between Tenth and Twelfth avenues, \$2,500.

## FIREMEN ARE HAVING SPORT

Grand Rapids Captures the First Prize in Association Race.

Cass Lake Takes First Prize for Most Men in the Parade.

Grand Rapids, Minn., June 22.—(Special to The Herald.)—The tournament of the Northern Minnesota Firemen's association opened most auspiciously here yesterday. The attendance is quite large; the weather is of the finest sort and all enjoying themselves. The contest for the title of champion fireman of the association is between Akley, Park Rapids, Cass Lake and Grand Rapids. The contest is a feature of the tournament. The parade was led by the Grand Rapids firemen, who were followed by the Akley, Park Rapids and Grand Rapids departments. The parade was a very successful one, and the Grand Rapids department was awarded the first prize.

Yesterday the ball game between Cass Lake and Grand Rapids resulted in a victory for Grand Rapids, score 4 to 3. The game was close and exciting, although very slowly played.

The parade of the firemen last evening was a feature of the tournament. The parade was led by the Grand Rapids firemen, who were followed by the Akley, Park Rapids and Grand Rapids departments. The parade was a very successful one, and the Grand Rapids department was awarded the first prize.

**Cass Lake Had Most Men.**

Cass Lake took first money for the most men in line. Park Rapids was second. For the best appearing company, Akley was first, Grand Rapids second. The address of welcome was given in front of the city hall by Roy E. Spencer, mayor.

This morning the association race took place. Grand Rapids won the first prize \$35, and the championship banner, time 21 2-5 seconds; Cass Lake second, 22 2-5 seconds; Akley third 23 2-5 seconds. Park Rapids made a fast run, but fumbled in coupling.

This afternoon the ladder climbing contest is to be pulled off after which there will be horse races at the fair grounds. A good bill of races has been provided by the race fans.

**Ball Game Wednesday Evening.**

At 8:30 this evening the biggest ball game of the tournament will be pulled off between Brady's Hibbing club and the Grand Rapids regulars. The local crowd will be in the line to witness the game, which will be a very exciting one. The ball team and fans who are coming here for the tournament.

The spirit of "Do it for Northern Minnesota" prevails and all the teams are boosting for the northern part of the state, as well as enjoying themselves. Prominent among the firemen here are Dr. Winship of Park Rapids, H. Leoman of Cass Lake and George H. Hiddle of Grand Rapids, three of the oldest firemen in the association, who never missed attending a convention or tournament of the association in twelve years. The doing the balance of the tournament promise to attract even more attention than those to date and larger crowds are looked for on these days. Dances and other amusements are in full swing and there is something doing all the time.

**SENATE OPPOSED TO UNION LABOR EXEMPTION.**

Washington, June 22.—Congress is facing the question whether union labor shall be exempt from prosecution under the Sherman anti-trust law. Con-

**BUILDING BILL PASSES SENATE**

Carries Increase of \$4,000,000 Over the House Total.

Washington, June 22.—The senate entered upon the consideration of the omnibus public building bill soon after 10 o'clock today. As reported from the committee on public buildings and grounds, the bill carries \$23,588,500, an increase of more than \$4,000,000 over the total of the bill as it passed the house. The measure contains authorizations for every state in the United States.

After being under consideration for an hour and twenty minutes, the bill was passed.

**UNIQUE BANKING SYSTEM.**

Hamburg System Does Away With Use of Checks.

Very little is known in this country of the Giro system of banking in Germany. The system has been in use in the state of Hamburg since the establishment of the Hamburg bank in 1619.

An account is opened in the usual manner, and when the payments are to be made the payer, instead of preparing a check, merely instructs his bank to debit his account with the sum involved and to credit Richard Roe of the payment to his credit, and the name of the payer.

In Hamburg the Reichsbank and five important banks use the Giro system. Representatives of these banks meet several times daily at the Reichsbank, where transactions between their several customers are cleared. In Hamburg very little material money is used in effecting transactions, the habit having been to settle all obligations, even of the most insignificant character, by check. When payments are to be made from one city to another this is done usually through the Reichsbank which has 500 branches, more or less, throughout the empire. All transactions are undertaken without cost to either payer or payee, and on the contrary deposits subjected to this modified form of checking usually draw 1 per cent interest per annum.

The advantages of the Giro system fall partly under the head of security and partly of convenience. Danger from forgery is eliminated as the notification sent to a banker by a payer could not by any possibility be utilized advantageously by a dishonestly disposed person. The only inconvenience observable arises from the fact that receipts for payments are not acknowledged on bills as rendered, unless such receipts are specially sought by messenger after the bank exchange has been made.

It is customary in small local transactions for a payer to note at the foot of bills the date of payment through his bank, and in case of possible dispute the bank is always prepared to clear up misunderstandings. Concerns doing a large volume of business are obliged to make numerous payments daily are spared the annoyance of preparing hundreds of individual checks, as they have merely to write out a list of names and amounts on a long sheet, which they send to their banker.

**HARDSHELL BAPTISTS DOWN**

Independent: Thirty years ago young men were leaving the Baptist ministry because they were required to preach close communion. Now there is nobody hardabout to defend it. Even Prof. Wilkinson is silent.

In the South the doctrine still survives. Baptist church in Atlanta called Hugh S. Wallace to be its pastor. He told them that he did not believe in close communion, but they said that made no difference and unanimously called him.

The ministers refused to ordain him and the people still stood by him. A second time the committee of ministers declined and this time the church weakened and Mr. Wallace withdrew, but he has set up a tent to preach, in and will build a church of his own.

**WATCH AND WAIT!**

### LITTLE RESTRAINT ON THE PATIENTS

Virginia Council Told of Smallpox Patients Running About City.

Virginia, Minn., June 22.—(Special to The Herald.)—Assistant Health Officer J. P. Chalmers informed the city council last night that because of laxity in the present laws dealing with smallpox and other contagious diseases it was difficult to keep the patients in restraint and under more authority. He made this explanation in response to statements by Alderman Kimball that a smallpox patient in a boarding house in the city was being allowed to roam about at night.

The following order was issued by the city council last night: That the city clerk be and he is hereby is instructed to draw an ordinance regulating the care of smallpox and other contagious diseases patients. The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

The following order was issued by the city council last night: That the city clerk be and he is hereby is instructed to draw an ordinance regulating the care of smallpox and other contagious diseases patients. The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

The following order was issued by the city council last night: That the city clerk be and he is hereby is instructed to draw an ordinance regulating the care of smallpox and other contagious diseases patients. The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

The following order was issued by the city council last night: That the city clerk be and he is hereby is instructed to draw an ordinance regulating the care of smallpox and other contagious diseases patients. The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

### PRAISES Y. M. C. A. OF TWO HARBORS

International Railroad Secretary Minear Lauds Work of Association.

Two Harbors, Minn., June 22.—(Special to The Herald.)—A. Bruce Minear, international railroad secretary of the Y. M. C. A., spent yesterday and today in the city looking over the local association. He is favorably impressed with the work of this association, and there is a very strong feeling here. Mr. Minear was the secretary who organized the work of the Y. M. C. A. in the city. He has now 1,000 members, 428 of these being in the city. Mr. Minear attended a meeting of the board of directors last evening. He was surprised to find that the attendance at the building by actual count there was an attendance of 800, compared with 500 of last year.

The following order was issued by the city council last night: That the city clerk be and he is hereby is instructed to draw an ordinance regulating the care of smallpox and other contagious diseases patients. The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

The ordinance to be drawn shall provide for the detention of patients in a hospital or other place of confinement until they are no longer infectious.

Batapala attacked Polkovitch with his dinner pail, inflicting a deep gash on the latter's cheek. Five of Polkovitch's friends came to his rescue, while Batapala's friends, numbering three, also took a hand, heavily loaded with rocks. Batapala was struck by a rock on the head while many of the others received injuries. Another fight which attracted much attention was held on Jones street, between John Sapien, a local butcher, and a Sorenson livery employee, over some water being sprinkled on Sapien's delivery wagon by the liveryman. The fight was a bare-knuckle affair, and both men received severe blows, to the amusement of the large crowd which was attracted to the scene.

### ANACONDA, MONT., PRIEST VISITING MESABA RANGE.

Eveleth, Minn., June 22.—(Special to The Herald.)—Range Catholic clergy-men are entertaining Rev. Father John A. Pirnat of Anaconda, Mont., a brother of Rev. Father Pirnat of Aurora, visited at Gilbert, Aurora, Bismarck and Hibbing today in company with Father Pirnat. He will leave next week for Rome, where he will stay for some time.

### VIRGINIA BRIEFS.

Virginia, Minn., June 22.—(Special to The Herald.)—The funeral of a woman, the 6-month-old daughter of Mr. and Mrs. Edna Linn, was held last night at the family home at Virginia, was held at 10 o'clock yesterday.

Mr. and Mrs. George Hutchings and the latter's mother, Mrs. Mary West of Duluth were guests of Mr. and Mrs. Edna Linn, who died Saturday week, the party making the trip in Mr. Hutchings' auto.

Mrs. Robert Garvey and children arrived last night from Ashland to spend the night here with Mr. Garvey. David Dungan, and Mrs. Clara Dinkie were married in Duluth Monday, and will make their home in this city. Mr. Dungan being employed at the Euro-pean hotel.

The M. A. Hanna & Co. have moved from Hibbing, where they have been for several years, to Virginia, where they have just completed and furnished an office building three stories in height.

Reena Vivienne at Hibbing. Hibbing, Minn., June 22.—(Special to The Herald.)—Miss Reena Vivienne, assisted by Miss Helen Rogers of Duluth, will give a social program at the Healy theatre this evening.

Buhl Mrs. Lores Hand. Hibbing, Minn., June 22.—(Special to The Herald.)—Mrs. Lores Hand, who is helping to move a steam shovel at the Hibbing mine yesterday caught his hand in the wheel of the shovel and was injured. He is now at Shaw hospital and will probably recover.

Two Harbors vs. Hibbing. (Special to The Herald.)—P. J. McAlpine, manager of the local baseball team, has arranged for a double-header, here Sunday at the ball park with the Hibbing team. The report is that the Colored Gophers may be secured for the Fourth of July.

Samuel Collins, Aged 60, Prevents South Shore In-vading His Property. Negunee, Mich., June 22.—(Special to The Herald.)—Samuel Collins, aged 60, retired business man and farmer, stands in front of his house guarding his property to prevent the Duluth, South Shore & Atlantic railroad laborers from trespassing thereon.

The construction gang had laid a tie nearly under the house, and was in the act of putting in a switch when Collins intercepted them. Mr. Collins guards his property by day, and is relieved by his son, Samuel, during the night.

Preparatory to building the new union depot, the South Shore, and by the Cleveland Cliffs Iron company, bought several buildings on the right-of-way, but Mr. Collins steadfastly refused to sell his property unless the companies paid him his price. The case has been tried several times in court.

The old gentleman is well-to-do, and owns a large tract of fertile land near the Maumee river. He has been sick, and it is reported that there is an immense body of ore there. The case has been tried several times in court.

John Dwan to Speak. Two Harbors Attorney Will Be Eveleth Fourth Orator. Eveleth, Minn., June 22.—(Special to The Herald.)—Everything is moving along nicely towards a successful celebration of the Fourth, the various committees reporting, good progress. John Dwan, of Seattle, Wash., delivered the address at last year's celebration has been secured again for the coming event.

Eveleth Plans Welcome. For Mayor Smith When He Returns to St. Paul Convention. Eveleth, Minn., June 22.—(Special to The Herald.)—Eveleth was won't delight last night when the news of Mayor Smith's nomination for state treasurer was received. A big reception will be given him when he returns home. A band and nearly the whole town will be at the depot to welcome him.

Evelethians Pugnacious. Free-for-All Fight and Street Fight Enliven Things. Eveleth, Minn., June 22.—(Special to The Herald.)—Baptiste Batapala, an Italian, and John Polkovitch, a Croatian, miners employed at the Spruce mine, are nursing severe bruises as a result of a free-for-all fight at the Spruce mine, in which they were leaders.

HAY FEVER CURE. 50 Cent Package Free to Any Afflicted Sufferer. Do I know what suffering is? Haven't I suffered hay fever's torture for years, made worse (if worse can be possible) by asthma? Don't take my word for it, but ask my wife, my friends, my business associates.

When I say that no one has suffered more than I with attacks of hay fever, and yet I look forward with pleasure to the coming summer, the natural thought is that I am going to spend a simple prescription which keeps me free from sneezing and weeping attacks. This is what it has done for me in the past, and now I will send a 50-cent package free to every hay fever sufferer. In-cense 10c and will mail it with the package. Now is the time to treat hay fever, so do not delay writing me. Frank U. Burden, Dept. 3, Weedsport, N. Y.

## Pleasant Summer Evenings

can be spent with an Edison Phonograph or Victor Talking Machine. Either one of the Royal Entertainers will greatly increase your enjoyment of a summer's evening.

### Your Class of Music

Edison or Victor which ever you may prefer. We have a machine for every home and you can own one on a small payment each week. Largest stock of records in Duluth.

Terms: **PAVHA & CO** \$1.00 PER WEEK 2nd Avenue W. & First Street

## TO STIMULATE THE BIRTH RATE

Series of Measures Introduced in the French Parliament.

Paris, June 22.—A series of measures designed to stimulate the birth rate in France was introduced in parliament today.

They include the imposition of additional military service on bachelors over 25 years of age, making obligatory the marriage of state employees, who have reached the age of 25 years, with supplementary salaries and pension allowances for those with more than three children, and the repeal of a law requiring the equal distribution of estates among the children.

The bill of Frenchmen to divide their property is a frequent cause of regret among the French, and the law which has been a study of the subject.

The proposed legislation follows the recent publication of vital statistics which showed that the birth rate in the republic during 1909 were 770,000 against 792,000 in the preceding year and that the population has been increased by only 3,000,000 since 1851.

## UNLESS RAIN COMES MILLS WILL CLOSE

Cloquet Plants Will Shut Down End of Month If Low Water Continues.

Cloquet, Minn., June 22.—Unless there is rain in the meantime, every mill in the city will shut down the last day of the month, as it will be impossible to longer supply the demand for logs by rail, as has been done all along. Strenuous efforts have been made to keep the mills going, but it will be impossible to do so for more than ten days longer, and both the night and day runs will be stopped. The new logging road from Pine Grove into the south end of the reservation is completed to the Northern Lumber company's camp, and it is expected that the first train load of logs will be brought in from there Thursday, and this will not relieve the situation enough to amount to anything.

LABOR ORGANIZATIONS WIN VICTORY IN HOUSE. Washington, June 22.—Labor organizations won in the house yesterday on a motion to instruct house conferees on the sundry civil appropriation bill to refuse to agree to the amendment striking out the exemption of labor organizations from prosecution under the anti-trust and interstate commerce laws, which had been adopted by the house. The motion to instruct

## FOR SALE!

## INTERSTATE TRACTION COMPANY

made by Mr. Hughes of New Jersey, arranged on a road, the method in favor of the labor interests was carried by a vote of 162 to 105.

Missionary Conference. Edinburgh, Scotland, June 22.—At today's session of the world missionary conference the general subject of preparation for the work was presented by the chairman of the committee, Rev. Dr. Douglas MacKenzie, president of the Hartford Theological seminary at Hartford, Conn.

Not In Politics Now. New York, June 22.—Thomas F. Ryan, traction magnate and millionaire, departed today for Europe on the Mauretania, declared that he had no further interest in politics and denied the report that he was a candidate for United States senator from Virginia.

## INVALENCE OF THE ADVANCE GUARD

Electro Radio Institute Not Only Has the Newest Apparatus Manufactured by Others for Cure of Diseases by Electricity, but Dozens of Its Own Exclusive Inventions.

COMING HERE JULY FIRST Without a Single Duplicate in the Entire World.

The big insurance companies of both this country and Europe daily stake millions and millions of dollars upon the state of health of those applying for insurance. The very life itself of the companies depends upon their making no mistakes. They spare no expense, time or trouble to secure apparatus that will show to a certainty the bodily conditions of the prospective insured. Rockefeller, Morgan, King, Edward, the Rothschilds and other giants of finance have their lives insured for more than a billion dollars. Should any one of them die shortly after insuring it would have meant the instant loss of several hundred thousand dollars to the companies in which they held policies. Electro-Radio company has been recognized by the world's leading insurance companies in that they can not afford to make mistakes. They do not insure, but one incorrect diagnosis at the Electro-Radio institute would mean to them a loss of prestige and consequent financial returns, nearly equal to that suffered by the insurance companies.

The Sphygmomanometer is but one of two dozen apparatuses used for diagnosis alone. It is the only one in the state of Minnesota and was brought here especially by them. It is used for testing blood pressure, a most important and absolutely unique diagnosis. By its means blood may be traced and recorded during its entire course through a patient's body. Electro-Radio experts realize, as does the entire medical world, that a correct diagnosis is nine-tenths of a cure. It would require too much space to dilate upon the diagnostic apparatus. But there is the Electro-Radio instrument that enables not only the doctors but any friend to see directly into your body, as if the outer covering of skin and flesh and muscle were the clearest transparent glass. It shows the inner condition, every organ and bone. Also might be mentioned the latest electrical apparatus for test-

ing the urine, the blood, the secretions of the inner body, etc. The treatment used is absolutely painless. Medicines are not used once out of a hundred times, and then only after the stomach has been prepared to properly assimilate them. Through the hundred or so different shaped glass tubes the new current, Electro-Radio, is sent swirling, swirling through every muscle, tissue, bone and cell of the patient's body. Whether the patient be a 200-pound athlete or a baby at its mother's breast, the feeling and effect is the same. The current retires the diseased parts, replacing them, with new and healthy blood cell and tissue. For diseases of the eye, stomach, liver and kidneys, catarrh, deafness and paralysis, as well as the nervous disorders peculiar to women, it is infallible. Not one case is taken unless pronounced absolutely curable by the corps of doctors, the highest salaried in the world. Voluntary testimonials are the only ones ever used. Read that of Mr. E. Moore:

"I have been almost without my sight for the past two years. The thought that I was going blind so preyed upon my mind that I became a physical wreck. Several eye specialists I consulted gave me no relief whatever. Being unable to see to read myself, I heard through a friend of the advertisements and claims of Electro-Radio and was led here by the hand of the same friend. I can now see so much better and am improving right along. In fact, did so after the first treatment.

The examination and diagnosis are given absolutely free. The institute has a long lease on almost the entire half eighth floor, Alworth building, as well as numerous storerooms and private offices in other parts of the building. Office hours are from 9 to 12 m., 2 to 4 p., and 7 to 9 p. to 8 evenings, Sundays 11 to 12 m. Open to the public July 1, Suite 310 Alworth building.

The Sphygmomanometer is but one of two dozen apparatuses used for diagnosis alone. It is the only one in the state of Minnesota and was brought here especially by them. It is used for testing blood pressure, a most important and absolutely unique diagnosis. By its means blood may be traced and recorded during its entire course through a patient's body. Electro-Radio experts realize, as does the entire medical world, that a correct diagnosis is nine-tenths of a cure. It would require too much space to dilate upon the diagnostic apparatus. ## D. S. S. & A. Ry. EXCURSION BULLETIN

June 1 to Sept. 30. Low Round Trip Summer Tourist Fares to Eastern Canada, New York and New England. Optional Routes.

June 3 to July 30th. Every Friday, low rates by train and steamer to Detroit, Toledo, Cleveland and Buffalo.

June 22nd. Last of the popular Spring excursions to Detroit, Toledo, Cleveland and Buffalo. June 29 and July 3. Annual Convention, National Educational Association, Boston, Mass. Optional Routes.

July 2, 3, 4. Low Rates for Independence Day.

July 6 to 10. National Convention of Elks, Detroit, Mich.

July 20 to 24. Annual Pilgrimage to Ste. Anne de Beaupre, Que., and return. Usual low fares.

Sept. 2 to 9. Eucharistic Congress, Montreal.

Watch for announcement of other excursions.

For particulars apply to A. J. Perrin, Gen'l Agent, 430 West Superior St., Duluth, Minn.

## 8c GLASSWARE SALE TOMORROW

**THE 25c STORE**  
315 East Superior Street.  
Regular Prices 5c, 10c, 15c and 25c.

## J. GRUESSEN

The best store for reliable watches. Third Avenue West and First Street. Opposite Wolvin Building.

## VAIN SEARCH FOR MILLER

Box Car Burglar Believed to Have Made Good His Escape.

No Doubt But That He Had Assistance in Leaving Hospital.

The police have obtained no clue as to the whereabouts of George Miller, the wounded box car burglar who escaped early yesterday morning from the second floor of St. Luke's hospital by sliding down a rope made of sheets torn into strips and tied to the steam pipe.

Little doubt exists but that he had assistance from the outside. The supposition is that he received a note in the bouquet of flowers which was sent to him Monday afternoon, containing full instructions as to the course to pursue. By this time it is believed that he is safely hidden away in some city many miles distant.

Miller's description has been sent to all towns and cities in the Northwest, but not a word has been heard of him or of one answering his description. It is not believed he could have gone unnoticed on a passenger train and he was too weak to have beaten his way on a freight. Other means were likely used to take him out of the city.

Until the night of the escape, the door of the jail room in the hospital, in which Miller was kept, had been kept locked. But he complained so bitterly of the heat and the lack of air that the nurse left it open, not fearing that he would attempt to get away in his weakened condition. The police attach no blame whatever to the hospital authorities.

The last time the nurse saw Miller she was making her rounds at 1:30 o'clock in the morning. Driving past shortly before 2 o'clock in the morning, Asa Lyons, a hackman, saw the white string of torn sheets fluttering outwards along the side of the building. Suspecting that something might be wrong he immediately called the attention of the hospital authorities to it, whereupon Miller's escape was discovered. The most thorough search failed to reveal the slightest trace of him. He had vanished as completely as though swallowed by the earth and is still out of sight.

Miller, however, has been an expert burglar of the higher class. The police state that he was probably one of the cleverest who has been in this part of the country for a long time, and they have small hopes of recapturing him.

## MARINE NEWS

### CHANGES IN LAKE HARBORS

United States Lake Survey Reports on Recent Improvements.

Changes, some repairs and improvements in various harbors are announced in the report of the United States lake survey. At Ashtabud, Wis., four black spar buoys have been established on the southerly edge of the harbor and five red spar buoys on the northerly edge of the dredged channel along the city front.

Work of dredging is now in progress at the north pier the depth is 12.5 feet, 12.5 feet opposite the entrance and 10 feet at the south pier. Soundings have been taken at Ashtabud harbor, Lake Michigan, showing that at the north pier the depth is 12.5 feet, 12.5 feet opposite the entrance and 10 feet at the south pier. The steamer tourist has been raised from Calumet river, Illinois, and the schooner Mayette will be raised by the government. The O. J. Hale, wrecked on the Chicago river, has been raised, again sunk and will again be raised.

The black spar buoy which marked the northwesterly edge of the shoal off Charity Island in Lake Huron, has been moved one and one-half miles to the south and anchored in twenty feet of water to mark the northerly end of the shoal.

Murders are asked to exercise care and attention at Port Huron as, although there has been great deal of private dredging there, the depth and width of the main channel have not been increased by this work. There is a distance of 1,400 feet of shallow water at this point.

The report states that the tug Osceola, sunk at Two Harbors, has been raised. The bell buoy at Niagara bar, Ontario, in Lake Ontario, will be replaced by a combined gas and bell buoy. The bar buoy had been washed into the south channel entrance at Salt Point, entrance to Presque Isle Bay, Ontario, to such an extent that the straight course cannot be used in entering the harbor.

## VIOLATION OF RULES CHARGED

Steamer Honduras Said to Have Towed Barge Through Bridges.

Complaints are made today that the steamer Honduras violated the harbor rules Monday night by coming through both of the bridges with her tow, the barge Montezuma, behind the steamer.

The rules the harbor provide

that a vessel shall not go through the bridges with a tow behind. This is, according to the report made today, just what the Honduras did. The alleged violation of the rules of the harbor in this manner is taken very seriously by several of the captains and tug officials, who were discussing of this morning. As they pointed out that a very serious accident could very easily result from this sort of carelessness.

They say that in case of another vessel coming through the bridges the vessel towing a consort behind would be unable to stop and could exercise no control over the tow. In case the tow was let go, it is pointed out, the current might swing it around and a collision result.

## JOHN H. HOGAN PASSES AWAY

Well-Known Marine Engineer Dies at Home at Port Huron.

John Henry Hogan, one of the best known engineers on the Great Lakes, and especially well known here through his bravery in connection with the sinking of the steamer Thomas Wilson by the Rend, Mr. Hogan, died at his post in Port Huron, Mich., at 10:30 a. m. today. He was 62 years of age. He had been kept almost largely through the engine room of the Rend, Mr. Hogan, for his bravery upon this occasion the citizens of Duluth gave him an ovation and he was also rewarded by an insurance company.

Mr. Hogan was 62 years of age. His home was at Port Huron. He was engineer on the ferry Saginaw. A number of years and later had a large number of steamers under his guidance. The deceased is survived by his widow and a number of children.

# GRAIN PRICES TUMBLE ON REPORTS OF RAIN

All Active Options Lower  
as the Crop Scarce  
Subsides.

Heavy Profit-Taking and Mar-  
ket Lacks Support  
at Close.

Duluth Board of Trade, June 22.—All active grain closed today lower than yesterday. There was sufficient rain in the three Northwestern states to take the edge off the market. The bulls sprang a grasshopper scare in the Red river valley but it did not have much influence on the market. There was heavy profit-taking and the market was weak at the close. The bulls sprang a grasshopper scare in the Red river valley but it did not have much influence on the market. There was heavy profit-taking and the market was weak at the close.

July wheat opened at \$1.10 asked, 1 1/2c lower than yesterday's close, and closed at \$1.10 1/2c. July corn opened at \$1.10 1/2c, 1 1/2c lower than yesterday's close, and closed at \$1.10 1/2c. July soybeans opened at \$1.10 1/2c, 1 1/2c lower than yesterday's close, and closed at \$1.10 1/2c.

As usual the crushers are on top. They have sold a large amount of wheat for flour. There is no demand for lower grades. The future business is weak. The market is weak at the close.

The following message came from Aberdeen, Scotland, June 22: "The weather is fine and the crops are well. The market is weak at the close."

Canadian forecast: Manitoba fair and a little cool; Saskatchewan fair and a little cool; Alberta fair and a little cool; British Columbia fair and a little cool.

Foreign market closed: Liverpool wheat unchanged to 1/2d lower; London wheat unchanged to 1/2d lower; Antwerp wheat unchanged to 1/2d lower.

Weather bulletin: Light scattered showers in Canadian northwest; elsewhere clear. Minnesota, Dakota fair, cloudy; Wisconsin fair, cloudy.

Broomfield called: Wheat showed strong upward action at the opening as a result of covering by shorts due to the spring wheat. The market was weak at the close.

THURSDAY EVENING, JUNE 23, 1910.

TWENTY-EIGHTH YEAR.

**BEEF TRUST  
INDICTMENT  
IS QUASHED**

Judge Landis Sustains Demurrers of the National Packing Company.

Indictment Failed to Show Any Offense Within Three Years.

Special Grand Jury Summoned to Renew the Investigation.

Chicago, June 23.—Judge Landis in the United States district court here today sustained the demurrers of the so-called "beef trust" to the indictment charging a combination in restraint of trade. A new grand jury was ordered to renew the investigation of the packing companies.

The indictment, drawn on evidence secured by agents of the federal government, ran against the National Packing company and its ten subsidiary companies, charging violation of the Sherman anti-trust law.

Studies, handbills and congratulatory letters were exchanged with much glee when Judge Landis announced that the indictment would not stand, but the demonstration came to a sudden, almost breathless end when the court added:

"Call a special grand jury venire of seventy-five men for July 12.

To find new indictments, this body will be ordered to hear the testimony with a view to finding valid indictments against the packing companies.

The indictment quashed today failed to show in the view of Judge Landis, within the last three years. It did not show that during this statutory period the defendants had been engaged in interstate commerce, a general averment that the packing companies engaged in interstate commerce, the complete omission of so fundamental an element of the offense.

**LAUGHED UNTIL  
HE FELL DEAD**

Negro Employee of Montana Saloon Succumbs to Good Fortune.

Helena, Mont., June 24.—When Thomas Henry Brown, an employee of a saloon at Marysville, near Helena, found two tickets and a dime on the floor yesterday he began laughing at his good fortune, and continued to laugh violently until he fell over. It was found that his violent laughter had resulted in the breaking of a blood vessel. Brown was colored, and 30 years old.

**HIGH COST  
OF LIVING**

President Brown of New York Central Addresses the Bankers.

Consumption of Farm Products Is Rapidly Over-taking Production.

St. Paul, June 23.—Speaking on "The High Cost of Living," before the Minnesota Bankers' association today, President W. C. Brown of the New York Central lines quoted statistics to show that the increase in the cost of all products of the farm, factory and mines, and then said:

"Economists agree that as the basic metal (gold) increases in quantity, the price of everything measured by and paid for with this metal is invariably advanced in value.

"For this reason the pay of labor has steadily advanced and must continue to advance in some fair ratio with the increase in the cost of things that labor must buy.

"Everything, save wages, railroad rates and fixed incomes from long time securities, continuously and almost incidentally adjust themselves to the changing conditions, resultant on this index of gold.

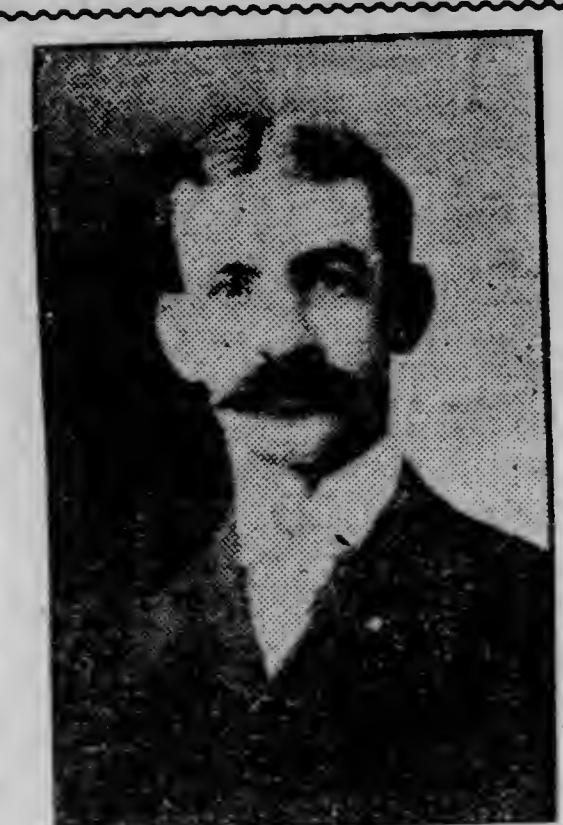

"Wages are adjusted from time to time and securities as they mature will be refunded upon a higher basis. The rates charged by the railroads must also under the supervision of proper governmental authority be adjusted from time to time to meet these conditions.

Over-taking Production.

Mr. Brown then spoke of the "Alarming Rapidity with Which the Consumption of the Products of the nation's Farms Is Over-taking Production," and continued:

"When the day comes that this nation fails to produce sufficient food to supply our own people, while we no longer send the products of our

**BANK PLAN  
SUGGESTED**

Former Comptroller Dawes Favors Agency to Issue Bank Notes.

Central Bank Could Not Be Adapted to Present System.

Decatur, Ill., June 23.—Charles G. Dawes of Chicago, former comptroller of currency, addressing the Illinois State Bankers' association today, maintained that a central bank could not be adapted successfully to our present independent banking system although he recognized the great economic advantages enjoyed by European countries under a central bank plan. Mr. Dawes stated his objections to the central bank idea as follows:

No theoretical plans can protect in a republic any quasi-political institution of real financial power from legislative or demagogic attack. If the bank is to perform functions expected of it it must of necessity become, as was the case with the second bank of

**TERMINAL  
FACILITIES  
TOO SMALL**

James J. Hill Says This Fact Looms Large and Dangerous.

Future Will Add in Increasing Ratio to the Difficulties.

Decentralization of Traffic Terminals Offers Only Partial Cure.

Minneapolis, Minn., June 23.—(Special to The Herald.)—James J. Hill, chairman of the Great Northern's board of directors, was unable to attend today's meeting of the National Association of Millers, but a paper which he had prepared was read by Charles B. Jenkins of Noblesville, Ind. In part it was as follows:

"One fact, it seems to me, should give you more concern than almost any other, because you have already felt its effects and because it looms large and dangerous. This is the pressure upon existing terminal facilities. It is a future menace and a present handicap. You have felt and will continue to feel, the partial embargo that traffic conditions have placed upon all the business of the country; upon yours perhaps as seriously as any other. The milling industry is the life of the country, except where it serves a purely local demand in feeling the pinch of the transportation situation and will in the future feel it more severely. The growth of the country in population, in production, in transportation business, has been marked. There has not been a corresponding growth in the facilities for transportation.

"For months past it has been impossible to get freight shipments delivered promptly. If they have to be (Continued on page 5, second column.)

**ADVANCING  
ON ACOYAPA**

Nicaraguan Insurgent Army Getting Closer to City of Granada.

Back to Point From Which It Was Driven to Bluefields.

Washington, June 23.—Gen. Mena and his command of 1,500 men occupied San Vicente, a few miles from Acoyapa, yesterday, according to cable dispatches received this morning by Dr. Castillo, representative in Washington of the Estrada provisional government of Nicaragua.

Gen. Mena was then advancing on Acoyapa. Only a few miles of comparatively level country and the Tipitapa river now separate the insurgent army from the city of Granada, where the people and those of the territory thereabouts are in sympathy with the revolutionists.

This brings the insurgent army to the point where it received a crushing defeat from the Madrid troops early in March and was driven back to Bluefields where the revolutionary forces were reorganized.

**CHARGED WITH USING  
MAILS TO DEFRAUD**

COL. C. C. WILSON,  
President of United Wireless Telegraph Company.

New York, June 23.—The federal grand jury is now investigating the charges against Col. Christopher C. Wilson, president of the United Wireless Telegraph company, and Vice President S. S. Bogart, who were arrested last week for alleged fraudulent use of the mails to sell stock of the company. It is expected that the investigation will broaden as it goes along and include the stock selling exploits of other wireless companies.

## FREE LECTURE ON CO-OPERATION

Danish Lecturer Should Have  
Valuable Hints for  
Duluthians.

The co-operative idea as applied to  
farming and marketing farm produce  
is just beginning to take root in Duluth,  
and for this reason the free lecture  
Friday afternoon by A. J. Bolger of  
Denmark is likely to prove most in-  
teresting and instructive.

Denmark has probably worked out  
the co-operative idea more fully than  
any other country. In Copenhagen  
thoroughly tested milk is sold for  
lower prices than the ordinary grade  
of milk in Duluth, as a result of co-  
operation between the farmers and the  
residents of the city.

Duluth is just beginning to take up  
the idea, with the Producers' Co-op-  
erative Market association, and the plan  
to settle on the tract of land beyond  
Woodland by the Grayson Farms  
company. Mr. Bolger has been closely  
identified with the co-operative  
work done in Denmark and is in a  
position to give Duluth some valuable  
hints. The lecture will be free,  
and any one interested, whether a resi-  
dent of Duluth or a visitor, will be  
welcomed by the club. It will begin at  
2 o'clock.

## CRAZED BY HEAT, WOMAN WALKS ON LEDGE OF ROOF.

Indianapolis, Ind., June 23.—De-  
mented by the extreme heat yesterday,  
a woman climbed through a window  
of the Claypool hotel, a nine-story  
structure, and walked along the ledge  
that borders the roof. She was finally  
taken from her perilous position  
by hotel detectives, resisting their ef-  
forts to draw her inside the building.  
The hotel management refuses to  
reveal her identity or her present  
whereabouts.

## WANTED: TEN EXPERIENCED SALES PEOPLE

Ladies and gentlemen, Inquire Duluth  
Bankrupt Sales company, 213 West Su-  
perior street.

New Minister of War.  
Lima, Peru, June 23.—Don Jose R.  
Pizarro was today appointed minister  
of war, succeeding Gen. P. E. Muniz,  
who, owing to ill-health, resigned  
when it seemed probable that the  
boundary dispute between Peru and  
Ecuador would be settled through ar-  
bitration.

Fish From Bermuda.  
New York, June 23.—Fourteen tanks  
of fish for the Belle Isle aquarium of  
Detroit were brought by the steamer  
Bermudian, which arrived today from  
Bermuda.

## MARINE NEWS

### L. C. SMITH IS ASHORE

Freighter Is Hard on the  
Rocks at Burlington  
Bay.

Tug Is Sent From Duluth to  
Release Stranded  
Vessel.

Two Harbors, Minn., June 23.—(Spe-  
cial to The Herald.)—The steamer L.  
C. Smith, light for ore, went ashore at  
6:30 o'clock this morning at Burlington  
bay, one mile east of Two Harbors, in  
a fog. She is hard on the rocks and  
will have to secure a tug from Duluth  
to pull her off. The Smith is a steel  
vessel of 4,000 tons, 225 feet in length,  
belonging to H. S. Wilkinson of Cleve-  
land and was launched in 1902.

News received here was to the effect  
that the forward compartment of the  
steamer Smith was partly filled with  
water early this morning. The vessel  
was believed to be in serious condi-  
tion.

Insurance Adjuster Robert Kidd left  
for the scene of the accident in the top  
America. More news will be sent from  
the head of the Lakes, should the situ-  
ation demand it.

### LAKELAND NOW PASSENGER BOAT

Remodeled Steamer Reaches  
Duluth on Her Maiden  
Trip.

The steamer Lakeland made her  
maiden trip to the head of the Lakes  
yesterday. The boat came from Port  
Huron, leaving in the afternoon for  
that city.

The Lakeland is 365 feet long, being  
one of the most modern vessels on the  
Great Lakes. It has accommodations  
for 200 passengers. It is a package  
freight boat, as well as a passenger  
vessel. The Lakeland was formerly  
a freighter, belonging to the Pittsburgh  
company. In its capacity as a freight-  
er, it had a capacity of 3,200 tons of  
ore. At the present time the vessel is  
the property of the Port Huron & Du-  
luth Steamship company. The remodel-  
ing of the vessel was accomplished at  
the Cleveland drydocks.

The new vessel will ply between Port  
Huron and Duluth.

### WILD BOATS ARE BEING LAID UP

Forty Vessels Will Be Docked  
in the Next Ten  
Days.

A report from Cleveland states that  
all wild carriers in the agreement to  
lay off until there is more freight will  
be tied up at once. The steamer  
Charles S. Hebard and the steamer Cal-  
dera are the first of the wild carriers  
to be laid away.

The report goes on to state that it  
is estimated that within ten days about  
forty vessels will be put in dock. Many  
of these boats will be docked at Cleve-  
land and some at the head of the lake  
from Cleveland.

All of the subscribers to the agree-  
ment, which is a lay off of the wild  
carriers until more business is in sight,  
have agreed to lay off for the rest of  
their capacity. This agreement, it is  
reported from Cleveland is correct, is  
being carried into effect at the present  
time.

It is stated that the freight market  
is dull and there are more boats at  
both ends of the lakes than there is  
business for.

### Buoy Light Changed.

Word was received this morning that  
the buoy light at Ballard reef chan-  
nel, Detroit river, which is a gas buoy,  
has been extinguished, and that a white  
lantern has been hung on the buoy.  
The lantern was received at the local  
branch hydrographic office is to the  
effect that the buoy light will be re-  
paired as soon as possible.

### The Sault Passages.

leigh, Tokio, 11:30; Oster, 11:40.

### Port of Duluth.

Arrivals: Tampa, Houghton, Su-  
perior City, Empire City, Ericsson,  
James Laughlin, William Fairburn,  
light for ore; Nottingham, W. B. Da-  
veek, William Mack, Neilson, Saxona,  
Bedford, J. B. Byers, Wilson,  
Townsend, coal; Alva, light for grain;  
North Sea, package freight; J. E. Up-  
son, light for Two Harbors.

Departures: Tampa, Houghton, James  
Laughlin, Empire City, Shenango, Su-  
perior City, Couby, Ericsson, William  
Fairbairn, Corral, and Delaware, Lake-  
land, passengers and package freight;  
Mary McGregor, lumber; Maitland,  
Fitch, light; Three Brothers, lumber.

### ALL STEEL MAIL CAR

First of the New Type Is  
Brought to Du-  
luth.

The first all-steel mail car that has  
ever come to the head of the Lakes  
reached Duluth this morning over the  
Northwestern road. The all-steel cars  
are being installed upon many of the  
railroads of the country. The Penn-  
sylvania has adopted the system and  
placed the new cars upon its lines.

The all-steel mail car is that in case of wrecks the men  
in the car are protected. Heretofore  
the men in the mail car have generally  
been in the greatest danger.

### DANCE AT OWLS- EAGLES HALL.....

Given by the  
SONS OF HERMAN  
Everybody  
Welcome.

### FOREST FIRES ON RICE LAKE ROAD

The Swenson Logging Camps  
Are Said to Have  
Gone.

Forest fires are burning on the Rice  
Lake road.  
A blaze, which started about five  
miles from the city is burning fiercely  
and the Swenson logging camps are  
said to have been destroyed.

The undergrowth is thick and the  
ground is as dry as tinder. Every-  
thing is favorable for forest fires and  
while there is no danger of the fire  
getting into the suburbs of the city,  
many who have cabins and homes at  
the outskirts are fearful they will lose  
them.

Important business  
meeting of Duluth Art  
Association tonight, at  
8 p. m., at the Com-  
mercial Club. A large  
attendance is desired.

### BIBLE DISCUSSED AT LUTHERAN CONVENTION.

Rev. William Fisher was the principal  
speaker this morning at the session  
of the Minnesota district, German Lu-  
theran, Evangelical synod this morn-  
ing. His subject was "Inspiration of  
Scriptures." His address was followed  
by a general discussion, at which it  
was concluded that all scripture was  
inspired.

Rev. J. J. Appel of Springfield, Minn.,  
was president of the synod. Other officers re-  
elected were: Rev. George Diemer, Brown-  
town, Minn., vice president; Rev. B.  
Striebe, Madison, S. D., secretary; Rev.  
H. Bauman, St. Paul, treasurer.

The meetings of the synod are being  
held at the German Evangelical  
Lutheran church, Sixth avenue east  
and Fourth street. Business sessions  
are being held during the first two  
days of the convention. Tomorrow  
evening, a reception will be given at  
the church and Saturday a boat ride  
on the St. Louis river will be given  
for the entertainment of the visitors.

Badger to Describe Great Battle.  
Viroqua, Wis., June 23.—Gen. Earl  
M. Rogers of this city has been in-  
vited by the Philadelphia Historical  
society to write an article on the work  
of Gen. Wadsworth's division in the  
battle of the Wilderness.

Gen. Rogers was an aide to Gen.  
Wadsworth, who was killed in the ac-  
tion, therefore no report was made of  
the battle.

**\$100 Reward, \$100.**  
The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is catarrh. Hall's Catarrh Cure  
is the only positive cure now known  
to the medical fraternity. Catarrh  
being a constitutional disease, it re-  
quires a constitutional treatment. Hall's Ca-  
tarrh Cure is taken directly to the seat  
of the disease, and cures it, thereby de-  
stroying the foundation of the disease,  
and giving the patient strength by  
building up the constitution. It is a  
nature in doing its work. The  
proprietors have so much faith in its  
curative powers that they offer One  
Hundred Dollars for any case that it  
cures. Send for literature to the  
proprietors.

Address F. J. CHENEY & CO., To-  
ledo, Ohio.  
Sold by all druggists, 75c.  
Bake Hall's Family Pills for consti-  
pation.

First Ave. West  
and Superior  
Street.

Wash Peter  
Thompson Suits at

**\$5.00**

Sizes 10 to 14 yrs.

## SEA SICKNESS CUTS SHORT LAKE TRIP OF THE MINNESOTA SHERIFFS

THE SHERIFFS AND THEIR WIVES.

The sheriffs were seasick.  
After getting as far as Lester Park  
this morning on their trip to Two Har-  
bors, the boat was turned around  
and a landing was made at the Fifth  
avenue dock.

Several hundred invited guests of  
Sheriff Bates were glad to return to  
Duluth after having gone as far as  
Lester Park. The officers of the boat  
informed the St. Louis county sheriffs  
that they would be unable to make

Two Harbors before 1 o'clock, and  
after a vote was taken, it was decided  
to come back to the city.

Sheriff Bates offered to take the  
members to Fond du Lac, but they  
had had enough of the water, and the  
majority were glad to return and be  
landed safe on Zenith City soil.

The wind was not strong but it was  
steady. The Mascotte tossed and  
pitched until a number were extremely  
anxious to set foot on solid soil. This  
they did about noon, and some of them

admitted that they didn't care a great  
deal whether they ever landed or not.  
Sheriff Bates tried to make the  
delegates see the advisability of going  
to Fond du Lac, but they had had too  
rise in plenty, and they determined  
that once landed in Duluth, they would  
be perfectly satisfied.

The boat rule had been one of the  
chief features of the sheriff's outing,  
and the rough weather spoiled it.  
Tonight the majority of the visitors  
will return to their homes.

### INTENDED TO MARRY. But as Polk County Girl Is 15 Man Is Found Guilty.

Crookston, Minn., June 23.—(Special  
to The Herald.)—The trial of Henry  
Christianson, who was indicted on the  
charge of having carnal knowledge of  
Katherine Schoenker, aged 15, both  
of the town of Liberty and whose sen-

natorial defense by Judge Gosman of  
this city and Attorney H. L. Gaylord of  
Fertile, of a common law marriage  
packed the courthouse all day yester-  
day. He was found guilty by a jury  
late last evening and sentenced by  
Judge Watts to seventy-five days in  
the county jail. Both admitted an in-  
tention of having a civil ceremony per-  
formed as soon as the consent of the  
girl's parents could be obtained, or at  
as early a date as they could secure  
a license on their own motion.

Killed by Baschall.  
New York, June 23.—Gregory Dar-  
cey, a Staten Island policeman, dis-  
cussed two weeks ago when he was  
struck in the abdomen by a pitched  
baseball.

Bleached Flour Trial.  
Kansas City, June 23.—Millers and  
bakers testified at the bleached flour  
trial in the federal court here today  
in opposition to the government's  
charge that the process of bleaching  
flour adulterates the product.

## THINKS ZODIAC INFLUENCES NATURE OF ANIMALS ALSO

DARWIN.  
The Man Monkey.

Darwin, the famous man monkey, owned by the Ringling Brothers, would according to his horoscope, be a mechanical genius were he a human being. Two years ago, when the Ringling circus was last seen in Duluth, Darwin joined the organization. He had traveled about 7,000 miles by water and rail in a wooden box. He was scarce a year old and none too strong. Things looked dark for Darwin, but he took to civilization like a duck to water, and under the tutelage of Charles Smith, head trainer, he has developed like an infant prodigy.

Mr. Smith has remarkable ideas on the subject of animal training and one of them is that all animals in common with all human beings, feel the influence of the zodiac. Mr. Smith put me in that way of thinking when I was a boy, and I have had occasion to thank him many times since for his teaching.

## DIRECTORY OF AMUSEMENTS

WHERE TO GO TONIGHT.

LYCEUM—Forbes stock company in "Girls."

A CLEVER "BIT."

Good Comedy Role Well Handled by Miss Kate Fiske.

Miss Kate Woods Fiske, who appears as Miss Purcell in "Girls," which is being given this week at the Lyceum by the Forbes stock company, has entrusted to her one of the keenest characters in the show, for this season, and the laughter that greets her efforts shows that she is succeeding in investing the part with just the proper touch of caricature for everyone to recognize the type he knows so well. This is Miss Fiske's first opportunity of the season, and her ability promises enjoyable "character" parts for the remainder of the season.

"Girls" will be repeated tomorrow, Saturday and Sunday nights, with Saturday and Sunday matinees.

Next week Israel Zangwill's charming comedy, "Merely Mary Ann," will be played. This exquisite comedy has been given in Duluth, and the company is working to present a most finished and adequate performance.

TWO MEN ARE DYING AS  
RESULT OF PISTOL DUEL.

Lexington, Ky., June 23.—Byrson Combs and William Walters are reported in a dispatch from Hindman, Ky., as dying in a remote section of Knott county, as the result of a pistol duel. Combs appeared in the neighborhood declaring he would die before 2 o'clock either by suicide or by being killed. He insulted Mrs. Walters, and Walters armed himself and searched for Combs.

When they met, each man grasped the other's left arm and began firing, emptying their pistols in the bodies of each and each giving mortal wounds. Sheriff Hayes and a posse went to the scene of the shooting. Knott county adjoins Breathitt county on the southeast.

The Conservation of Nature's Resources as to material things. C. Budington, Washington, D. C., realized his condition late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late." Sold by all druggists.

## DEATH CLAIMS MRS. W. C. JOHNSON

Well-Known Duluth Woman  
Passes Away at  
Hospital.

Mrs. W. C. Johnson of the Buffalo apartments died at St. Luke's hospital this morning after a two months' illness of abscess of the stomach. She was removed to the hospital about two weeks ago.

Mrs. Johnson was 42 years of age and was born in Durand, Ill. Besides her husband she is survived by a son, Clinton, and her mother, Mrs. Mary E. Bowen, who live in Duluth, two brothers, Frank Bowen of Palm Beach, Fla., and Charles Bowen of Chicago, and two sisters, Mrs. Robert Cronble of Chicago and Mrs. V. S. McKenny of Seattle.

The funeral will be held Saturday afternoon with services at 2:30 o'clock at the home of Mr. Johnson's brother, J. P. Johnson, 1113 East Superior street, and interment at Forest Hill cemetery.

Mrs. Johnson had a very wide circle of friends in Duluth. She had lived here many years and was beloved and respected by all who knew her intimately.

## THE WARM WAVE HAS PASSED

Duluth People Are Enjoying  
Cool Breezes From  
Lake Superior.

The warm weather has passed and Duluth is enjoying normal weather conditions. From 94 deg., the high mark yesterday, to 56 deg., the temperature at noon today, is quite a drop and Duluth is enjoying it.

At 7 o'clock this morning the mercury stood at 70 deg. The drop began at that time and at 10 o'clock the thermometer at the weather bureau registered 56 deg., which was a relief to those who have suffered from the heat during the past week.

The cool wave today was accompanied by a fog, but not by the probable showers which the weather bureau has been predicting for several days. Probable showers are predicted again for tonight or tomorrow, and if they materialize, they will be welcome, for Northern Minnesota is sadly in need of rain.

## ISSUES CALL FOR CONVENTION

Democrats of County Will  
Meet at Eveleth on  
July 23.

The Democratic county convention will be held at Eveleth at 2 o'clock Saturday, July 23, to select forty-eight delegates to the state convention, which will be held in Minneapolis Thursday, July 28, to nominate a complete list of state officers.

Primaries for the election of delegates to the county convention will be held at the usual voting places Wednesday, July 20, from 7:30 to 8:30 p. m. in the cities and villages, and from 2 p. m. to 4 p. m. in all of the other precincts.

The Democrats think they have a fighting chance to land some of the county offices, and are confident of electing the next administration of the state. A complete county will be put in the field in order to give their opponents as stiff a fight as possible. All over the county the Democrats will rally to the standard next fall, as they believe this a "Democratic year."

OLD SETTLERS

The Old Settlers' association of the Head of the Lakes have accepted the invitation of the Lake County Old Settlers' Society to hold a picnic at Two Harbors on Saturday, July 16, 1910.

A meeting of the trustees will be held at the office of the judge of probate at Duluth, on Saturday, June 25, at 2 o'clock, a. m. to arrange for the same. All members of the association are invited to be present and participate in the proceedings.

T. H. PRUSSNELL, President.  
H. N. WHEELER, Secretary.

## FIRES CONTINUE AROUND CLOQUET

Settlers in That Locality  
Have Lost Considerable  
Property.

Cloquet, Minn., June 23.—(Special to The Herald.)—Joseph Caza came into town yesterday and reported the burning of his barn about two miles from Cloquet, on the Carlton road, Tuesday night near Sawyer. The fire was a new one and cost \$1,500. There was about \$150 worth of farm machinery in the barn, but no stock, as Caza is living in town, but has been out on his farm several days watching the fires. There was no one on the place but himself, and before neighbors could be reached the barn was a heap of ashes. Thirty-five acres of hay were also burned. Several well-to-do farmers living close to Caza are in great danger. A report by telephone states that two settlers were burned out Tuesday night near Sawyer. The fires are not abating in the least in its vicinity, but have been much worse the past twenty-four hours. Joseph McHenry, general superintendent of all the logging in Cloquet all the week, visiting the various sections where fires are burning.

Fire Around Wausau.

Wausau, Wis., June 23.—Forest fires, which have been threatening for several days, came near to the south limits of Wausau, raging furiously. Many men are at work fighting the flames with back fires.

Fort William Man Drowned.

Fort William, Ont., June 23.—(Special to The Herald.)—Joseph Oakley, a well-known local business man and former member of the council, was drowned this week in the McKenna river. He was last seen standing on a rock, when he slipped and fell into the pool. A young man named Pike tried in vain to reach Oakley after he sank from sight. The body was re-

Special at only 98¢

## Mrs. Potts' Sad Irons

85¢ 85¢

Electric Irons—The best made; at \$3.98 up to \$5.00 each.

## CROWDS GROWING AT PARKER SHOWS

Warm Weather Swells Attendance at West End Carnival.

Each night the crowds are greater at the carnival, being presented on Superior street in the West end, by the Parker shows.

Last night the various attractions were crowded until nearly midnight, while up and down, back and forth, between tents surged a jolly crowd, on amusement bent, and while young folks predominate, they did not have it all their own way. There were many old people, and they really seemed to enjoy themselves as much as the youngsters. The best of order prevailed, the rowdy element being absent.

It is difficult to say whether the crowd gets the most enjoyment from the regular attractions, or from the scenes outside the tents. It takes a big crowd, such as attended the carnival last night, to really draw out a "spicier" and the harkers were at their best last night. These fellows are real settlers, and it was as if they must lie awake from midnight to morning inventing new quips and ludicrous ways of attracting attention to their shows.

With a continuation of this weather, the Parker management is confident of establishing a new record for business. The Modern Woodmen are sure to receive a handsome sum for their share of the proceeds.

## BRADY AT ISHPENING.

Well-Known Theatrical Manager  
Talks of Open Door Policy.

Ishpeming, Mich., June 23.—(Special to The Herald.)—William A. Brady, well known theatrical manager and producer arrived here Tuesday from New York to meet his wife, Grace George, who appeared at Ishpeming theater Tuesday evening.

Mr. Brady is one of the leading and most enthusiastic producers who have declared for "open door," and he says the success of the independent movement is already assured. "Every circuit, as well as every individual theater in the United States and Canada will surely be every individual theater," declared Mr. Brady. "The one-night stand houses will, perhaps, during the coming season, and in the years to follow, have a greater number of houses who promptly fall into line when the night against the syndicate was struck."

Klaw & Erlanger syndicate re-

## CREOSOTING PLANT IS AGAIN RUNNING

Sandstone Plant Is Operating  
Full Blast, Filling Many  
Orders.

Sandstone, Minn., June 23.—(Special to The Herald.)—The Kettle River Creosoting plant is again running at full blast, the new crew having been recently put to work sawing paving blocks for the large contracts to be filled for different cities in the Northwest, among which are Superior, Winnipeg and Moose Jaw. About seventy-five men are employed there. The heavy shipments will begin after the Fourth.

Although the heat has been intense for a week, no prostrations have been reported, but two men were committed to the Perus Falls asylum this week from head troubles.

Fred Wikstrom critically ill from a severe attack of pneumonia.

A son was born Tuesday, June 21, to Mr. and Mrs. Gardner Davis.

Announcements have been received of the marriage of Oscar P. Larson and Miss Edna Wikstrom at Minneapolis on Wednesday. Mr. Larson is a partner of the firm of Larson Bros., proprietors of the local opera house, and is a promising young business man. The bride is well and favorably known here, her parents residing at Pine City. They are expected to return June 24th to make their permanent home here. A wedding reception will be given them on their return.

Sunday Games Stopped.

Boston, Mass., June 23.—United States District Attorney Asa P. French has informed the soldiers at Fort Banks, Winthrop, that Sunday baseball playing at the fort, which has been going on for the past three years, must cease.

# OFFICIAL MAP OF THE WEATHER

**CLOUDY**

The mercury climbed up to 84 yesterday, and Duluthians actually suffered from the heat. Today the weather man has forecast a city with a cool breeze and foggy atmosphere that is a decided relief.

Mr. Richardson makes the following comment on weather conditions: "The weather continues in most districts to the eastward of the Rocky mountains and temperatures of 80 deg. to 90 deg. were quite the rule Wednesday in those sections. The disturbance central over the West has moved from Northern Utah to Eastern Montana, its periphery advancing resulting in light to heavy showers or thunderstorms throughout Western Canada and light showers over portions of the Dakotas, Montana, Oregon and near Lake Superior. Showers also fell over Gulf states. The barometer is high over the lake region, Eastern Gulf states and North Pacific districts. A depression central of the New England coast caused showers in that section during the past twenty-four hours."

**General Forecasts.**

Upper Lakes: Light variable winds and generally fair weather except showers tonight or Friday on Superior.

Upper Michigan—Local showers tonight or Friday.

Wisconsin—Fair tonight and probably Friday; continued warm.

Minnesota—Partly cloudy with showers late tonight or Friday; cooler in west portion.

Iowa—Generally fair in east, generally showers in west portion late tonight or Friday; continued warm.

North Dakota—Showers tonight or Friday; cooler.

South Dakota—Showers tonight or Friday; cooler Friday and in west portion tonight.

Montana—Partly cloudy tonight; Friday fair.

**The Temperatures.**

Following were the maximum temperatures for twenty-four hours and the minimum for twelve, ending at 7 a. m. today.

## Beer and Temperance

DR. JOSEPH ZEISLER, of the Northwestern University of Chicago, says:—"I fully believe that the moderate use of good beer at mealtime, acts as a tonic and is, therefore, useful to adult persons. The chief point in favor of beer as compared with other alcoholic beverages is in the small percentage of alcohol, and in the fact that it is responsible for few drunkards, if any."

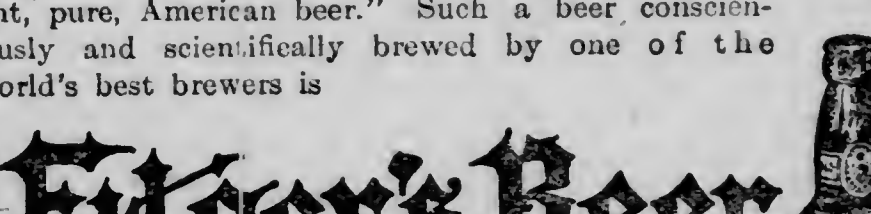

ANDREW D. WHITE says in his Autobiography: "The best temper-

ance workers among us that I know are the men who brew our light, pure, American beer." Such a beer consistently and scientifically brewed by one of the world's best brewers is

**Fitzger's Beer**  
Best by 25 Years' Test

A beer of distinct character of unusual delicacy of flavor and of great healthfulness.

**SECOND GETS BACK TYPEWRITER STOCK.**

New York, June 23.—James B. Hann

founder of the Hammond Typewriter company is still the owner of 520 shares of the concern's stock which he distributed among the directors and old employees under a deed of trust in 1905 when he thought he was going to die. A jury in the supreme court so decided yesterday. Hammond, after his recovery from what he feared was a fatal illness, sued to have the trust set aside so that he could receive the money from what he feared a jury sustained his explanation that belief in impending death prompted him to die. A jury in the supreme court so decided yesterday.

**APPEALS FROM THE UNITED STATES COURT OF CUSTOMS APPEARED AT THIS SESSION OF CONGRESS.** Its first decisions yesterday. Appeals decided were appeals from rulings of the general board of appeals or decisions of the United States circuit court of the southern district of New York. The circuit court reversed in two cases and affirmed in three.

**Customs Appeals Court.**  
Washington, June 25.—The United States court of customs appeared at this session of congress its first decisions yesterday. Appeals decided were appeals from rulings of the general board of appeals or decisions of the United States circuit court of the southern district of New York. The circuit court reversed in two cases and affirmed in three.

**THEY ARE FREE**

**A LINIMENT FOR EXTERNAL USE.**

Baby's coming will be a time of rejoicing, and not of apprehension and fear, if Mother's Friend is used by the expectant mother in preparation for the event. This is not a medicine to be taken internally, but a liniment to be applied to the body, to assist nature in the necessary physical changes of the system. I Mother's Friend is composed of oils and medicines which prepare the muscles and tendons for the unusual strain, render the ligaments supple and elastic, aid the expanding of the skin and flesh fibres, and strengthens all the member and tissues. It lessens the pain and danger at the crisis, and assures for health to the mother. Mother's Friend is sold at drug stores. Write for free book, containing valuable information for expectant Mothers.

## DARKNESS HALTS BASEBALL GAME

### Grand Rapids Declared Winner in Event Puled Off at Firemen's Tournament.

Grand Rapids, Minn., June 23.—(Special to The Herald.)—The following times were made by the different fire departments contesting in the ladder climbing contest at the Northern Minnesota Firemen's tournament here yesterday afternoon:

Pork Rapids—Courtright, 3-5; seconds, Audrey, 3-5; Veterans, 3-5; Coker—Paul, Marks, 3-5; Wright, 4-5; Andrew Gustafson, 3-5; Lake—Ningeghor, 4-5; Harding, 3-5; La Fountain, 4-5; Bragge, 3-5; Grand Rapids—Luders, 3-5; H. McLachlan, 3-5; Herschbach, 3-5; Akeley—Cohen, 3-5; Lundberg, 3-5; Bergerson, 3-5; Anderson, 3-5.

The races at the fair grounds occupied the balance of the afternoon until 8 o'clock, when the game between the Hibbing and Grand Rapids ball teams was pulled off.

This proved to be one of the most interesting ball games of the season—while it lasted. The first four innings Hibbing failed to score, but ran one in the fifth. Grand Rapids received a glove egg in the first, but a couple of hits in its belt in the second and got around twice and scored twice again in the third. In the fourth inning Hibbing shifted about and Booth went in to pitch in place of Jensen who up to that time had been touched up pretty frequently.

**Grand Rapids Wins Ball Game.**  
After the third Grand Rapids failed to score, the game progressed slowly, and in the seventh inning the spectators started for home, thinking that the game would be called on account of darkness. The umpire, however, thought they could play on, and he offered play ball, which they did—or tried to—for a time. In the eighth inning Hibbing succeeded in running in three more runs, but it was strictly on account of being too dark to see the ball, and in his decision afterward the umpire declared the game called at the end of the seventh inning, with the score 4 to 1 in favor of Grand Rapids.

Last night was a conflict night on the "white way," and a jolly crowd listened to the music and took in the sights. The scene was gay, and everything was jolly.

The Grand Rapids band played almost all day at all of the functions, and they were quite in evidence with their music. All of the members of the band were at their best. The band was white, which made them a unique and handsome appearing body.

## GILBERT HIGH GRADUATES TWO

### Rev. John W. Powell of Duluth Delivers Notable Address to Class.

Gilbert, Minn., June 23.—(Special to The Herald.)—The first commencement exercises of the Gilbert high school were held in the high school auditorium yesterday evening. The class consisted of two young men, Raymond D. Nolan and Richard Chinn. Both gave very interesting addresses. The exercises were presided over by the quartet, consisting of the Messrs. Lively and Jones and Messrs. McConnell and Newberry. The "Good Night" number being extremely well rendered.

Miss Lively was never in better voice and sang her song with much feeling. The address of the evening was by Rev. J. W. Powell of Duluth, who spoke on "The Mystery of the Universe." The address was one of the finest ever heard here and elicited much favorable comment. A large number from Elba and Sparta attended the exercises, one of the young men living in Elba and the other formerly made his home at Sparta. Both will probably attend college next fall and will take engineering courses.

The stage was decorated with palms and ferns and the class colors. Seated in the stage with the class were the high school faculty, the school board and Rev. Messrs. Turner, Powell and Schiffer.

Following was the program rendered: "Babes," Sullivan quartet; invocation, Rev. George S. Turner; salutatory address, Richard Chinn; address, Raymond D. Nolan; address, Rev. John W. Powell; vocal solo, Elizabeth Lively; valedictory address, Raymond D. Nolan; presentation of class, Principal W. T. Newton; presentation of diploma, Supt. C. L. Newberry; "Good Night," Piusini quartet.

## CHISHOLM MAN FINED FOR SMASHING A WINDOW.

Chisholm, Minn., June 23.—(Special to The Herald.)—The first case heard yesterday at 2 a. m., on a statutory charge, was the case of a man who smashed a window of the Kolva saloon on the afternoon of the 21st.

## IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Duluth Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—the Backache pains come from sick kidneys.

'Twould save much needless weep.

Doan's Kidney Pills cure sick kidneys.

Duluth people endorse this: Mrs. W. F. Hamerich, 109 Twenty-seventh Ave., Duluth, Minn., says: "For several years I was afflicted with kidney trouble and the medicines I tried did not help me. My back often ached severely and if I stooped, dizzy spells seized me. After I had taken the contents of one box of Doan's Kidney Pills, I felt to much better that I procured a further supply. I am now free from backache and feel better in every way. I do not hesitate to recommend Doan's Kidney Pills in return for the good they did me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## VIRGINIA PRESBYTERIANS BUILD SPLENDID MANSE

MINISTER'S UP-TO-DATE HOME.

Virginia, Minn., June 23.—(Special to The Herald.)—The local Presbyterian manse erected last winter at a cost of \$5,000, including lots, is equipped with hot water plant and modern in all respects. It is the best manse in the Presbytery of Duluth.

The Presbyterian church of Virginia is constantly gaining in strength. The attendance at the regular Sunday services is encouraging. The Sunday school has outgrown the capacity of the church. There is a flourishing Junior and senior Christian Endeavor. The church is practically out of debt.

Days in jail, when Judge Freeman had looked into the charges against the accused. The fine will probably be paid.

## NEEDED RAINS GREAT GODSEND

### Considerable Hail Also Falls at Eveleth, Putting Out Fires.

Eveleth, Minn., June 23.—(Special to The Herald.)—Old Jupiter Pluvius, who has been loafing on the job, opened up his taps last night and a welcome rain fell in this section, proving to be a veritable godsend. Some hail also fell. The mixture of rain and hail may have damaged some crops, but the rain here has certainly put out the forest fires, many of which have threatened neighboring towns. Though Eveleth is less in danger of fires than any of the towns, as it is situated on a hill, the brush around which has been cleared away has been almost unburned, but no fatalities have been reported.

## ATTEMPTS ASSAULT UPON YOUNG GIRL

Two Harbors, Minn., June 23.—(Special to The Herald.)—A severe electrical storm accompanied by considerable rain prevailed over the country north of here last night, about 7 o'clock. There was a pouring rain for half an hour, then a cessation of moisture and another deluge continuing for over 40 minutes, putting out all forest fires in a large territory and thoroughly soaking all vegetation. The rain was worth thousands of dollars to the farmers.

## SPARTA LOCATION MINER HELD TO GRAND JURY ON SERIOUS CHARGE.

Eveleth, Minn., June 23.—(Special to The Herald.)—John Hendrickson, 50 years of age, single, a miner in the Sparta locality, was arrested Tuesday evening by Officer William Emory of the Oliver force, for an attempted criminal assault upon Helen, the 6-year-old daughter of Mr. and Mrs. R. Lasalla of the Sparta locality. He was arraigned before Judge B. C. Proud on a charge of criminal assault. Attorney Edward Boyle prosecuted the case, and three witnesses called by the state, they testified that Hendrickson, after dragging the child to the deserted barn, was locking the door, was about to commit the assault, when they suddenly entered and caught him. The defendant offered a weak defense. He was bound over to the grand jury under \$300 bonds.

## ELY MAN LOSES FATHER.

Parent of J. D. Osborne Was Second Oldest Man in Calumet.

Calumet, Mich., June 23.—(Special to The Herald.)—Mr. and Mrs. J. D. Osborne departed for St. Paul Monday morning, where Mr. Osborne was to attend the annual Democratic convention. Shortly after their departure a message was received here that Mr. Osborne's father was dead. The deceased was 92 years of age and had resided in that city sixty-three years. He was 84 years old at the time of his demise, pneumonia being the cause of his death.

## FINNS TO CELEBRATE

Annual Midsummer Day Festival at Nashvank on Friday.

Eveleth, Minn., June 23.—(Special to The Herald.)—Many local Finns will go to Nashvank tomorrow to attend the annual midsummer day festival. The one last year was held at Eveleth and several thousand Finns were present. It is understood that Governor Everhart will speak.

## ELLY MAN LOSES FATHER.

Parent of J. D. Osborne Was Second Oldest Man in Calumet.

Calumet, Mich., June 23.—(Special to The Herald.)—Mr. and Mrs. J. D. Osborne departed for St. Paul Monday morning, where Mr. Osborne was to attend the annual Democratic convention. Shortly after their departure a message was received here that Mr. Osborne's father was dead. The deceased was 92 years of age and had resided in that city sixty-three years. He was 84 years old at the time of his demise, pneumonia being the cause of his death.

## DEMOCRATIC CONVENTION AT EVELETH JULY 23.

Eveleth, Minn., June 23.—(Special to The Herald.)—Country to some expectations, the county Democratic convention will not be held here today. There has been some mistake in dates. The convention will be held here July 23.

## TWO VIRGINIA FUNERALS.

Virginia, Minn., June 23.—(Special to The Herald.)—Mrs. Regina Keed died Tuesday morning at the home of Mr. Monomie.

## HAY'S HAIR-HEALTH

Never Fails to Restore Gray Hair to its Natural Color and Beauty. Stops itching scalp, and positively removes Dandruff. Is a Dye. Refuse all substitutes. 4.00 and 50c. Sold by Mail. Order from D. C. Hay, 100 West 10th St., New York, N. Y.

## THE DULUTH HERALD.

and Mrs. G. W. Munroe on the north side, of scarlet fever and other contagious diseases. She was about 7 years of age and leaves a husband and one son. The funeral was held yesterday afternoon with services at the grave. Rev. Henry E. Noff of the Presbyterian church officiated.

The funeral of the infant son of Mr. and Mrs. John Warner, who died at the family home at Arbatus, Tuesday, was held here this afternoon. Rev. Henry E. Noff conducting the services.

## EVELETH LAWN SOCIAL GIVEN BY LADIES AID.

Eveleth, Minn., June 23.—(Special to The Herald.)—The Ladies Aid Society of the First Presbyterian church are giving an ice cream and cake social on the lawn in front of Mrs. C. E. Bailey's house this afternoon and evening.

A large number of Good Templars from Virginia attended the meeting of the local Good Templars this week.

## RENA VIVIANE DRAWS LARGE HIBBING AUDIENCE.

Hibbing, Minn., June 23.—(Special to The Herald.)—Rena Viviane, the prima donna, delighted a packed house last evening in concert at the Healy theater.

About fifty local men accompanied the ball team to Grand Rapids to witness the game between Hibbing and Grand Rapids.

Victor Power and John Mick left last evening for Grand Rapids. The ladies of the Hibbing Ladies Aid Society arrived here from Duluth to visit with Mr. and Mrs. Clark.

E. Radcliffe of Duluth arrived in this city Wednesday for a few days on business.

S. Johnson returned home from Duluth.

The members of Company M, Duluth, returned from their tour of the Twin Cities, where they were at camp for the past ten days.

## ITEMS FROM BOVEY.

Bovey, Minn., June 23.—(Special to The Herald.)—Mr. and Mrs. Wm. Leander and infant spent Sunday at the local hotel home of Grand Rapids.

E. Smith and family have moved into the house recently vacated by Wm. Anders.

John Hurley is on the sick list.

Mrs. John Hurley left today for a visit with relatives at Hudson, Wis. Her daughter Harriet will accompany her as far as Duluth.

Marie La Valle spent Sunday at the home of her parents, on Laurence Lake.

Erick Johnson was a Nashvank caller this week.

John Hurley played ball with Bovey. Bovey ground Sunday.

Born to Mr. and Mrs. Wm. Helms of Camp 29 June 8, a daughter.

Frank Johnson, of Laurence Lake was a Bovey caller Monday. Mr. Helms and Mrs. Johnson were both accompanied by a week's outing at Laurence Lake and on their way to St. Paul.

**Chisholm Woman Hurt.**  
Chisholm, Minn., June 23.—(Special to The Herald.)—Thrown from a single horse, a woman of the town of Chisholm, Mrs. H. Mortensen of this village sustained a double fracture of the right arm and was badly bruised about the body. Her husband, who was driving the horse, was also injured. The horse suddenly turned around, causing the rider to fall.

**Celebrate to Celebrate.**  
Coleman, Minn., June 23.—(Special to The Herald.)—There will be an old fashioned celebration of the Fourth of July in Coleman, Minn., on Sunday, July 3. The celebration will be held on the town square. The program is as follows: Organ prelude, address by Rev. C. J. Fallon, Scripture Reading and invocation, Song, Address of welcome, Vocal solo, Axel Henry, Recitation, The Fatherland, William Hammstrom.

**Eveleth Library Report.**  
Eveleth, Minn., June 23.—(Special to The Herald.)—The report of Librarian Jackson of the High school library for the six months ending May 31, 1910, was given at the library meeting Sunday. Books added, 116; paid for, 10; total, 126. The library has 1,186 books. The number of books added during the six months, 5,333 books were taken out.

**Holman Brakeman Hurt.**  
Tacombé, Minn., June 23.—(Special to The Herald.)—Jerked off a car as it was passing, a brakeman, Holman, of the Duluth and St. Paul railway, sustained a serious fracture of the right arm. The accident occurred when the train was passing a switch. The brakeman was thrown from the train and landed on the ground.

**Green to Celebrate.**  
Green, Minn., June 23.—(Special to The Herald.)—A mass meeting it was voted to hold a big celebration here on the Fourth, here will be sports, music, speeches and fireworks.

**Jemore to Enter Horse.**  
Eveleth, Minn., June 23.—(Special to The Herald.)—The horse, American, owned by Jemore, of the fair races around Minnesota, is now at Hamline, where it is being prepared for the fall racing season.

**Green to Celebrate.**  
Green, Minn., June 23.—(Special to The Herald.)—A mass meeting it was voted to hold a big celebration here on the Fourth, here will be sports, music, speeches and fireworks.

**West End Shortfalls.**

## KEEPS COOLER USES LESS ICE

Most any refrigerator will give fair satisfaction if the ice chamber is kept full of ice at all times, but how about those days when you have used a little extra ice for sherbets, etc., or on Sunday, when you can't get ice?

## The Rhinelander Grand

Will keep your food cool and sweet with less ice than any other refrigerator on the market. We guarantee it to do all we claim, and we'll prove it to you.

Every corner and every shelf in the Rhinelander Grand gets the benefit of a complete circulation of cool, dry air. And this circulation is continuous—it is produced with less ice in the ice chamber than is possible in any other make. This gives you more ice to use for other purposes, at the same time keeping your food in a cool, sanitary condition. It's safer and cheaper.

COMPLETE HOUSEFURNISHERS

**DAYHIA & CO.**

DULUTH, MINNESOTA

will be ready for occupancy about August 10. If the plans of the church officials do not fall, everything will be in readiness for the occasion.

**MIDSUMMER FESTIVAL.**  
Men of Swedish Baptist Church Will Debate on Duluth Weather.

Under the auspices of the Men's club of the First Swedish Baptist church, the midsummer festival will be given this evening. A good program has been arranged for the occasion.

The program is as follows: Organ prelude, address by Rev. C. J. Fallon, Scripture Reading and invocation, Song, Address of welcome, Vocal solo, Axel Henry, Recitation, The Fatherland, William Hammstrom.

**Shoots Herself Through Heart.**  
Birmingham, Ala., June 23.—Mrs. W. P. G. Harding, wife of the president of the National Bank of Birmingham, shot and killed herself at her home in Glen Iris yesterday afternoon. Mr. Harding is in New York. Nothing definite is known about the cause of Mrs. Harding's act as her home life has seemed to be happy.

She was alone in her room when she fired a pistol shot through her heart. A negro servant on the premises screaming to the neighbors. Mr. Harding left New York for Havana, nearly three hours before his wife shot herself.

She was prominent in society and entertained a great deal at their magnificent place in Glen Iris park, which is one of the show places of Birmingham.

**Hughes to Visit Teddy.**  
New York, June 23.—Theodore Roosevelt has asked Governor Hughes to visit him.

**Senators and Representative to Start on the Campaign.**  
Washington, June 23.—After speaking at La Crosse on July 4, Senator Clapp will enter Iowa and speak at West Liberty on the afternoon of July 5, and at Cedar Rapids the same evening. July 12 he is booked for an address at St. Paul before the deep waterways convention. July 14, Mr. Clapp will address the Grand Army of the Republic encampment at Altkin.

If congress adjourns Saturday, Representative Clarence E. Miller will take the first train for Duluth and will speak at West Duluth, July 4. He regrets that he will be unable to speak at the annual celebration of Finnish-Americans on the Iron range June 25. Representative Halvor Steenerson will speak at Winger, July 4, and one week from next Sunday will deliver a speech at Maple Bay.

Congressman Frank M. Nye will speak at Bloomfield, N. J., July 4. Representative C. A. Lindberg left Washington today to take a hand in the North Dakota campaign in aid of Congressman Gronna, who is an insurgent candidate for the primaries, which take place June 29.

**DROWNS IN MILL POND.**  
George Weisser, Aged 17, Loses Life at Melrose, Minn.

St. Cloud, Minn., June 23.—(Special to The Herald.)—Taken with cramps, while swimming with other boys in the millpond at Melrose, George Weisser, aged 17, son of Mr. and Mrs. Frank Weisser, prominent citizens, sank in efforts to resuscitate him when the body was recovered half an hour afterwards proved futile.

**Publicity Bill Passed.**  
Washington, June 23.—The house bill to require publication of campaign contributions was passed by the senate yesterday with an amendment providing for publication only after election.

FRIDAY EVENING, JUNE 24, 1910.

## SAYS CONGRESS CAN CONTROL ISSUE OF STOCKS AND BONDS

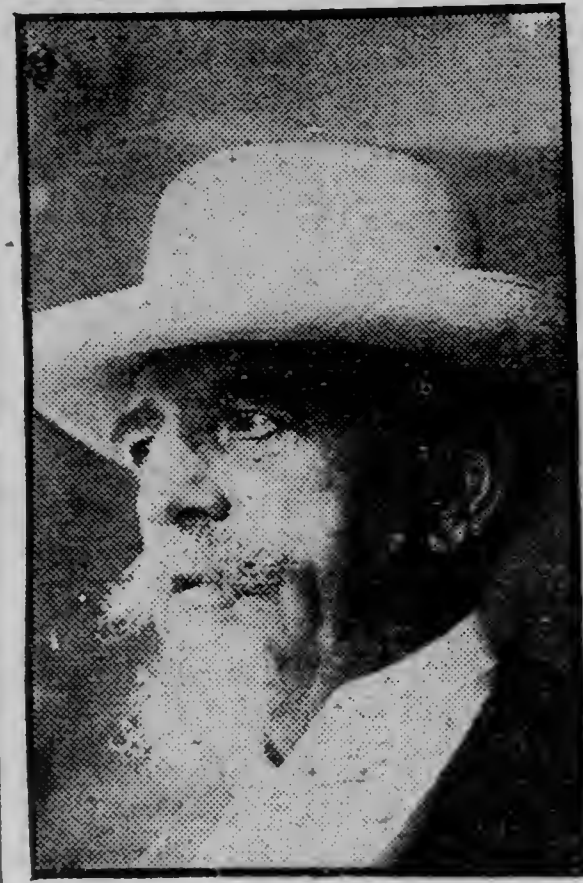

Vigorous Defense of the Power of the National Government.

Railroad's Obligations Have Direct Effect on Reasonableness of Rates.

Attorney General Wickersham Before the Illinois State Bar Association.

Chicago, June 24.—In a vigorous defense of the power of the national government to legislate on the subject of the issuance of stocks and bonds by railroad corporations subject to the interstate commerce act, Attorney General George W. Wickersham spoke for an hour this morning before the Illinois State Bar association. The basis for his talk was the provision in the new railroad law authorizing the president to investigate questions pertaining to the issuance of stocks and bonds by railroad corporations and the power of congress to regulate them. The enactment of such a law, he contended, was not nearly so radical a step as was the enactment of the permissive act of 1886, which gave the right to carry on interstate commerce, on the interstate commerce act of 1887. The attorney general pointed out that opposition had been made to every progressive measure of commerce regulation. "But," he declared, in closing his speech, "the centralizing

WEALTHY BREWER HAS SAILED FOR EUROPE

ADOLPHUS BUSCH.

New York, June 24.—Adolphus Busch has sailed for Europe, accompanied by several valets. Mr. Busch has not been in good health in recent years, and he requires a great deal of care. Mr. Busch is a very wealthy brewer, whose home is in St. Louis. He has much property interest there, and also has investments in California, Texas and other states. He is now worth \$24,000,000 and will erect there a twenty-story hotel, which, it is understood, is to be one of the finest in the world.

## TWO SUICIDES IN BIRMINGHAM

Is Verdict of the Coroner in Cases of Shootings.

Birmingham, Ala., June 24.—Coroner Brasher after an investigation today into the shootings by which Mrs. W. F. G. Harding, wife of the president of the First National bank, and Guy R. Johnson, former vice president of the Alabama Consolidated Coal & Iron company, killed themselves, decided that it was suicide in each instance. The body of Guy R. Johnson was taken today to Bryn Mawr, Pa., for burial.

## MIDSHIPMAN HAS ENTERIC FEVER

Glenn Smith of Chicago Transferred to an English Hospital.

Washington, June 24.—Unofficial information reached the navy department today that the midshipman, who, upon arrival of the midshipmen's training squadron at Plymouth, Eng., yesterday, was transferred from the battleship Iowa to the Stonehouse hospital suffering from enteric fever, is Glenn Albert Smith of Chicago, a member of the first class of the naval academy. The official advice stated that Smith was convalescent.

Are Doing London. London, June 24.—The American midshipmen who have been afloat on a practice cruise are doing London today. They came to town, accompanied by a number of officers, on two special trains from Plymouth when their squadron, consisting of the battleships Iowa, Massachusetts and Indiana, anchored yesterday.

## CONCESSIONS IN ASIA MINOR

Germany Suggests Americans Reach Agreement With Bagdad Railroad.

Berlin, June 24.—The German government, following an inquiry regarding American concessions in Asia Minor, suggests that the promoters reach an agreement with the Bagdad Railway company. The impression at the foreign office appears to be that no large amount of United States capital is likely to be invested there, even should the Turkish government grant the concession sought and to which objection has been raised by German financial interests. The American state department requested this government to look into the matter. The reply of the foreign office to the state department has been formulated and in substance is favorable in principle to American enterprise in Turkey except where, as in the present case, specific German concessions are adversely affected. Accordingly, it is suggested that the American financial interests reach an understanding with the owners of the Bagdad railway.

## COTTON LEAK CASE ENDED

Moses Haas and Frederick A. Peckham Released on Paying Fines.

Other Indictments Pending Against Them Are Nolle Prossed.

Washington, June 24.—Moses Haas of New York and Frederick A. Peckham of Cincinnati, after fighting for five years indictments returned against them in the cotton leak in the department of agriculture, today entered pleas of guilty to the court in the indictment charging conspiracy to affect misconduct in office. On the recommendation of the department of justice, Justice Gould imposed a fine of \$6,000 on Haas and \$5,000 on Peckham, which they paid, and were released from custody. The other indictments pending against them were nolle prossed.

## MORGAN HOME IN GOOD HEALTH

"I Never Felt Better in My Life," Declares the Big Magnate.

New York, June 24.—J. Pierpont Morgan came home yesterday from Europe looking the picture of health. The banker has been abroad for several months and during that period there were numerous reports that he was in poor health. "Look good, don't I?" asked Mr. Morgan, and then answered the interrogation by saying: "I never felt better in my life."

## IS LIGHTHOUSE COMMISSIONER

George R. Putnam of Iowa Appointed to the New Position.

Washington, June 24.—George R. Putnam of Davenport, Iowa, has been appointed commissioner of lighthouses at \$5,000 per annum, and Arthur Conover of Passaic, N. J., deputy commissioner at \$4,000. These appointments mark the first steps in the reorganization of the lighthouse service recently authorized by congress transferring it to civil authority.

Jumped Into Niagara. Niagara Falls, N. Y., June 24.—An unidentified man jumped into the Niagara river from the Second Sisters island this morning and was carried over the Horseshoe Falls.

## BANKER IS ARRESTED

F. W. Joice of Lake Mills, Iowa, Charged With Irregularities.

Said to Be Heavy Speculator in North Dakota Lands.

St. Paul, Minn., June 24.—(Special to The Herald.)—F. W. Joice, former president of the First National Bank of Lake Mills, Iowa, was arrested here yesterday at the home of his son-in-law, A. E. Pittman, on a charge of having committed irregularities in his administration of the Lake Mills bank and also with having circulated fraudulent notes.

When taken before United States Court Commissioner Charles Spencer, Joice entered a plea of not guilty. He was released on a bond of \$2,000 for appearance before the federal court at Fort Dodge, Iowa, June 25. Joice is said to have been a heavy speculator in North Dakota lands. He resigned from the presidency of the bank last January.

How He Did It. The specific charge preferred against Joice by the government is that he delayed registration of drafts. It is alleged that in payment of his personal obligations in connection with his land deals while still president of the bank, he issued drafts and did not register them until sufficient time had expired for him to raise funds to cover the drafts.

Joice has issued a statement to the effect that while his liabilities at present are about \$200,000, all but \$2,500 of this has been secured to the creditors in such a way that no one will lose a dollar as a result of his transactions.

Mr. Joice, according to his son-in-law, induced a great deal of paper and this has added to his embarrassment.

## FATE OF BROWNE SOON WITH JURY

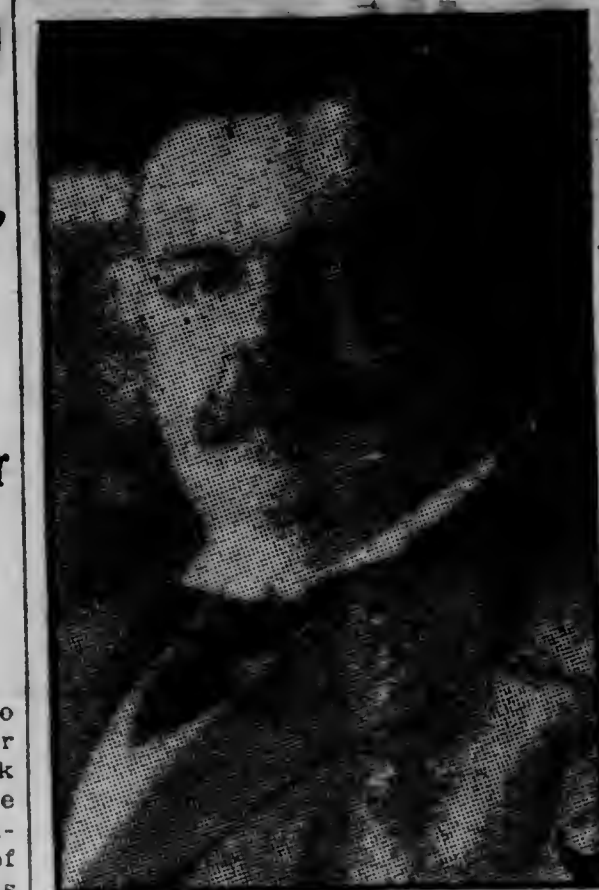

Arguments in Illinois Bribery Case Are Nearing the End.

Chicago, June 24.—The fate of Lee O'Neil Browne, charged with bribing Representative Charles A. White to cast his vote for William Lorimer for United States senator, will be in the hands of a jury tonight. Attorney W. S. Forrest concluded the argument for the defense yesterday, and State's Attorney Wayman began the closing statement for the prosecution today. He expected to finish during the afternoon.

Mr. Wayman ridiculed the arguments of the defense, declaring that the opposing attorneys had discussed himself, labor unions, and what not—anything but the evidence.

Millions for His Family. Bethlehem, Pa., June 24.—Under the will of the late Elisha P. Wilbur, financier and one of the great Lehigh Valley railroad, an estate of \$17,000,000 is bequeathed to his family. So far as is known, there was no gift to a public or charitable institution.

## HARRY COULBY'S WIFE IS GRANTED DIVORCE

HARRY COULBY, President of Pittsburg Steamship Company.

Cleveland, Ohio, June 24.—Mrs. Eliza Coulbey, wife of Harry Coulbey, president of the Pittsburg Steamship company, the Great Lake fleet of the steel trust, has been granted a divorce. Coulbey's petition was dismissed. Mrs. Coulbey charged gross neglect. While they were living at the Hollenden, Mrs. Coulbey declared her husband was cruel toward her. Coulbey's petition alleged that on account of his wife's nature, he could not please her. He moved often, he said, for her pleasure, finally building a mansion at Rocky River. Even that, he alleged, did not satisfy her. Coulbey, by an agreement between attorneys, is to pay his wife a large sum of alimony yearly.

## HEIR TO FORTUNE FOUND IN PRISON

Elated at News and Mayor Busse Asked for Pardon.

Chicago, June 24.—William Hamilton, who disappeared from his home at Pittsburg eight months ago, and who later fell heir to a fortune, was discovered as a prisoner at the house of correction here today. The settlement of the estate to which Hamilton is heir, the heirs have been delayed while the search for the missing man was being prosecuted. The first trace was found in the records of the municipal court, which showed that he was sentenced on May 28 to serve sixty days for disorderly conduct. Mayor Busse will be asked to pardon the prisoner, whose health has been restored, and who was much elated at the news of the radical change in his fortunes. He is a brother-in-law of S. J. Tugan, an agent of the New York Central lines at Pittsburg.

## FLIES THREE MILES WITHOUT ALIGHTING

Newburyport, Mass., June 24.—Maintaining a height of from sixty to seventy-five feet, William Hilliard, in a Burgess biplane, succeeded in flying approximately three miles after dawn today, alighting, shortly after dawn today. Hilliard was in the air five minutes.

## FORESTS ARE ALL ABLAZE

Whole District Between Fort Frances and Atikokan on Fire.

Millions of Dollars Loss to Timber, Mills and Lumber.

Winnipeg, Man., June 24.—The whole district between Fort Frances and Atikokan, east of Rainy lake, along the international boundary, is ablaze with forest fires. Millions of dollars' loss has been caused to standing timber, mills and lumber. The F. Weyerhaeuser company of St. Paul lost \$1,000,000 by the destruction of their timber berth. The Northern construction company of Winnipeg, the largest operators, lost all their camps. The Hat Portage Lumber company of Winnipeg lost all their dams, and are unable to run drives. The J. D. McArthur Lumber company of Winnipeg lost their mill and 600,000 feet of lumber.

## DEATHS DUE TO HEAT IN EAST

Thirty-Three Are Traced to Weather Which Was Very Torrid.

Philadelphia, June 24.—Excessive heat here yesterday caused one man to end his life with a revolver. Another was overcome and fell in front of a train, which killed him in the presence of hundreds of fellow-commuters. In addition, fifteen deaths were due to the hot weather itself. The mercury climbed to 94 deg. at 1 o'clock and remained above 90 until after sunset.

## FORMER GOVERNOR MCGRAW IS DEAD

Displayed Bravery in Suppressing Chinese Riots in Seattle.

Seattle, Wash., June 24.—Former Governor John H. McGraw of Washington died at his home last night of typhoid fever after an illness of several weeks. He was born in Penobscot county, Me., in 1849. His personal bravery was displayed in suppressing the anti-Chinese riots in 1885 in Seattle.

## TRIAL OF CHARLTON MAY TAKE PLACE IN THE UNITED STATES

VICTIM IN TRUNK TRAGEDY AT COMO

MRS. MARY SCOTT CASTLE CHARLTON.

## POSITION IS DANGEROUS

Steamer L. C. Smith Will Be Released Soon.

Steamer Bope Unable to Move Vessel From the Rocks.

The steamer L. C. Smith, which is on the rocks at Fisherman's island, about three miles north of Two Harbors, is in a bad way, according to a wireless dispatch received by The Herald today from the steamer H. P. Bope. About seventy feet of the bow are up on the rocks, and if the strong wind now blowing continues the vessel may be total loss if not pulled off immediately. The boat has not yet been released, and, according to the Bope, strenuous efforts will be necessary to release it as the Bope broke two hawsers and a wire cable in an ineffectual attempt to release the Smith.

The Smith went ashore in the dense fog early yesterday morning. Her distress signals were heard by the steamer America of the Booth line about 6 o'clock, and the steamer H. P. Bope was picked up by wireless. A message was sent Capt. Ainsworth of the Bope, which was en route from Duluth to Two Harbors.

The Bope reached the Smith about 10 o'clock yesterday. Death was (Continued on page 18, third column.)

## JUDGE COCHRAN IS FOUND DEAD

Widely Known in Mining Regions of West and Alaska.

Los Angeles, Cal., June 24.—Although Judge Morris Johnson Cochran, United States land commissioner at the new town of Parker, Ariz., a federal court judge widely known throughout the mining regions of the West and Alaska, was found dead in his room at a local hotel Tuesday, the fact did not gain publicity until yesterday. Death was due to heart trouble.

Judge Cochran was 56 years old and had held many important positions of trust, among them being United States commissioner in Alaska at Nome.

## KAISER WILL RUN HIS OWN YACHT

Will Be at Wheel of the Meteor in Kiel Regatta.

Kiel, June 24.—Emperor William will be at the wheel when his yacht Meteor again tries conclusions with the American schooner Westward, owned by Alexander S. Cochran of New York. The announcement today that the emperor would personally participate in the racing has given new life to the annual regatta.

In the lower Elbe regatta the Westward outclassed the Meteor, the Hamburg and the Germania, leading from the start. Capt. Barr and his expert crew are sailing the Westward and the emperor is racing with the Meteor and the Germania, owned by Dr. Krupp von Bohlen and Halbach, is eagerly awaited.

Extradition to Be Resisted on Ground of Mental Unsoundness.

Dead Woman's Brother Would Have Charlton Tried in Italy.

Youth Brought Into Court and Case Adjourned Until Tuesday.

New York, June 24.—Extradition of Porter Charlton to Italy to be tried for killing his wife, formerly Mary Scott Castle, will be resisted on the ground that the youth is mentally unsound.

On the other hand the brother of the dead woman, Capt. Henry Harrison Scott, of the coast artillery, will do everything in his power to secure young Charlton's extradition and his punishment in Italy for the crime, which was a world-wide mystery until Charlton was arrested on landing here yesterday and confessed to having murdered his bride in their villa on the shores of Lake Como, jamming her body into a trunk and throwing it into the convenient waters.

Together with indications that the case of the youth held in Hoboken for the crime committed in Italy will be hurried along as fast as possible into the hands of the Italian authorities, these were the significant developments of the day in connection with the sensational case. A dispatch from Rome, however, says that while the judicial authorities claim that the Italian government will demand the extradition of Charlton, the sentiment of the government inclines to the plan of asking Washington to have the prisoner tried in the United States.

Had Restful Night. Apparently unconcerned over his desperate plight, the confessed murderer of his wife spent a comparatively restful night in his cell in the Hoboken jail, where he was lodged after his arrest on the North German Lloyd line pier yesterday and calmly awaited his arraignment in court today.

Obedient to the advice of his attorney (Continued on page 18, third column.)

## REINDICTMENT OF THE BEEF TRUST

Case May Be Against Individual Members of Companies.

Chicago, June 24.—Attorney-General Wickersham, who arrived here today to address the Illinois Bar association, held a brief conference with District Attorney Sims with reference to the proposed reindictment of the National Packing company and its ten subsidiary concerns.

Mr. Wickersham said that whether indictments were sought against the packing companies or against individual members of the companies will depend upon the nature of the evidence.

Mr. Pagin, who drew the indictment quashed by Judge Landis, undoubtedly will draw any new ones required, said the attorney general. "I have every confidence in Judge Landis, and in Mr. Pagin, who drew it. The latter considers the most expert indictment draughtsman in the country."

## GUilty BANKER TO GO TO PRISON

Received Deposit When He Knew Bank Was Insolvent.

Birmingham, N. Y., June 24.—Charles P. Knapp, one of the firm of Knapp, Brothers, private bankers of Deposit, N. Y., which failed over a year ago, was today convicted of receiving a deposit in his bank on the day before it closed, knowing at the time that the bank was insolvent. Knapp was sentenced to Auburn prison for not less than fifteen months nor more than two years.

## CROP REPORTS MORE FAVORABLE

Soaking Rain in South Dakota, Wyoming and Montana.

Deadwood, S. D., June 24.—Crop reports today are much more favorable. Since yesterday afternoon considerable rain has fallen in practically every portion of the Northwestern and Western section of South Dakota, and parts of Wyoming and Montana have got a soaking. Hay and potatoes are in the worst condition but small grains are improving. More rain is predicted for today.

## NEWS AND VIEWS OF POLITICS AND POLITICIANS

Democratic opinion on the results of the Republican state convention is optimistic. Leading members of the party are confident that not only can Mr. Eberhart be defeated by John Lind, who they believe will be the nominee for governor, but they are convinced that other Republican candidates for state office can be put out of the running by carefully selected Democratic opponents. The general feeling of dissatisfaction with Republican administration, joined with concrete causes for criticism of members of the present state administration, is counted upon to have its effect and make Democratic success certain.

When time Republican leaders at the St. Paul gathering were not inclined to grow over-enthusiastic in predicting the results of the approaching election. There was apparent a definite undercurrent of uneasiness as to the governorship. With John Lind as his opponent, Governor Eberhart's chances were considered extremely slim and many guardedly admitted that this is

will justify the faith of the Democracy in the soundness of public sentiment on this question.

Closely allied to the situation as to the state ticket is that relating to congressional candidates. The strong effort to be made by the Democrats in the state contest will have a tendency to bring out the full Democratic and insurgent vote on the candidates for congress, with the probable result that certain standpatters will be relegated to private life and Minnesota will contribute its share to the Democratic majority in the next house. Among the men attending the state convention Tuesday were many who have reconciled themselves to the prospect of seeing the opposition victorious in the congressional elections. Although the insurgent resolutions were turned down by the convention, insurgents were not absent from the gathering. The steam roller was in good shape and level-headed delegates of insurgent persuasion appreciated the futility of trying to block its progress. Also they held the opinion that in acting as spokesman and leader of the faction there would be no caper disposition to give them a reasonable hearing. While it is true that eventually the convention permitted Mr. Halbert to present his resolutions, it would be tailed. Mr. Halbert is very much in earnest as an advocate of insurgency, but is unfortunate in having the reputation of being more zealous than tactful.

In the congressional situation the districts most prominently in the foreground are the First, Second, Fourth and Eighth. Judge Buck of Winona will make the run against Mr. Tawney, and his standing in the community, his eloquence and campaigning ability, combined with the disfavor into which Cannon's chief lieutenant has fallen, are counted upon to elect him. In the Second, Representative Hammond stands so high in the esteem of his constituents that the Republicans have little hope of displacing him; and in the Fourth, Frank Stevens chances against Tom Kane are conceded to be less than they have been at any time in the past.

In the Eighth, Judge Jacques is steadily making progress. The judge has been elected over C. E. Miller, Judge Jacques today is at Grand Rapids, where a friend's tournament is being held. He was invited and urged to attend the gathering, and make an address. Many towns in the district are showing a lively interest in him and in his candidacy.

An aftermath of a Republican state convention that has an unfortunate aspect and no excuse for being in existence is the charge made by the Bemidji Pioneer that money was given to county delegates to vote for Walter J. Kaiser.

It is a well-known fact that Smith himself has not enough money to be buying votes and delegations on the way to go to such lengths, it looks ready when he has so much money to circulate.

This is so entirely indefensible as to give rise to a question as to the mental state of the writer or person responsible for the publication of the article. If ever a clean, honorable fight for nomination to a state office was made, surely was that made by Mr. Smith and his friends. No such intimations as those made by the Bemidji Pioneer are even when made at St. Paul, and there is absolutely no justification for publishing such a charge. Yellow journalism is in ambiguous terms and not hewing close to any definite line of accusation.

Weather—Partly cloudy tonight and Saturday; slightly warmer tonight; moderate northeast winds, probably shifting to southerly tonight.

## WORDS OF APPRECIATION AND CONGRATULATION FROM ALL SIDES!

ONE GENTLEMAN FROM NEW YORK SAID: "I am familiar with all the high-class stores of this character in New York, and I have traveled somewhat extensively in this country and abroad, but I can frankly say that I have never seen a more handsome or better equipped store anywhere."

This sounds the keynote of opinions expressed on all sides last night. We are highly gratified, to say the least, and we again wish to express our appreciation and heartfelt thanks to those who have paid us the honor of coming, inspecting and telling us what they thought of it all.

Pleased though we are at the words of commendation regarding the general effect, we are immeasurably more pleased at the equally hearty and enthusiastic approval of the summer showing of the "Oak Hall" Clothes; the clever new designs in cravats and shirts; the new Knox and Rosewell derbies, felts and straw hats; the Regal footwear expressing fashion's latest fads; the BOYS' Shop full of the newest and best of everything from shoes to hats—Everybody was pleased, and many indeed were they who expressed their intentions of buying tomorrow, realizing that still higher standards of both quality and value had been created by the "Greater Oak Hall."

There's absolutely no competition for Oak Hall Clothing. It hasn't the generalities of ready-made—and it has the specific details of custom-made. It costs only the ready-made price—and gives the custom-made satisfaction—the highest grade of it at that.

Mr. Kaiser had been nominated. Mr. Smith would have supported him just as enthusiastically as Mr. Kaiser will support Smith now.

The St. Cloud Journal-Press, referring to Mr. Smith, says he "proved his vote-getting ability in his brilliant campaign and is a man who will enthrall the younger voters, while his excellent business record will command the confidence of all."

Governor Eberhart's speaking and visiting activities are so fully and persistently reported in the Twin City papers that the circumstance has been made the subject of considerable jesting.

Commercial West of Minneapolis as follows: Governor Eberhart of Minnesota is an exceedingly active young man, possessed of remarkable energy and vitality, and he has demonstrated that he has in large measure the qualities of the politician. But it is not clear that his short and sprinting administration has demonstrated anything further the least, perhaps that the error has a fool press agent. When every trivial act of a young and accidental governor is enlarged upon following week, the inference might be that the governor is a gentleman possessing such magnetic qualities that the people of Minnesota cannot sleep at night, and that the people of Minnesota would innocently construe in their own minds the stuff of which great governors are made.

Incidentally, if it be of interest to state that the governor spoke at Nasauk this afternoon and will appear this evening as one of the entertainers at the Elks' show in the Healy theater. Hibbing business men went to Nashauk and escorted the executive to Hibbing by auto.

General public sentiment on the question of the judiciary of Minnesota favors some definite step in the direction of making the selection of justices of the supreme court just as Supreme Court non-partisan, according to both Republican and Democratic observers of the trend of public desires as expressed by them during the Republican state convention at St. Paul.

Commercial West of Minneapolis as follows: Governor Eberhart of Minnesota is an exceedingly active young man, possessed of remarkable energy and vitality, and he has demonstrated that he has in large measure the qualities of the politician. But it is not clear that his short and sprinting administration has demonstrated anything further the least, perhaps that the error has a fool press agent. When every trivial act of a young and accidental governor is enlarged upon following week, the inference might be that the governor is a gentleman possessing such magnetic qualities that the people of Minnesota cannot sleep at night, and that the people of Minnesota would innocently construe in their own minds the stuff of which great governors are made.

Incidentally, if it be of interest to state that the governor spoke at Nasauk this afternoon and will appear this evening as one of the entertainers at the Elks' show in the Healy theater. Hibbing business men went to Nashauk and escorted the executive to Hibbing by auto.

General public sentiment on the question of the judiciary of Minnesota favors some definite step in the direction of making the selection of justices of the supreme court just as Supreme Court non-partisan, according to both Republican and Democratic observers of the trend of public desires as expressed by them during the Republican state convention at St. Paul.

Mr. Smith made friends in every delegation sent to the convention, and no one there, or elsewhere, will give credence to the Pioneer's slurs.

An entirely different feeling on the result of the state ticket fight is that exhibited by the Crookston Times, which took an especially active part in supporting Mr. Kaiser.

Mr. Smith made friends in every delegation sent to the convention, and no one there, or elsewhere, will give credence to the Pioneer's slurs.

1930 West Superior Street.

## FINE MUSIC AT LYCEUM

Singing Societies Join in Giving Midsummer Song Festival.

Program of Exceptional Merit Is Enjoyed By Large Crowd.

A midsummer song festival was held at the Lyceum last evening, the eve of Midsummer day, the Orpheus Singing society being assisted by the Svea Glee club, the Normanna Singing society, the Sylvia Singing society, Roy Fritz and Mrs. J. Hagberg.

The concert was well attended and the excellent program was thoroughly enjoyed. The selections were well made and the chorus made the most of opportunities the music gave. There was a male chorus of 100 voices and a mixed chorus of fifty voices, thirty women appearing in national costumes. The male chorus sang "Sta Stark du Ljusets Riddarvakt," "Sagalandet," "Olof Trygvason," "Hjorteborgens Marsch," "Hör Oss Svea" and "America."

The chorus of mixed voices sang "Lagomdärre" in fine manner and the harmony was beautiful. The Orpheus Singing society sang a selection that was thoroughly enjoyed and the Normanna society came up to the high standard of the program in its numbers. Mrs. Hagberg has a fine soprano voice that was used to good effect and Roy Fritz' baritone solos were thoroughly enjoyed. A. Gudenius gave a recitation and Prof. A. A. Stumberg of the University of Minnesota delivered an address.

The concert was a musical event that has seldom been equaled in Duluth. Any one of the societies that participated can give a program of high merit and in combining their talents of great ability and gave a program that merited the plaudits it received.

### RUINED BY HOPPERS.

Pests Clean Strip Mile Long in North Dakota.

Kelso, N. D., June 24.—In a field three miles north of here grasshoppers Wednesday cleaned a strip of grain a red wide and a mile long. They have been seen in adjoining fields for several days. State Entomologist E. L. Washburn and assistant are already engaged in a war of extermination in the Red river valley.

## PARKER SHOWS CONTINUE TO DRAW LARGE CROWDS

THE JUBILEE SINGERS, At the Parker Shows.

Last night was another triumphant one for the carnival being presented on Superior street in the West end, by the Parker shows, under the auspices of the Modern Woodmen. A fair sky, excellent performances and enthusiastic crowds all combined to make the evening a success. All of the shows and attractions had packed houses and every one seemed to be pleased and satisfied. The Parker shows are putting up a clean bill at each performance and business is carried on with the attention to detail that characterizes any permanent business venture. There is no crowd of hangers-on or graders connected with the shows, and perfect order is maintained in every department.

There were probably 5,000 people last night. On entering the streets like entering a Coney Island or a White City. One of the strongest features, which is not advertised, is the electric lighting plants. The Parker shows carry a complete electric lighting plant from which they receive the current for the thousands of incandescent lights which are used on the fronts of the various theaters, also furnishing the power for the many riding devices in use.

## WEST END

NEW BUILDING WILL BE STEEL STRUCTURE.

The new flatiron building, which is being erected by the F. J. Salter company, representing the Empire Realty company, at the corner of Superior street and Piedmont avenue is the first steel frame building under construction west of the point of rocks. The building, although constructed so that it will carry five stories, will be built in two stories, 102 feet on Superior street, 128 feet on Piedmont avenue and will cost about \$20,000.

### ARMY WORK IN SWEDEN.

Brig. Nelson Will Lecture on "The Salvationist Movement Abroad."

Brigadier Olof Nelson of New York, a prominent worker in the Salvation Army, will lecture tomorrow evening at the army barracks, Seventeenth avenue west and Superior street.

Brigadier Nelson has spent a number of years in charge of the Salvation Army of Sweden and will take his work in the old country as a theme for his address. The lecture will start promptly at 8 o'clock. It will be delivered in the Swedish language.

### Hallen-Conway.

The marriage of Miss Mabel Marguerite Hallen, daughter of John D. Hallen of 129 North Twentieth avenue west to William B. Conway of Superior street will take place next Wednesday. The ceremony will be at St. Clement's church, Twenty-first avenue west and Third street. The bride-to-be is well known in the West end.

Gives Launch Party. A launch party in honor of the graduating class of the Bryant school was given Wednesday evening by Miss Hazel Mork, daughter of John Mork, principal of the Bryant school, acted as chaperone.

DEATH WAS DUE TO A STROKE. That Mrs. Hannah Little of Iron River, Wis., who was visiting at the home of Mr. and Mrs. W. J. Sullivan of 2701 H. street died of a stroke early yesterday morning is the opinion of Dr. L. Q. Trent of the city physician.

Had the woman been younger it is thought that the high temperature of Wednesday would have proved fatal, but weakened from advanced age, the brain brought on by the extreme heat. She was taken to the hospital Wednesday night.

She has been visiting in Duluth for D. H. 6-24-10.

Cock-a-doodle-doo!

Here's a summer plumage for you.

From the straw to the low tan shoe.

The light grey suit and the light-weight blue.

The showy shirt and the fancy vest, too.

Everything good and right and new.

Come in tomorrow and get a few at the one best store—Third Avenue.

**Columbia**  
Columbia Building.

## WANT LOBECK FOR GOVERNOR

Duluth delegates to the Good Templar convention in session this week at Crookston are making an active campaign to present E. H. Lobbeck as a candidate for governor on the Prohibition ticket.

In addition, the local delegation will endeavor to secure the election of L. A. Simonson as grand chief templar of Minnesota and land the 1911 convention for Duluth.

## DULUTH WEATHER NOT THE BEST.

The audience which attended the midsummer festival given last evening at the First Swedish Baptist church, Nineteenth avenue west and First street under the auspices of the Men's club rendered a decision in favor of the negative side, in a debate on the following: "Resolved, That the Summer in Duluth is Not Surpassed Anywhere." Otto Carlson and J. H. Stenberg were the contestants. The affirmative was upheld by A. Thoren and N. E. Hanson.

### Choir Has Picnic.

The annual picnic and spread of the choir of the First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street, was held last evening at Lincoln park, about thirty of the members attending. After lunch was served, the evening was spent in out-door games and music.

### West End Shortfalls.

Miss Mabel Cox, a teacher in the Adams school last semester, and her sister, Miss Claudia A. Cox, a student, who reside at 1713 West First street, have gone to Iowa to visit.

Miss Ellen Clausen of 1613 West First street is visiting relatives at Jackson, Minn.

The funeral of Mrs. Gertrude Gryt-dahl, 64 years old, of 207 Exeter street, who died Tuesday evening, was held this afternoon at Zion Lutheran church, Twenty-fifth avenue west and Third street. Rev. J. H. Stenberg officiated.

Miss Bertha Hankinson of Huron, S. D. is the guest of West.

Miss Clara Morsell of 631 West Third street has gone to Cleveland, Ohio, on a visit.

Miss Margaret Blewitt of Thirtieth avenue west is the guest of relatives at Paribault, Minn.

Mrs. S. S. Olson of West Third street will entertain informally for her cousin, Miss Nellie Lundquist, this evening.

Little journeys of a few days, or a few weeks, can be made to the Great Northwest this summer for small cost.

You'll get keen enjoyment out of little jaunts to the lakes of Minnesota, where you can fish, swim, go boating, launch riding and sailing, or longer trips over the Rockies of Montana to Spokane, Seattle, Tacoma, Portland, Everett, Bellingham, Victoria, Vancouver and other Pacific Sound points, and on to the glaciers and totem poles of Alaska.

Glacier National Park in the Rockies, Hayden Lake, Idaho, scenic Hot Springs and Lake Chelan in the Cascade Mountains are tempting stop over places. For "Where to Go" and "Semi-Northern" booklets and information regarding

evening, Miss Lundquist will leave next week for Olympia, Wash. Mrs. James Robinson entertained yesterday in honor of the fifth birthday of her son, Clarence. Among those present were: Marjorie Robinson, Marie Jones, Della Thompson, Susie Arnold, Maggie O'Neill, James Brennan, John Anderson, Harry Miller and Vincent McCarthy.

Mr. and Mrs. R. W. Wilmont of 2316 West Fifth street has gone to Chicago and other Illinois points for a few weeks' visit.

H. T. Stewell has returned to Decatur, Ill., after a visit at the West end. Mrs. Edward Erickson, wife of Rev. Edward Erickson, pastor of the First Norwegian-Danish M. E. church, returned this morning from Minneapolis, where she has been visiting for the

past month at the summer cottage of Mr. and Mrs. Edward Dahl, formerly of the West end, but now of Lake Minnetonka. This week, Rev. and Mrs. Erickson will move from their present location on West Second street to a new home, recently erected on Twenty-third avenue west between Fourth and Fifth streets.

## GIRL DROWNS TRYING TO SAVE PLAYMATE.

Eau Claire, Wis., June 24.—Agnes Fickler, 11 years old, was drowned in the Eau Claire river at Kelly, Wis., six miles south of here, while trying to save her playmate, Fern Gotchey, who also lost her life.

## PRETTIEST DRESSES, SUITS AND WRAPS FOR THE SUMMER GIRL

Outing Clothes, too from the young girls' jaunty Middy, Blouses, to the stoutest of Galatea Frocks for the smallest "tomboy," who ever taxt a fond mother's ingenuity to keep her looking her best.

## For One Dollar

and up to \$5.75, there is a "selected selection" of the newest Juvenile Fashions from makers who specialize Children's Clothes and nothing else. We are as proud of our Juvenile stocks as the Women's Garment Store and we spare no pains to secure for our patrons Girls' Dresses, Suits, Coats, Blouses, etc. In our judgment, are the best in the country.

SATURDAY is always GIRLS' LAY here. Mr. Silberstein's recent New York trip has brought the Juvenile Section a youthful host of Hot Weather Wearables at prices that are seldom quoted by the best stores—even IN NEW YORK.

## Linen Suits

Of French, Russian, Ramee and Scotch Linens. Colors are white, natural, tan, blue, helio, old rose, corn, green and gold. Prices **\$12.50**, \$14.50, \$18.50 and up to \$32.00.

## \$15.00 Linen Suits \$10.00

For tomorrow only, we place on sale a Russian Linen Tailored model, in natural color, trimmed with embroidered dots—colors are blue, helio and brown.

We sell this suit right along in regular stock at \$15.00—Saturday only, **\$10.00**.

## Summer Dresses

In infinite variety. Especially noticeable are the many reproductions of foreign models, in all of which have been preserved the beauty and daintiness of the originals.

LINEN DRESSES—Natural color—"button-on-side-front," with gored skirt and rajah collar, cuffs and tie; also patent leather belt, at **\$6.75**

LINON BRAIDED Models—With low neck and short sleeves and tunic skirt, at **\$8.50**

High Neck LINON Dresses—Braided in self colors, long sleeves and yoke—skirt with full flitted flounce, at **\$10.75**

From the Little Lingerie Robes, at \$2.00, to an iridescent Crepe de Chine model, at \$37.50, our summer dress stocks offer exclusive assortments, second to none in point of volume and of course in a class by themselves as regards quality and the finer points of dress making. PROVE IT to your own satisfaction tomorrow.

## New Waists

Middy Waists—Just unpack, with the proverbial sailor collar and cuffs, and trimmed in white braid, for \$1.25.

The new Tennis Blouse Waists—Short sleeves, white lawn, with colored band trimming, at \$1.50.

New Jack and Tar Waists—First cousins to the middy models, at \$2.00.

Dutch Neck and Short Sleeve Models—Exquisitely trimmed with embroidery and lace, at \$2.50 and \$3.50.

## WAIST SPECIAL

Saturday we place on sale 200 brand new Lingerie and Tailored Waists, which have been our best sellers at \$1.50 and \$1.75, at the remarkably low price of **\$1.00**.

NOTE—Lot advertised for Thursday at 69c was entirely sold out, but we promise our customers that this offering will prove equally as desirable, and urge early selection.

## Fashionable Coats

All that need be said of their stylishness is that they inhabit the dust-proof glass cases in the S. & B. Co. Coat division.

Full Length Black Serge Models—On sale at \$19.50. These coats are approved spring models and four-lined.

Striped Covert Models—Faultlessly tailored and the best values ever offered at \$15.00.

**\$5.75 Coat Sweaters at \$3.95**  
36-inch, heavy Knit Coat Sweaters of the most desirable cut, in red, grey and white—all sizes. Special for Saturday, at \$3.95.

## A Gala Millinery Event

Saturday morning and all day, every Hat in our entire Millinery stock will be on sale at One-Third Off.

Well posted women recognize the elegance of S. & B. Co. millinery.

It is surely the day of days to buy the Summer Hat.

There will certainly be a big premium on early shopping.

**One-Third Off**

## Accessories

You will find Hosiery, Underwear, Gloves, Neck Things, etc., etc., "specially priced" on tables and counters for Saturday's business.

## Parasols

We are showing the choicest selection of summer sunshades it has ever been our good fortune to offer. Some too, fly the special price tag—for instance: Lovely Pongee Parasols that their regular price is \$3.50, are on sale Saturday at \$2.25.

Linen Parasols from \$1.75 to \$3.50.

## Wash Belts

If there is anything more popular than Wash Belts this season, we would like to know it. Keeps us busy at any rate to supply the demand.

New shipments this past week range from 35c to \$3.50.

So many different styles that individual descriptions wouldn't do at all.

Patent Leather Belts—In black and tan, with black and gilt buckles, from 65c to \$1.75.

**"MODERATION THE SECRET OF  
STRENGTH," SAYS ARTHUR SAXON  
RINGLING'S "STRONG MAN."**

ARTHUR SAXON,  
Professional Strong Man With Ringlings' Circus.

The average man of sound physique, can without any elaborate or costly training develop himself into an amateur Saxon. If he happens to be gifted with a frame stronger than the ordinary he may even aspire to be a Saxon.

Who and what is Saxon?  
He is Arthur Saxon, professional strong man, and so far as any one knows he is a world beater. Here are his figures and measurements: Age, 32; height, 5 feet 10 inches; weight, 310 pounds; chest, 50 inches; biceps, 18 inches.

Saxon's great specialty is weight lifting—a form of exercise he says is too little appreciated in this country, but which he particularly recommends to every man who would be his own Samson. With one hand Saxon can raise 271 pounds above his head. Twice a day with Ringling Bros.' circus he raises 312 pounds above his head. This smashes all world's records—the greatest weight ever before raised with one hand being 272 pounds, a record made by Louis Cyr, a Canadian, nearly a dozen years ago.

With two hands Saxon can lift 448 pounds above his head—sixty-two pounds more than ever have been raised before by a professional strong man. There is no trick about it. It is simply strength.

Like most of the professional strong men that have come to this country in recent years, Saxon is a German. He was born in Leipzig. Despite the fact that he has been a strong man for fourteen years, this is his first visit to America. To the majority of Americans he is unknown, even by reputation. Twice a day with the circus he supports sixteen men on a thick plank twenty feet long, and a 200-pound bar bell, while lying on his back. Thirteen of the men sit on the plank. He holds the other three and the bar bell with his hands. The combined weight is 3,598 pounds. This is 400 pounds more than has ever been lifted before by any strong man.

An even greater test of his strength is made daily when, with his broadest Herman, he supports a bridge weighing over two tons, while an automobile carrying six passengers pass over it. This is a combined weight of over three tons, and if his strength should give away—even for a second—it would mean at least terrible injuries. The thing that impresses one most

about Saxon, aside from his great strength, is his modesty and good nature. Despite his massive frame, his appearance as well as his demeanor is modest and unassuming. His laughter is the laughter of mirth and his smiles are frequent.

"I have to be good-natured," he says in excellent English. "Why, if I was mean and grouchy, I'd be getting into trouble all the time. Most strong men are good-natured, and it's fortunate for them as well as for the people they meet. I never get mad. If I did I'd break something or somebody, and I wouldn't be happy afterward."

"I can't give exact advice on how to get strong. No one taught me how. Anyone who wants to become a strong man must work out his own salvation. There is no reason why America should not develop great strong men. Many Americans have the frame. It is only a question of time and practice. I can give a little good advice. Whatever you do—eating, drinking or smoking—do it in moderation. 'Everything in moderation' is a good old motto to be observed on all occasions."

**SYNOD MEETINGS  
COME TO CLOSE.**

The German Lutheran synod will end tonight with a reception at Jacobus hall, Second avenue west and First street. A program has been prepared.

"By Means of Grace" was the subject discussed this morning. Rev. H. K. Doermann being the principal speaker. A general discussion followed his talk.

Last evening Rev. William Hangholz of Morgan, Minn., preached on "Christian Education and Parochial Schools." The meetings have all been well attended and the discussions have all been interesting.

**INVESTIGATION INTO  
SALE OF FRIAR LANDS.**

Washington, June 24.—An investigation into the sale of friar lands in the Philippines was recommended to the house today by the committee on insular affairs which took favorable action today on the house resolution of Representative Martin of Colorado, providing for such an investigation by this country.

**A New York Maker's

## LEMONS TAKE A BIG JUMP

Thirst Quenchers Nearly Double in Value During Hot Weather.

Drought Also Ruins Wisconsin Strawberry Crop—Water-melons Here.

Fluctuations in the market this week was confined chiefly to the vegetable and fruit trade, old crop potatoes and some varieties of cheese.

Prices in the leading features such as eggs and the dairy trade were steady. Features of the market were the arrival of watermelons from Georgia and the destruction of the strawberry crop by heat.

Lemons went up and the berry trade suffered from the hot weather. On the whole the market was steady, but for certain commodities and caused sharp fluctuations in prices and was detrimental to the quality of perishable goods. The heat served to a farm products not strictly of the shipping of various kinds of stock hazardous.

Watermelons arrived in this market this week for the first time this year. The quality is said to be good and the trade has been heavy. In fact, more generous receipts could have been disposed of. Gen. Nelson met with an accident call. Receipts were heavy and prices held to a steady level.

Lemons jumped about \$2 a case last week and about the same price this week. California fruit now selling at \$9 a case. This week's price of this fruit was selling at \$5 a case. The big advance in temperature was directly responsible for the manner in which lemon prices varied. A stimulant, such as the recent hot weather, would have been the best circumstances that dealers could have wished for under normal conditions. The stock of lemons in the hands of receivers is unusually small for this time of the year, however, and when orders began to come in heavily from the retailers, dealers had to confess their inability to meet the requirements of their customers.

The advance last week was directly regarded as a forerunner of further appreciations and buyers continued to call for supplies. Available stocks of lemons were disposed of, cash orders were dispatched for more supplies.

While lemons benefited by the hot weather, berries suffered. The first evidence of unfavorable temperatures was indicated late last week by the unsatisfactory condition of arrivals. Strawberries from Wisconsin were scorched and overripe and berries from the South were in the last week and none this week. The hot wave which reached the market in the first part of this week put the finish to the Wisconsin berry crop. The market here will be able to send this market some strawberries in a day or two, but receivers say they will not be there will be any more berries on the market as the hot weather has been widespread. There are no berries here now.

Sweet cherries from Washington, Idaho and California are sold briskly. There was considerable trade in fancy qualities at high prices. Other California green fruits sold well. Their desirable condition recommended them to the high class trade. Pineapple receipts were heavy. Their quality has been good and prices have been steady. Navel oranges were sparingly offered. There are few reserves on the market and they command fancy prices.

Green vegetables have met with a slow demand that was disappointing to receivers. In the last day or two the trade increased briskly. However, receivers were disposed to take a more hopeful view of the outlook. Most housewives use vegetables as side dishes to meat orders and the hot weather evidently checked the consumption of meat and resulted in a corresponding slump in the demand for green goods. Receipts have been liberal and prices have been easy. That consumers have not had much ground for complaint about the high cost of living.

Fancy, sound tomatoes have been in demand and receivers have had considerable difficulty in getting enough to supply the trade. Generous arrivals later remedied this condition. The closing days of the week witnessed active trading in that commodity. Asparagus is more plentiful than in any previous week in the season and there have been increased supplies of green peas. Celery has been somewhat scarce and cabbage has had a dull demand. A large share of the arrivals have been soft and undesirable stock. Radishes, onions, cucumbers, cauliflower, beets, carrots and nearly all other vegetables sold freely at easy prices.

Old crop potatoes sustained an advance of 5¢ a bushel from 30¢ to 35¢. The trade is gradually turning to the new crop, which holds firm at \$1.25.

Butter and eggs were quiet and featureless. Fancy creamery lost 3¢ and sold toward the close of the week at 38¢. Dairy creamery lost 2¢ and sold at 36¢. Dairy packing stocks were unchanged at 25¢ and 20¢ respectively. Receipts were lighter in volume and there were reports that the hot, dry weather had done much damage to the butter-making. These reports failed to stimulate the market, however, and supplies proved ample for the trade at steady to easy prices.

There was a stronger tone in the cheese market. Values were no respecters of makes, both Americans and some foreign varieties being affected. Fancy full cream cheese advanced from 16 to 18½¢ and block Swiss from 20 to 21¢.

Most meats took a slump as the demand fell off greatly during the hot weather. Beef declined from 10½ to 10¢ a pound. Mutton lost 1¢, selling toward the close of the week at 12¢. Lamb declined 1¢ from 10¢. Live poultry is easier, hens selling around 14¢. Frozen stock is unchanged.

**SPIKE PENETRATES FOOT OF GREAT NORTHERN MAN.**

Cloquet, Minn., June 24.—(Special to The Herald.)—Louis Hanson, a laborer on the Great Northern is at the Barclay hospital here as a result of a peculiar accident. He was handling a heavy pole with a spike in the end on force that the spike completely penetrated his foot at the instep.

**RICHLAND COUNTY OLD TIMERS ARE MEETING.**

Wahpeton, N. D., June 4.—Old timers of Richland county are holding their annual meeting here. The address of welcome was delivered by George Van Annan, with the response by W. M. House. Prof. F. E. Smith, H. C. S. Nyberg, M. Lynch, F. H. Carter, H. J. Hagen, V. Morgan and O. B. Todd of Breckenridge, Minn., also spoke.

## NO MONEY IS APPROPRIATED

For the Items Contained in the Public Buildings Bill.

Washington, June 24.—Discovery has been made that the public buildings

bill, carrying about \$20,000,000 as it passed the senate and house, does not carry any actual appropriation of money, but merely authorizes the purchase of sites and the erection of buildings. And thereby hangs a tale.

The bill originated in the house, and it was stated it was generally understood that there was to be no immediate appropriation of money, although a number of the members worked ardently for the bill in the belief that their districts were to receive some immediate benefit. In the senate, however, many of the senators busied themselves in unusual efforts for their states, believing that the bill provided for the early erection of public buildings.

It was explained by a statement from the house committee on appropriations that the superintending

architect of public buildings was so far behind with his work that there was no use of appropriating money for additional buildings for at least sixteen months to come.

Late yesterday the senate accepted the conference report on the bill. Chairman Scott of the senate committee declaring that the bill was one of the best public buildings bills passed in a long time.

**CONFESSES TO MURDER.**

Maryland Man Quarrels With Girl and Cuts Her Throat.

Cumberland, Md., June 24.—Harry C. Nolan, arrested on suspicion of having murdered Alice Brown Litten, whose

body was found in the woods below South Cumberland with her throat cut, has made a complete confession of the murder, the police authorities state. Nolan said they quarreled over another girl, and then he left the house, Miss Litten followed him and the quarrel was renewed. He attempted to strike her with rocks. He choked her and threw her to the ground, drew his knife and cut her throat twice and fled.

**FAKE CONSUMPTION CURES DRAW \$15,000,000 A YEAR.**

Boston, Mass., June 23.—More than \$15,000,000 is annually poured into the coffers of those who exploit and adver-

tise "fake" consumption cures, according to a statement issued by the Association for Study and Prevention of Tuberculosis. The report states that for this vast sum, the victims receive nothing in return but are often permanently injured and in many cases deprived of the chance for a real cure.

**EARTH SHOCKS STARTLE PEOPLE OF NOVA SCOTIA.**

Yarmouth, N. S., June 24.—Several earth shocks were experienced here and in other parts of this county yesterday. The most severe lasted five seconds and was felt in every house in the town. It was accompanied by a loud roar and many people ran out of doors for safety. Furniture was

tumbled over, dishes were thrown from pantries, shelves plaster was loosened and some buildings were badly shaken.

**Tri-County W. C. T. U. Meet.**

Cooperstown, N. D., June 24.—(Special to The Herald.)—The annual tri-county convention of the W. C. T. U. will be held in this city, June 28-30, the counties of Barnes, Stutsman and Griggs making up the meeting. Mrs. Florence B. Atkins of Nashville, Tenn., will be the principal speaker of the convention while quite a number of prominent women of this state will also appear on the program.

The man who is not sure that advertising will help him sell it is trying to sell something that you ought to be very wary about buying.

## The Clamor for These Linen Suits Was Unusual

GOOD news spreads rapidly. The story of this wonderful sale of linen suits traveled like a flash. The advertising "by word of mouth" was very out of the ordinary, and the remark "a friend told me of this sale," was oft repeated by women in attendance today. Lines are holding up nicely under the tremendous selling, and a good range of sizes remains in

**Up to \$12 Linene & Repp Suits, Choice at**

**\$4.98**

**Up to \$16.50 Pure Linen Suits, Choice at**

**\$6.98**

These suits are as stylishly tailored and carefully finished as any you will find in Duluth at two and three times the price we ask. The trade chance presented and it remained for our ready cash and ample stock for such a big lot of garments—the manufacturer accepted our offer, the suits followed. Duluth women are now sharing the good fortune.

## Another Day of Spirited Remnant Selling

Basement Bargain Counters

Such Extensive Assortments of Remnants Have Never Before Been Offered.

THE tremendous selling in our wash goods sale, of necessity made many short lengths. The recent silk sales, too, are responsible for quite a collection of short lengths. These, together with all the short lengths of wool dress goods form a most formidable array of piece goods bargains and kept the aisles in our basement bargain bazar crowded throughout the day.

For Saturday's selling the lots have been augmented by further accumulations, and in silks, wash and wool goods, most attractive patterns are offered in lengths that include waist, skirt and even full dress patterns, priced as follows—

**Wash Goods Remnants 1/2 Price**

**Fancy Silk Remnants 1/2 Price**

**Wool Goods Remnants 1/2 Price**

DEFECTIVE PAGE

## Place of Honor in Family Medicine Chest

MRS. LOUIS INRA.

Mrs. Louis Inra will never be without Duffy's Pure Malt Whiskey, now that she has found out what it will do for her. Last winter it cured her of a severe cold. Her happy husband says:

"In justice to Duffy's Pure Malt Whiskey I must say that it cured her of a severe cold when everything she tried failed. She has been troubled with a cough every winter recently, and has tried all kinds of patent medicines and home remedies without their doing her much good. Finally I advised her to try Duffy's Pure Malt Whiskey once and see if it would not give her some relief. That was early last winter, and the results were very gratifying, so much so that Mrs. Inra will never be without your valuable Malt Whiskey any more, and has such faith in it that it takes the place of honor in the Family Medicine Chest." Louis Inra, 422 East 19th Street, New York.

Ministers of the gospel, doctors of medicine, nurses and people everywhere unite in commending Duffy's Pure Malt Whiskey, a perfect tonic stimulant, the one true medicinal whiskey.

## Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a liquid food, tonic and stimulant, requiring no digestion, in the form of a medicinal whiskey. Its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. Its gentle and invigorating properties influence for good every important organ in the body. It makes the old feel young and keeps the young strong and vigorous.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in sealed bottles ONLY—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet containing testimonials and rules for health, both sent free.

## ADDITIONAL SPORTS

## SPORTS AT BOAT CLUB

Sailing and Rowing Races  
Feature of Saturday Program.

Handicap Race Between Bantams and Junior Eight  
Probable.

Tomorrow afternoon the second of the series of races for the Duluth Boat club burgee will be sailed. There are three races in this series, the first race being sailed last Saturday. Dr. Frank Lyman's Feather was the winner of the first race.

The Duluth Boat club burgee is a pennant that is contested for annually. No boat can float the burgee unless it has won it in competition. For that reason the competition for the pennant is very keen.

There are nine 28-foot class boats in the race series. The points run from nine for the first place to one point for the last point. Under this system of scoring, the Feather has nine points, with the other contestants standing as follows: Seel, 8; North Wind, 7; Peter Pan, Veyangar, 6; Viking, 5; Zephyr, 4; Merry Widow, 3; Argwinale, 2.

The second of the series of races for the Duluth Boat club burgee will be sailed tomorrow afternoon. In the first race of the season, sailed last Saturday, the Allegro finished first and the Minotaur second, there being only two boats in the race.

The race for the thirty-two-foot class boats will be started first. The warning gun will be fired at 2:45, the second gun at 2:55 and the starting gun at 3. The final gun for the thirty-two-foot class boats will serve as the warning gun for the twenty-eight-foot class boats. The second gun for this class will be fired at 3:10 and the starting gun at 3:25.

In addition to the sailing races, there will be the third of the series of the four-and-a-half-mile rowing events. Two of the races have been won by the highest school boys. The series is a six races, and should the high school boys win the race tomorrow, they will stand a very excellent chance of winning the gold medals that go to the winners of this event.

It is possible that a handicap race between the bantam four and the junior eight will be arranged for tomorrow afternoon. Under the proposed agreement a handicap will be given a minute start for the mile and a half.

**BEAR RAID ON COPPER MARKET**

Shares Open Weaker and Decline Throughout the Session.

The copper market opened a shade easier and declined sharply on a professional raid on the leaders. The same bear crowd that took several long and effective wallopings in the market several weeks ago was on the job again today.

Continued reports of damage to the Northwestern crops gave the bears an incentive to humiliate the market and they went to it. There was little resistance until the close when the market rallied slightly on profit taking.

Copper exports for the week ending June 23 and the month show a decrease. Foreign business shows a falling off since Jan. 1.

Montana-Clinch has called for an assessment of 15¢ a share. The books closed June 23.

Trading here was fairly heavy.

**WORTH MOUNTAINS OF GOLD**

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints, such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

## TOO LATE TO CLASSIFY

One Cent a Word Each Insertion.  
No Advertisement Less Than 15 Cents.

MISS HORMAN'S HAIR SHOP NOW on Superior street, over the Oak Hall.

Col. Ward would go to Congress

McCleary Also Reported Likely to Seek His Old Seat.

St. Paul, Minn., June 24.—(Special to The Herald.)—Col. A. L. Ward of Fairmont filed this morning for the Republican nomination to congress from the second congressional district which includes twelve counties in the south-western part of the state.

Mr. Ward is the first man to file for this place since two other candidates were in the field for some months, C. S. Pinehat and Frank P. Ellsworth of St. James. Mr. Ellsworth was really the first man to announce himself but he has not filed.

There seems to be a general impression that to restrict cotton exchanges transactions which do not involve actual delivery of the commodity was passed by the house today, 160 to 41. The bill is not expected to pass the senate.

**HAVE FIST FIGHT ON LONDON ROAD.**

In a fight this afternoon on London road, a man named Johnson, east between Andrew A. Johnson, a driver employed by the Marshall-Hardy hardware company, and John Quackenbush, a teamster employed by McCleod & Sons, Quackenbush severely beaten. Quackenbush was drunk at the time of the altercation, it is

claimed, and was arrested charged with drunkenness. Johnson has not been arrested as yet.

Johnson claimed that Quackenbush and he had some trouble earlier in the day, and that when they met at London road, Quackenbush attempted to climb on to his wagon. It is said that Quackenbush was struck over the head

### ETHEL ROOSEVELT

Reported to Be Engaged to Marry James T. Williams.

Oyster Bay, L. I., June 24.—"Miss Ethel Roosevelt engaged to be married."

This is the question which Oyster Bay folk are asking James Thomas Williams, one time a Washington newspaper correspondent and later a member of the civil service commission. When he arrived on the noon train a few days ago Miss Roosevelt was

at the station in a runabout to meet him. She greeted him as "James." They mingled little with other members of the Roosevelt family during the afternoon and went for a long walk after luncheon.

During the Roosevelt administration Mr. Williams was a welcome visitor to the White House. During the last national campaign he served as private secretary to Frank Hitchcock, Republican national chairman.

The Glidden Tourists.

Guthrie, Okla., June 24.—The Glidden tourists passed north through Guthrie this morning on one of the longest days runs scheduled on the trip. They started from Oklahoma early this

morning and expect to reach Wichita, Kan., a distance of 235 miles by tonight. Chas. N. 5, a Chalmers, driven by William Bolgers, claims the only perfect score, but a protest was filed today asking for a penalty of eleven points.

### SORENSEN SHOE STORE OPENS

Has Handsome Quarters at 317 West Superior Street.

The opening of S. T. Sorenson's new shoe store at 317 West Superior street was inaugurated this morning under very successful conditions.

Mr. Sorenson, who ten years ago established in the Twin Cities a two-price shoe store, believes that Duluth offers a good field for a similar institution here and he has secured an excellent location in the business center. The building has been remodeled with its mosaic tile floor, tiled ceiling and up-to-date fixtures.

The store has been completely stocked with new shoes that sell at \$2.50 and \$3 a pair—the Sorenson prices.

Carl Johnson, who has charge of the new store, has been in the shoe business since 14 years of age and he comes to Duluth with a successful experience in the Twin City trade. The store has a quick repair department fitted with all the modern equipment and appliances for doing first-class work in quick order.

"We like Duluth," says Mr. Sorenson, "and are going to give the Duluth people the same values that has made the Sorenson shoes the talk of the Twin Cities and the shoe world in general. The shoes are sold direct from the factory to the consumer at wholesale prices."

"It has taken us nearly two months to remodel the store at 317 West Superior street. The people here will have the brightest and most sanitary shoe store in the country where everybody whether 'just looking' or buying, will receive the most courteous consideration."

### STILL FIGHTING FOR SHIP SUBSIDY BILL.

Washington, June 24.—Senator Gallinger will endeavor to have the bill for the aid of ocean mail made the unfinished business of the senate just before congress adjourns so it will be pending when it reconvenes next December. He attempted yesterday to have it made the special order for Dec. 2 next, but Senator La Follette renewed the objection recently made by Senator Bailey, and so Mr. Gallinger determined upon another course to get the measure up.

## TRAFFIC WILL BE TIED UP

Superior Street Blocked By Sewer Work and Conduit Trenches.

Street Cars and Circus Wagons Will Be Badly Tangled.

"Start early to see the parade, the afternoon or the evening performance of the circus tomorrow" is the warning given by the street railway officials who, on account of the bad condition of Superior street for traffic between Eighth and Twelfth avenues west, anticipate that the street car service will be greatly delayed not only during the parade, but throughout the day. The police department has promised to do everything possible to keep the street open and the street railway company will have every available car in service, including the five new cars of the double truck type that arrived a few days ago.

The upper side of the street between Eighth and Eleventh avenues west is, for some distance, open for the sewer work that the city is carrying on, while the lower side of the street near the car company's old power house, is open for the replacing of the Great Northern Power company's conduits. At various intervals on the street there are places a team and a car can hardly pass.

The team and car traffic would naturally be quite heavy on Saturday, but with a circus parade on top of it, the street railway officials fear that there is bound to be an almost complete tie-up of cars at times during the day at points where the street is closed to the public to be well informed of the conditions so people can plan to start early for the circus.

## DEALERS MUST HAVE LICENSES

Dealers who expect to sell fireworks on the glorious Fourth of July at the previous must get a license from the city within a few days. Otherwise they will find themselves unable to dispose of their stocks. Under the ordinance a fee of 50 cents is required. The applications must be in before Monday evening as they must be approved by the city council. Monday is the last meeting before the Fourth. The larger dealers generally know this and have taken proper steps, but the smaller men are liable to forget.

### CUPID IS BUSY.

Everybody is getting married. At least, that is the way the clerks in the clerk of court's office sees things. An average of 200 marriages have been issued this month and there is yet time for a few to come in before the bride's month is finally closed. There have been on an average nearly five licenses issued each day since the first of June. This has last year's record shattered badly when there were but eight during the entire month. A certificate is indicated on the June marriage book.

### Two Drowned.

Hollenberg, Kan., June 24.—M. A. Hyland, a bank cashier, and D. Hoxie, son of a merchant, were drowned in Little Blue river last night. Hyland was attempting to rescue young Hoxie, who struggled in deep water.

### TICKETS

The world is improving.

No more deadheads.

No more two prices in stores that claim to be decent.

No discounts or discriminations to favor special persons.

There never were such things at the Columbia, but several of the "prominent" stores on Superior street still stick to the old dishonorable methods. Too bad!

Here the same price, the same open and above-board treatment, the truth about the merchandise to every one.

This is a store of its word and we address our ode to the rising sun, because some of the older generation fail to follow the advance made in ready-to-wear clothes and in the modern methods of selling them.

Bring the old man in for a \$25 Columbia Suit or he'll fall a victim to the \$24.98 fake.

Columbia

At Third Avenue West.

17c For 25c Sanitol Tooth Paste or Powder.  
39c For Ricksecker's 50c Toilet Water.

89c for \$1.95 and \$1.48 Ebony Back Hair Brushes.

30c for 50c Black Rubber Dressing Combs.

15c For Meladerma or Marshmallow cream.  
13c For Nennen's Talcum Powder.

**Gray-Tallant Co.**  
417-419 WEST SUPERIOR STREET, DULUTH, MINN.

## Charming Cool Finery

For the Fashionable Who Would be Comfortable

SOUTHERN women do not suffer from the heat as much as one might think. They have learned how to dress for hot weather.

To look cool is of great importance—it ranks next to having a plentiful supply of thinnest underwear and sheerest stockings for very frequent changes—and we've everything you may need or want for style and comfort.

## Lingerie Dresses—Cool and Most Becoming

DOZENS of lovely white dresses—latest one-piece models, in fine batistes and lawns, trimmed with embroideries and Val. laces—prices range from \$5.98, for a charming little dress of excellent taste, to an elaborately elegant costume at \$68.50, and at the between prices there are many charming models.

### \$4.98 Tub Dresses

Pretty gingham and cool serviceable, plain colored linens—lace yokes—pretty braided—tunic models, with knee kilted skirts.

### Middy Blouses

For outing wear—these pretty chambray blouses are stylish, comfortable and serviceable. Prices, \$1.50 to \$2.25.

Linen Ramie and Linen Crash Suits, \$12.50 to \$25.00.  
Cream White Serge Coats, \$18.50 and \$22.50.  
Rajah, Shangtai and Cloth of Gold Coats, \$12.50 to \$45.00.  
Dainty Dressing Sackies and Kimonos, 75c to \$16.50.  
Reed Tailored Waists and Lingerie Waists.  
New Rain or Shine Coats for Travellers.

quality—on special sale tomorrow at 9c

## LABOR MEN LOSE FIGHT

To Gain Exemption From  
Prosecution Under Anti-  
Trust Laws.

President Taft Used His In-  
fluence to Prevent the  
Exemption.

Washington, June 24.—Labor organi-  
zations have lost their fight to gain  
exemption from prosecution under the  
anti-trust and interstate commerce  
laws.

Following a lively debate and by a  
vote of 135 to 120, the house, yester-  
day agreed to the senate action strik-  
ing out a provision in the sundry civil  
bill that would have affected this im-  
munity.

When the sundry civil bill was before  
the house, that Mr. Hughes of New  
Jersey, a Democrat, providing that no  
part of the appropriation for the en-  
forcement of the anti-trust laws shall  
be spent in the prosecution of any or-  
ganization or individual for entering  
into any combination or agreement hav-  
ing in view the increasing of wages,  
shortening of hours or bettering the  
condition of labor, or for any act done  
to furtherance thereof, not in itself un-  
lawful.

The senate struck out the amend-  
ment. The house then instructed its  
conferees to stand firmly by that pro-  
vision, and the senate conferees, re-  
fused to consider the item.

Moved to Reconsider.  
Yesterday Mr. Tawney of Minnesota,  
one of the house conferees, moved that  
the house recede from its position and  
concur with the senate's action. This  
motion stirred up a hornet's nest. Many  
members, not unconscious of the pos-  
sible effect of the labor interests, were  
of their vote in the coming elections,  
participated in the debate to make clear  
their positions.

On the final vote, which gave a  
knockout blow to the Hughes amend-  
ment and let the way clear to easier  
agreement on the sundry civil bill, the  
following Republicans voted with the  
Democrats for the Hughes amendment:  
Austin (Tex.), Carey, Cooper, Crenn  
(Neb.), Nelson and Stafford (Wis.), Davis  
(Minn.), Fish (N. Y.), Greene (Mass.),  
Focht and Reynolds (Pa.), Hubbard and  
Kendall and Woods (Iowa), Hayes  
(Cal.), Kronmiller (Mich.), Murdock  
(Kan.), and Pindexter (Wash.).  
The Democrats who voted with the  
Republicans: Bartlett (Nev.), Sherley  
(Ky.) and Pace (N. C.). There were  
sixteen present who did not vote and  
numerous pairs of Democrats with Re-  
publicans.

Tawney Protests.  
During the debate leading up to this  
vote, Mr. Tawney said he hoped the  
house would recede and concur with  
the senate as to this amendment, be-  
cause he believed that the amendment was  
for the pure purpose of trying to take  
the hands of the government in the  
enforcement of criminal law and de-  
clared that the amendment "worked a  
class discrimination which would in-  
stitute a policy that some day would  
shake the very foundations of this gov-  
ernment."

Mr. Hughes, author of the amend-  
ment, denied that his purpose was po-  
litical. He said the charge of demagogy  
was easily made and that in the de-  
magogue is a man who tries to do  
after and then that what he promises to  
do before election.

"There are members," he shouted,  
"on the Republican side of the house,  
whom I am glad to admit, of this  
charge of demagogy. It is significant  
that the Republican party, built on the  
idea of striking the manacles from the  
black slaves, should seek now to  
put manacles on the white slaves, the  
laboring men of this country."

Mr. Madison of Kansas denounced  
the Hughes amendment as an attempt  
to write into the law a legalization of  
the secondary law of the country.

The bill was sent back to conference  
with the Hughes amendment eliminat-  
ed from further consideration.

Taft's All-Day Fight.  
This action of the house marked the  
successful termination of an all-day  
fight by President Taft against what  
he considered an attempt to pass an  
improper sort and apparently removed  
the last real obstacle in the way of an  
understanding of congress within the  
next few days.

President Taft spent the entire day  
and sent every energy toward the de-  
feat of the Hughes amendment. He  
proposed to exempt labor unions from  
the operation of the Sherman anti-trust  
law. He threw his whole influence  
into the fight, sending for several  
scores of representatives and urged  
them to defeat the provision. Mr. Taft  
declared that if it cost him the support  
of every laboring man in the country  
he would not approve such a provision  
of law. The laboring men, he believed,  
asked only equality before the law, and  
were entitled to more.

Mr. Taft felt he had a longer fight  
before him than proved to be the case.  
He was doubtful of the result until  
the vote was finally taken. When in-  
formed of the result, he made no at-  
tempt to conceal his gratification.

Incidentally the president sent a  
long telegram to the convention of the  
Brotherhood of Locomotive Firemen  
and Enginemen meeting at St. Paul, in  
which he outlined his views of the  
matter. The telegram was in response  
to a message of protest from the con-  
vention and said:

"My S. Carter, president Brotherhood  
Locomotive Firemen and Enginemen,  
St. Paul: Your dispatch of June 22  
received in which you say the press  
reports today indicate that I favor  
using the people's money to prosecute  
labor organizations in their efforts to  
better conditions, and you protest  
against such a policy. I presume you  
refer to the proposition now before  
congress that money appropriated for  
fiscal year 1911 for enforcement of  
anti-trust laws and acts to regulate  
commerce, shall, no part of it, be ex-  
pended in the prosecution of labor  
spiracies in the nature of boycotts to  
increase wages, shorten hours, or bet-  
ter the conditions of labor."

"The supreme court has decided that  
such a boycott is a violation of the  
Sherman anti-trust law and this pro-  
posal is an attempt to withhold the  
means of prosecuting that law when it  
is violated by a particular class thus  
to be made privileged. I am entirely  
opposed to such class legislation. If  
it were proposed to amend the language  
of the Sherman anti-trust law itself so  
as to narrow its scope somewhat that  
would present a proper question for  
consideration, but so long as the pre-  
sent anti-trust law remains upon the  
statute books, an attempt to modify  
its enforcement so as to render any  
particular class of citizens, rich or  
poor, employees or employers, is im-  
proper legislation, and in my judgment  
ought to be opposed by your brother-  
hood."

"The laboring man and the trades  
unionist, if I understand him, asks  
only equality before the law. Class  
legislation and unequal privileges,  
though extremely in his favor, will, in  
the end, work no benefit to him or so-  
ciety. William H. Taft."

Willow River Man Drowns.

Pine City, Minn., June 24.—(Special  
to The Herald.)—Lewis Johnson, aged  
45, having a wife and several children  
living at Willow River, fell from a

boat into Second lake last Sunday  
while fishing and was drowned. He is  
said to have been drinking, being a  
member of a party that was enjoying  
a picnic at the lake. The body was re-  
covered and buried at Willow River  
Tuesday.

## KILLED PULLING STUMPS.

Millie Laes County Boy Fatally In-  
jured By Machine.

Princeton, Minn., June 24.—(Special  
to The Herald.)—Fred Bartz, aged 19  
years, son of Mrs. Charles Bartz of

Blue Lake, Spencer township, met  
with an accident which terminated  
fatally while engaged in pulling  
stumps on his mother's farm. He was  
walking behind the sweep of the  
stump puller, which was being oper-  
ated by a team, when the tackle broke  
and the sweep, coming back with tre-  
mendous force, struck him in the ab-  
domen. He was brought to the North-  
western hospital where an incision was  
made in the abdomen, which disclosed  
the rupture of a blood vessel from  
which a large quantity of blood had  
flowed—there were two or three quarts  
in the abdominal cavity. The vein was  
tied, stopping the flow, but the patient  
had lost so much blood that he failed

to rally and died at about 5 o'clock the  
same afternoon. In addition to the  
severe wound and loss of blood, there  
were contusions on the arm, but these were of  
minor consequence.

Bad Eskdine, Minn., Fire.

Eskdine, Minn., June 24.—Lightning  
struck the Northland Elevator com-

pany's elevator here, completely de-  
stroying it and 1,800 bushels of grain.  
The 500-ton station caught fire several  
times. The total loss is \$13,000.

Most of "the salesmanship that sells  
things" begins in the advertising.  
Sometimes it's completed there—some-  
times by the store salesman or sales-  
woman.

# Your Vacation Suit or Dress Is Now Ready!

Old Sol is certainly doing stunts nowadays,  
and some of these warm days you'll be taking  
your vacation at some cool spot where you  
can enjoy recreation and rest for a week or  
two.

Cool Summer Dresses and Washable Linen  
Suits are imperative for your health and com-  
fort on your vacation.

There's a large and comprehensive assort-  
ment of washable summer wear for women,  
that will appeal to your eye, and are, consider-  
ing value, very inexpensive.

For instance, you can buy a handsome Wash-  
able Linene Suit here, in either white, tan,  
blue and pink for **\$5.95**  
**\$4.95**

Or if you wish to have a Wash Dress, we  
have a good assortment of colors and sizes in  
Washable Linene Dresses that button either  
back or front, at **\$4.95**  
**\$3.50**

LINGERIE DRESSES—We have so many of  
them, it would take a half of this page to de-  
scribe them—though the best and most popu-  
lar sellers are those handsomely trimmed or  
plain Tailored Dresses in white, pink, light  
blue, lavender and tan, that  
we are selling at **\$5.50** and....

FULL LENGTH TAN WASH COATS—

linene cloth and touched off with black satin  
on the reverse collar and cuffs—large brass  
buttons add to their attrac-  
tiveness. Price only..... **\$6.50**

An Immense  
Assortment of **Wash Skirts at**  
**\$1.75 and \$1.48.**

What is more popular with the "dear ladies"  
in summer time than an inexpensive Wash  
Skirt that can be worn on any occasion,  
with any kind of waist and that WILL  
wash and look spic and span at your will.  
Blue, tan and white Wash Skirts in all the  
newest pleats and folds,  
priced at **\$1.98, \$1.75 and... \$1.48**

## The Women Folks Are All Talking About This Waist Sale

It has aroused the interest of women of  
all classes, this here Waist Sale has—and if  
you had been at this store last Saturday or  
any day this week for that matter, your at-  
tention would have been attracted by the  
great number of our regular patrons  
around the waist tables who watch our ads  
and who take advantage of any special offer-  
ing at this store immediately the day follow-  
ing its publication, for they know that we  
do not abuse the word "sale."

More of these waists came in during the  
week and we have rearranged and refilled  
the sale tables with enough waists to supply  
all comers.

**\$1.00 AND \$1.25 LAWN WAISTS AT 75c**—

## The Sailors That Captured the Smart Folks

Do not fear—the sailors we are  
talking of are not pirates, but those  
handsome large and shady straw  
headgear that are selling so rapidly  
in our millinery room, and which  
look like the picture in the  
illustration. They come in black,  
white and burnt straw and have  
broad bands of fancy velvet or  
black, green, navy and red. They  
are the typical Broadway hat and  
fashionably stylish for street or out-  
ing wear. They have a wide, soft  
equal. Price only **\$1.25**  
Medium size Straw Sailors in  
white and black, value \$1.50

Bear in Mind That Rock Bottom Prices Still Prevail in

## Shoe Department

The rushing shoe business we are  
enjoying now-a-days did not turn our  
mind to raise the prices on footwear  
like a good many others would do.  
We are, and will continue to sell re-  
liable footwear at the lowest possible  
margin, even if we have to secure  
more room space to accommodate  
all our customers, as we depend on  
the quantity output for the sound es-  
tablishment of our shoe trade and big  
profits come "mix" with us. Quality  
and reasonable prices are the funda-  
mental points upon which we solicit  
your patronage—are you with us?

All sizes of Barefoot Sandals for  
misses, boys and smaller children—  
sizes 5 to 8, 8½ to 11 and 11½ to 2  
take choice of any size—solid leather;  
take choice of any size—solid leather;  
two-strap, well made Barefoot San-  
dals at the bargain price **69c**  
of, per pair.....

## SUPERIOR

### THE LIMBURGER CHEESE STOLEN

Chief May Put German Cops on Trail of Fifth Street Burglar.

A quantity of Limburger cheese was taken last evening, when unknown thieves entered the grocery store of Claus Johnson of 1002 North Fifth street.

Besides the Limburger, nothing else is missed with the exception of some canned goods. The entire loss will amount to but a few dollars.

At the police station, it is said today, that Chief Mackintosh contemplates putting on a couple of experienced "Dutch" detectives to hunt down the burglar.

### SIMON SPINDLER DIES.

News of the death of Simon Spindler of Superior, who died yesterday afternoon in a hospital at New Richmond, Wis., following a stroke a week ago, has reached Superior. Mr. Spindler had been a resident of Superior for nineteen years, coming to the head of the Lakes from Fond du Lac, Wis. He leaves a widow and two children. The body will be brought to Superior this evening and funeral arrangements will then be made.

### CANADIANS WILL RUN EXCURSION TO SUPERIOR.

The steamer Easton will bring a load of excursionists from Port William, Ont., to Superior on July 2, the affair to be held under the auspices of the Port William Citizens' band, which has sold a large number of tickets, and which has chartered the boat for the occasion. The Easton will leave Port William 10:30 p. m., July 2, and Port Arthur a half hour later, arriving in Superior at noon on July 3. The return trip will be made on the night of the fourth.

### Militia Inspected.

Maj. John Turner of the Second battalion, Third regiment, W. N. G., last evening inspected Company I of Superior at the armory, the inspection being an annual event preparatory to encampment at Camp Douglas, Wis. Maj. Turner recently succeeded Maj. Ballard, deceased.

### OFFICER FINED FOR ASSAULT.

Officer Nick Nason of the Superior police force was convicted of assault and battery and fined \$1 and costs yesterday afternoon in municipal court. Justice French, who was sitting on the case, suspended sentence.

D. Shapiro and I. Shapiro, father and son, were arrested by Officer Nason Sunday, May 29, for refusing to give an officer an account of themselves. Following the arrest, the Shapiros swore out a warrant for the officer, charging assault and battery. It was claimed that Nason struck the younger Shapiro with his club.

The testimony brought out that the two Shapiros were stopped by the of-

icer on the street. The patrolman asked the elder Shapiro where he was going. The answer was that it was "none of his business". Nason grabbed the older man, when the younger Shapiro interfered. He received a blow over the head from the officer which felled him.

**Marvelous Discoveries.** Mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, in grippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and \$1.00. A trial bottle free. Guaranteed by all druggists.

### BLEACHED FLOUR NOT HARMFUL

Kansas City, Mo., June 24.—Prof. Lucius F. Sayre, dean of the University of Kansas and a pharmacist, testified in the federal court here yesterday that he did not believe bleached flour was harmful when eaten in bread.

Further, he said, he was of the opinion that it was impossible for whatever nitrates there might be in such flour to reach the blood after it had gone through the baking and digesting processes. In order to investigate the alleged harmful qualities of bleached flour due to the presence of nitrates, said the professor, he made tests upon his wife, upon several of his friends and upon himself. His wife ate bleached flour bread and no harm came of the experiment, he said.

### RAINS IN NEBRASKA AND SOUTH DAKOTA. MILLERS WANT EXPERTS FOR BLEACHED FLOUR.

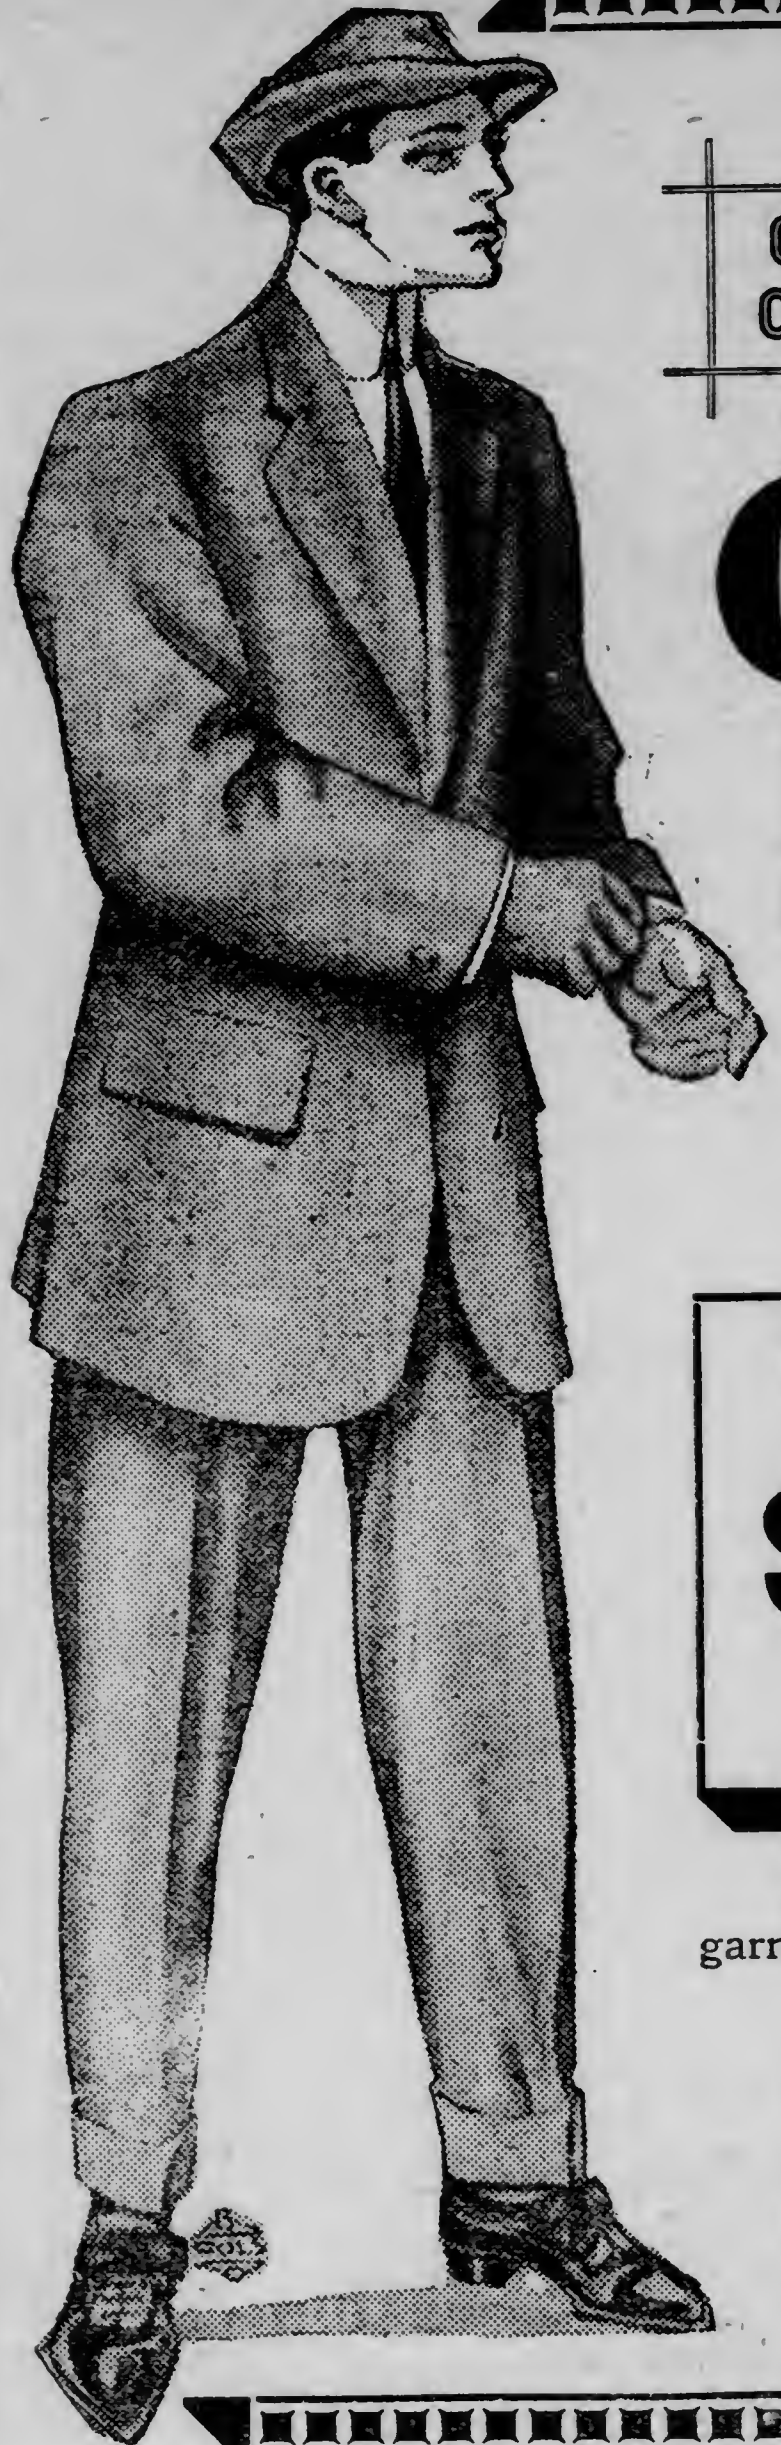

Norfolk, Neb., June 24.—It began raining hard in Norfolk today, and many points in Northern Nebraska reports signs of the forthcoming down-pour which has been so much needed by small grain.

Aberdeen, S. D., June 24.—Heavy rains were reported today from Huron, Mitchell, Miller and Mobridge, S. D.

Minneapolis, Minn., June 24.—(Special to The Herald.)—After discussing trade topics, the National Millers' association adopted a resolution favoring the creation of a board of experts to solve the bleached flour problem which is at present engaging the attention of the United States court in Kansas City. Other resolutions adopted urged the co-operation with railroads should discontinue the practice of the establishment of an experimental mill; a baking plant in Washington, and declaring for a campaign for the increase of wheat raised in this country.

### "LIVE WIRE" ON SUPERIOR STREET.

A live wire was down on Superior street, between Seventh and Eighth streets, yesterday afternoon, causing some excitement. A policeman was detailed to watch the danger spot, and several pedestrians came near stepping on the wire before being warned.

### BIG GAS FIRE IS QUENCHED

San Francisco, June 24.—One of the most spectacular gas well fires in the history of the petroleum industry of California has just been conquered by Yankee ingenuity. In boring for oil in the Midway district, near the town of Taft, the Standard Oil company opened up an enormous gas reservoir. The terrific pressure of the escaping gas wrecked the derrick, the combustible immediately caught fire and consumed the wreckage, driving the workmen helter-skelter from the scene. The heat from the raging furnace was so intense that a number of the workmen were overcome. The ground about the well became so hot that a workman who tripped and fell was badly burned before he could regain his feet. He was rushed off to a hospital at Taft.

Several attempts were immediately made to control the flames, but without success. The huge, roaring column of fire leaped to a height of 100 feet, lighting up the countryside at night for many miles. Like a massive flaming torch, the sight was an entrancingly beautiful one and attracted throngs of people from miles about to view the extraordinary spectacle. The spontaneous pressure shot the gas out of the well with such terrific force that it was prevented from burning lower than a score of feet from the ground. At that height it spread out and burst into a violet flame which, some fifteen or twenty feet higher, changed to golden yellow.

The constant changing of colors of the roaring, twisting, snake-like column of flame was weirdly beautiful. Heat waves shimmered in the moonlight as they were wafted away on the gentle night breeze, lending a kaleidoscopic effect to the glowing scene. Continually changing the appearance of its shape and color.

The huge torch of flame twisted and roared for seven days before a means was devised to subdue it and put an end to the tremendous waste. This was accomplished by pressing into service six forty horsepower boilers. Four lines of steam pipe were laid from as many miles of the mammoth gas jet. Safety valves were tied down, and when the limit of the capacity of the boilers was reached, the stream was projected on the gas flow. The mixture of the steam with the gas shut out the oxygen. The great flame sputtered, dwindled and finally died out, conquered by man's ingenuity.

The well has been capped and the gas will be utilized for fuel and lighting purposes in the surrounding fields.

### Victims of Obesity

Cure Yourself at Home in Comfort

As a bodily affliction Obesity often seems to be inexplicable, so rapid is the increase of weight and bulk, even in cases where the victims are studiously temperate in eating, etc. There is evidently a predisposition that way, and neglect only tends to confirm it. The remedies tried may have grievously disappointed you.

Here is one that will not do so, and you may get the ingredients at your druggist's and mix them yourself without trouble. Ask for 1/2 oz. Marmola. 1/2 oz. Fluid Extract Cascara Aromatic and 3 1/2 oz. Peppermint Water. Shake together in a good-sized clean bottle. Simply take this mixture after each meal and at bedtime, one teaspoonful to the dose, and give yourself no further trouble; the superfluous fat will subside with wonderful rapidity.

Dieting need not worry you in the least, nor is violent exercising at all desirable. Wasting methods of weight reduction are not natural. Try the pleasant treatment above prescribed for a week or so, and you will be fit, strong and free from all bodily discomfort, besides having regained correct weight and a shapely figure.

### IS NEARING THE FINALS

Spring Championship at Northland Club Will Soon Be Decided.

Two Representatives in the Women's Open Tournament at Chicago.

Ward Ames, Jr., and Mayor M. E. Cullen have reached the semi-finals in the spring championship at the Northland Country club, and will play off their match within a day or two. Several other matches remain to be played before the opponent of the winner will be known. Cutler, Morris, Crosby, Myers and Goodell are still in the running, as will be seen from the table published below. The event will probably be closed during the coming week.

The standing is as follows:

First Round.	Second Round.	Semi-Finals.
Sprague Ames	Ames	Ames
Harrison Walker	Harrison Walker	3-2
Cullum Croze	Cullum Croze	3 up
Patrick Alexander	Alexander (default)	Cullum 7-6
Whyte Crosby	Crosby	1 up
Cutler Morris		
D. F. Myers Farmer	Myers	5-4
McPhail Goodell	Goodell	7-6

There were eight entries in the women's championship. One game was played of this morning, Mrs. W. C. Winton winning from Mrs. F. G. Moe.

The standing in this event follows:

Mrs. F. G. Moe	Mrs. Winton
Mrs. J. Q. A. Crosby	Mrs. Crosby
Mrs. E. P. Alexander	
Mrs. T. F. Cole	
Mrs. A. W. Hartman	
Mrs. E. H. Windom	
Mrs. R. N. Marble	

Mrs. Moe and Mrs. Winton will represent the Northland club at the women's open tournament to be held at the Glen View Golf Club of Chicago, June 27 and 28. They will leave next week for Chicago to be present at the opening of the tournament.

**THE LESSON HE LEARNED.** For different people the immortal story of the world have different messages. For instance, Prof. Charles Zuehlke of the Chicago university said at a recent dinner, which a writer in the St. Louis Globe-Democrat reports, that in his native town of Pendleton some of the mothers used to cut the children's hair. They did it with shears and a bowl. The operation was often painful, and the result was never elegant. In Sunday school a Pendleton teacher told her pupils the tragic story of a woman named Delilah. Then she turned to a small boy, hopeful that he had

extracted some lesson from it. He had, indeed, taken it home. "Joe," she said, "what do you learn from the Samson story?" "I don't pay," piped Joe, feelingly, "to have a woman cut a feller's hair."

### SOLVES TIRE PROBLEM? Double Rim Motor Wheel Invented by Missouri Man.

Kansas City, Mo., June 24.—Word comes from Oak Grove, Mo., that an offer of \$70,000 in cash, with royalties has been made to Thomas Snow of Lone Jack, Mo., by Denesta Benoit of Paris, France, for his patent on a motor car wheel on which he recently procured a patent.

The invention is designed to replace the comparatively fragile and costly

pneumatic tire without subjecting the vehicle to undue shocks, jolts or strains. It may roughly be described as a wheel within a wheel—the outer rim of solid rubber or even of metal. Spokes from the hub end alternately in the outer and inner rim, the former passing through the inner rim and joining the outer rim with coil springs, which absorb the jars after the fashion of a pneumatic tire.

A demonstration of the principle has been given and the offer of \$70,000 in cash, with a royalty of \$12½ a wheel, has been submitted by the Paris manufacturer. Mr. Snow has not accepted.

If a few more table guests would make it profitable for you to keep boarders, then you have business for a Herald want ad.

### MISLED GIRL, Who Eloped With Brother-in-Law, Returned Broken in Health.

Belleville, Ohio, June 24.—Miss Ada Warner, of Adleyton, was found by her father at Lima and has been returned to the home from which she eloped a few weeks ago with her brother-in-law.

Ada Warner's sister married Frank Dague. Within one week after the wedding Dague deserted his bride and eloped with her sister. The broken-hearted bride committed suicide by taking Paris green.

Officers of Delaware county, Ohio, finally found the couple at Indianapolis and took Dague there on a charge of horse stealing.

He has been released under a suspended sentence, but did not return to Miss Warner, and now she has been taken home broken in health.

## SUMMER FOOTWEAR

### Ginger Cookies

- 1 Cup New Orleans Molasses
- 1 Cup Butter
- 1 Small Teaspoon Soda
- 1/2 Teaspoon Cream of Tartar
- 2 Cups Brown Sugar
- 2 Eggs
- 1 Teaspoon Ginger
- 3-1/2 to 4 Cups Duluth Imperial Flour

Put the molasses, sugar and butter into a saucepan, bring them to the boiling point and pour them over the soda which has been dissolved in a little water. Next add the spices, the beaten eggs and the flour. Let the mixture cool, then roll out thinly, cut into rounds and bake in a cool oven until golden brown.

## PESSIMISTIC INTERVIEWS

Easily Traced to Prospective Federal Regulation and Control.

Wall Street Dislikes Way Its Revenues Are Being Cut Off.

New York, June 24.—"The street," which dominates sentiment here, is not satisfied with business conditions as viewed from its standpoint.

"The street" dislikes very much, yet intensely, the manner in which the national and state governments are cutting off its revenues by legislation looking toward regulation and control.

"The street" notices its own powers to buy and bear stocks limited by such regulation and control without showing its opposition and making promises of future results.

Hence there is a decided pessimistic tone to all interviews given out by the men who would affect public sentiment, and thus try to save for themselves the profitable promotions as they have enjoyed them for years past.

**Prosperous Decade Ahead.**  
The disappointment is all the greater because every railway manager in this country is well aware that the next decade is witness the most extensive railway development that the United States has ever seen. Now to have the national and state governments assume regulation and control of stock and bond issues and to limit securities to actual cash investments and dividends to reasonable earnings, when under former conditions millions could be cut by the insiders, by the promoters and by the manipulators, is as far as the big interests are concerned. It cannot be claimed as such by the actual stock and bond investors, nor by the business interests generally, nor by the public at large.

There is no panic, no depression, no cessation of general business to follow the regulation and control of the railways under the new national railway legislation.

No security is injured; there is no attack on public or private property. The stockholders in the public service corporations of the country have been upheld by the courts of the country in every instance as being entitled to reasonable profits upon their investments.

The people of the United States find no fault with that principle, on the contrary, they are satisfied with it and they approve of it.

No court of commerce, no interstate commerce nor any other commission can have any effect in desiring to change this established rule of the law. Upon the contrary, every tribunal of new or old creation will give all its weight of power and of influence to uphold, to strengthen and to fortify this security to all investors for years past.

The new legislation limits corporate

tions only in excess of reasonable earning powers. It limits the profits of manipulators and dealers in corporation management, but it gives far greater security to actual investors and it creates a governmental protection for the public and the investors as well.

To Benefit the Public.  
It will be tested by actual experience and if any of its parts are found to act injuriously to public interests, will be amended or eliminated, for nowhere in the United States can be found the slightest sentiment or desire to do injustice to any investors.

That very absence of desire to injure such corporations is exceedingly remarkable, for many corporations in the past have openly abused their privileges and powers, and for a series of years we have had in this country a veritable crusade against corporations, caused by those abuses.

It is not surprising that many political demagogues who do not care for the public, but who are limited and unsparing abuse of corporations.

The people of the United States have kept their good judgment through all the confusion and the uproar. They have sanctioned no attack upon capital, no assault upon securities, no interference with the right of property, but they have, through co-operation of men in each of the great political parties, striven to remedy corporate abuses, prevent corporate cancers, and give stability and security thereby to investments, as well as guarding the public from extortion in rates on traffic.

**Unhurt by Legislation.**  
Not a railway bond is less secure, not a single share of railway stock is deprived of reasonable earnings, through any recent legislation. Our people should remember that in 1907 Wall street went into a panic, and the United States went into a depression, but the West went right along in prosperous condition.

The magnates are disappointed. They do not feel as enthusiastic as they might do, but they know very well that they cannot now frighten the people of the United States away from the course that is so plainly and distinctly laid out by a conservative way by framed up a conservative way by both of the great political parties of the United States.

The remarkable railway development of this country will not be checked or halted by this governmental regulation and control.

The hundreds of millions of dollars ready for investment by the people of Europe and by our own people have been given greater security and a sound fundamental earning power by recent legislation. The investors are satisfied with a reasonable rate of dividend so long as it is made secure and certain.

**Trust in Uncle Sam.**  
The confidence of the people, both abroad and at home, in the performance of the United States government is far greater than it is in the good faith of either individuals or banking firms or railway corporations, however strong or great they may be. The confidence of the people in the government of the United States is unshakable.

Every one, as can be seen most clearly in the case of our national banking system, is in the public demand for the postal savings banks. Wall street is not the bucking of the untrained broncho which is not a master, but Wall street, like the broncho, will soon respect the power and the will of the people who are finally in the saddle to control.

Wall street will settle down and soon accept the situation, and try to get its late state commission and the party which is rapidly coming this way.

Four weeks ago the Bank of England reduced its rate of interest on discounts to 2½ per cent, and two weeks ago it made another reduction to 2 per cent, so that the bank rate

in London is now but 3 per cent per annum.

**Swiss Bank Surpluses.**  
The regular shipments of new gold from South Africa to London still continue, and the \$3,500,000 additional money every Monday morning for Europe will tell heavily in the deposits every week of this year.

Depression of trade in any quarter of the world can hardly occur with these steadily filling reservoirs of gold in every country of the globe.

Attention was called by many financial writers a few days ago to the fact that the Bank of France held more than \$700,000,000 in gold, and that fact gave her an immensely stronger position and most powerful influence in financial affairs.

The money is being dug out of the earth every day that will finance the great railway systems of the United States and the American continent, but it is these additional millions of money put into circulation every week that will do the work of the world, independent of what Wall street may say, or do, or think.

**RICH BROTHER**  
Refused to Allow Dead Brother to Be Called Town Pauper.

Waterbury, Conn., June 24.—Saying he would not permit his dead brother to be declared a town pauper, Philip H. Goodspeed, whose brother, Philip H. Goodspeed, died at Brookside home, demanded from the superintendent of the poor, Henry W. Atwood, a bill covering the entire expense.

**Pittsburgh Coal Co.**

**PREPARING THE CENSUS FIGURES**  
Director Durand Getting Ready to Give Out the Returns.

Washington, June 24.—(Special to The Herald.)—E. Dana Durand, director of the census, is now devoting the greater portion of his time to organizing his force so that the public may know at the earliest possible moment the results of the census of the leading cities of the country.

Director Durand is of the opinion that his force will be in readiness to tabulate the returns of the supervisors of the cities of the country of 25,000 or over so that announcements may be made public during the months of July and August. Full returns from many of the large cities of the country are now in the hands of the director and the work of tabulation is about to commence. It was said today that the census of Washington would probably be the first of the director's work to be followed as rapidly as possible by cities in the order in which returns have been reported by supervisors.

Director Durand intends to issue two bulletins daily to the press of the country carrying announcements of the results of the census of the cities. One bulletin will be issued daily at 11 a. m., and a second at 6 o'clock, thus furnishing "copy" for afternoon and morning newspapers. When the work is fairly started these bulletins will fall thick and fast, even at that it will probably consume the months of July and August to complete the returns from the cities.

**JUSTICE FOR SALE, HE SAYS**  
Judge Would Employ Both Public Defenders and Prosecutors.

Kansas City, Mo., June 24.—"The state should employ public defenders as well as it employs public prosecutors. It is not—should not be—the aim of the prosecuting attorney's office to convict a man. Courts of law should be as much concerned in finding a man innocent as in finding him guilty."

The foregoing statement was made from the bench by Judge Ralph S. Latahew, of the criminal court, when a prisoner was arraigned on a charge of grand larceny.

"I had my way about it," Judge Latahew said, "I would divide the prosecuting attorney's office into two divisions, one to collect the evidence of a man's guilt, the other the evidence of

his innocence. The time will come when no man can come into a criminal court and employ counsel—but that time is far off.

"What I am arguing for now is the right of every man to have his case put before the court in a fair manner. Lawyers largely determine the decision of this court—as they do of every court. That is not just for the rich can employ attorneys—the poor cannot. So long as the present antiquated method of presenting cases in court remains, justice will be a thing bought and sold."

"I believe in civil cases the state should employ a public defender. Lawyers now gobble up the larger part of the judgments in those cases. It is the business of private lawyers to thwart justice, prejudice courts and misrepresent facts."

**NEED TAX COMMISSION.**  
Assessment Conditions Said to Be Rather Mixed in Michigan.  
Crystal Falls, Mich., June 24.—That the mining companies of Northern Michigan are not the only concerns or property holders in the state to be investigated in regard to undervaluation, came out this week when Thomas Conlin, Crystal Falls, returned home from a trip through the lower peninsula. Mr. Conlin says that he made some interesting discoveries in Mason county where, it is claimed, much of both farming and city property is assessed far too low.

The matter is attracting attention in Northern Michigan because of the contemplated visit to that part of the state of the state tax commission, Secretary Lord claiming the mining companies are under-assessed.

The farmer legislators in Lower Michigan have, for many years, elicited higher taxation for the mines and are, in general, in favor of the onerous tax proposed by Lieutenant Governor Patrick H. Kelly, who is ambitious to sit in the governor's chair.

Mr. Conlin is the business associate of State Senator Moriarty.

**FURMAN IS FINED.**  
Fort William, Ont., June 24.—The case against Mr. Wilson, Hudson's bay factor at Montserrat, was heard here Tuesday before Magistrate O'Brien.

The evidence showed the seizure of 243 cases of beaver and other skins for which a fine was inflicted of \$25 per case, totalling \$6,075.

A number of rat skins also seized swelled the fine \$5 higher, while the costs of the case were \$557.58.

**Drink Habit Cured**  
"The Neal Cured Me" In Three Days  
A Purely Vegetable and Perfectly Harmless Medicine, Originated, Compounded and Administered by a Thoroughly Competent Physician, Taken Internally During the Daytime Only, and Twenty-Five Doses Completes the Simple Treatment, at Our Institute or in Your Home—No Hypodermic Injections—and a Guaranteed Bond and Contract is Given Each Patient, Agreeing That if a Perfect Cure is Not Effected in Three Days the Treatment Will be Free.

**Strong Endorsement of the Neal Cure**  
H. W. Byers,  
Attorney General of Iowa, Des Moines, Iowa.

"To Whom It May Concern:  
"I had a friend here in Des Moines, who, because of his drink habit, his business went to pieces and he became what might be termed a complete wreck and failure. About three months ago he took the Neal cure and he seems to have fully recovered. He is not only strong again physically, but clear, bright and strong mentally."  
"H. W. BYERS."

## AN END TO SKIN TROUBLES

Action of Poslam Is Rapid—Easy to Prove What It Will Do.

"To think," says Mr. L. J. Cooper, North Haven, Conn., "that I have been trying everything (to cure eczema) for fifteen years and now poslam has done it. The first application stopped all the itching."

When a remedy is available like poslam, which in all skin troubles stops itching and accomplishes cures so rapidly and readily, there is really no reason why such afflictions should be allowed to go unchecked particularly as no one is asked to purchase poslam without first obtaining and trying one of the free trial packages. This will be sent by mail to any one who will write to the Emergency Laboratories, 22 West Twenty-fifth street, New York city.

While primarily intended for the treatment of eczema, acne, tetter, barbers' and all other forms of itch, etc., poslam promptly cures all the lesser skin affections, such as pimples, blotches, fever blisters, red noses, inflamed skin, rash, herpes, sunburn, clears the complexion and keeps the skin in healthy condition.

A special 50-cent package of poslam is prepared for minor uses, and this, as well as the regular \$2 jar, is for sale by all druggists, particularly the Lyceum Pharmacy and W. A. Abbe's in Duluth and the A. E. Holmberg Drug Co. in Superior.

## Wedding Gift Suggestions

We are now well into the month of June—the wedding time of the year.

If you have a friend or relation who is about to be married, let us offer you something in the way of wedding gift suggestions.

## HUSBAND IS HER "ANGEL"

Edward Bower to Back Margaret Illington's Return to Stage.

Wants Her to Do Shakespeare and Believes She Can.

New York, June 24.—Margaret Illington is going back on the stage again, but she is not going to give up darning the socks of her blighted, wide-shouldered, ruddy-skinned husband, Edward J. Bower, to whom she was married in Reno last November, 2 minutes and 35 seconds after she had divorced Daniel Frohman.

With the consistent inconsistency of woman, Mrs. Bower declared that, whereas she had given up the stage forever to become a normal, womanly woman and please her husband, she had learned in seven brief months that it would be the perfectly normal thing for her to please her husband by going back to the stage.

"I know it will please him," said Miss Illington, with a demure look up into the big blue eyes of the huge Mr. Bower.

"Tickle me to death," boomed the vast Westerner. "Outrage to waste her talent! But, say, doesn't she look fine—like a kid of 16? Just look at that bloom in her cheeks! Got that right out of our sunsets out West?"

The simple domestic life and darning socks seem to have agreed with Miss Illington, it was remarked. "Soaked," exclaimed Mr. Bower.

"That's right; she can darn 'em. Nary a hole in these of mine. And when she goes out on the road I'll go along when I can."

The Socks to Go With Her.

"She'll have her own private car and make the socks along. Haw! Haw! Haw!"

It was then explained by Mrs. Bower that "hubby" was going to be the angel this time, and that he was going to be about the most lavish angel that ever was.

"I have a French piece," said the plump and hushing wife, "an adaptation that I feel sure will please. Mr. Bower will get me the best support that can be bought, and we will take them out to our country place near Tacoma. We will release there in the open among the big trees and then we will have our first opening in Tacoma."

Mr. Bower will spend about \$50,000 in launching his wife's new venture. Then she would be provided with a luxurious private car, which would be her home. She would take her own car, and her motor boats and my horses, and we have the dearest place, on American lake, near Tacoma. Of course, that is just our lounging place, as our 2nd house is in Tacoma."

Mrs. Bower did not say that Mr. Bower had stacks and stacks of money and that her being on the road will be a good deal like an Oriental princess with every luxury is concerned.

Seems Genuinely Anxious.

That is just the situation, however, and moreover, Mr. Bower seems genuinely anxious that his wife should return to the stage.

I want her to do Shakespeare, he said, looking down upon her with infinite pride, "and I believe she can. I have her to go to seed at home, when she can be out developing her talent. She's got the divine fire, she has. Ever since the spring she has been flooded with it. She's got it back to the stage. She was reluctant at first, but the call gradually got to her, and when I saw that I clinched it too."

"I'm going to be the manager," the angel and "the angel" told.

Again Mr. Bower filled the room with his great, reverberating laugh.

Only seven months he has passed since Margaret Illington forewore the stage and the bonds that tied her to her elderly husband and manager. Her last big success in the "The" had raised her to the glory of the stage, but had lost utterly its attraction.

She was sick to death of unrealities. She yearned for the true realities of life, such as socks to darn and babies to rear. She wanted to be a "real" woman, and no woman, she thought, would be "real" without silks or socks to darn, or other duties that fall to the lot of the commonplace wife.

Margaret Lost No Time.

Never did a young woman seem more eager to escape from one matrimonial bond and hurl herself into the intricacies of another. Judge Pike of Reno had just begun to sign his name to Miss Illington's decree when she asked his honor if he wouldn't unite her that moment to Mr. Bower.

Mr. Bower was a friend of both Daniel Frohman and Miss Illington for several years before he took the actress for his bride. Mr. Frohman approved of his wife's choice, said she couldn't have picked out a better man, accepted philosophically that she no longer love him and be happy with him.

But Daniel Frohman was a wee bit skeptical about the strength of the chains that would bind Miss Illington to the sock darning and the hearth bench of her own Beside. It would seem that Mr. Frohman knew Miss Illington much better than she knew herself.

New York, June 24.—The only man in the world with a solid gold jawbone is convalescing at the Post-Graduate hospital in this city.

No, it isn't a fad like diamonds in the teeth. Nor is the patient, Michael Woods, a wealthy man who wants to take a large lump of the precious metal to the grave with him. No, indeed! This golden jawbone is the result of a curious and unprecedented operation, and Michael Woods is glad he has it, not because it is gold but because it has saved his life.

Dr. Aspinwall Judd, visiting surgeon to the Post-Graduate hospital, and Dr. Charles Gordon Heyd conceived and executed the operation which made Woods' jawbone auriferous.

The man, who is more than 70 years old, was admitted to the hospital several months ago. A cancerous growth in his neck affected the bone of the lower jaw and ate away so much of it on one side that the bone was on the verge of breaking in two and becoming utterly useless. The cancer was so advanced that it appeared at first as

though nothing could be done to prevent the breakage, which would have resulted in the patient's death.

But Drs. Judd and Heyd made several examinations of the bone and decided that it would be possible to cut away the affected part, which was several inches long, make a breakage and then fill in and bridge across the cleft with a plate of gold. It was not a particularly dangerous operation, but it was most ingenious and required most careful figuring and fitting before they manufactured the golden bone. But it was successful, and now, after more than a week, the aged patient is able to chew his food as well as the ordinary mortal who is equipped with what nature provided for him.

SOLDIER TO BE GUILLOTINED

After Killing Comrade, He Begun Career as Highwayman.

Paris, June 24.—A court-martial has just tried and sentenced a soldier to death at Marseilles, and he also will be guillotined. The condemned man, who is named Grand, has had a rather extraordinary career. He was serving in a regiment at Grasse, when he was caught stealing at the canteen. Being discovered by a fellow soldier as he was about to take away some stolen object from a place of concealment, he fired at the soldier and killed him. He was arrested and taken to Marseilles for trial, where he pretended to be insane. He was being detained for observation at the military hospital he escaped. Thereupon he began a strange career as highwayman or brigand, terrorizing all the country parishes through which he passed. He managed to procure a gun and a bicycle, and in this way moved from the South of France all the way to Brittany. He usually waited to attack

farmers or women whom he found alone in the fields. He would threaten them with his gun until they gave him all they had, and if he had been unable to rob anyone during the day, he would break into barns or farm houses at night.

All the efforts of the gendarmes to capture the man were hopeless for months, and it was not even known that he was the escaped prisoner of Marseilles. He terrorized the whole country around Poulguen, and came to be known simply as the terror of Poulguen. In several instances he made use of his gun and fired at farm laborers. The court-martial at Marseilles after his escape passed sentence of death on him in default. He was captured at last, but it was some days before his identity was established. He then was returned to Marseilles, where he was again tried by court-martial. He has been sentenced also to one year's imprisonment, because, according to the law, the theft and the murder require separate punishment. Curiously enough, his criminal career had begun before he joined the army. Having, at the age of 17, stolen some money from his father, he was sent to some comrades to spend it at Marseilles. On the way he had quarrelled with one of them, and fired three shots without wounding him. He was tried for this, and sentenced to eight months' imprisonment.

MAY REMIT DUTY ON SUGAR.

Resolutions to Government Are Adopted in England and Ireland.

London, June 24.—Resolutions calling upon the government to remit the duty on sugar made from produce grown in Great Britain and Ireland are being adopted in England by chambers of commerce and agriculture and other public bodies. There still is a sharp conflict of opinion as to the practicability of sugar beet growing.

Although the Leicestershire chamber of commerce adopted on Saturday a resolution in favor of the remission of duty, the members, a practical farmer, said he was convinced that the industry would not "answer" in Leicestershire, owing to the large tracts of land required to feed a single factory. Referring to an experiment which he and the earl of Denbigh had made, he said they grew beet in ex-

actly the same conditions as mangolds and secured from fifteen to eighteen tons per acre.

vere blow on the face with his fist, sending her senseless to the ground.

Another policeman came to the assistance of the first, but neither of them dared grapple with Aladin.

Among the crowd that gathered was the elder Antraygues, an honest, hard-working laborer. Stung to fury by his son's villainies, he pushed forward and marched straight up to the criminal.

"Stand back, father, or I shoot!" exclaimed Aladin.

His father's only reply was to hurl himself at the boy, and knocking up the revolver with one arm, so that the bullet went harmlessly into the ceiling, he felled him to the ground. Then, falling on him, he held him down while the police handcuffed him.

fact will no longer be heard on the city's streets.

That the automobile engines will be a success is the confident belief of Commissioner Waldo and Chief Croker.

Both men have had sufficient experience with automobile passenger cars to be able to form a pretty good judgment as to the advantage of self-propelled fire engines, and it was only after careful consideration that the decision was arrived at to equip the fire department with the most advanced type of fire-fighting apparatus.

DID NOT TAKE CASH

And Judge Acquits Banker of Charge of Embezzlement.

Toledo, Ohio, June 24.—Judge Johnson, in common pleas court here, acquitted the jury to return a verdict of acquittal for George C. Mezer, president of the defunct Broadway savings bank, accused of embezzlement of its funds.

Judge Johnson explained that the evidence submitted showed the alleged embezzlement to be in the form of a check, and that this did not warrant an actual embezzlement of money in the sense of the term in the indictment.

The indictment charges that Mezer embezzled \$1,000, not stating in what form, and Prosecutor Webster announced he would take the case to the supreme court.

DOOM OF FIRE HORSE

In New York Foreshadowed By Auto Equipment Order.

New York, June 24.—The doom of the fire horse as an important part of the equipment of the fire department is foreshadowed in the contract which has been awarded for an automobile fire engine.

This engine is the first of the kind which the city has adopted as a part of the fire-fighting force, and there is an opinion in the department that the auto machine will demonstrate its superiority in so many ways over the horse-drawn apparatus that it will be only a question of a few years when the clatter of the fire horses' iron-shod

FATHER HELPS SON'S ARREST

Young French Criminal Holds Off Officers With Revolver.

Paris, June 24.—A dramatic scene occurred at Carmaux, when a workman named Antraygues arrested his son, Aladin, a dangerous criminal, and handed him to the police, who were held in check by the young bandit's revolver.

Aladin, who was wanted for several robberies with violence, was seen by a policeman drinking in a cafe. The criminal sought refuge in the kitchen, and, drawing a revolver, threatened to shoot if he were touched. A woman who had been at the same table with him, tried to seize the revolver, but he fired at her and then struck her a se-

## NEWS OF THE NORTHWEST

### TWO BISHOPS AT BRAINERD

Heads of "Divine Catholic Church of America" Making Visit.

Wear Long Hair and Robes, Being Followers of John Dowie.

Brainerd, Minn., June 24.—(Special to The Herald.)—The local Catholic community is being visited by two bishops, Alexander Dowie, of Chicago, and John Dowie, of St. Paul. The "Divine Catholic Church of America," headed by John Dowie, arrived yesterday and left for Pequot, Minn., today. Bishop Dowie, who is a follower of John Dowie, is known for his long hair and robes. He is making a tour of the Northwest, visiting various churches and communities. The local Catholic community is expected to be very interested in the visit.

### RED LAKE RIVER GIVES UP DEAD

Body of Grand Forks Bell Boy, Drowned in Stream, Recovered.

Grand Forks, N. D., June 24.—(Special to The Herald.)—The body of Leslie O'Connor, a young boy from Grand Forks, was recovered from the Red Lake river today. The boy had been drowned in the river on Wednesday morning. The body was found floating in the river and was brought to shore by a fisherman. The boy's parents are very grateful for the recovery. The incident has caused a great deal of concern in the community, and it is hoped that the body will be properly buried.

### PAUPERS EATING AT MINOT HOTELS

Ward County Fools Bill Because County Farm Has Poor Water Supply.

Minot, N. D., June 24.—(Special to The Herald.)—The pauper problem in Ward County is becoming a serious one. Many paupers are being taken care of in the hotels of Minot, but the county farm, which is supposed to be the main place for caring for the poor, is having a great deal of trouble. The water supply at the farm is very poor, and the food is not very good. As a result, many paupers are leaving the farm and going to the hotels. The county officials are trying to do something about the problem, but they are having a hard time.

### GRAND FORKS WILL BENEFIT

Red River Power Plant Organized to Operate Present System.

Grand Forks, N. D., June 24.—(Special to The Herald.)—The Red River Power plant, which is being organized to operate the present power system in Grand Forks, is expected to be completed soon. The plant will be a great benefit to the city, as it will provide a steady supply of electricity. The city officials are very pleased with the news, and they are looking forward to the day when the plant is open. The plant will be owned and operated by the city of Grand Forks.

### BECOMING CORN SECTION.

Country Around Thief River Falls Raising Lots of Corn.

Thief River Falls, Minn., June 24.—(Special to The Herald.)—The local corn raising industry is making great progress. The country around Thief River Falls is now becoming a corn section. The farmers are raising a lot of corn, and the crop is expected to be very good. The local corn raisers are very proud of their work, and they are looking forward to the day when the crop is harvested. The corn will be used for a variety of purposes, including feeding the livestock and making corn products.

### MUST RAISE STOCK.

North Dakota Farmers Urged to Go Into Stock Business.

Granville, N. D., June 24.—(Special to The Herald.)—The local farmers are being urged to go into the stock business. The farmers are being told that they can make a lot of money by raising and selling stock. The local stock raisers are very successful, and they are looking for more people to join them. The farmers are being encouraged to try their hand at stock raising, as it is a very profitable business.

### TABLET REJECTED.

Wisconsin University Regents Object to Its Socialistic Wording.

Madison, Wis., June 24.—(Special to The Herald.)—The Wisconsin University Regents have rejected a tablet that was proposed for the university. The tablet contained socialistic wording, and the regents felt that it was inappropriate for the university. The tablet was proposed by a group of students, and they were very disappointed when it was rejected. The regents are trying to find a way to honor the students without using socialistic wording.

### OVERCOME BY HEAT.

Ward County Woman First Victim of Hot Spell.

Minot, N. D., June 24.—(Special to The Herald.)—A woman from Ward County was the first victim of the hot spell in Minot. She was found dead in her home, and it is believed that she died from heatstroke. The weather is very hot today, and many people are suffering from the heat. The local health officials are warning people to stay hydrated and to avoid the sun. They are also advising people to stay in the shade as much as possible.

### PUTS PAINT ON STOVE.

Foolish Act of North Dakotan Results in His Being Hurt.

Bantry, N. D., June 24.—(Special to The Herald.)—A foolish act by a North Dakotan resulted in his being hurt. The man was painting his stove, and he accidentally put the paint on himself. He was very hurt, and he is now in the hospital. The incident is a warning to people to be careful when they are painting. They should not drink or get distracted while they are working. They should also make sure that they are using the right paint for the job.

### PUSHED UNDER TRAIN.

Wisconsin Youth Loses Leg "Ruhbering" at Circus Outfit.

### EVIDENCE MUCH AGAINST BEDDOW

Statement Introduced That He Admitted Knowing Entries Were False.

Marquette, Mich., June 24.—(Special to The Herald.)—The evidence against George H. Beddow is mounting. A statement was introduced in court that Beddow admitted knowing that the entries in the book were false. This statement is very damaging to Beddow's case. The prosecution is using this statement to prove that Beddow was involved in the fraud. Beddow is denying the statement, but the evidence is very strong against him. The court is expected to find Beddow guilty of the fraud.

### MANY LOGS BURNED.

At La Prairie's Camp Near Brookston Last Week.

Brookston, Minn., June 24.—(Special to The Herald.)—A large number of logs were burned at La Prairie's camp near Brookston last week. The logs were burned for fuel, and the fire was very large. The local fire department was called to the scene, but they were unable to put out the fire. The logs were a great loss to the camp, and the fire is a warning to people to be careful when they are burning logs. They should make sure that the logs are properly stacked and that they are not too close to the building.

### SHORTAGE IS LARGE.

Former East Grand Forks Official Says Several Thousands Dollars.

East Grand Forks, N. D., June 24.—(Special to The Herald.)—There is a large shortage of money in East Grand Forks. A former official of the city says that several thousands of dollars are missing. The shortage is a great problem for the city, and the officials are trying to find a way to get the money back. They are looking for anyone who has information about the missing money. They are also trying to find a way to prevent such shortages in the future.

### NORTH DAKOTA HATCHERY.

Concern Located at Fish Lake, N. D., Is Big Institution.

Basmarick, N. D., June 24.—The present capacity of the state fish hatchery at Fish Lake is being increased. The hatchery is a big institution, and it is expected to be completed soon. The hatchery will be a great benefit to the state, as it will provide a steady supply of fish. The state officials are very pleased with the news, and they are looking forward to the day when the hatchery is open. The hatchery will be owned and operated by the state of North Dakota.

### NORTH BRANCH MILL MEET.

Annual Reports Show the Concern to Be Flourishing.

North Branch, Minn., June 24.—The annual meeting of the North Branch Mill Company was held here today. The annual reports showed that the company is doing very well. The company is a big institution, and it is expected to continue to grow. The company officials are very pleased with the news, and they are looking forward to the future. The company will be owned and operated by the North Branch Mill Company.

### STABBED WITH PITCHFORK.

Janesville, Wis., June 24.—While John Newbauer was explaining to Henry Newbauer what he would do if he caught the latter around his home, a fight ensued in which John was stabbed with a pitchfork so severely that he may die. Newbauer is under arrest.

### PENINSULA BRIEFS

Houghton—Joseph Lateral, 50 years of age, an employee of the smelting works at Dollar Bay, was found dead in the water. It is believed he started for home last Thursday night, crossed the tow much over a moon, which is a frequent path, and that he missed his footing and fell into the water.

Calumet—The reinforcement of Leo, the ex-convict, and Mrs. M. J. Hall of Copper City, will leave next Sunday for New York. They will be accompanied by Mrs. Hall's mother, who is also going to New York.

Calumet—Miss Mary Wurm, 23 years of age, was found dead in the water. It is believed she started for home last Thursday night, crossed the tow much over a moon, which is a frequent path, and that she missed her footing and fell into the water.

### MINNESOTA BRIEFS

St. Cloud—The will of Salomon Pennington, who died last week, has been probated. The will is for \$12,000 in notes, \$1,000 in personal property, and about \$2,000 in real estate. The largest part of which is left in trust to J. Fred Cooper, who is named as executor, to provide for an income for the heirs, four daughters.

Detroit—Miss Beatrice Thorson, aged 18, was found dead in the water. It is believed she started for home last Thursday night, crossed the tow much over a moon, which is a frequent path, and that she missed her footing and fell into the water.

Minneapolis—The will of Salomon Pennington, who died last week, has been probated. The will is for \$12,000 in notes, \$1,000 in personal property, and about \$2,000 in real estate. The largest part of which is left in trust to J. Fred Cooper, who is named as executor, to provide for an income for the heirs, four daughters.

### WISCONSIN BRIEFS

Appleton—The second drowning in two days in the Fox river occurred on Wednesday, when Leo Smith, aged 9, lost his life while swimming in the canal of the Interlake Pulp & Paper company. It is believed the boy was rendered unconscious by contact with a stick of pulpwood.

Milwaukee—S. A. Greely, resident engineer for the town which constructed the refuse incinerator, was appointed superintendent of the plant by the city of Milwaukee.

Bellevue—Mrs. Margaret Hayes, 82 years old, mother of John Hayes, who was killed in March, and aunt of Dr. Dennis Hayes, Milwaukee, died on Wednesday as a result of the shock she received when her son was shot down.

## CHILDREN DO NOT APPEAR

Parker Management Anxious to Live Up to State Labor Law.

J. A. Darnaby Thinks Law Unjust and Gives His Reasons.

Miss Jean Poirier, deputy state factory inspector, said that no objection was made on the part of the management of the Parker shows to leaving performers under 16 years of age out of the list of attractions.

The statement that Mr. Kennedy had objected and would insist on using the children, she says, is untrue. She has been extended the freedom of the

grounds, and thinks that Mr. Kennedy should be given due credit for the way he has tried to live up to the state law.

J. A. Darnaby, manager of the Japanese village, believes that the law is unjust.

"In every community there are differences of opinion, and the majority may rule," he said.

"The legislature may work hard to put through a bill, but he has little faith in himself, finally sees it passed, and offers it as a reward to those who have assisted in electing him to office."

The subject of employment of children, in a theatrical way, has been discussed and the results of a careful census fully exploited in the newspapers, for the benefit of those who might be interested in knowing that the laws are being obeyed.

"Is it necessary, because we are compelled to have a law protecting children from hard labor in the factories, or those sent out to work far away from the guiding hand of a parent, that children under the constant care and guidance of both parents must be deprived of assisting in a livelihood that means much to them in the future?"

I am referring to the children of a Japanese family, to appear on the stage. Here is a family contracted for at a very large salary, up as entertainers, who work less than forty minutes a day, their part of act not requiring over six minutes of this forty. The children are never out of sight of father or mother. These children must be deprived of their run the streets, earn a few pennies and prove often a future said to think about."

Miss Poirier has simply done her duty as she sees it, and in a manner most courteous, and I am not criticizing her action in the matter, but simply the injustice of such a law that makes no distinction between the gifted children whose art makes it possible for him or her to provide for a future, otherwise married by poverty, perhaps worse. The newsboy, the factory help, the street singer or those who must be left without proper care, are not to be classed with the child who has the constant care of their parents in the profession."

D. H., 6-24-10.

## TRYING TO GET THEM TOGETHER

Taft Endeavors to Adjust Differences on Reclamation Bill.

Washington, June 24.—In an effort to adjust the differences between the Republican conference of the house and senate on the bill appropriating \$20,000,000 for reclamation work in the West, President Taft invited all of them to luncheon today. The differences are as to the extent to which recommendations of the army engineers shall govern the decision to carry on the various projects that have been undertaken or projected.

The president is said to favor the senate provision, which is not quite so liberal as the house clause, and leaves a little more latitude to the executive. The president's guests at luncheon were Senators Lodge, Bailey and Smoot and Representatives Payne, Clark and Dalzell.

Another measure still in dispute is the pension appropriation bill, the controversy being over the proposition of the house to abolish the eighteen pension agencies throughout the country and establish one agency in Washington.

Conferees on the general deficiency bill agreed today, and it is expected the sundry civil bill will be completed in conference before night.

## A Blast for Holmes.

Washington, June 24.—A delegation representing the United Mine Workers of America and including Edwin Perry, the secretary-treasurer of that organization, called upon President Taft today and urged the appointment of Dr. J. A. Holmes of the Geological Survey as head of the new government bureau of mines.

## RAY W. FENTON

Has accepted the management of the Duluth branch of WHITEHEAD & HOAG COMPANY, MANUFACTURERS OF ADVERTISING NOVELTIES, GATHERING GOODS, CALENDARS, ETC.

He will carry on this new work in connection with his present line of business at Rooms 704-5-6 Alworth Bldg.

## "DOCTOR'S" TRIAL IS POSTPONED.

The trial of "Dr. C. C. C.," arrested recently, accused of practicing medicine in the state without a license, was postponed until July 2 in police court this morning.

It is claimed that "Dr. C. C. C." told John Wilde that he did not have smallpox, when he was actually suffering from the disease. Later Wilde, a C. C. Leche of Lakeland, who accompanied Wilde to trial, also came down with smallpox.

James Friel, charged with malicious property, was taken ill with the same disease. It is claimed that he broke the money box in the telephone bay station in the Spaulding hotel.

## Automobile Parties! Hotel Cloquet

Twenty-five miles from Duluth. First-class cafe managed by MISS ELIN LUNDBERG, formerly of Duluth.

## COL. ROOSEVELT BEGINS PERIOD OF REAL REST.

Oyster Bay, L. I., June 24.—Theodore Roosevelt began today what he hopes will be a period of real rest at Sagamore hill.

When he went home last night it was with the expectation of remaining there with a few of his old friends for an unbroken period of rest, until next Tuesday, when he is to start for Cambridge, Mass. With him today are Gifford Pinchot, former chief of the forestry service, and James R. Garfield, his court at Sagamore hill has been put in shape for the season, and it is expected that there will be a renewal of the "tennis cabinet" matches during the day.

The publicity bill, the house conferees today receded from their disagreement to the senate amendments to the campaign publicity bill and the act will provide for publication of contributions after elections. Senator Burrows made a report to the senate today and it was adopted.

## HARD BLOW TO DAIRYMEN

Many Are Compelled to Feed Cattle Because of Drouth.

Country Burned Dry By Hot Sun and Lack of Rain.

Lack of rain is putting dairymen in a bad way. The city to which some dire straits that some of them will be compelled to close out their business to save themselves from utter ruin, according to Milk Inspector Grant E. Owens and Deputy Wicklund, who returned last evening from an inspection trip to several of the small towns tributary to Duluth.

"The country is barren," said Deputy Wicklund this morning. "There is absolutely no grass on which the cattle can feed. The farmers and dairymen are forced to keep them in their barns and to feed them hay and grain."

"Unless rain in abundant quantities falls within a short time they will be unable to carry the burden. Last winter was a hard one for most of them and right now they are up against a difficult proposition. Several of them told us that unless they get rain they will have to quit to save themselves from the poorhouse."

Not only are the dairymen suffering, but the farmers are predicting an up-hill fight the coming winter because of the lack of rain. Their crops are suffering and are said to be in worse condition than they have been at this time of year for a decade. All of which means that vegetables of all kinds will be scarce, consequently causing high prices. Already many kinds of grain and produce have taken big leaps up the price scale and indications are that they will continue to go upward unless there is immediate relief.

The truck gardeners about the city are reporting troubles in abundance. Most of them fear that they will come out on the debit side of the ledger for considerable sums. The larger their farms and gardens the greater their loss and the greater the effort required to save them. Every expedient is being resorted to, but they declare universally that the only real salvation will be a drenching downpour of rain.

The health department inspectors state that the dairymen they visited have their places in good shape, showing a pleasing willingness to follow the instructions and advice given them. Several of the more prosperous are putting up concrete stables and all of them are improving sanitary conditions. The inspectors visited Adolph, Midway and Solway, including many farms and dairies lying between them.

## DISABLED LOCOMOTIVE REPAIRED BY GOULD.

Pueblo, Colo., June 24.—The experience gained by Kingston Gould, eldest son of George Gould, in the shops of his father's reads, stood him in good stead yesterday when the locomotive

attached to the Missouri Pacific train upon which he was traveling broke down a few miles east of here. A message was sent to Pueblo for another engine, but Gould pulled off his coat and had the damage repaired before the relief locomotive arrived.

## COMEDY DRAMA LEAGUE

AT ENDION METHODIST CHURCH Monday and Tuesday evening, June 27 and 28, 8:15 p. m. "Indian Summer" with six comedy sketches.

## DALZELL TO GET THE NOMINATION

Pittsburg, June 24.—Judge Josiah Cohen in common pleas court today permanently restrained the commissioners of Allegheny county from opening the ballot boxes in the Thirtieth congressional district and recounting the vote cast in sixty-six precincts contested by Dr. Robert J. Black and twenty-three precincts con-

tested by John Dalzell, both of whom with Clarence V. Sters, are candidates for the Republican nomination of the district in the primaries of June 4. Unless attorneys for Dr. Black appeal to the higher courts, the vote announced by the county commissioners shortly after the primary now stands and Congressman Dalzell receives the nomination. Dr. Black will now run independently against Mr. Dalzell in this district.

## MANY ATTENDING MOORHEAD MEET

Of Young People's League of United Norwegian Lutherans of Country.

Moorhead, Minn., June 24.—(Special The Herald.—There is a large attendance at the national meeting here of the Young People's League of the United Norwegian Lutheran church. Hundreds of delegates arrived last night and this morning. All the exercises today were in Norwegian. They included addresses by Rev. Mr. Run-

vold of Northwood, Rev. M. Norlie of Superior and Prof. Westwig. The reports of the president, secretary and directors. A big event was an address by Rev. L. H. Dahl, president of the organization. This afternoon Rev. Mr. Peterson of Moorhead, Prof. Lokena-gard of Madison, Minn., Rev. Mr. Norum of St. Paul and Prof. Tuys of Canton, S. D., were the speakers.

## CONFLICT IN SENATE

Over Appalachian and White Mountain Forest Bill.

Washington, June 24.—The conflict over the Appalachian and White Mountain forest reservation bill was resumed today in the senate when the measure was taken up shortly after noon. The feeling prevailed that its chances for passage at this session were slight.

The bill had no sooner been called on by Senator Brainerd than Mr. Burton declared that he intended to "kill" it. His only desire he said, was that the country should be informed regarding the situation, and he believed that there was not a sufficient understanding of the gravity of the pending bill.

"If we enter upon the policy contemplated by this bill," he declared, "I do not know where we will stop."

The next want ad that you answer may be "the one."

# THE GOPHER SHOE WORKS

NEW HEADQUARTERS ON SECOND AVENUE WEST

Sectional View of the Largest and Best Equipped Shoe Repair Shop West of New York.

Marvelous improvements in shoe repairing methods make it possible to resole a pair of shoes in 6 minutes. This Shop has a capacity of 300 pairs daily.

To Mr. N. P. Turnblad belongs the credit of having revolutionized the Shoe Repairing methods in the Northwest and especially in Duluth and Superior. Within a period of about six years, he has made it convenient to get shoes repaired and has reduced the cost of shoe repairing to a minimum. Mr. Turnblad's success in the shoe repairing business has been well earned. His efforts have been of benefit to the people.

BRANCH OFFICES:

A. Jensen, 330 North 57th Ave. W. J. J. Moran, 216½ North Central Ave.

## FLOATS ARE PROMISED

West Duluth Business Firms Will Be Well Represented in Parade.

Two Assistant Marshals Are Appointed for Fourth of July.

M. J. Filiatrault and J. E. Foubister, both former aldermen, this morning were appointed first and second aides to C. C. Salter, marshal of the day in the big parade, which will feature the Fourth of July celebration at West Duluth this year. The appointment was made at a meeting of the parade committee.

The parade committee, comprising L. A. Barnes, C. C. Salter, J. E. Foubister, John Rockwell, H. J. Baker, E. H. Wade and D. A. Fitzpatrick, this morning also secured promises from a large number of business firms, which agreed to be represented in the parade on the morning of the Fourth by one or more floats.

Up to noon today, the following had signified intentions of taking part in the parade:

Northern Hardware company, White & Janelle, Clementson Bros, Johnson Bros, Edward Shanks, William Street, Blusey & Peterson, J. E. Foubister, Johnson Jerinad.

D. H. 6-24-10.

If you are going to scratch 'round in the country or dig in the city, you ought to lay for a pair of these ideal summer trousers.

They'll feather your legs with style.

White and striped flannel, \$5.

Duck with double stitched seams, \$1 and \$1.50.

Tropical worsteds at \$2.50.

The Twin-Port Clothiers At Third Avenue West.

M. J. FILIATRAULT.

ready agreed to participate in the affair are: the Loneshoremen, the Women's Christian Temperance Union, the Adams Athletic association, the Modern Woodmen of America, the Red Men and the Harbor's union.

Still another aide is to be appointed to the marshal's staff as the parade is to be three divisions to the parade. M. J. Filiatrault will have charge of the first section, which will include the Third regiment band, the three militia companies, a police squad, Spanish War veterans, Sons of Veterans, the city officials, the speakers, and the G. A. R., if they decide to take part.

In the second division, headed by J. E. Foubister, there will be the secret societies and civic bodies of the city. The degree teams of the various organizations will turn out dressed in

J. E. FOUBISTER.

uniforms and it is expected that a fine showing will be made. If the services of the fire and drum corps are secured, these musicians will head this division of the parade.

The largest division of the parade will be the third section, which will be headed by the Duluth City Band, a West Duluth institution. In this section will be the various floats. It was

also been planned to have the school children of the city fall in line. The parade will form on Raleigh street at 9:30 o'clock under the direction of C. C. Salter and his staff of aides. The line of march is up Central avenue to Grand from Grand to Fifty-seventh, down Fifty-seventh to Bristol and east on Bristol to Fifty-sixth avenue. A speakers' stand will be erected here and the parade will end at that spot.

Hon. Clarence B. Miller will deliver the oration of the day. Judge Alfred Jacques will read the Declaration of Independence and George J. Malory will be master of ceremonies. The night before, a large ox will be roasted near the speaker's stand. Rev. Jonathan Brewster, pastor of the African M. E. church, will have charge of this feature.

In the afternoon there will be an unusually large program of sports. There will be three tug-of-war contests between men representing various industries of the city. All sorts of races have been provided and for each event prizes are to be offered. Ladies' contests will be one of the features of the sport program.

In the evening there will be fireworks. Dancing will be indulged in both afternoon and evening at two West Duluth halls.

## LOUGHRIDGE MODERATOR

West End Pastor Heads Lake Superior Baptist Association.

Rev. J. W. Loughridge, pastor of Central Baptist church of the West end, was elected moderator of the Lake Superior Baptist association, which comprises all of the English-speaking Baptist churches at the head of the lakes. The annual election of officers was held yesterday afternoon at the convention at the West Duluth Baptist church.

The other officers are: W. N. Hanna, First Church, Duluth, clerk; W. E. Allen, West Duluth church, treasurer, and G. H. Giffen, First Church of Superior, auditor. Reports which were read yesterday showed the association has made advances in every line of its work during the past year.

Last evening, Rev. Hugo E. J. Selinger, pastor of the West Duluth church, delivered the annual sermon, and Rev. F. A. Hayward of Milwaukee, Sunday school missionary for the state of Wisconsin, who reorganized the West Duluth Baptist church in 1895, gave a talk on "The Man and the Sunday School."

A woman's session was held this

evening. Detective Irvine for the Minneapolis police, who claim that he has been indicted for the theft of a suit of clothes. The Minneapolis police are looking for him.

He will send an officer here to take charge of Hastings, who says that he is 28 years of age, a machinist by trade. He declares that his arrest is a mistake, denying that he is guilty of theft.

New Policeman Will Wed.

Conroy Carlson, a new member of the police force, will be married Tuesday to Miss Laura Blix of this city. Mrs. Herman Toewe of this city. Mr. Toewe is a member of the city detective force.

Office Is Renovated. Men are at work putting the office of the building inspector in shape, shingling the floors and cleaning the walls and ceiling. The surface of the floor was taken off by an electric machine. It is expected that the office will be ready for occupancy again the first of the week.

Action for Divorce. Sophie Peterson, 23 years old, has begun an action for divorce against her husband, John Peterson, 39 years old, who is a machinist by trade. The action was filed with the clerk of the district court yesterday.

John Peterson alleges that his wife has been a habitual drunkard for a period of over one year. She also claims the custody of the two minor children.

Sale of Home Cooking. Sale of home cooking by the ladies of the Unitarian church Saturday, at 30 East Superior street.

To Talk Over the Picnic. In the probate court tomorrow afternoon there will be a meeting of the Old Settlers association. The picnic is to be held at Two Harbors by the Duluth association of that place, and to which the Duluth association is being invited for consideration. The invitation has been accepted, but whether to go by rail or boat is the question. The joint picnic

afternoon, Mrs. A. L. Bishop led a discussion of "Our Girls: Women—Who Are They?" which was followed by an address by Mrs. S. F. Stewart, field secretary of Minneapolis. Mrs. A. L. Gooch, a returned missionary, spoke on "Burns," and Rev. Harold Pattison of St. Paul delivered an address on "State Missions."

The convention will come to a close this evening, when the following program will be carried out: 7:30—Superior B. M. E. U. business session. 8:00—Male quartet, Central church B. M. E. U. 8:15—Rev. Harold Pattison. Solo—Mrs. Gileon Wylander. Closing service—The moderator. Adjournment.

Woodruffs Will Play. The Woodruffs will clash Sunday with the Duluth Heights team in a baseball game on the Fifty-second avenue west grounds. The game will be called at 3 o'clock. The lineup of the Woodruffs is as follows: Carey, catcher; Larson, pitcher; Branscomb, first base; Jackson, second base; McGinnis, shortstop; Boerner, third base; O'Brien, right field; Carlson, center field; Johnson, left field; Huttie, sub catcher; Bohne, pitcher.

Launch Party. A number of young people enjoyed a launch ride up the river Wednesday afternoon. Supper was served at Fond du Lac. Those present were: Misses Flora Hattaway, Florence Clark, Florence McClure, Olive Clark, Myrtle Clark, McDonald, Irene G. Heath, Jane Hattaway, Stella Nelson, Merle, Bertha, Fraser, and Messrs. Allen Hattaway, Einar Vinton, Warren Crosby, Earl McDonald, Clarence Fraser, Joe Hattaway, McClellan, Robert Jennings, Carl Pallas.

Soderberg Funeral. Funeral services for Charles A. Soderberg, 45 years old, the Midway farmer, died from an attack of Bright's disease brought on by a stroke, Wednesday, were held this afternoon at the Midway Lutheran church, interment following at the Midway cemetery. Rev. A. K. Boulet, pastor of Ellin Swedish Lutheran church of West Duluth officiated.

Children's Day. The annual Children's Day exercises will be held Sunday morning at 10 o'clock at Ashbury M. E. church, Sixth avenue west and Raleigh street. A program of recitations and songs has been prepared for the occasion. Miss Melinda is in charge of the exercises.

West Duluth Briefs. The Modern Woodmen will not give a dance this evening at Fairmont park, as has been advertised. The next of a series of the weekly parties will take place Wednesday evening. Children's Day exercises will be held at the club rooms over the West Duluth Hotel.

Send us your orders for Non-Excellence ice cream early for the Fourth of July trade. A. Murray Buys. Mr. and Mrs. G. Solos of Bay View Heights are visiting in Duluth. H. J. Rath of Pine City was a West Duluth business visitor yesterday.

Charles Frey of Jamestown, N. D., is visiting his brother, J. J. Frey of West Duluth. J. C. Johnson and family of Perkasie are guests at the home of A. and Mrs. Anton Johnson of Sixty-third avenue west.

Mr. E. Marshall of Connecticut, Ohio, is a guest at the home of her mother, Mrs. J. Filiatrault, 117 915 North Fifty-sixth avenue west.

Mrs. H. C. Voss of 601 North Fifty-sixth avenue is visiting in Saginaw, Mich. Wedding presents. Hurst, West Duluth jeweler.

A Dreadful Young. From a knife, gun, tin can, rusty nail, fireworks, or of any other nature, the man's prompt treatment with Buckle's Arnica Salve to prevent blood poisoning or gangrene. It's the quickest, surest healer for all such wounds, as also for Burns, Bores, Scalds, Eruptions, Eczema, Chapped Hands, Corns or Fles, 25c at all druggists.

STEAMBOAT EXCURSION To Fond du Lac Saturday, June 25. Leave Fifth Avenue West Dock at 9 a. m. and 2 p. m. Return to Duluth at 9:30 a. m. and 2 p. m. Excursion Round Trip, \$3.00 p. m. Sunday, June 26. Leave Fifth Avenue West Dock at 9:30 a. m. and 2 p. m. Return to Duluth at 9:30 a. m. and 2 p. m. Excursion Round Trip, \$3.00 p. m. Leave at 9:30 a. m. and 2 p. m. Take a trip for excitement.

CITY BRIEFS Duluth-Made Blank Books. Thwing-Stearns Co. No. 114. Formal Opening of the new Palm Room in Spaulding hotel, Saturday evening at 6 o'clock.

Wanted in Minneapolis. Otto Hastings, 23 years old, last evening. Detective Irvine for the Minneapolis police, who claim that he has been indicted for the theft of a suit of clothes. The Minneapolis police are looking for him.

He will send an officer here to take charge of Hastings, who says that he is 28 years of age, a machinist by trade. He declares that his arrest is a mistake, denying that he is guilty of theft.

New Policeman Will Wed. Conroy Carlson, a new member of the police force, will be married Tuesday to Miss Laura Blix of this city. Mrs. Herman Toewe of this city. Mr. Toewe is a member of the city detective force.

DR. ALONZO CLARK

Professor in the New York College of Physicians, Says: "In Their Zeal to Do Good, Physicians Have Hurried Many to the Grave by Drugging Who Would Have Recovered by Natural Methods; Every Dose Diminishes the Patient's Vitality." Electro Radio the Natural Remedy. Coming to Duluth July 1st. Alworth Building.

Even such high authority as Dr. Alonzo Clark, professor of the New York College of Physicians and Surgeons, in a recent address said: "In medicine and in surgery, as in all arts and sciences, medicine becomes general, they lapse into disuse to be revived at a later period and then to achieve a popularity which attaches to it a supposed new thing, but sifted down it is the same old drug remedy to deal out its death-dealing blow. Nature is fighting with a disease, an armed man who is blithely comes along with a club—that is the drug—comes, lifts it and strikes at random. If he hits the disease he may kill it; if he doesn't he kills the patient. The remedy of today that has taken the place of the drug is electro-radio, which is a life-giving power. It does not shock like the common electric current, nor vibrate like the old fusion vibrator, nor burn like the light treatment. It is a wonderful force, which vibrates the nerves 15,000 times per second. Motion is life and stagnation is death in all animal and vegetable life. The X-ray is a separate power of force that in several respects resembles light. They differ materially from light, however, in the fact that they can not be refracted or polarized, do not affect the retina and pass through some substances that light can not

penetrate. They have wonderful curative power for cancer and malignant growths and will cure any skin disease. When applied by an expert. The latest thing these wonderful rays will do is to absorb a pile tumor in less than seven days from the time it is applied without pain or detention from business, injury or after effects of any character. All sense of weight in such rectum, stomach ulcerations, lumps or fissures are removed, leaving the rectum as free from irritation as when a child. From the time that George Washington was affected by a simple and readily curable malady and was killed by bleeding, up to the most recent death of Governor Johnson of Minnesota, an operation for appendicitis, such operations have killed no end of good men and women. Electro-Radio will cure any case of piles, appendicitis, stomach, kidney or liver disorder, and will save any woman or man from an operation. If it fails \$100 will be forfeited to that man or woman whose case is accepted by the experts in the Alworth building as curable. Go see these scientists at once. They have cured thousands and are treating more people now than any person or firm in the state. They will cure you. Free examinations, beginning July 1. Hours 8 to 12, 2 to 4, 7 to 8. Suite 218 Alworth building.

# COST OF LIVING

In almost every paper you read you will find an article by some of the leading men of the country giving their ideas regarding the high cost of living.

The president of the New York Central Railroad system in a recent address said there are too many "middlemen." The consumers have to pay too much for what they purchase because they have to pay the profits to the manufacturers, brokers, jobbers and retailers.

Why don't you begin to save some of the profits that go to make up the high cost of living? If you buy your groceries of

BARTHE-MARTIN CO. at wholesale you will save on each purchase.

## IDENTIFIED BY VICTIM

Crippled Woman Swears Prisoner Entered Her Room at Night.

Tells Graphic Story of Her Fight With Nocturnal Visitor.

Positively identified by Clara Da Mail, 39 years of age, the cripple whom she is alleged to have attempted to assault her early Sunday morning as she was sleeping in her room at 832 1/2 Garfield avenue, Matt Haglund, the third degree, tonight was sentenced to the next grand jury for burglary in the third degree, which was valued at \$1,000, in default of which he was sent to the county jail.

The woman's story was realistic and convincing, by far the most stirring and sensational which has been told in police court for many months. So afflicted that she can scarcely move without assistance, she made her way across the courtroom from the rear where she had been sitting, waiting for the case to be called. She was helped into a chair by the ladies placed for the use of the attorneys as it was next to impossible for her to use the witness chair inclosed in a rail about the elevated platform at the front of the room.

Miss De Mail made an excellent witness for the state under the direction of Assistant County Attorney Greene who went over the melodramatic events of the early morning assault with a surprising calmness. Facing the judge she told of her battle with the intruder, in a conversational tone of voice that was easily understood. She by step sold each detail without confusion and without much hesitancy.

She first explained that her room is off the kitchen. The assailant gained entrance through the pantry window, against which he had placed a ladder. From the pantry entered the kitchen and then stole quietly into her room on his bare feet, clad only in his underwear.

A light sleeper, she awoke at the first sensation of a stranger in the room. The lamp which she kept beside her bed was turned so low that she could only see the insistent outline of the man stealing towards her. She immediately screamed at the top of her voice and leaped over to try to turn up the light in the lamp. With one leap he pushed her back with his hand and leaped over the top of the chimney to blow out the light. Her nerves at high tension, she said in court yesterday that she secured an indelible impression of his face, and swore that Maglich was the man who in his room that night.

She claims that he attempted to strangle her, but she managed to get away. She fought him off in the darkness, shouting loudly as they wrestled to and fro. Failing to choose her into insensibility the man made an effort to shove his hand down her throat. Grabbing his thumb in her teeth she declared that she bit so hard that she broke one of her teeth.

Aroused by the sounds of the struggle Aftala Aard, in whose house she was living, came to her assistance with a lighted lamp. Taking fright, the man made for the door through which he had come. Aard was carrying another lamp. As he reached the door the intruder passed out, side-swiping the lamp and putting out the light. Following him to the pantry window Aard asserted that he saw him make his way into the next house, where a policeman he found Patrolman John Aard, and they searched the next house. Miss De Mail was certain that Maglich was the man who assaulted her and he was taken to police headquarters about 5:30 o'clock Sunday morning. He has been in custody since.

Cross-examination on the part of M. L. McMahon, Maglich's attorney, brought out that Aard couldn't swear to the fact that Maglich was the man that he saw that night. He showed further that there were no teeth marks on his thumb, on which Miss De Mail is said to have broken her tooth. But he was unable to shake Miss De Mail in her conviction that the right man is under arrest and was before her in the court room.

### CITY NOTICES.

CONTRACT WORK—Office of the Board of Public Works, City of Duluth, Minn., June 23, 1910.

Sealed bids will be received by the Board of Public Works in and for the corporation of the City of Duluth, Minnesota, at their office in said city, at 10 o'clock, A. M., on the first day of July, A. D., 1910, for sprinkling or laying the dust on London Road, in city for a width of thirty feet, from Twenty-second Avenue East to Forty-second Avenue East. The substance to be used shall be Solvay Granulated Calcium Chloride, or Tarmac or Tarcon "A" and shall be applied according to specifications on file in the office of said Board.

A certified check of ten percent of the amount of the bid payable to the order of the Treasurer of the City of Duluth, must accompany each proposal.

The Board reserves the right to reject any and all bids.

OLUF G. OLSON,

Official, MURCHISON,

Clerk, Board of Public Works.

(Seal)

D. H. June 23 and 24. D 44.

### LEGAL NOTICES.

ORDER FOR HEARING ON PETITION FOR ADMINISTRATION—

State of Minnesota, County of St. Louis.

—vs—

In the Matter of the Estate of George H. Huse, Decedent.

THE PETITION OF Frank S. Huse of Duluth, Minnesota, having been filed in this Court, representing, among other things, that George A. Huse, then being a resident of the County of St. Louis, State of Minnesota, died intestate, in the County of St. Louis, State of Minnesota, on the 11th day of January, 1907, leaving estate in the County of St. Louis, State of Minnesota, and that said petitioner is the brother and sole heir of said decedent, and praying that Letters of Administration of the estate of said decedent be granted to Frank S. Huse.

IT IS ORDERED, That said petition be heard before this Court, at the State Court Rooms in the Court House in Duluth, in said County, on Tuesday the 14th day of July, 1910, at ten o'clock, A. M., and all persons interested in said matter and having claims against said estate are hereby cited and required to attend said time and place to show cause, if any said be, why said petition should not be granted.

ORDERED FURTHER, That this Order be served by publication in the Duluth Herald, according to law, and that a copy of this Order be served on the County Treasurer of St. Louis County not less than ten days prior to said day of hearing.

Dated at Duluth, Minn., June 9th, 1910.

By the Court, J. B. MIDDLECOTE,

Judge of Probate.

(Seal, Probate Court, St. Louis County, Minn.)

D. H. June 10, 17 and 24, 1910.

## MONEY IS COMING IN VERY SLOWLY

Little Progress Being Made in Raising Funds for Terminal Elevators.

Fargo, N. D., June 24.—(Special to The Herald.)—There is a meeting of the American Society of Equity here today to discuss the terminal elevator question. It is proposed to erect houses in the Twin Cities and at the Head of the Lakes, but little active work has been done in the canvass for subscriptions. So far only about \$50,000 has been raised. The present rather poor crop outlook is likely to prove a handicap to the raising of sufficient funds for the work. At least \$200,000 will be required. The North Dakota board of pharmacy has issued certificates to twenty-five of the forty-four applicants and to fourteen applicants for assistants.

## FRANK GOULD PURCHASES PICARD'S ENTIRE STABLE.

Paris, June 24.—The reported purchase by Frank J. Gould of practically the entire stable of Edmond Yell Picard, one of the largest owners of race horses on the French turf, was confirmed today. The amount paid by Gould was not made public, but it is said to have been several million francs.

## SATURDAY IS BARGAIN DAY

IN OUR TOOL DEPARTMENT!

Our stock is more complete now than it has ever been, and our custom is to run a series of very special bargains in this department Saturday of each week. By so doing it is true our profits are cut short, but we sell so many tools on that day that we are justified in making the reductions in prices.

42-inch Mason Levels, with double plumbs—regular \$3.25, Saturday Special

**\$2.55**

No. A1 Little Giant Screw Plate, contains 5 sizes adjustable dies from 1-8-inch to 1-4-inch, with taps to match—regular \$5.50, Saturday Special

**\$4.25**

1 1/4-inch Ball Pein Hammer—regular, 75c, Saturday Special

**45c**

No. 11- Goodell Spiral Automatic Screw Driver—regular \$1.40, Saturday Special

**95c**

Tinters Positive Saw Sets—best by test—regular 85c, Saturday Special

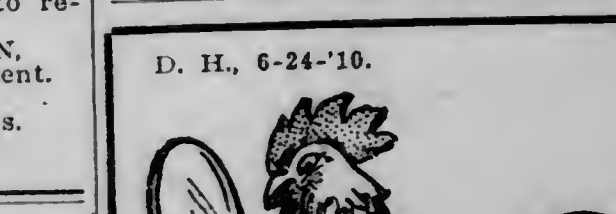

**55c**

If you watch this ad every Friday and take advantage of these Saturday Bargains, you will soon own a complete set of tools, which will cost you considerably less than they would otherwise, and you don't miss the money, because it goes out little at a time. Don't overlook this opportunity.

## DOUBLE MURDER IS COMMITTED IN LYNN BY THREE YOUNG MEN

Thomas A. Landregan, Leading Shoe Manufacturer, Is Shot Dead.

Officer James Carroll Dies on the Way to the Hospital.

One Robber Killed After Pursuit By Police and Citizens.

Lynn, Mass., June 25.—Three young men committed a double murder in the heart of this city today and carried away a bag containing between \$4,000 and \$6,000, which they stole from the victim, Thomas A. Landregan, a prominent shoe manufacturer, and a police officer, James Carroll, who was shot dead while pursuing the robbers.

One of the robbers, said to be Alvin Karpis, was shot dead by a citizen, while the other two were taken into custody. The robbers fled to High Rock, a suburb, where they were surrounded by a large force of police and citizens.

One of the robbers, said to be Alvin Karpis, was shot dead by a citizen, while the other two were taken into custody. The robbers fled to High Rock, a suburb, where they were surrounded by a large force of police and citizens.

SAYS HE WAS OFFERED A BRIBE OF \$50,000

SENATOR T. P. GORE.

## ROME TO BE RESPONSIBLE

If Trouble Follows Revision of the Concordat By Spain.

Premier Canalejas Denies Any Attack Upon the Catholic Religion.

Madrid, June 25.—Premier Canalejas declared today that if the negotiations between the Spanish government and the Vatican over the revision of the concordat were broken off, Rome would be responsible. He said: "The full text of the Vatican's reply has not been received yet, but we know from the telegraphic summary that it does not constitute a response to our note, but is confined exclusively to a protest against the imperial decree of June 11, and is therefore an invasion of the state's sovereignty, which is not tolerable."

"The church falsely accuses us of an attack upon the Catholic religion. We are simply defending the sovereignty of the state."

Premier Canalejas added that if the Catholic persisted in their attitude, he would have recourse to the courts.

A dubious element in the situation is the attitude of King Alfonso, upon which the state's sovereignty depends. (Continued on page 10, fourth column.)

## THIRTY INJURED ON WABASH ROAD

One Man Succumbs and Other Deaths Are Expected.

Des Moines, Iowa, June 25.—Thirty persons were injured, several perhaps fatally, in a passenger train derailment near Percy at 8:30 o'clock last night. The wreck was caused by a waterspout, which had undermined the track. The engine and three cars ran into the ditch, but the rear car was left on the track. The passengers in the rear car had not had time to recover from their fright when a fast freight struck it, knocking it from the rails.

The seriously injured: C. J. Riley, Moberly, fireman passenger, hurt internally, may die; E. L. McAttee, Moberly, Mo., mail clerk, right jaw broken; R. L. Carter, conductor, left ankle crushed; Julia Lonon, Little Rock, Ark., ankle and arm dislocated; W. J. Brown, Ottawa, Ill., left leg cut off at ankle; L. W. Matthews, ankle and knee broken; Mrs. L. F. Warner, knee dislocated; Gertrude Wilson, Centerville, Iowa, knee broken; Wallace Fletcher, Moberly, Mo., injured internally; Mrs. L. Butler, Peoria, Ill., badly bruised. The train was going at a 40-mile clip when the engine suddenly toppled into the ditch, followed by the three cars. Notice was at once sent to Des Moines and Passenger Train No. 14, bound for St. Louis, was hurried to the wreck.

W. A. Brown of Ottawa, Ill., died early today from his injuries. Other deaths may follow.

Funston Out of Danger.—Gen. Fred Funston's condition was decidedly improved this morning, and he was entirely out of danger. Gen. Funston himself answered a telephone call from the Associated Press, and said that he expected to be out within a day or two.

## INQUIRY IS ORDERED BY THE SENATE INTO THE GORE CHARGES

Oklahoma Senator Says He Was Offered Bribe of \$50,000.

Proposal Connected With Sale of Lands Belonging to Indians.

Asked to Withdraw His Opposition to Bill Before Congress.

Washington, June 25.—Senator Gore today presented to the senate a resolution providing for an investigation of the employment of private counsel in connection with the sale of lands belonging to the Chickasaw and Choctaw tribes of Indians. It was agreed to by the senate.

Washington, June 25.—The senate was started yesterday afternoon by the announcement by Senator Gore that he had been offered a bribe of \$50,000 to withdraw his opposition to recognition of the so-called McMurray contracts for the sale of Indian lands in Oklahoma. The senator went further and added to this declaration the statement that a member of the house likewise had been approached. This happened on May 6 last, two days after he had introduced a resolution prohibiting the approval of the contracts.

On May 6, he said, "a representative of McMurray came to see me. He was a man who resides in my home town, a man who had been a friend in time of need. He came to my office and to my interest in it would be to my interest if I would call on the senator from Colorado and advise him not to report that resolution. There was a suggestion that \$25,000 or \$30,000 would be available, if the contracts were not prohibited. And I am informed that a similar proposition was made yesterday to a member of the house of representatives."

Mr. Gore did not mention the name either of the agent who approached him or that of the member of the house. (Continued on page 10, second column.)

## WILL MEET IN MINNEAPOLIS

Ballinger-Pinchot Inquiry Committee Adjourns Until Sept. 5.

Washington, June 25.—Ballinger-Pinchot investigation committee met this morning and adjourned to meet in Minneapolis, Sept. 5, when an effort will be made to agree upon a report.

## QUESTION OF SANTY

Seems to Be the Turning Point in Charlton Murder Case.

Young Man's Fate May Be Decided By Quartet of Alienists.

New York, June 25.—As in so many other murder cases of world wide celebrity, the proceedings in the case of Porter Charlton, confessed slayer of his wife in Italy, today bid fair to turn largely on the question of the defendant's sanity.

Today it seemed probable that Charlton's fate was to be decided by a quartet of alienists, Judge Paul Charlton of Washington, the young prisoner's father, declares that he purposes abiding entirely by the decision reached by the experts he has retained to examine his son and pass upon his mental condition. He believes Porter to be mentally unbalanced.

On the other hand, Capt. Henry Harrison Scott, the murdered woman's brother, personally and through his attorney, Emil Fuchs, indicates his determination to press the charge against Charlton, secure his extradition to Italy, if that be possible and his trial for the crime. Capt. Scott insists that the youth was and is in full possession of his mental faculties.

The Alienists Engaged. The alienists engaged by Judge Charlton to examine Charlton are: (Continued on page 10, sixth column.)

## LEGISLATORS COMING HOME

Representative Miller Will Reach Duluth on Monday Morning.

Washington, June 25.—(Special to The Herald.)—Representative Miller starts for home tonight and is due to arrive in Duluth at 9 o'clock Monday morning. Representative Nye left for home last night. Lindbergh started homebound on Thursday. Vestad goes tonight; Stevens leaves tomorrow; Tawney will remain here until Monday. Davis goes West tonight; Hammond goes tomorrow, while Representative Peterson will remain in the capital for several days to attend the sessions of the special committee investigating the alleged ship subsidy scandal.

## PRESIDENT TO SIGN IT

Will Never Again Agree to Similar River and Harbor Bill.

Mann "White Slave" Measure Has Been Passed By Senate.

Washington, June 25.—President Taft, it is reported today, will send a message to congress before adjournment is taken tonight, saying that he will sign the rivers and harbors bill, but that he will never again approve a measure along the same lines.

The Mann "white slave" bill, designed to prevent the shipment of women and girls from one state to another for immoral purposes, was passed by the senate today. It had previously passed the house.

Notwithstanding the fact that action on many important measures was delayed by conflicts between insurgent and regular factions in both branches, and that the Democratic minority was an active force, congress is expected to conclude its long session today with a record for enacting legislation. New measures for which President Taft stood sponsor, there were many instances of success. Chief in the list of legislation for which the administration contended were the following: Striking revision of the railroad laws, including the creation of a commerce court; admitting Arizona and New Mexico as separate states; authorizing the establishment of postal savings banks; giving to the president unlimited authority to withdraw public lands for conservation purposes; providing for publicity of campaign contributions; authorizing the issue of \$10,000 in certificates of indebtedness.

(Continued on page 10, fourth column.)

## LIGHT SHOWERS IN RED RIVER VALLEY

Amount Very Small and Little Sign of Further Rain.

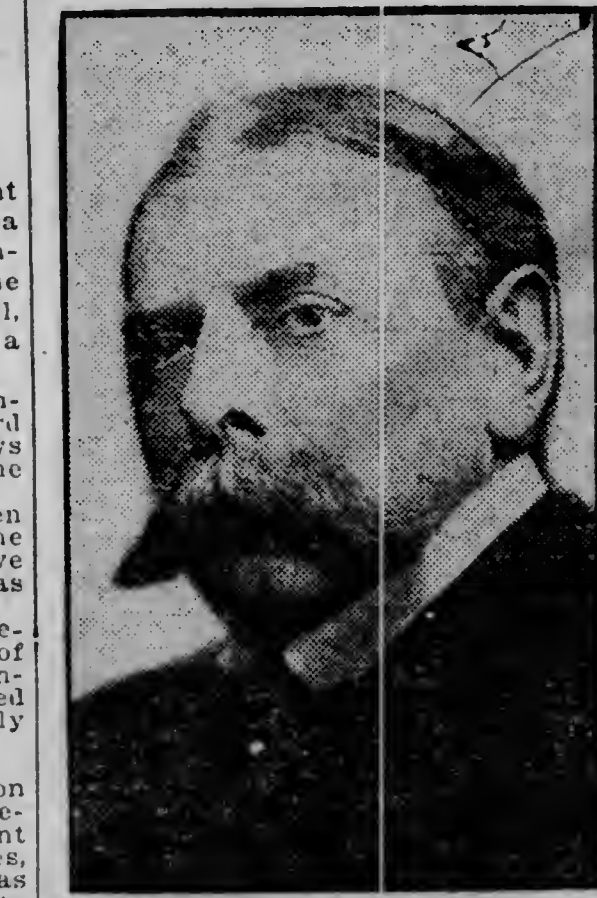

Pargo, N. D., June 25.—(Special to The Herald.)—Telephonic advices show light showers have fallen over the entire Red River valley this morning with traces of rain here and there over the central portions of the state. The amount was very small except, in one or two places, over small areas. There is little indication of any further moisture. The forecast is for clear weather.

Rain in South Dakota.

Aberdeen, S. D., June 25.—(Special to The Herald.)—An inch of rain fell at Aberdeen last night and it is still raining today. At Kimball two inches of rain fell.

## ATTEMPTED SLAYER PURSUED BY POSSE AND SHOT TO DEATH

HAS BOUGHT CONTROL OF LONDON PAPERS

DAVIDSON DALZIEL.

London, June 25.—Davidson Dalziel, well known financier and Unionist member of parliament for Lambeth, has purchased the controlling interest in The Standard and The Evening Standard of London, from C. A. Furse, the state of whose health compels him to restrict the sphere of his business activities. There will be no change in the policy of the papers.

A. Furse, the state of whose health compels him to restrict the sphere of his business activities. There will be no change in the policy of the papers.

## WOMAN GETS BIG VERDICT

Mrs. Lavender of Chicago Awarded \$4,000 Damages By Jury.

Had Been Accused By Methodist Pastor of Immoral Conduct.

Chicago, June 25.—Mrs. Mary A. Lavender, who sued the Rev. E. D. Crawford, pastor of the Woodlawn M. E. church for \$50,000, charging slander, was awarded \$4,000 by a jury which returned its verdict in Judge Mangan's court today.

Mrs. Lavender charged that Dr. Crawford had accused her of various persons as having been unduly intimate with John D. Leek, former pastor of the Woodlawn church, later at the head of the Western Avenue M. E. church, but at present a business man.

Dr. Crawford alleged that Mrs. Lavender had confessed her alleged sin to him and that his talk concerning the case was due to a desire to preserve the honor of the church.

Denial by Leek.

Dr. Leek, on the witness stand, declared that he had sought conferences with Dr. Crawford and Bishop McDowell at the time of the scandal, or shortly before, and quit the ministry, not with reference to Mrs. Lavender, as Dr. Crawford said, but because he thought he might be accused of a technical misappropriation of church funds. He said that the church was behind in his salary and that he borrowed money from another fund to pay household expenses.

Mrs. Lavender was warmly congratulated by a large number of church women who were in court.

## ARRESTED FOR BOWERY MURDER

John J. Murphy Caught at Middletown, N. Y., With a Woman.

New York, June 25.—J. B. McCosh, chief of police of Middletown, N. Y., today sent to police headquarters a telegram announcing the arrest in Middletown of a man supposed to be John J. Murphy, charged with murder in New York, and a woman who accompanied him to Middletown.

Murphy is charged here with complicity in the shooting and killing of Frederick Devlin of Oakland, Cal., in a Bowery hotel Feb. 18. William J. Duffy was the Tomb, awaiting trial in connection with the crime.

Aviation Meet at Omaha.

Omaha, Neb., June 25.—The dates of the aviation meet at Omaha have been changed from July 9-14 to July 23-27. This announcement was made in a telegram received last night by the Aero club of Nebraska from Glenn S. Curtiss. Mr. Curtiss will be here next week to select a site for the meet.

Bob Voleski Tries to Kill Waitress on Bad River Reservation.

Chased By Sheriff of Ashland County and Posse Through Swamp.

Exchanges Shots With Pursuers and Falls From Log Into River.

Ashland, Wis., June 25.—(Special to The Herald.)—After an all-night chase, pursued by a sheriff's posse, Bob Voleski, wanted for attempted murder, was surrounded this morning and shot to death, his body falling into Bad river.

Voleski attempted to murder Victoria Jonas, a pretty waitress at the Company boarding house at Odanah, on the Bad River reservation, at 11 o'clock last night.

He fired three shots at her, the third striking her knee. She fell and he ran into the forest.

Sheriff Kinsinger was summoned from Ashland and he put a bloodhound on Voleski's trail. At daylight he was driven out of a swamp and attempted to cross the Bad river on a log, pursued by the bloodhound. A posse on the further bank opened fire and a number of shots were exchanged, one of which struck Voleski and he disappeared in the river, his body being recovered later. Whether he shot himself or was struck by one of the sheriff's bullets is not known.

## HEAD SEVERED FROM HIS BODY

James Neuman Killed at Bemidji—Has Relatives in Superior.

Bemidji, Minn., June 25.—(Special to The Herald.)—With his head entirely severed from the shoulders and his lifeless trunk soaked with blood, the body of James Neuman, known hereabouts as James Noonan, was found lying beside the Great Northern railroad track between 12 and 1 o'clock last night. The body was about 200 feet east of the depot.

That Neuman was killed by the train which passed eastward at about 12 o'clock, believed of the police and Coroner Albertson. He was seen at the depot a few minutes before the train passed and said he was going down the track to sit down. This was the last seen of Neuman until Mr. Beaumont, walking down the track, found the body lying on the grade with the head a foot away.

It is not likely that Coroner Albertson will hold the inquest as there is every indication that death was the result of accident. Neuman has relatives residing in Superior who have been telegraphed. He had been working as foreman of San Simons logging camp, north of here, and was intending to go to Bemidji last night and then to Superior. He had worked in this vicinity for several years and was considered industrious and reliable.

## RESULTS OF THE CENSUS

Publicity Bureau Established to Give Figures to the Press.

Cannot Tell Which Cities Will Be Heard From First.

FROM THE HERALD WASHINGTON BUREAU.

Washington, June 25.—(Special to The Herald.)—The census bureau has commenced tabulation of the returns from the larger cities and thus far has announced the result of the census in but one city, namely Washington. The plan adopted in giving publicity of the results of the enumeration is to tabulate returns from the larger cities in the order in which the reports from the various superintendents are received at the census bureau. It is therefore a sort of a "grab bag" game, and no one can tell just what city may be announced from day to day as the count progresses, until the actual official count is determined and ready to be given to the public.

The publicity bureau, as it comes to be known, is in charge of C. M. Ogden, a former editor of one of the Washington newspapers, and he and Director Durand have formulated a plan whereby population figures as determined will be announced twice each day.

Announcements Daily.

The first daily announcement will (Continued on page 10, fifth column.)

Weather—Partly cloudy tonight and Sunday; slight changes in temperature; moderate variable winds, mostly easterly.

## OPEN LATE TONIGHT

MEET YOUR FRIENDS HERE

**Oak Hall Clothing Co.**

SUPERIOR STREET AT SECOND AVENUE WEST.

## RUINED CLOTHING

You often get back clothes which after a day of wear look worse than when you sent them to the cleaner. and have a receipt and record of every transaction. We welcome small checking accounts.

**SAFETY BOXES FOR PAPERS—\$3.00 A YEAR.**

**American Exchange National Bank**

Over Nine Million Assets

SAVINGS DEPARTMENT OPEN TONIGHT FROM 6 TO 8.

## COPPERS DULL AND LISTLESS

Trading Light and Prices Sag Throughout the Session.

The copper market was dull and uninteresting today and the trade was exceedingly light both here and in the East. The opening was weak, but the market was stronger as the short sellers were out of the market. There was buying and lack of pressure caused values to advance to a level with yesterday.

Despite rumors to the contrary the big producers of the Butte district probably will curtail production. Some of the Anaconda mines will reduce operations to not more than five days a week. The Leonard has already adopted this policy. The big producers are coming to realize the inevitable and it is expected that other properties will fall in line.

The general market is strongly influenced by weather conditions in the Northwest. Holders of securities have been disposed to liquidate in view of the drought. The short interest has expanded markedly and a large number of weak accounts are said to have been liquidated. The position of the market is great many traders think, has been improved.

The coming adjournment of congress and rains in South Dakota caused a better feeling in the market, and were responsible for some of the buying. The weakness of the market, however, is causing some apprehension of holders of railroad securities.

Butte Alex. Scott, full paid, sold at \$5.20. Butte Ballaklava at \$4.62 1/2. \$14.50 and back to \$15. Shattuck East this issue sold at \$15. Shattuck

**SUFFERERS FROM ECZEMA**

Skin Eruptions, Blisters, Scrofula, Etc., Who Have Given Up Hope, May Now Be Cured.

It is no longer necessary to pity the poor sufferer from Eczema, Psoriasis, Salt Rheum, Carbuncles, or other torturing skin diseases, for a great discovery has been made in medical science which offers new hope of prompt relief and a speedy cure.

The Eagle Laboratories have prepared for these diseases, recognizing the fact that a remedy to be permanently effective must not only treat the symptoms, but must remove the cause of the disease. Consequently Zelmox has been prepared in two forms, the combination of which provides the best and most effective remedy for skin diseases and irritations.

Zelmox is without an objectionable feature of any kind. It is absolutely harmless, and gives an instant relief. Zelmox tablets, for internal use, is a science combination of active ingredients combined internal treatment is to purify the blood, the source of the external symptoms. The external treatment is to soothe the itching Zelmox ointment. You can secure Zelmox from the Leitch Drug Store, or any drugist. Price 25 cents per box or \$1 per large jar. Zelmox tablets 50 cents per box of 50 tablets. Write to the Eagle Laboratories, Fairbridge Building, New York, and they will send you a sample of Zelmox free.

## NEWS AND VIEWS OF POLITICS AND POLITICIANS

The first annual banquet of the Brown County Democracy will be held this evening at New Ulm, with Fred W. Johnson, the county chairman, and brother of the late Governor Johnson, presiding. The banquet will be among the guests, and much important discussion, from the Democratic point of view, will feature the gathering. The banquet will be a dinner, open to the general public, patterned after the Jefferson day banquet held in St. Paul this spring. It will be held in Turner hall and the funds will be served by the ladies of the Turn Verein. There will be instrumental and vocal music.

Mr. Day can be expected to point out the glaring defects of the present administration by the Republican state convention, and so can Elmer Holdrege of Minneapolis and Senator S. D. Warren of Mankato, who are on the list of speakers. W. E. McGowan of Duluth may be there, but yesterday in St. Paul he said he was completely fagged out as a result of his recent activities on land and sea and might be unable to attend. The banquet will be a very important one to hear a characteristic speech by Mr. Johnson, who is being boomed for the Democratic nomination or Secretary of state.

New Ulm gathering will probably be the last important meeting of Democrats before the county convention. The county convention will be held at the state convention July 25 are held, and the discussion that will ensue tonight may have a strong influence on those meetings.

Wheelock's Weekly, published at Pigeon Falls, remarks that "Duluth is proud to say that so far as Republican state politics goes it dominates Minnesota. In fact, it is not entirely the case. Duluth is a glimmer of hope for the party."

Charles E. Adams filed today as a candidate for the Republican nomination for county attorney.

Charles Adams is a candidate for the Republican nomination for county attorney.

Against John H. Norton, the present county attorney, and a candidate for the Republican nomination for county attorney.

Mr. Adams has been prominently identified with St. Louis county Republicanism for years, and is popularly known as an able and experienced lawyer.

Mr. Norton possesses a very strong strength, also his two conservative elections have demonstrated, and a spirited fight for the nomination can be expected.

Mr. Adams is a native of Massachusetts, was formerly a resident of North Dakota for a few years, and has practiced law here for about ten years.

Carl E. Taylor of Atkinson has filed as a candidate for the Republican nomination for county attorney.

Mr. Taylor has done the same thing in the past, but without much result.

The news that Col. A. L. Ward of Fairmont probably will file as a candidate for the Republican nomination for county attorney.

Mr. Ward is a prominent Republican in the Second district is being received with considerable interest.

It is proper to say that Mr. Ward is a native of Iowa, and has practiced law here for about ten years.

Mr. Ward is a native of Iowa, and has practiced law here for about ten years.

## TRUCE BETWEEN TRUST AND THE INDEPENDENTS

Klaw & Erlanger and Shuberts Drop Their Bitter Warfare.

Col. Savage, the Peacemaker — "Open Door" at the Lyceum.

Charles A. Marshall, manager of the Lyceum theater, has received word from New York to the effect that the fight of the independent theaters has been won and that in the future these houses will be able to play the productions of anyone in the business of producing plays.

An armistice looking to an agreement that will be a capitulation for the independent producers, a message saying that the fight has been definitely won and that Duluth will enjoy the advantage of the open door in the theatrical world. Mr. Marshall is one of the twelve members of the National Theater Owners' association, in which hundreds of playhouses throughout the country are represented.

The peace-maker's role has been assumed by Henry V. Savage in the New York negotiations, the results of which, briefly stated, are that Klaw & Erlanger will permit syndicate producers to book their attractions in independent theaters in New York as do not have syndicate theaters.

Mr. Marshall today received a bunch of Savage contracts, which proves possession of the reality of the peace that has been wrought from the beligerent

syndicate. Mr. Savage has made contracts with both sides to the controversy for a term of years.

Effect on Duluth. Speaking of the termination of the war as it will effect Duluth, Mr. Marshall said the result will be that this city next winter will have the best list of attractions it has ever had. "The local management will be able to draw on both syndicate and independent producers for the best they have," said Mr. Marshall, "and therefore it is safe to promise the city the best theatrical season in its history. In effect, the decision of the parties to the controversy at New York is that the theater owners organized themselves to protect their property and business and they have been successful in their fight."

The success of negotiations at New York between the warring factions means that Duluth will have a return to the old days. That is a good thing, for the city is not large enough to support more than one. Should a second one be built, the natural result would be that one of the two would soon be turned into a burlesque house.

"The history of the theatrical ventures in this country shows that in cities the size of Duluth and smaller it is impossible to operate more than one first class house. It has been tried time and again, but the backers have failed to realize enough on the venture to pay their interest charges. It certainly is a good thing for Duluth that the dispute has terminated as it has, for now the city is in a position to get the best in the bookings of either side.

No, there's nothing to say about the report that I went to the Twin Cities to take over the leases of the Shubert theaters in St. Paul and Minneapolis. Mr. Marshall expects in a few days to get acquainted with the details of the arrangement through which peace has come. He will go to Chicago tonight. He has been in St. Paul and Minneapolis for a number of days, making the trip by auto.

During the recent convention of the Grand Army in Minneapolis an invitation was extended to the Duluth branch of G. A. R. to visit the old soldiers' home at Anoka.

The trip was taken last Thursday morning at 8:20. Busses were in waiting to convey the members of the Duluth branch to the home. After an inspection of the homes and premises, dinner was served in the hall. Mrs. L. A. Robinson and Mrs. C. Donohue of Duluth were among the twenty who accompanied the trip. The ladies surprised Commander Woodward at his place of business. Owing to the extreme heat ice cream was served in the hall at 3 o'clock. Past President of the Grand Army, Mrs. Emma Hicks of Garfield circle No. 1 of Duluth, was elected state president for the ensuing year.

Senator Clapp will leave for home Monday.

Washington, June 25.—(Special to The Herald.)—Senator Clapp will leave for St. Paul Monday, and immediately enter into active campaign for Governor Nelson.

Senator Nelson has not yet decided just when he will start home. He says he will probably be in Washington at least a week.

Socialist Elected. Friedrich Hess, June 25.—Herr Buss, Socialist, yesterday won the election for a seat in the Reichstag. He received 11,545 votes against 9,413 polled by Herr Helms, Conservative. The seat recently was occupied by a National Liberal.

DR. MITCHELL

325 WEST FIRST STREET

Fifteen years in Duluth treating all kinds of diseases that flesh is heir to, without the use of drugs or the surgeon's knife. Cures cancers, removes tumors. No risk of life, no pain attached to this treatment. Also neuralgia, nervous prostration, heart, stomach, liver, kidney, weakness, troubles, deafness, paralysis, lumbago. Successes yield readily to his magnetic treatment, because the treatment goes directly to the diseased organs and restores perfect harmony throughout the entire system.

LEGAL NOTICES.

\$100,000 CITY OF DULUTH SCHOOL BONDS.

Sealed bids will be received by The Board of Education of the City of Duluth, at its office, Central High School Building, Duluth, Minn., up to 7:30 o'clock, P. M. of Monday, July 18th, 1910, for the purchase of all or any part of the sum of One hundred Thousand (\$100,000) Dollars of bonds, the same being the second half of a total issue of Two Hundred Thousand Dollars (\$200,000) of the bonds of the Independent School District of the City of Duluth.

These bonds are in denominations of One Thousand Dollars (\$1,000) each, and bear interest at the rate of four percent (4%) over call, payable semi-annually on the first day of August and February, and prior to the term of thirty years (with the right reserved therein to redeem the same, or any part thereof, at any time, or any time prior to their date, or on any interest day (thereof) and bear date of February 1st, 1910. They are for delivery on August 1st, 1910, and on or before that date, and interest on the second half of the issue (\$100,000) is to be paid on that date, as interest coupon No. 1 is to be detached before delivery.

Principal and interest payable in New York.

No bids will be accepted at less than par.

The Board of Education reserves the right to reject any or all bids. Bids must be accompanied by a certified check for one per cent (1 per cent) of the amount of the bonds to be purchased.

Circular giving all particulars as to municipal school indebtedness will be forwarded promptly on application. Mark bids plain. Deposit with the Duluth School Bonds, and address same to CHARLES A. BRONSON, Clerk of Board of Education, Duluth, Minn. D. H. June 25, July 4 and 11, 1910.

## TRUCE BETWEEN TRUST AND THE INDEPENDENTS

Klaw & Erlanger and Shuberts Drop Their Bitter Warfare.

Col. Savage, the Peacemaker — "Open Door" at the Lyceum.

Charles A. Marshall, manager of the Lyceum theater, has received word from New York to the effect that the fight of the independent theaters has been won and that in the future these houses will be able to play the productions of anyone in the business of producing plays.

An armistice looking to an agreement that will be a capitulation for the independent producers, a message saying that the fight has been definitely won and that Duluth will enjoy the advantage of the open door in the theatrical world. Mr. Marshall is one of the twelve members of the National Theater Owners' association, in which hundreds of playhouses throughout the country are represented.

The peace-maker's role has been assumed by Henry V. Savage in the New York negotiations, the results of which, briefly stated, are that Klaw & Erlanger will permit syndicate producers to book their attractions in independent theaters in New York as do not have syndicate theaters.

Mr. Marshall today received a bunch of Savage contracts, which proves possession of the reality of the peace that has been wrought from the beligerent

syndicate. Mr. Savage has made contracts with both sides to the controversy for a term of years.

Effect on Duluth. Speaking of the termination of the war as it will effect Duluth, Mr. Marshall said the result will be that this city next winter will have the best list of attractions it has ever had. "The local management will be able to draw on both syndicate and independent producers for the best they have," said Mr. Marshall, "and therefore it is safe to promise the city the best theatrical season in its history. In effect, the decision of the parties to the controversy at New York is that the theater owners organized themselves to protect their property and business and they have been successful in their fight."

The success of negotiations at New York between the warring factions means that Duluth will have a return to the old days. That is a good thing, for the city is not large enough to support more than one. Should a second one be built, the natural result would be that one of the two would soon be turned into a burlesque house.

"The history of the theatrical ventures in this country shows that in cities the size of Duluth and smaller it is impossible to operate more than one first class house. It has been tried time and again, but the backers have failed to realize enough on the venture to pay their interest charges. It certainly is a good thing for Duluth that the dispute has terminated as it has, for now the city is in a position to get the best in the bookings of either side.

No, there's nothing to say about the report that I went to the Twin Cities to take over the leases of the Shubert theaters in St. Paul and Minneapolis. Mr. Marshall expects in a few days to get acquainted with the details of the arrangement through which peace has come. He will go to Chicago tonight. He has been in St. Paul and Minneapolis for a number of days, making the trip by auto.

During the recent convention of the Grand Army in Minneapolis an invitation was extended to the Duluth branch of G. A. R. to visit the old soldiers' home at Anoka.

The trip was taken last Thursday morning at 8:20. Busses were in waiting to convey the members of the Duluth branch to the home. After an inspection of the homes and premises, dinner was served in the hall. Mrs. L. A. Robinson and Mrs. C. Donohue of Duluth were among the twenty who accompanied the trip. The ladies surprised Commander Woodward at his place of business. Owing to the extreme heat ice cream was served in the hall at 3 o'clock. Past President of the Grand Army, Mrs. Emma Hicks of Garfield circle No. 1 of Duluth, was elected state president for the ensuing year.

Senator Clapp will leave for home Monday.

Washington, June 25.—(Special to The Herald.)—Senator Clapp will leave for St. Paul Monday, and immediately enter into active campaign for Governor Nelson.

Senator Nelson has not yet decided just when he will start home. He says he will probably be in Washington at least a week.

Socialist Elected. Friedrich Hess, June 25.—Herr Buss, Socialist, yesterday won the election for a seat in the Reichstag. He received 11,545 votes against 9,413 polled by Herr Helms, Conservative. The seat recently was occupied by a National Liberal.

DR. MITCHELL

325 WEST FIRST STREET

Fifteen years in Duluth treating all kinds of diseases that flesh is heir to, without the use of drugs or the surgeon's knife. Cures cancers, removes tumors. No risk of life, no pain attached to this treatment. Also neuralgia, nervous prostration, heart, stomach, liver, kidney, weakness, troubles, deafness, paralysis, lumbago. Successes yield readily to his magnetic treatment, because the treatment goes directly to the diseased organs and restores perfect harmony throughout the entire system.

LEGAL NOTICES.

\$100,000 CITY OF DULUTH SCHOOL BONDS.

Sealed bids will be received by The Board of Education of the City of Duluth, at its office, Central High School Building, Duluth, Minn., up to 7:30 o'clock, P. M. of Monday, July 18th, 1910, for the purchase of all or any part of the sum of One hundred Thousand (\$100,000) Dollars of bonds, the same being the second half of a total issue of Two Hundred Thousand Dollars (\$200,000) of the bonds of the Independent School District of the City of Duluth.

These bonds are in denominations of One Thousand Dollars (\$1,000) each, and bear interest at the rate of four percent (4%) over call, payable semi-annually on the first day of August and February, and prior to the term of thirty years (with the right reserved therein to redeem the same, or any part thereof, at any time, or any time prior to their date, or on any interest day (thereof) and bear date of February 1st, 1910. They are for delivery on August 1st, 1910, and on or before that date, and interest on the second half of the issue (\$100,000) is to be paid on that date, as interest coupon No. 1 is to be detached before delivery.

Principal and interest payable in New York.

No bids will be accepted at less than par.

The Board of Education reserves the right to reject any or all bids. Bids must be accompanied by a certified check for one per cent (1 per cent) of the amount of the bonds to be purchased.

Circular giving all particulars as to municipal school indebtedness will be forwarded promptly on application. Mark bids plain. Deposit with the Duluth School Bonds, and address same to CHARLES A. BRONSON, Clerk of Board of Education, Duluth, Minn. D. H. June 25, July 4 and 11, 1910.

## Rheumatism?

Kur-u WILL cure you. \$2 buys a month's treatment. If not cured we hand your money back.

Shipped on receipt of price—Charges prepaid.

THE KENDRICK CHEMICAL CO. KENDRICK BUILDING ST. PAUL, MINN.

## Do You Value Your Teeth?

When you are sick you immediately want the doctor, yet when your teeth ache, you neglect them. Why? Don't you value your teeth? Don't you know that they need attention just as much as the stomach, the lungs or the heart? Any doctor will tell you that every person should have the dentist at least three or four times a year, if only to have the teeth cleaned. The sooner you realize this the better, because the longer you wait, the worse your teeth get and the more they cost. Our work is painless and guaranteed.

## HEALTH IS HAPPINESS

And every man who will take our advice can be happy. If you are unhappy, discouraged and disgusted with life because of any disorder of any nature pertaining to your system, it is your duty to yourself to make an effort to have that disorder corrected.

We have been for years and years, continually and persistently talking this to men in and near Duluth through the newspapers and if our efforts had not been fruitful, we could not keep it up.

Hundreds of men have put off the matter of consulting us for weeks and months, who finally yielded to our bid to come to come, and as a result, today are enjoying the fullness of health and happiness.

New stop putting off this matter if you need medical aid and come to see us for advice. Remember we guarantee to cure all cases we accept. No matter what your trouble, we can give you help.

## SPARKS FROM THE ELECTRICAL WORLD

### GET A MOTOR TO DO YOUR WORK.

On a kilowatt hour of electricity a  
motor will—Saw 300 feet of timber;  
clean 5,000 knives; clean 75 pairs of  
shoes; clip 5 horses; run a sieve 2  
hours; grind 120 pounds of coffee;  
knead 8 sacks of flour; fill and  
cork 250 dozen pint bottles; pump  
an ordinary church organ for 1 ser-  
vice; pump 100 gallons water 25 feet;  
run bluffing wheel 20 hours; run an  
electric piano 10 hours; lift 3½ tons  
75 feet in 4 minutes; run a small ven-  
tilating fan 20 hours; run a large ven-  
tilating fan 10 hours; run a sewing  
machine 20 hours; carry your dinner  
upstairs every day for 1 week; carry  
you 30 times from basement to attic,  
80 feet.

### SEWING WITH ELECTRIC POWER.

Ever since electricity has come into  
almost universal use, having proved  
itself an economy and a necessity in-  
stead of a luxury, electrical experts  
have been busy turning out articles for  
the home.

Women are washing, ironing and  
cooking with electricity. The electric  
vacuum cleaner is coming into general  
use. Yet one of the most important ap-  
plications of all has been neglected.

For years the family sewing machine  
has grudgingly regarded its victims. Piles  
of sewing had to be done—some one  
must do the miles of treading neces-  
sary to turn out the family wardrobe  
and provide the thousand and one  
household needs. So, even when the  
physician forbade its use, women went  
on sewing.

And most women like to sew, even at  
the cost of back-breaking weariness  
and the risk of injuring their health.

With electricity to run the sewing  
machine, it becomes a recreation.  
Women have been asking for a motor  
for years. There have been many at-  
tempts to meet the demand. But none  
of them have been quite satisfactory  
for household use. For up to the present  
time motors have been clumsy and  
unsightly pieces of machinery, too com-  
plicated to be readily understood.

Few women have a room that can be  
devoted to sewing. Even then they  
don't want it to look like a factory.  
But now it is possible to get a sewing

machine motor that is ideal for house-  
hold use, one that is light and handy,  
that fits on any and all makes of ma-  
chines without special adjustment.

The most improved type of motor is  
small; after it is attached to the ma-  
chine you would not notice that it was  
there. It fits on a drop head machine  
without interfering with its workings.  
It closes with it, everything going un-  
der cover. This new motor is simpli-  
fied; every woman can understand  
it at sight. It is quickly and easily at-  
tached or detached.

And once the motor is installed, sew-  
ing loses its terrors. The new dish  
towards to hem, the dusters to make, the  
set of new curtains that must go up,  
will be done in half the time, and with-  
out a moment's weariness.

It means much to sit at ease in front  
of your machine and watch a mile or  
so of tedious hemming glide under your  
hands. You just guide the work while  
an unseen power does the propelling.

It means emancipation from danger-  
ous labor and many ills. It means  
rested mothers and contented wives.

A sewing machine motor is far more  
to women than the sewing machine it-  
self. That helps you sew, but the motor  
sews for you.

The time is quickly coming when no  
woman will dream of running a ma-  
chine with foot power. A motor will  
be part of the equipment of every sew-  
ing machine; old-fashioned treadling  
will be as obsolete as the spinning  
wheel and the loom.—Electric City.

### USING ELECTRIC CURRENT TO THE BEST ADVANTAGE.

To get the best results from your  
electric current the first wiring of your  
house should be carefully planned. It  
is a mistaken idea to stint on the wir-  
ing expense for any outlay here will  
be amply repaid by reduced consump-  
tion later when the current is turned  
on.

When a house is planned, spaces  
are always provided suitably for the  
large necessary pieces of furniture,  
such as table and side board in dining  
room, stove and sink in kitchen, beds  
and dressers, and so on, through the

house. All these may then be provid-  
ed with the proper light by specifying  
outlets nearby.

### THE DINING ROOM.

Do not install a 32-candle power  
lamp, topped by a heavy ornamental  
shade over the dining room table.  
The present style effect may be se-  
cured much more economically by using  
a lamp of the reflector type consuming  
current equal to a 16-candle power  
lamp, but throwing all the light upon  
the table where it is needed. Ceiling  
light is wasted in this room. Provide  
floor outlets for the electric table cook-  
ing now so fashionable and conven-  
ient.

The kitchen is usually stunted with  
poor lighting and this is one place  
where light should be provided lav-  
ishly. Good cooking cannot be done  
in the dark. A good light with the  
new filament should be placed near  
the stove and another over the sink  
to insure clean food and clean dishes.  
Cheerfulness here may solve a servant  
problem.

### WIRING CLOSETS AND CELLARS.

Free use of electric wiring is good  
fire insurance.

Instead of tacking matches or light-  
ed candles into closets, attic, or cellar,  
have these places suitably provided  
with small candle power lamps. Their  
infrequent use will scarcely be record-  
ed on the meter. A switch at head and  
foot of cellar stairs is a great conven-  
ience.

Light halls from the ceiling with  
lamps at an angle to throw light from  
end to end. Well lighted stairs pre-  
vent accidents.

### IN THE BATHROOM.

Low power lamps are sufficient for  
the bathroom. It is a common mis-  
take to allow for but one outlet here.  
Two should always be specified in or-  
der that radiator, water-heater, curl-  
ing iron, etc., may be used in a well  
lighted room.

Proper consideration of color values  
in reference to light is indispensable  
to economical use of current. The  
light finish in bathrooms allows small

candle power lamps there; but a dark  
wall covering with hangings means  
more current required to brighten the  
room.

Besides the general illuminant in  
living room or library there should  
be arrangement for reading lamp and  
piano light. These save the general  
glow from cluster electrolights which is  
largely wasted.

A ceiling light upon the porch con-  
trolled by a switch within the door  
is a great convenience and is often  
safety insurance. One may "size up"  
a corner from within; callers may go  
with confidence, and in summer reading  
may be enjoyed out of doors.

### LADIES' AID SOCIETY IN ELECTRIC CLEANING BUSINESS.

A clever circle of women belonging  
to the Ladies' Aid Society of an im-  
poverished church have earned a ru-  
morable sum of money this winter  
with an Electrical Vacuum Cleaner.  
They bought a good machine and ef-  
ficient cards to the effect that it could  
be rented by housekeepers for fifty  
cents a day, less than the cost of a  
woman to "clean house." Many, whom  
the first cost of this ideal cleaner had  
deterred from using one, were quick to  
take advantage of the offer at so small  
a cost.

The machine soon paid for itself  
and the balance in the church treas-  
ury is piling up. As there is a con-  
siderable "waiting list" desiring to  
rent the cleaner, the Society plans to  
buy another machine, so that two or  
more will be in circulation during the  
tide of spring cleaning.

This is an idea which could be fol-  
lowed easily by other clubs in search  
of funds. At a bazaar or fair a book  
could be circulated in which patrons  
might write the days upon which they  
would like to use such a machine. In  
this way the pledge to pay for the  
Electrical Vacuum Cleaner could be se-  
cured before the Cleaner were actually  
purchased. A few words concerning  
the efficiency of its work and the sun-  
dry cleanliness resulting from the  
use of a pneumatic cleaner will induce  
any housekeeper to try it.

## WEST END

LAST DAY OF  
THE CARNIVALParker Shows Close a Week's  
Engagement in  
Duluth.

The Parker Amusement company, which is furnishing the attractions for the midsummer carnival of the West end Modern Woodmen on Superior street between Nineteenth and Twenty-second avenues west, will close its engagement in Duluth this evening.

As today is circus day, it is probable that the street carnival attendance will be large all day and especially this evening.

Carnival visitors, who have never seen a real airship have an opportunity to satisfy their curiosity by visiting the aeroplane show. The airship is a biplane of the Curtiss type and a complete set of the one entered in the aviation meet at the Twin City fair grounds.

An exact duplicate of this biplane made a speed record of eighty miles an hour in the Los Angeles races. The biplane will be on exhibition again this evening at the lower end of the "pike."

The attendance during the past week has been very satisfactory and the Modern Woodmen of America will realize a handsome sum from the street shows.

Excitement ran high among the crowd which visited the Parker show at the West end last evening, when a runaway team dashed at full speed down the "pike."

In front of the animal show, the street was packed full of people, who were listening to the harangue of a "barker," when some one saw the team coming at a hurricane speed and spread an alarm.

A near panic followed. Men, women and children scrambled to the streets, some falling down but picking themselves up in a hurry.

The horses reached the animal show and four men, whose names were not learned, were in the rig. The rig had been rented from a local livery.

PUBLIC DOCK  
IS USELESSBoats Cannot Land Because  
of the Shallow  
Waters.

"Through inadvertence or neglect on the part of the city council or the board of public works, the city dock at the foot of Twenty-first avenue west is in such a condition as to be useless."

This is what George M. Jensen, secretary of the West End Commercial club says, and he expresses the opinion of many other West end business men, according to Mr. Jensen, it is a grievous and immediate redress.

During the winter debris has accumulated around the dock and since spring it has been undisturbed. Boats are prevented from landing on this account. On Sunday evening last, 150 excursionists were compelled to turn back home after having purchased a ticket as the boat could not make a landing on account of the condition of the dock.

Business men at the West end will take the matter up with the board of public works.

## HILL WILL MAKE RUN.

West End Merchant in Race for  
School Board Position.

S. W. Hill, clothier, president of the West End Commercial club, who resides at 2215 West Third street, will be a candidate for election to the board of education.

A petition bearing several hundred signatures, which had been circulated by his friends in all parts of the city was put into his hands yesterday. The petition requested him to run for the office.

WEST END WOMAN  
DIES AT SPIRIT LAKE.

Mrs. Anna Heberlein, wife of Joseph Heberlein of 1725 West First street, died this morning at her summer home at Spirit Lake, of tuberculosis. She was 29 years old and is survived by a husband and two small children.

She had been sick for some time, but her condition was not regarded as serious until about three months ago. A week ago she was removed from her home in the West end to the summer cottage at Spirit Lake.

The change failed to better her condition.

Olsen & Crawford, West end undertakers, left for Spirit Lake this morning to take charge of the remains. The funeral will probably be held Monday afternoon from the family residence.

PASTOR WILL TAKE  
MONTH'S VACATION.

Rev. Swaney Nelson and family will leave Monday for a month's vacation, visiting Minneapolis, Big Springs, S. D., a former pastorate, and Hawarden, Iowa. Rev. Mr. Nelson is the pastor of the First Swedish Baptist church, Nineteenth avenue west and First street. He will return about Aug. 1, so as to make preparations for the dedication of the new church building, which is in course of construction at Twenty-second avenue west and Third street.

## Birthday Surprise.

In honor of her birthday, Mrs. James Anderson of Sixteenth avenue west was tendered a surprise party Thursday evening by a number of her friends. She received many pretty gifts. Refreshments were served and the evening was spent in games and music.

Those present were Mrs. Anna Olson, Mrs. James Nyquist, Mrs. Henry Lindstrom, Mrs. Axel Johnson, Mrs. Olaf Johnson, Mrs. Ann O'Connell, Mrs. Herbert Briggs, Mrs. Charles Davis, Mrs. Emma Jones, Miss Annie Murray, Miss Maggie Murray, Miss Sadie Anderson, Miss Helen Duffy, Miss Isabelle Wilson, Miss Alice McPherson, Miss Rose Flynn and Miss Della Henderson.

West End Shortfalls.

A daughter was born to Mr. and Mrs. R. D. Baldwin of 2420 West First street Thursday.

Richard Hanson, a West end contractor, has broken ground for a modern flat building at Twenty-second avenue west and Second street.

Mrs. F. K. Frecker and daughter, Mildred, of Minneapolis are guests at the home of Mrs. Frecker's sister, Mrs. H. G. Selby, Twenty-fifth avenue west and Third street.

Mrs. J. E. Nyquist of Cloquet, Minn., is the guest of West end relatives.

The regular meeting of the West End Commercial club, which was to have been held last evening, was postponed. It will be held in two weeks.

Eric O. Nelson of New York, who was at one time at the head of the Salvation army of Sweden, will give an address this evening at the army barracks, Seventeenth avenue west and Superior street.

Arthur Brinkett, formerly of the West end, now of Hudson, Mont., has returned to Duluth, where he will make his future home.

Moore Lake Votes New School.

Moore Lake, Minn., June 25.—(Special to The Herald.)—Moore Lake is to have a \$10,000 school building. An election was held in independent district, No. 3, in which this village is located, and bonds for that purpose and in the above amount were voted. One hundred and thirty-six votes were cast for the issuing of the bonds, and 70 against.

Chamberlain's Cough Remedy the Best on the Market.

"I have used Chamberlain's Cough Remedy and find it to be the best on the market," says E. W. Tardy, editor of the Sentinel, Gainesboro, Tenn. "Our baby had several colds the past winter and Chamberlain's Cough Remedy always gave it relief at once and cured it in a short time. I always recommend it when opportunity presents itself." For sale by all druggists.

COMEDY  
DRAMA LEAGUE

AT EXHIBIT METHODIST CHURCH  
Monday and Tuesday evening, June 27 and 28, 8:15 p. m., "Indian Summer" with six comedy sketches.

## SHOPMEN'S PICNIC.

Brainerd, Minn., June 25.—(Special to The Herald.)—The annual shop picnic of the Northern Pacific railway shops is being held today. No special program has been prepared, so that everyone is at liberty to celebrate in his own manner. An effort was made to get coaches for an excursion to some town, but the committee could not make such arrangements as the company was unable to spare the necessary equipment.

FLAATEN PUPILS  
IN A RECITAL.

Pupils from the classes of the Flaaten conservatory appeared in a recital last evening in the assembly hall of the Young Women's Christian association.

ROOSEVELT AT  
ST. PAUL SEPT. 6

Will Address National Conservation Congress on That Date.

Washington, June 25.—Tuesday, Sept. 6, was selected yesterday by Col. Roosevelt as the day on which he will address the national conservation congress in St. Paul. This information was received by the National Conservation association here from Thomas H. Shipp, secretary of the organization. The date was fixed at a conference between Mr. Roosevelt, Clifford Pinchot and James R. Garfield at Oyster Bay. The congress will be in session from Sept. 6 to 9.

To Speak in Kansas.

Washington, June 25.—Former President Roosevelt has telegraphed Representative George Scott of Kansas that he will make the Kansas speech he recently promised at Oswatimie on Monday, Aug. 29. The address probably will be of a historical nature.

## Philippine Potteries.

The Chinese residents of the Philippine islands are among the best potters of America's Pacific possessions, and turn out vases and pots of numerous and artistic designs. Worthy of note also is the fact that Golden Grain beer will nourish your nerves, enrich your blood and invigorate your muscles. Serve this beverage with your meals and you put health and life into your system. Order of your nearest dealer or be supplied by Du-branch Minneapolis Brewing company.

## STOKES HELPS GOVERNMENT.

Minnesota Sales Manager for United Wireless Turns Over Papers.

Minneapolis, Minn., June 25.—(Special to The Herald.)—All books and correspondence of the Minnesota agency of the United Wireless Telegraph company have been turned over to local postoffice inspectors by E. Stokes, salesmanager in this state. Mr. Stokes also has sent in his resignation and will leave the postoffice department all assistance in his power in disclosing the methods of the company for its selling agencies. Mr. Stokes has been connected with the company for two years and every paper, book, account and letter has been placed at the disposal of the inspectors.

Mr. Stokes with his attorney, Charles S. Albert, returned Thursday night from a trip to Washington and New York. They had a conference with the chief inspector of the postoffice department in Washington and with the inspectors in charge of the case in New York.

According to their statement, Mr. Stokes is the only one of the company's agents to make an independent investigation. As a result, he decided that it is inadvisable for him to continue in the company's service and he is returning all payments received by him since formal complaint was made to the federal authorities.

## STILL HOLDING FORT.

Aged Negannee Man Refuses to Surrender to Railroad.

Negannee, Mich., June 25.—(Special to The Herald.)—Samuel Collins, aged 60, a retired business man and farmer, who has been guarding his property for several days past with a rifle, still refuses to allow the South Shore railway company to place their tracks any closer to his building.

There is a dispute as to the ownership of the lot claimed by the old gentleman. The Cleveland-Cliffs iron company claims to have some rights there, it is said, but Mr. Collins says he purchased the lot in 1875.

A representative of the railroad says that the right-of-way was procured many years ago from the late Samuel Mitchell, who was then in control of the Jackson iron company's properties.

## MANY AT CONGRESS.

Catholic Indian Gathering at Fort Yates Largest in Years.

Fort Yates, N. D., June 25.—(Special to The Herald.)—Archbishop Ireland of the United States, Archbishop Ireland of St. Paul and Bishop Joseph F. Bush, South Dakota, are attending the Catholic Indian congress here, June 25 to 30. It is expected that there will be 2,000 in attendance, the largest number in many years.

It is believed by many that this will be the last congress of its kind as the tribal integrity is rapidly disappearing.

CLOQUET YOUNG LADIES'  
GUILD GIVES A BALL.

Cloquet, Minn., June 25.—(Special to The Herald.)—The Young Ladies' Guild of St. Andrew's Episcopal church gave a ball last night in Pinehurst park pavilion. It was the first outdoor social here of the season. The decorations were pine and cherry blossoms. One hundred guests were

in attendance. They cleared about \$40, which is to be used for altar furnishings at St. Andrew's.

Moore Lake Votes New School.

Moore Lake, Minn., June 25.—(Special to The Herald.)—Moore Lake is to have a \$10,000 school building. An election was held in independent district, No. 3, in which this village is located, and bonds for that purpose and in the above amount were voted. One hundred and thirty-six votes were cast for the issuing of the bonds, and 70 against.

COMEDY  
DRAMA LEAGUE

AT EXHIBIT METHODIST CHURCH  
Monday and Tuesday evening, June 27 and 28, 8:15 p. m., "Indian Summer" with six comedy sketches.

## SHOPMEN'S PICNIC.

Brainerd, Minn., June 25.—(Special to The Herald.)—The annual shop picnic of the Northern Pacific railway shops is being held today. No special program has been prepared, so that everyone is at liberty to celebrate in his own manner. An effort was made to get coaches for an excursion to some town, but the committee could not make such arrangements as the company was unable to spare the necessary equipment.

FLAATEN PUPILS  
IN A RECITAL.

Pupils from the classes of the Flaaten conservatory appeared in a recital last evening in the assembly hall of the Young Women's Christian association.

ROOSEVELT AT  
ST. PAUL SEPT. 6

Will Address National Conservation Congress on That Date.

Washington, June 25.—Tuesday, Sept. 6, was selected yesterday by Col. Roosevelt as the day on which he will address the national conservation congress in St. Paul. This information was received by the National Conservation association here from Thomas H. Shipp, secretary of the organization. The date was fixed at a conference between Mr. Roosevelt, Clifford Pinchot and James R. Garfield at Oyster Bay. The congress will be in session from Sept. 6 to 9.

To Speak in Kansas.

Washington, June 25.—Former President Roosevelt has telegraphed Representative George Scott of Kansas that he will make the Kansas speech he recently promised at Oswatimie on Monday, Aug. 29. The address probably will be of a historical nature.

## Philippine Potteries.

The Chinese residents of the Philippine islands are among the best potters of America's Pacific possessions, and turn out vases and pots of numerous and artistic designs. Worthy of note also is the fact that Golden Grain beer will nourish your nerves, enrich your blood and invigorate your muscles. Serve this beverage with your meals and you put health and life into your system. Order of your nearest dealer or be supplied by Du-branch Minneapolis Brewing company.

## STOKES HELPS GOVERNMENT.

Minnesota Sales Manager for United Wireless Turns Over Papers.

Minneapolis, Minn., June 25.—(Special to The Herald.)—All books and correspondence of the Minnesota agency of the United Wireless Telegraph company have been turned over to local postoffice inspectors by E. Stokes, salesmanager in this state. Mr. Stokes also has sent in his resignation and will leave the postoffice department all assistance in his power in disclosing the methods of the company for its selling agencies. Mr. Stokes has been connected with the company for two years and every paper, book, account and letter has been placed at the disposal of the inspectors.

Mr. Stokes with his attorney, Charles S. Albert, returned Thursday night from a trip to Washington and New York. They had a conference with the chief inspector of the postoffice department in Washington and with the inspectors in charge of the case in New York.

## NO VERDICT IS REACHED

Jury in Lee O'Neil Browne's Case Has Not Agreed Yet.

Fate of Democratic Leader in Illinois Legislature Undecided.

Chicago, June 25.—After eighteen hours, spent partly in sleep and partly in considering the fate of Lee O'Neil Browne, charged with holding a bribe, the jury in the case of the Democratic leader in the Illinois legislature, today failed to reach a verdict.

Browne spent the night at the Briggs house, the scene of the alleged payment of the bribe and he left there this afternoon with no sign of an agreement. The jury was not in session today.

## FRENCH ARTIST THINKS HE HAS FOUNDED NEW SCHOOL OF PAINTING

Francis Picabia, a French artist, has been making at his studio in Cassis, France, a remarkable set of pictures, after the manner of a new school, called a school of his own.

Mr. Picabia covers a canvas with blocks of solid color and expects that you will see these blocks of color as trees, houses and other features of a landscape. By carefully closing the eyes and splashing through the washes at Mr. Picabia's picture, one can imagine what he is trying to depict. But it is rather difficult to get anything out of them.

Mr. Picabia is sincere in his belief that he has found a new form of expression and he is going to bring his pictures to America next season.

**PICABIA AND F. M. MANSFIELD.** Francis Picabia, a French artist, has been making at his studio in Cassis, France, a remarkable set of pictures, after the manner of a new school, called a school of his own.

**EATING AN ORANGE.** Points a New Yorker Picked Up in Jamaica and Porto Rico. "There are ways and ways of eating an orange," remarked a New Yorker, who had just returned from a trip to the West Indies. "Before I went to Jamaica and Porto Rico I used to strip off the rind, break up the fruit and put the different sections into my mouth. But in Jamaica and Porto Rico I learned some mighty good wrinkles."

He was a guest one evening at the table of a planter in Jamaica. When the dinner was over the hostess asked him if he would peel an orange for her. He did so, and she ate it. He then removed the outer skin only. She began at the top and worked her way down, throwing the seeds aside. In one unbroken strip about twelve inches long, she presented the orange to him. He was amazed. The orange was covered with the spiny white pith.

"She then sliced it across horizontally," he said, "and I saw the seeds. I watched what the other guests did, and I realized I had never before seen a fruit that was so temptingly exposed. I found that the outer pith, prevented any of the juice from escaping, while the orange having been cut across the middle, the juice was exposed. There was no need to peel the fruit. I fully enjoyed an orange."

## STORY OF DEATH AND DESOLATION

Tornado Followed By Hail Storm in Canadian Northwest.

Winnipeg, Man., June 25.—A story of death and desolation arrived here today as a result of a storm late last Thursday in the "South country," sixty miles from Moose Jaw, Sask.

A tornado struck in that vicinity and was immediately followed by a terrific hail storm. Every house and shack and all the crops in the path of the storm were destroyed.

The dead are: Edward Madigan and his two little children, and his wife. Among the injured are: Mrs. Madigan, who is slightly more active, but her husband is in a bad way. Several others whose names were not learned were seriously injured.

**JUDGE HEATON IS NOMINATED** For Congress By Republicans of the Twelfth Indiana.

Kendallville, Ind., June 25.—The Republicans of the Twelfth district of Indiana, in convention in this city today nominated for congress Owen N. Heaton, former judge of the Allen county superior court. The district now is represented in congress by Cyrus Cline, Democrat.

The platform adopted by the convention advocates a reduction of tariff schedules but does not name the Payne-Aldrich tariff act. President Taft and United States Senator Beveridge are endorsed.

**WALKER ON THE METAL** Walker's Copper Letter in Saturday's Boston Commercial says: "Copper is slightly more active, but lower. Lake is 12 1/2 cents and electro-lytic is 12 1/2 cents. The price of copper has been advanced recently at the prices quoted. Domestic consumption continues at approximately the highest record rate, and European consumption is showing a marked increase. During the first half of June the foreign market for copper advanced 2,515,160 pounds, and since March 1 there has been a shrinkage of 1,105,160 pounds in the European surplus.

The prospects are that at around 12 cents European consumers will come into the market and buy heavily. It does not seem probable, however, that copper will go any lower than 12 cents, even should the price drop to that level. With steel and other metals at present prices, it is believed that this decline in the price of copper will be a serious blow to the statistical position of the metal and put the market in shape to advance when business conditions are again normal in this country."

The man who is not sure that advertising will help him sell it is trying to do something that he ought to be very wary about buying.

**ON A BRAZILIAN RAILWAY.** Excitement of Trying to Distinguish Birds From Orchids.

Thirty-four miles in three hours as a run for an express train strikes one as queer, but that is the regular schedule between Santos, Brazil, and Santos. Incidentally the road descends 1,000 feet in those three hours.

"The time would be better put for the fact that a party of visitors, who were on a cable which is deliberation itself. It was originally planned to come back on foot the next day to explore to the American consul at Santos, the route map making it impossible for engineers to look much like the ice after a figure skating contest. The stockholders protested and got the cable section.

But no one save a man late for his homeward steamer," says a writer in the Travel Magazine, "is justifying the complaining of the slowness of the train, especially those of the cable which is a bare and forbidding landscape, and which here lifts in other attitudes, but which here lifts in a long wall of verdant tapestries."

"You wind through gorges amid a restless vegetation, and the train casts a weird green light like that of an ice cavern and sets you wondering how come back on foot the next day to explore to the American consul at Santos, the route map making it impossible for engineers to look much like the ice after a figure skating contest. The stockholders protested and got the cable section.

## NO APPLICATION FOR EXTRADITION

Of Charlton Yet Received From the Italian Government.

Washington, June 25.—State department officials today took up the consideration of what reply to make to the telegram of Recorder McGovern, before whom Porter Charlton was taken yesterday for hearing in Hoboken, as to the wishes of the department in regard to the prisoner.

No application has been received from the Italian government for the extradition of Charlton. It is said at the department.

**SUPERIOR** MAY TIE UP PAVING JOB. Temporary Injunction May Delay Work on Belknap Street.

A restraining order, prohibiting the city from signing contract with the Kettle River company, the contractors to whom the Belknap street paving job was awarded, was issued yesterday by court Commissioner J. C. Cooper at the petition of the Belknap street company and of which J. C. Cooper is the principal officer and stockholder.

The notices of the temporary injunction are returnable before superior court Monday, when Judge Smith will determine whether the injunction shall be made permanent or not. The legal steps may have the effect of tying up the paving work for some time.

The Belknap street company owns four lots on Belknap street at the corner of Ogden avenue and contends in the action that the agreement which had been made between the city and property owners was that the assessment should be extended over a period of ten years. It is alleged that the contract now let does not provide for this.

**DISMISSAL OF CASE HINGED ON ANALYSIS.** Because City Chem

# FROM THE LAKES TO THE SEAS

## EVER-INCREASING ORE BODY AT THE LAKE COPPER MINE

**Underground Work on 200-Foot Level at the Live Oak Progressing With Good Results--Every Drill Hole in Ore.**

Globe, Ariz., June 25.—The Live Oak development to date is such as can leave no doubt as to that property's future greatness as a copper producer. The chronicling of the underground developments and drill holes alike has been an unbroken story of an ever-increasing ore body, the present mineralized area being such as to lend conviction to the belief that the copper-impregnated portions of this mine already tested will double the January report of the officials to the stockholders, placing the developed ore body at 1,250,000 tons.

Underground work at present is confined to the 200-foot level, where Drift No. 207 to the eastward, and Drift No. 208 to the south are maintaining in their disclosures the broken extension of chalcocite-impregnated schist. Drift 207 is now thirty-five feet long and continues in chalcocite averaging about 2 per cent copper. Drift No. 208, from which 207 extends, is about 240 feet long

and has been from its beginning in ore-bearing schist assaying 3 per cent copper.

Every drill hole has been in ore, and ore of commercial grade and quantity. Two churn drills are being used in exploration of the western portion of the property, the eastern zone having been developed from the chalcocite-impregnated schist as "No. 5" was finished after penetrating the ore body, and the churn drill moved to the location where hole No. 8 will be sunk. The other drill is still sinking hole No. 6, where the ore body was encountered at a depth of 250 feet. The hole is still bottomed in commercial ore.

In view of the unbroken success that has attended development of this property during the past few months, it would be ignoring the law of possibilities to deny that Live Oak will be one of the West's greatest low grade ore bodies within the immediate future.

## IN CHIRICAHUA MOUNTAINS

**Mining Claims Taken Up For Miles Up Whitetail Canyon by New Companies Preparing to Work--Sullivan's Rich Ore Dumps.**

Paradise, Ariz., June 25.—New life has come to the Chiricahua mountains in Cochise county in the eastern part of the territory. Not for her forest reserve, which is known the country over, nor from the fact that many of the dwellers in the valleys find the altitude and cool spring water forming a combination hard to beat even at the seaside during the hottest months, it is none of these that make her peak and rugged sides echo with new life. It is the click of the drill, the sound of the blast in the mines, so long silent, for it has been but a few years since this sound was the most familiar one in the mountains.

While the work in the mines has never wholly stopped, the want of funds, and the long haul to the railroad, together with the fact that some of the biggest properties plunged, has so delayed the work that the present activity is like finding a new mining camp, with an unknown ore body exploited with all the enthusiasm that accompanies a new find.

The mining claims have been taken up for miles and miles up Whitetail canyon by new companies who are working or are preparing to work. The several properties opened show that not only copper is found but lead and silver, with some gold.

One property, about five miles up the canyon, the Bisbee-Sonora has just completed a 1,000-foot development work, in which they have found the ore body in several places. This company has been continuously at work in spite of the hard times since opening their mines, the mining and are now ready for machinery which is to be installed and longest tunnel at 385 feet. Eastern capital-

ists have joined the company lately and it is through their efforts the mining work will be hastened.

The Whitetail mine, several miles from the Bisbee-Sonora, has just been taken over by a new company, who is pushing the work of opening up the property. They are finding a good quality of lead and silver at the 120-foot level in the shaft. This company has taken out seven tons of almost pure galena and silver ore, which is in a pile at the mouth of the shaft, while tons and tons of concentrating ore lies on the dump. The present work is preparatory to placing machinery.

The Leadville property is another that has just gotten in shape to push their work by the installation of a new hoist, which has frame and hoist and by timbering up the mine. They are now sinking on the 130-foot level and getting a good quality of lead and silver ore, with some galena.

Adjoining the Bisbee-Sonora lies the Sullivan, whose finder and first owner lived for twenty-six years in a shack at the foot of the mountain, where the mine is, eating beans with an occasional silver dollar. To the lone bachelor, who worked to make his prospect a mine, but after all these years he has sold four claims for \$35,000 to men who have taken it into court by the time they had the mine producing sufficiently to pay for the first investment. This is the only property still in the hands of the original owner, and the tons and tons of ore at the mouth of the shaft show what values are to be had in the further development of the mine. To the lone bachelor, and he seems a multitude when you view through the Chiricahua, belongs the honor of holding down the mining and are now ready for machinery which is to be installed and longest tunnel at 385 feet. Eastern capital-

## WARREN DISTRICT IS BUSY

**Calumet & Arizona Provides Ice Water for Underground Employees--Good Progress in Sinking at Irish Mag Shaft--Drifting at the Briggs.**

Bisbee, Ariz., June 25.—The principal feature at the Calumet & Arizona last week is the liberal generosity on the part of the management in providing ice water for the underground employees. This has brought comments of satisfaction from all the miners, and is a good thing and a move on the part of Mr. Gollins, the mining superintendent.

Sinking is going on at the Irish Mag shaft, and good progress is being made. At the Houghton the construction of the head frame is still going ahead.

At the Briggs sinking has been discontinued, and the shaft is being drifted from the 1,300-foot level, where they have just finished cutting in with the Houghton on this level.

At the Junction the monotony of uncovering ore, which the manage-

ment has been doing, they are now going down another 200 feet. Sinking is being done at the Irish Mag shaft, and the water level is being kept down. At present six boilers are taking care of the shaft, while not long since eleven had to be kept on the jump. The oil consumption has dropped from 300 barrels a day to 190 at the present time.

Sinking at the Dana is in order, and the shaft has gone down about twenty feet since they started. The water is increasing and they are now taking care of it with a minute more than they did before they started sinking.

The Wolverine is shipping about six carloads of oxide ore a month, and its output is averaging the highest grade of any company in the district. With 250 tons of ore a month from the labor of six men and no timber needed, she ought to be a paying proposition.

## AT THE SUPERIOR & BOSTON

**Even Production Continues, Ore Being Mined Mostly From Great Eastern Vein--Diamond Drilling Shows Both Carbonates and Sulphides.**

Globe, Ariz., June 25.—The Superior & Boston continues its even production. Its ore is mined mostly from the Great Eastern vein above the 600-foot level, where its output at an even rate, but the other points in the property where development is in progress are showing a uniform increase in exposure of ore bodies.

The McGraw shaft is now 163 feet below the sixth level, where the Great Eastern vein is being sunk from the fourth level, is still in ore. The exploration by diamond drill of the area below the 800-foot level has encountered both carbonates and sulphides at a depth of fully 1,000 feet, a circumstance fraught with great import in a district where the existence of sulphide ore at depth will increase the company's possibility many fold. The

significance of the diamond drill's revelation is of still greater importance because of the ore's existence at a point not yet deep enough to be a portion of the main body of the vein, for the angle at which the bore was sunk was such that between seventy-five and 100 feet of ground had yet been penetrated before it could enter the Great Eastern vein. The extent of iron throughout the exploration work accomplished on the property, and its nature, are such that the actual presence of sulphides at great depth afford reason to expect that extensive bodies of ore of secondary enrichment may be disclosed by future exploration.

In the McGraw shaft another level below the sixth level as soon as the necessary depth shall have been reached.

## New Baltic Determines Site for Its First Shaft--North Lake Has Located Rich Copper Ground--Hancock Busily Engaged With Construction of Permanent Surface Equipment.

Houghton, Mich., June 23.—(Special to The Herald.)—The new Baltic Development company has determined the site for the first shaft that will go down in that property in a formation that is presumed to be identical with the Baltic lode. There have been no further important developments in the Baltic lode since the last report. The company has succeeded in locating an unusually wide copper bearing area, and the shaft will begin within the next month or two.

**North Lake.** The North Lake Mining company has succeeded in locating copper ground that in point of richness would rival the Baltic lode. The company earlier in the year, North Lake's disclosure was made in the No. 3 drill hole at a depth of about 540 feet, between which depth and 610 feet the drill hole passed through a body of copper ore similar to the ore body recently uncovered in the surface trenches on the Hancock property. The ore body was an oxide copper of about 2 1/2 per cent copper. Assays made of different parts of the drill core showed from 1 1/2 to 4 1/2 per cent copper. Underlying this ore body is a bed of felsic nearly 200 feet thick. The upper portion of which for a distance of about 100 feet carries copper in apparently commercial quantities. The upper portion of this bed is barren where cut by the drill. This bed closely resembles the felsic bed cut in the Indiana No. 2 drill hole, and which yielded the sensationally rich drill core

reported at that time. The No. 8 drill hole has been stopped at a depth of about 600 feet, and the outfit removed to a point about 800 feet westward with the object of cutting this lode at greater depth.

**Hancock.** The Hancock Consolidated Mining company continues busily engaged with the construction of permanent surface equipment, including a large modern hoisting plant and compressor house and a steel shaft rock house that will have a capacity to handle upward of 4,000 tons of rock daily. Work underground has been somewhat interfered with by the work in progress at surface, but the limited amount of work that is in progress shows no material change in the underground situation which has all along been good. The main working shaft is sinking steadily below the fourth level, and will ultimately reach a depth of about 1,000 feet.

**Algoma.** The Algoma company has started its first shaft. Sinking is being done with the aid of hammer and drill, and the shaft is being sunk at a depth of about 100 feet. The shaft is being sunk at a depth of about 100 feet. The shaft is being sunk at a depth of about 100 feet.

The supervision of diamond drill operations on the Hancock property of the Keweenaw Copper company has

been followed by a suspension of similar operations on the Kearsarge lode, and the company will for the present confine itself to sink the shaft in the latter formation alone. The Kearsarge lode shaft has attained a depth of about 225 feet and will be sunk to a depth of about 500 feet, at which point it is planned to make a lateral investigation of the lode. Diamond drill bearings at various points along this formation reveal a presence of copper in commercial quantity and a like condition noted in the shaft now sinking. The Keweenaw company apparently has the makings of a mine on this formation.

**Cherokee.** The Cherokee company has two diamond drills in operation in the presumed horizon of the Lake-Indiana lode. The No. 1 drill hole has attained a depth of about 800 feet, and the No. 2 drill hole is at a depth of 1,200 feet. Neither has thus far revealed anything of commercial value, though one of two promising lodes were cut in the deeper hole.

The Twin Lakes Development company is meeting with considerable difficulty in its attempt to get down to bed rock. One hole was abandoned for this reason, and a second hole is being sunk. The workmen at this point are often found to be more than 500 feet thick and the sinking of sand pipes through it preliminary to diamond drilling is an exceedingly difficult task. The company is attempting to explore the eastern limit of its property next adjoining the great eastern sandstone and in which horizon the Lake and Adventure lodes are presumed to lie.

## COALITION BEST PROPERTY

**Should Turn Out Copper at 8 Cents Per Pound--Heavy Pressure on the Washoe Smelter--General Manager Atwater Talks About the Reorganization of Butte & Superior Company.**

Butte, Mont., June 25.—(Special to The Herald.)—Mining men who are quite familiar with the copper being mined and the conditions now existing in the Washoe smelter, declare that the Coalition, now operated as part of the Anaconda properties under the merger, should turn out copper at 8 cents per pound. On the crosscut from the Washoe mine, the mine have gone through an ore body seventy feet wide, of which fifty feet has an average of 7 per cent copper and the poorest encountered in the first eighteen feet averages 3 per cent copper. It is the opinion of mining men of undoubted authority that Butte Coalition is the best property secured by the Anaconda company under the merger. The new gain frame from four to the 1,400, 1,600 and 1,700. The 1,300-foot level is the first of the level, and the 1,400-foot level is the first of the level, and the 1,500-foot level is the first of the level, and the 1,600-foot level is the first of the level, and the 1,700-foot level is the first of the level, and the 1,800-foot level is the first of the level, and the 1,900-foot level is the first of the level, and the 2,000-foot level is the first of the level, and the 2,100-foot level is the first of the level, and the 2,200-foot level is the first of the level, and the 2,300-foot level is the first of the level, and the 2,400-foot level is the first of the level, and the 2,500-foot level is the first of the level, and the 2,600-foot level is the first of the level, and the 2,700-foot level is the first of the level, and the 2,800-foot level is the first of the level, and the 2,900-foot level is the first of the level, and the 3,000-foot level is the first of the level, and the 3,100-foot level is the first of the level, and the 3,200-foot level is the first of the level, and the 3,300-foot level is the first of the level, and the 3,400-foot level is the first of the level, and the 3,500-foot level is the first of the level, and the 3,600-foot level is the first of the level, and the 3,700-foot level is the first of the level, and the 3,800-foot level is the first of the level, and the 3,900-foot level is the first of the level, and the 4,000-foot level is the first of the level, and the 4,100-foot level is the first of the level, and the 4,200-foot level is the first of the level, and the 4,300-foot level is the first of the level, and the 4,400-foot level is the first of the level, and the 4,500-foot level is the first of the level, and the 4,600-foot level is the first of the level, and the 4,700-foot level is the first of the level, and the 4,800-foot level is the first of the level, and the 4,900-foot level is the first of the level, and the 5,000-foot level is the first of the level, and the 5,100-foot level is the first of the level, and the 5,200-foot level is the first of the level, and the 5,300-foot level is the first of the level, and the 5,400-foot level is the first of the level, and the 5,500-foot level is the first of the level, and the 5,600-foot level is the first of the level, and the 5,700-foot level is the first of the level, and the 5,800-foot level is the first of the level, and the 5,900-foot level is the first of the level, and the 6,000-foot level is the first of the level, and the 6,100-foot level is the first of the level, and the 6,200-foot level is the first of the level, and the 6,300-foot level is the first of the level, and the 6,400-foot level is the first of the level, and the 6,500-foot level is the first of the level, and the 6,600-foot level is the first of the level, and the 6,700-foot level is the first of the level, and the 6,800-foot level is the first of the level, and the 6,900-foot level is the first of the level, and the 7,000-foot level is the first of the level, and the 7,100-foot level is the first of the level, and the 7,200-foot level is the first of the level, and the 7,300-foot level is the first of the level, and the 7,400-foot level is the first of the level, and the 7,500-foot level is the first of the level, and the 7,600-foot level is the first of the level, and the 7,700-foot level is the first of the level, and the 7,800-foot level is the first of the level, and the 7,900-foot level is the first of the level, and the 8,000-foot level is the first of the level, and the 8,100-foot level is the first of the level, and the 8,200-foot level is the first of the level, and the 8,300-foot level is the first of the level, and the 8,400-foot level is the first of the level, and the 8,500-foot level is the first of the level, and the 8,600-foot level is the first of the level, and the 8,700-foot level is the first of the level, and the 8,800-foot level is the first of the level, and the 8,900-foot level is the first of the level, and the 9,000-foot level is the first of the level, and the 9,100-foot level is the first of the level, and the 9,200-foot level is the first of the level, and the 9,300-foot level is the first of the level, and the 9,400-foot level is the first of the level, and the 9,500-foot level is the first of the level, and the 9,600-foot level is the first of the level, and the 9,700-foot level is the first of the level, and the 9,800-foot level is the first of the level, and the 9,900-foot level is the first of the level, and the 10,000-foot level is the first of the level, and the 10,100-foot level is the first of the level, and the 10,200-foot level is the first of the level, and the 10,300-foot level is the first of the level, and the 10,400-foot level is the first of the level, and the 10,500-foot level is the first of the level, and the 10,600-foot level is the first of the level, and the 10,700-foot level is the first of the level, and the 10,800-foot level is the first of the level, and the 10,900-foot level is the first of the level, and the 11,000-foot level is the first of the level, and the 11,100-foot level is the first of the level, and the 11,200-foot level is the first of the level, and the 11,300-foot level is the first of the level, and the 11,400-foot level is the first of the level, and the 11,500-foot level is the first of the level, and the 11,600-foot level is the first of the level, and the 11,700-foot level is the first of the level, and the 11,800-foot level is the first of the level, and the 11,900-foot level is the first of the level, and the 12,000-foot level is the first of the level, and the 12,100-foot level is the first of the level, and the 12,200-foot level is the first of the level, and the 12,300-foot level is the first of the level, and the 12,400-foot level is the first of the level, and the 12,500-foot level is the first of the level, and the 12,600-foot level is the first of the level, and the 12,700-foot level is the first of the level, and the 12,800-foot level is the first of the level, and the 12,900-foot level is the first of the level, and the 13,000-foot level is the first of the level, and the 13,100-foot level is the first of the level, and the 13,200-foot level is the first of the level, and the 13,300-foot level is the first of the level, and the 13,400-foot level is the first of the level, and the 13,500-foot level is the first of the level, and the 13,600-foot level is the first of the level, and the 13,700-foot level is the first of the level, and the 13,800-foot level is the first of the level, and the 13,900-foot level is the first of the level, and the 14,000-foot level is the first of the level, and the 14,100-foot level is the first of the level, and the 14,200-foot level is the first of the level, and the 14,300-foot level is the first of the level, and the 14,400-foot level is the first of the level, and the 14,500-foot level is the first of the level, and the 14,600-foot level is the first of the level, and the 14,700-foot level is the first of the level, and the 14,800-foot level is the first of the level, and the 14,900-foot level is the first of the level, and the 15,000-foot level is the first of the level, and the 15,100-foot level is the first of the level, and the 15,200-foot level is the first of the level, and the 15,300-foot level is the first of the level, and the 15,400-foot level is the first of the level, and the 15,500-foot level is the first of the level, and the 15,600-foot level is the first of the level, and the 15,700-foot level is the first of the level, and the 15,800-foot level is the first of the level, and the 15,900-foot level is the first of the level, and the 16,000-foot level is the first of the level, and the 16,100-foot level is the first of the level, and the 16,200-foot level is the first of the level, and the 16,300-foot level is the first of the level, and the 16,400-foot level is the first of the level, and the 16,500-foot level is the first of the level, and the 16,600-foot level is the first of the level, and the 16,700-foot level is the first of the level, and the 16,800-foot level is the first of the level, and the 16,900-foot level is the first of the level, and the 17,000-foot level is the first of the level, and the 17,100-foot level is the first of the level, and the 17,200-foot level is the first of the level, and the 17,300-foot level is the first of the level, and the 17,400-foot level is the first of the level, and the 17,500-foot level is the first of the level, and the ## SOCIALISM

Poor, suffering and miserable man is suffering because of his inability to see and understand the trend of economic events that are so swiftly shaping into a condition of affairs that we all dread to think of their ever becoming a reality. Nevertheless it seems as though fate had decreed that one body of men must suffer pain and misery that a few may enjoy life to the fullest extent.

Poor, deluded man still a worshiper of the hero, he still bends the knee to the idol who has been his betrayer; he laughs to scorn the person who would speak to him of advancement; he mocks the man who would formulate plans whereby his condition may be bettered; he hides rough shod over his ignorance the uplift of mankind, and he laughs in gloom when he can get the best of his humble brother by methods only known to the personage who is devoid of a conscience worthy of advanced man.

This is so true that it cannot be disputed. It is a part of the system which today are shaping themselves into a condition of affairs, of such a nature that it will be impossible to check the driving forces of capitalism in the end compel man to offer either a resistance through political action or by physical force of enraged people. Let us hope against the last statement, but we should not be blind to what may be the results of the economic tendencies of today.

If the owners of the nation are powerless to check the growing evils that abound so largely in our midst, the hope to see the day when childhood will bloom in the fertile fields of equality, when the maiden will treat with contempt and so loathing a tempt as will burn his conscience as though scarred by a hot iron, when the

home influences will be of such a nature as to cause love to become master supreme, when purity of action will be the guiding influence for the young to follow, when the blighting curse will be effaced from the cheek of honest labor, when the "crown of thorns" will be removed from the brow of the man who performs honest toil, when virtue may pass down the highway without fear of molestation, when the rotten forms of government shall cease to exist. Then, and only then, can we expect to cultivate the brighter side of man's nature. Then will the blighting curse of poverty be removed from amongst mankind. Then can man say, "I stand upon the ground of equality, with equal chance with every other man, and it proving a failure, he cannot be blamed, for he tried to do and failed. Then the fault lies not with him but his creator. He will receive pity instead of the contemptible scorn shown to the man who is unfortunate in the struggle for existence in which we are all enmeshed.

Some may say this is but to dream. Well, may be so, but the dreams that people have dreamed have founded nations and religions and have changed the progressive influences in our civilization. The aim of Socialism will be to rid man of his impoverished condition, to surround him with an environment that will conduce towards his well being; to school the child in the path of virtue; to protect the home; not to destroy it; to advance the higher and nobler thoughts of man; to remove from the mind of man the seeds of fear and hate. Its foundation will be built with the material truth and the ideal of virtue, love, truth and justice, cemented together with a feeling that all mankind are made of the same material, clay, each having the same rights, and each and all willing to help and to aid any and all who are found to be in distress. This is the aim of Socialism, the aim which the advocates of Socialism move.

P. G. PHILLIPS.

## MINING IN THE BLACK HILLS

Colorado Capitalists Figuring on Reviewing Lexington Hill Property---Strike Made on the Harrison Ground---Gold Dollar Company Elects Directors.

Deadwood, S. D., June 25.—It is understood that Colorado capitalists are figuring on the possibility of revisiting the Lexington Hill property, within a mile of this city. Recently, Mr. C. Cornforth, a Denver merchant who owns an interest in the property, plans with local mining men. The Lexington Hill was profitable before factional differences among the stockholders brought on litigation. Tunnels were driven in the Lexington Hill, from which fair values were received and considerable ore shipped, but no attempt at deep mining was ever made.

Through the caving in of some timbering in the Lexington Hill, the Lexington Hill was profitable before factional differences among the stockholders brought on litigation. Tunnels were driven in the Lexington Hill, from which fair values were received and considerable ore shipped, but no attempt at deep mining was ever made.

Place mining along Rapid and other small creeks in Pennington county and in the southern portion of the Black Hills is to be more than usual a feature of this summer. The Castle Creek Mining & Hydraulic company, with headquarters in Denver, has contracted for a dredge and is putting in a spur from Mystic to the placer ground. The Landerberg Mining company of Mystic will begin work in this month. The Landerberg Mining company of Mystic will begin work in this month. The Landerberg Mining company of Mystic will begin work in this month.

## STILL KEEPING UP OUTPUT

Shipments of Hundred Tons Per Day From the Black Warrior Net Half Million Pounds Copper During Month of May.

Globe, Ariz., June 25.—This property maintains its output and continues to block out a constantly increasing amount of ore. The weekly chronicling of its progress a matter of monotony, alike to writer and reader. Since the Smith's acquisition by the Hovland-Smith interests eight months ago, its production—varying from seventy-five to 110 tons daily—has been a constant feature of May, shipments to the smelter at El Paso averaged slightly under 100 tons per day, its copper output for that month being in excess of 321,000 pounds.

The main development is being done from the 250-foot and 300-foot levels, where ore is being revealed with encouraging continuity. This 300-foot level's most important feature is a drift being extended to the west, from which raises and stopes are opening a chute of high grade ore that has not been surpassed in extent by any body of similar value in the annals of this mining district.

On the Winnie claim, in the western portion of the Warrior property, the

## IN THE MOCTEZUMA DISTRICT

Transvaal Camp at the Verde Camp Reopened---Minneapolis Company Will Soon Begin Shipping---Monte Cristo Mine Going Ahead Rapidly.

Douglas, Ariz., June 25.—B. F. Hayden, mining engineer and late superintendent of La Compania Minera con Virginia, S. A., passed through Douglas a few days ago on his way to Colorado, where mining interests will engage his attention for some time.

Mr. Hayden stated that as a general thing the property of the mines in the Moctezuma district is in the ascendency. Following is a general outline given by him of the work going on in and around Moctezuma. The Transvaal Mining company

has reopened the Transvaal mine at the Verde camp, about twenty miles from Moctezuma. The Transvaal mine has not been worked for a year or more because of its flooded condition. The pumps, which are now working, will soon have it free from water, and the work will be started at once. A diamond drill, which is being operated on the property, has shown excellent results.

The Transvaal company also operated a diamond drill on the Cobre Rico property a few months ago, and

formation is being explored by churn drilling, held at present level in depth is in the schist and shows the latter to be well mineralized. The Little Miami has been overhauling its hoisting machinery, and the shaft is still in the conglomerate, but the latter is showing traces of the schist which the shaft is expected to enter soon. The 150-foot level of the mine is being operated by a 25-horse power gasoline engine.

The Little Miami company will soon begin work on the Cole claims, seven miles from the Verde camp, where the mine of Gibson, which it recently purchased.

The main development is being done from the 250-foot and 300-foot levels, where ore is being revealed with encouraging continuity. This 300-foot level's most important feature is a drift being extended to the west, from which raises and stopes are opening a chute of high grade ore that has not been surpassed in extent by any body of similar value in the annals of this mining district.

On the Winnie claim, in the western portion of the Warrior property, the

formation is being explored by churn drilling, held at present level in depth is in the schist and shows the latter to be well mineralized. The Little Miami has been overhauling its hoisting machinery, and the shaft is still in the conglomerate, but the latter is showing traces of the schist which the shaft is expected to enter soon.

The Little Miami company will soon begin work on the Cole claims, seven miles from the Verde camp, where the mine of Gibson, which it recently purchased.

The main development is being done from the 250-foot and 300-foot levels, where ore is being revealed with encouraging continuity. This 300-foot level's most important feature is a drift being extended to the west, from which raises and stopes are opening a chute of high grade ore that has not been surpassed in extent by any body of similar value in the annals of this mining district.

On the Winnie claim, in the western portion of the Warrior property, the

as the company immediately began to take up the surrounding land, good results are believed to have been obtained.

The Minneapolis Mining company is also bestirring itself. At the Archipelago mine, 40,000 to 50,000 tons of high-grade copper-silver ore have been opened, and it is expected the company will soon begin shipping to El Paso.

La Mina Blanca, a half interest of which was recently sold to Carlos C. Soto, by George Woodward, is being worked by Soto and Vasquez. A quantity of high-grade silver ore already has been shipped to Douglas. Francisco Gallego, it is reported, will soon begin to ship from this mine and Carmelita mines. These

## SURPASSES EXPECTATIONS

La Rose Company's Report Will Show That Earnings of Cobalt Mine Exceed \$1,500,000 for the Year—Surprise for Stockholders.

Cobalt, Ont., June 25.—The statement now in preparation in regard to the annual report of the La Rose Consolidated Mining company, which is made public. So little news of importance has lately been coming from the mine that it is not surprising that the stockholders have been along with ordinary lines, that stockholders will be particularly gratified to learn that the last year's work of the company for the period ending May 31, has shown a production of over 3,150,000 ounces of silver. The silver gross earnings of over \$1,575,000 for the year, a showing far in excess of anything that had possibly been expected by the stockholders.

The result of this report will go a long way to restore the confidence in this property which has been somewhat shattered last year when the dividend was cut in half and when the early developments on the Lawson portion of the company's ground were not showing up as well as had been expected. The report of which the advance information is herewith published is vouched for by sufficient authority to make it accurate and reliable. The figures appear to be known that this estimate made will not vary 100,000 ounces from the official output reported.

As the La Rose company is paying out at the rate of \$50,000 a month in dividends it will be seen that last year's work as well as this year's earnings are actually twice the amount of the dividend now being paid out, as a result of which the company is believed to have a cash surplus of \$100,000.

## RICH ORE VEIN AT NATIONAL

Drift Now 180 Feet in Length, and Vein, About Thirty Inches Wide, Shows High Values---Sinking of Williams Shaft.

Globe, Ariz., June 25.—At the National Exploration property the drift being driven straight west, the drift is now 180 feet in length, and the vein, about thirty inches wide, shows high values. The sinking of the Williams shaft is now being continued.

The Shio mine, which was purchased by the National Exploration company, is now being worked. The drift is now 180 feet in length, and the vein, about thirty inches wide, shows high values. The sinking of the Williams shaft is now being continued.

## THE JUNIOR EIGHT OF THE DULUTH BOAT CLUB IN TRAINING FOR THE NORTHWESTERN REGATTA AT KENORA, ONT.

IN THE BOAT—STARR, Coxswain; THOMPSON, Stroke; CRAWFORD, Seven; QUIMBY, Six; FORGETTE, Five; KENT, Four; LIGGETT, Three; SOLE, Two; LATHROP, Bow. IN THE LAUNCH—JOHN S. MACGREGOR, Rowing Captain; WILLIAM L'ESTRANGE, Coach; JOHN PEYTON, Former Coach, Who Resigned This Week to Go to Montana.

### JOHNSON IS NOW AT RENO

Arrival Featured By Superstitions, Incidents, But Champion Doesn't Mind.

Brother Jack Swings Two Hard Ones on Jim During Practice.

Reno, Nev., June 25.—If Jack Johnson was a superstitious negro he might regard with apprehension facts connected with his arrival in Reno yesterday. When Jack left San Francisco last night it was the undertaker who said the final words to the champion to speed him on his way. Twenty-three was the date of his departure. Early this morning, Jack's train was delayed by a freight car derailment in "Tunnel 12," and the champion and his party finally detained here past 10 minutes past 1 o'clock, three hours after 10 a. m., the hour scheduled for his arrival. To round out his hoodoo combination, he settled down in his training quarters on a Friday.

Johnson did not follow out his plan to begin training operations and in view of the sinister date that was discussed on all sides, no one blamed him. Reno gave the negro a hearty reception at the station from which he was soon hurried by his manager to the training quarters. One of the first statements given out by Johnson was a denial of the report that he had reappointed George Little as his manager. "Fianagan," he said, "is the man who is looking after my business in this, and he will continue to do so until after the fight. There has been no change in my relations with Little, and I want to emphasize the fact that I have severed all relations with him." Asked regarding the settlement reported to have been made with Little, Johnson produced a legal document dated June 22, which he said was an agreement drawn up between himself and Little by which Johnson is to pay Little \$15,000 to secure a release from Little of all claims the deceased manager may have. One of the stipulations made in the agreement is that Johnson is to turn over to Little a diamond brooch valued at \$2,000, upon Little's payment to him of an additional \$1,000.

Jim Jeffries topped off a hard day's work with a road run late yesterday afternoon. He donned the boxing gloves for the first time in the morning, but there was scarcely a blow in the five rounds sparred with Armstrong and his brother Jack, as fast footwork on the slippery floor of the platform was thought dangerous.

In the final round with Jack Jeffries, he invited him to swing to the law as hard as he could. The big fellow protruded his chin and Jack tried two lusty right swings, both of which bounced off Jeffries' face without having the slightest effect.

On the third try Jeffries ducked and the punch landed over his left eye, which is likely a trifle discolored today. In view of continued talk of possible interference by the state authorities, Promoter Rickard has been much reassured by the receipt from Ely today of the following telegram from Governor Rickard:

"Prize fight licensed under the laws of this state. My duties are to enforce laws, not to make them. There will be no interference from the governor's office if requirements of the law are complied with. This decision, irrevocable. You may use this telegram as you see fit."

"D. S. DICKERSON, Governor of Nevada."

Little work was done on the arena other than the hauling of lumber to the site and the digging of postholes. Rickard apparently is not greatly concerned over the lack of progress in that direction. He is resting on the assurance of his contractor that if necessary the arena can be erected in four days.

### DULUTH DROPS THE FIRST GAME

Both Blanche and Shieffer Get Bumped in Grand Style.

Wausau, Wis., June 25.—Duluth pitchers were found for a total of twelve hits in the game played here with Wausau yesterday, and the Zenith City team was a 6 to 7 loser when the

final accounting was made. Incidentally, the Wausau team won its first game after dropping six straight to Head of the Lakes teams. Blanche was batted out of the box in the third and Schieffer got hit in the eighth. Cummings finished the contest for Duluth, and Dunbar went in and saved the game for his team-mates. Vashinder was hit by a pitched ball and was unconscious for several minutes.

The score: WAUSAU.

## CORNELL THE FAVORITE AGAINST FIELD IN POUGHKEEPSIE REGATTA

CORNELL, THE FAVORITES.

PENNSYLVANIA.

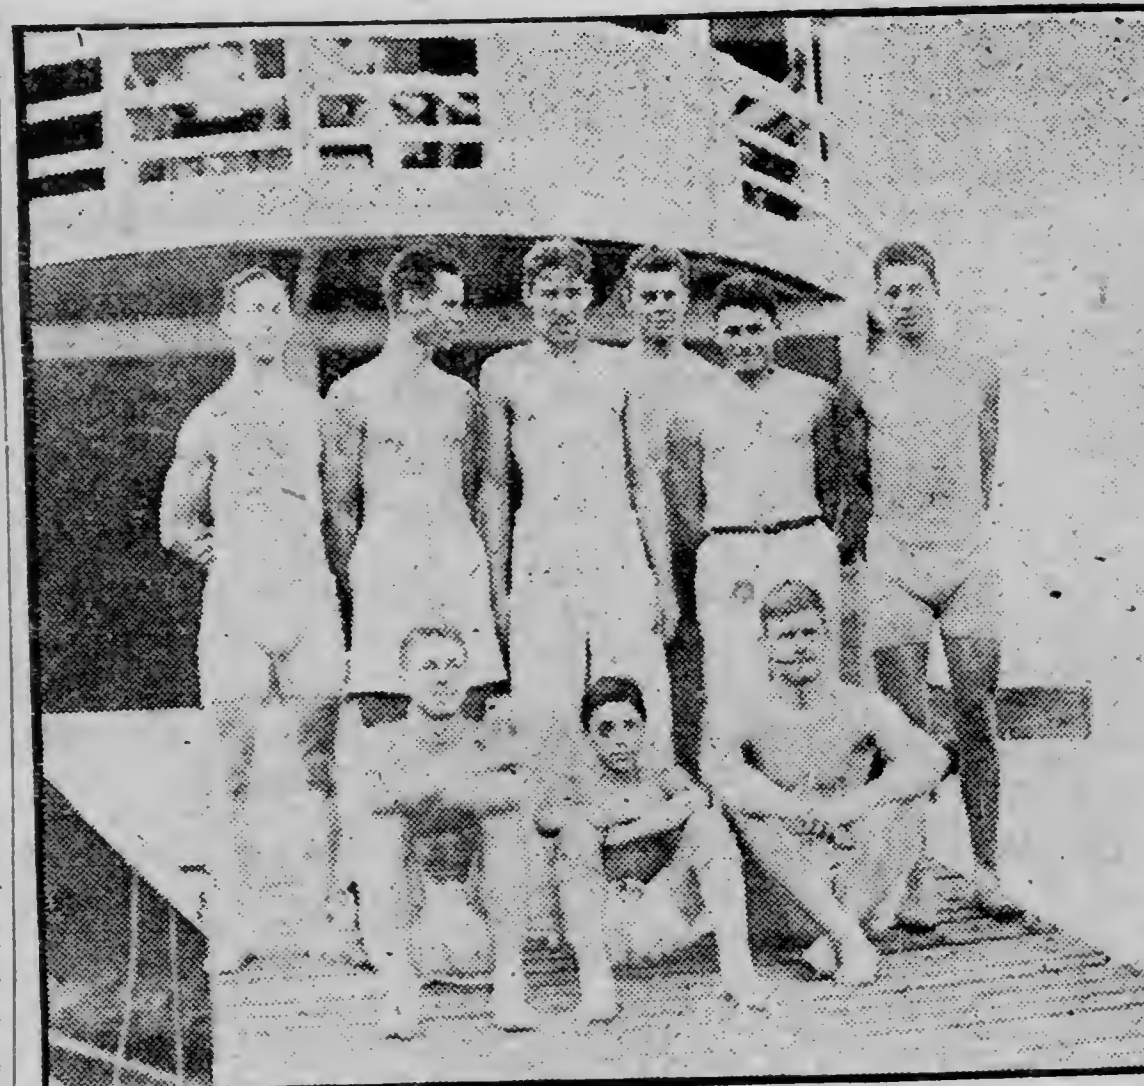

THE WISCONSIN CREW.

Poughkeepsie, N. Y., June 25.—The sixteenth annual regatta of the Inter-collegiate Rowing association will be rowed on the Hudson river today, and crews representing five of the big colleges will dip their oars when the starting gun is fired late in the afternoon.

These are: Cornell, Columbia, Pennsylvania, Syracuse and Wisconsin. Each has a crew in the varsity eight for the varsity challenge cup, over a four-mile course, the four-oared, for the Kennedy trophy, two miles, and the freshman eight-oared, for the Stow-cup, at two miles. All these trophies are now held by Cornell, and the letting is even money against the field that she holds them for another year. The day is a perfect one, a cooling breeze lowered the temperature. It also raised a choppy sea—a condition unfavorable to fast time in a rowing shell. This was not regarded seriously, however, as the river hereabouts usually loses its rough surface with the late turn of the tide.

To take advantage of the most favorable conditions of wind and water, the races were fixed late in the afternoon. The four-oared comes first—at 4:30 o'clock; the freshman eight-oared at 5:15, and the big race—the varsity eight-oared—at 6:30. There were the usual "before the battle" expressions of confidence by the coaches of the various crews, but the prevailing feeling, however, seemed to be that Cornell would win the varsity race at 1 to 3 over Columbia and 7 to 10 that the Ithacans will make a clean sweep of the supporters of these two crews there was no betting to speak of.

Cornell has practically the same crew that won her last year in the varsity, two seats only being oc-

THE COLUMBIA CREW.

cupied by new men. The crew averaged, however, 175 pounds to the man, making them the heaviest in the race. The Syracuse eight averaged 165, Wisconsin, 167, Pennsylvania, 162, and Columbia, 164. There were not the crowds here today that have gathered for the regattas in the past and there was a decided want of local interest. Poughkeepsie folk say they are tired seeing Cornell win—not because they do not love Cornell, but because there is no variety in the results. Not was there the enthusiasm among the undergrad-

uates that has marked many previous regattas. Poughkeepsie on the "night before" was as quiet as a village, and not more than a couple of hundred college men reached here before morning in the early hours of the day, however. Columbia's rowers began to arrive on boat and train in automobiles. There were many small craft on the river, but the number of these was less than in former years and the United States revenue cutters Mohawk, Manhattan and Hudson, sent up to keep the course clear, had little to do.

### AS SEEN FROM THE SIDE LINES

(Continued from page 14.)  
presence of James J. Jeffries. Jeff would have made a lot of friends, if he had greeted the poor old man with the cordial grip and invited him to take personal inspection of the wonders accomplished by training. Perhaps John did say some hard things about the fight. However, he is getting old and old folks say a lot more than they should. John I. has been a great character in his day and his pride is easily hurt, as is the pride of all men who begin to realize that the world moves on without them.

### LOS ANGELES IS DISQUALIFIED

Tom Morris Memorial Golf Trophy Goes to Pittsburg Club.

Chicago, June 25.—By the disqualification of the Los Angeles Country club, announced here yesterday, the Tommy Morris memorial trophy goes to the Oakmont Club of Pittsburg. This statement was made by Charles E. Willard, secretary of the Western Golf association.

### SPARRING BOUT NEARLY A FIGHT

Abe Attell and Owen Moran Have Swift Mix at Los Angeles.

Los Angeles, Calif., June 25.—In spite of Governor Gillett's stand against prize fighting and his instructions to District Attorney Frederickson to stop last night's fight, Abe Attell and Owen Moran fought their ten-round bout as scheduled. Attell being given the newspaper decision. The district attorney did not interfere on the ground that it was a "sparring" bout, strictly within the law and not a prize fight. It was a hair-line verdict. With two such clever men, the bout could have come under the designation of a sparring contest, but there were periods when it approached dangerously near the prize fighting.

### ELBERFELD MAY GO TO ST. LOUIS

The work of reorganizing the Duluth Automobile club is going along well, and before a great while it is expected that everyone in the city who owns a car will be an enthusiastic member. The committee, which is working to get members, consists of W. W. Walker, A. W. Hartman, C. H. Thornton, Howard T. Abbott and C. H. Bagley. Since the movement started about a week ago, many have asked for application blanks. While the committee has induced a great many to sign the roll, there are many who have come in without any solicitation. New life will be instilled into the club, events will be run off, the roads about Duluth will be sign-boarded, a committee on tours, tests and runs will be named, who will arrange events of this kind, and in short, the idea is to get some life into the owners that they may all work together for the improvement of the roads about Duluth. Several attempts have been made to organize a real live automobile club in Duluth. Up to this time the efforts have not been very successful. The club has been formed a number of times, but the interest has not been great, and the club has each time died a natural death. This time those interested propose to make it a live organization and by tours, runs and contests to stimulate interest. The real object is to work for better roads about the city. The officers and directors of the association are: J. B. Cotton, president; R. E. Baker, vice president; J. A. Ford, treasurer; T. F. McCarthy, secretary; W. S. Moore, C. S. Wilson and W. W. Walker.

### REVIVING THE CORPSE

Some Life Being Instilled Into the Duluth Automobile Club.

Members Will Work Together to Improve Roads Near City.

The work of reorganizing the Duluth Automobile club is going along well, and before a great while it is expected that everyone in the city who owns a car will be an enthusiastic member. The committee, which is working to get members, consists of W. W. Walker, A. W. Hartman, C. H. Thornton, Howard T. Abbott and C. H. Bagley. ### TOURNAMENT IS POSTPONED

Match Game Between Country Club and Boat Club Tennis Players.

The tennis tournament, which was due to begin today at the Duluth Boat club, has been postponed until after July 4.

### DAVIS IS PLAYING GREAT BALL THIS YEAR

St. Paul, Minn., June 25.—Barney Oldfield broke the four-mile circular track record yesterday afternoon, making the distance in 3:24. The previous record was 3:34-1/2. Wins Championship. Chicago, June 25.—Guy F. Deering of Columbus, Wis., won the amateur shoring championship at the Chicago Gun club grounds, scoring 189 out of a possible 200 targets. Chase Spencer, St. Louis, won the professional championship with a score of 190.

Gasconade, which was in full flood from the recent rains, and this, after a brief party between its crew and the station agent, hopped with agility to the roadbed of the Frisco and bumped its way across the bridge that is the only connecting link for many miles with the opposite shore. Arlington had never seen an automobile before, it may never see another—much more any feat like the one accomplished here by the Flanders "20." Under "Three Flags," which passed through on its way to the City of Mexico from Quebec. The car continued on through to Jerome and Dixon, running nearly 100 miles for the day, over roads that had been cast by a spasm of nature ages ago and have remained unimproved ever since.

### MADE PASSENGERS OPEN THEIR GRIPS

Government Agent Confiscates Boose on Train Amid Much Excitement.

Wadena, Minn., June 25.—(Special to The Herald.)—There was no end of excitement on a Great Northern train northbound the other day when Special Agent Way enjoyed a nice little booze-destroying picnic on the train to the discomfiture of the passengers who were carrying "beer" goods. The train had scarcely left this station before Mr. Way commenced operations. He called upon whomever he pleased to open their grips and show the contents. If any one refused to open up and display their goods, he took the grip and opened it himself, even if he had to break the lock. He found four grips that contained bottle goods. He had to break the liquor and grips from the car window, but in most cases the liquor was destroyed when the train pulled up to the coal dock at Sebeka.

Picnic For Section Hands. The action of Mr. Way caused a sensation on the train, and every one was interested in the proceedings. The next morning when the Great Northern section men went out over their section, they found ample evidence of the government man's work. They picked up several grips, and in one of them they found two bottles of liquor that had not been broken. In the same grip was a fine silk dress pattern, but the liquor had practically ruined it. It is understood that all of the liquor that was confiscated was being taken north by Park Rapids people. Evidently when they saw what the government man was doing on the train some of those who had liquor in their grips threw it out of the car window before Mr. Way reached them. Mr. Way took some of the filled bottles along with him, but what disposition he made of it is not known.

### STRANG STILL A CHAUFFEUR.

Tries to Become an Aviator, But Attempt Is Failure. New York, June 25.—After an initial attempt at aviation last evening, Louis Strang remains a chauffeur. For a week Strang has been preparing to fly at Mineola, L. I., in a new biplane. He wheeled out the machine last night and, after a flourish introduction to the crowd from the veteran Capt. Baldwin, tuned up

the engine and called to the attendants to "let her go." Strang started off at a terrific clip—on the ground. His control of the steering gear was good, but he could not leave the ground. Twice he circled the field at breakneck speed and was rounding into a third, when the overtasked frame collapsed. The whirling propeller struck the earth and flew into splinters. It was the only flight of the evening. Strang came crashing to the ground, with the heavy engine hard after him. It lit a few inches to one side of his head. The biplane was a wreck, but Strang was unhurt. He took the accident good-naturedly and said he would try again.

### TWO HARBORS COOKE'S CHOP HOUSE

"Famous For Its Eating" PRIVATE DINING ROOMS. BUFFET IN CONNECTION. FURNISHED ROOMS. UNIQUE LUNCH ROOM. OPEN ALL NIGHT. UNDER ONE MANAGEMENT.

## SOUTHERN WOMAN TELLING NEGRO TALES TO NEW YORK SOCIETY

There is much interest in the first entertainment of the Drama League, which will be given Monday evening at the Endion church, when the French idea of comedy will be given in a one-act play "Indian Summer." In which Mrs. F. A. Patrick will appear and this will be followed by the Dobson sketches. Aside from the preparation for this affair, the informal outlines of the interest in the June brides are about all that attracts attention. Luncheon and evening outings at the Spirit Lake branch of the Boat club and week end parties are becoming popular and the informal entertainment at the Country club and the Boat club is about all of the excitement provided. The informal dancing parties at the main house and the Oatka branch of the Boat club and the Saturday evening dinners at the Country club attract many members. Many circus parties were entertained this afternoon and more are planned for this evening following informal club dinners.

## JUNE WEDDINGS

At a pretty home wedding Wednesday evening, Miss Roella Sophia Lovett became the bride of Hugh Robert Burgo at the home of the bride's parents, Mr. and Mrs. C. E. Lovett of 1732 East Third street. The ceremony took place before their immediate friends, and was followed by a reception. The parlors were decorated with palms and ferns and white flowers. The bride wore a gown of white satin trimmed with lace and carried a bouquet of roses and orchids. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Mr. C. E. Lovett, and the groom's father, Mr. H. Burgo. The bride's mother, Mrs. C. E. Lovett, and the groom's mother, Mrs. H. Burgo, were also present. The wedding was officiated by the Rev. Alexander Milne of the First Presbyterian church.

The wedding of Miss Mabel Palmer Burrows to Arnold Burrows took place Wednesday afternoon at the home of the bride's parents, Dr. and Mrs. Burrows, 1333 Lincoln street, Evanston, Ill. The bride wore a gown of white satin trimmed with lace and carried a bouquet of roses and orchids. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Dr. Burrows, and the groom's father, Mr. Burrows. The bride's mother, Mrs. Burrows, and the groom's mother, Mrs. Burrows, were also present. The wedding was officiated by the Rev. William F. McElwain of the First Presbyterian church.

The engagement of Miss Florence Burgo, formerly of this city, to Guy E. Dichi of Chicago, was announced at the home of the bride's parents at 2024 Kas. The wedding will take place Wednesday of next week, June 29. Mr. Dichi and his bride will be at the home of the bride's parents at 2024 Kas. The wedding will be officiated by the Rev. J. A. Crozier of the First Presbyterian church.

Announcements have been received in Duluth from Mr. and Mrs. Charles W. Howard of Chicago that their daughter, Miss Lucille Marie Howard, to John Virgil Mills, will be married at Chicago on Wednesday of next week, June 28. The bride is well known in Duluth, where she formerly lived. Mr. Mills and his bride will be at home after Aug. 1, at Tuskegee, Okla.

Announcements have been received in Duluth of the wedding of Miss Harriet B. Hazen and Mr. J. C. Crosby, who were both formerly Duluth residents. Mr. and Mrs. Crosby will be at home after Aug. 1 at 2024 Kas. Minn.

The wedding of Miss Dorothy Crozier, daughter of Mr. and Mrs. Joseph Crozier to H. L. Blake took place Wednesday evening at the home of the bride's parents, Mr. and Mrs. Crozier, 1333 Lincoln street, Evanston, Ill. The bride wore a gown of white satin trimmed with lace and carried a bouquet of roses and orchids. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Mr. Crozier, and the groom's father, Mr. Blake. The bride's mother, Mrs. Crozier, and the groom's mother, Mrs. Blake, were also present. The wedding was officiated by the Rev. William F. McElwain of the First Presbyterian church.

will be at home. The out-of-town guests at the wedding were Mr. and Mrs. Levanter of St. Louis, and Mrs. Nelson and Miss Lenora Nelson of North Branch, Minn.

The marriage of Miss Minnie Kume to Washington School Bandmaster, Mr. Ernest Nelson, 1128 West First street, with Rev. Carl G. Olson, pastor of Bethany Swedish Lutheran church officiating. After the wedding ceremony, Mr. and Mrs. Nelson will spend their honeymoon trip to the Copper country, where they will make their home at West Duluth.

Any Southerner will hear with interest Miss Lucine Finch's description of "The Creation" as it was given to her by her old negro mammy many years ago. Though it has all the exaggeration of the negro imagination, there are especially delightful details. There will be a musical program during the evening. The bride and groom were accompanied by the bride's father, Mr. Finch, and the groom's father, Mr. Finch. The bride's mother, Mrs. Finch, and the groom's mother, Mrs. Finch, were also present. The wedding was officiated by the Rev. Alexander Milne of the First Presbyterian church.

A pretty wedding took place at the home of Mr. and Mrs. P. E. Dowling, 1428 East Superior street, Tuesday evening. The bride, Miss Jennie M. Sibbitt of Chicago, was married to the groom, Mr. S. H. J. Montgomery of Minneapolis. The ceremony was performed by the Rev. S. A. Jameson of Duluth. The bride wore a gown of white tulle with lace and carried a bouquet of white flowers. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Mr. Dowling, and the groom's father, Mr. Montgomery. The bride's mother, Mrs. Dowling, and the groom's mother, Mrs. Montgomery, were also present. The wedding was officiated by the Rev. S. A. Jameson of Duluth.

The wedding of Miss Catherine Hanft, daughter of Mr. and Mrs. P. E. Hanft, to Mr. J. A. Crozier, son of Mr. and Mrs. J. A. Crozier, took place Wednesday morning at the home of the bride's parents, Mr. and Mrs. Hanft, 1333 Lincoln street, Evanston, Ill. The bride wore a gown of white tulle with lace and carried a bouquet of white flowers. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Mr. Hanft, and the groom's father, Mr. Crozier. The bride's mother, Mrs. Hanft, and the groom's mother, Mrs. Crozier, were also present. The wedding was officiated by the Rev. J. A. Crozier of the First Presbyterian church.

The wedding of Miss Theresa Himsman and Dr. F. L. Lee of this city took place Monday morning at the home of the bride's parents, Mr. and Mrs. Himsman, 1333 Lincoln street, Evanston, Ill. The bride wore a gown of white tulle with lace and carried a bouquet of white flowers. The groom wore a tuxedo and carried a boutonniere of white flowers. A large number of guests called during the evening. The bride and groom were accompanied by the bride's father, Mr. Himsman, and the groom's father, Dr. Lee. The bride's mother, Mrs. Himsman, and the groom's mother, Mrs. Lee, were also present. The wedding was officiated by the Rev. J. A. Crozier of the First Presbyterian church.

Rev. and Mrs. John G. Leitch, who were married June 9, at the Gaston Presbyterian church at Philadelphia, Pa., will arrive in the city in July to make their home in Duluth. Rev. Leitch is pastor of Westminster Presbyterian church, Fifty-eighth avenue west and Greene street. His bride was Miss Kate Annie Leitch of Edinburgh, Scotland. They were married by the Rev. J. A. Crozier of the First Presbyterian church. The bride and groom were accompanied by the bride's father, Mr. Leitch, and the groom's father, Mr. Leitch. The bride's mother, Mrs. Leitch, and the groom's mother, Mrs. Leitch, were also present. The wedding was officiated by the Rev. J. A. Crozier of the First Presbyterian church.

Rev. and Mrs. John G. Leitch, who were married June 9, at the Gaston Presbyterian church at Philadelphia, Pa., will arrive in the city in July to make their home in Duluth. Rev. Leitch is pastor of Westminster Presbyterian church, Fifty-eighth avenue west and Greene street. His bride was Miss Kate Annie Leitch of Edinburgh, Scotland. They were married by the Rev. J. A. Crozier of the First Presbyterian church. The bride and groom were accompanied by the bride's father, Mr. Leitch, and the groom's father, Mr. Leitch. The bride's mother, Mrs. Leitch, and the groom's mother, Mrs. Leitch, were also present. The wedding was officiated by the Rev. J. A. Crozier of the First Presbyterian church.

## Brave Nita Rogers. Story of a Little Heroine.

er. So we'd better go home at once to see our mother."

The other Merry-Go-Happies agreed with the speaker, and all hurried out of the meadow. They had scarcely reached the road when they saw a woman standing there. When he returned to the meadow, looking for his boy and his Mother. And she, looking at the boy, said, "What a fine boy! I see nothing unusual about these faces. You must have been dreaming, to fancy they were the faces of the children of the Devil, so common and ugly as ever. What could have taken possession of your imagination?"

"You look about in a dumfounded way," Woll said. "I did see blossoms on these weeds, hundreds of blossoms, and I saw the children of the Devil, but it scratched my hand so that I let it alone. See, here's the place it scratched!"

He showed her the place where he had scratched wrist for his Mother's inspection.

"But we've got a catch on your wrist somehow," she snld. "But it did not come from a Weed-Blossom. There was no Weed-Blossom here." They were indulging in a day-dream. Cow, waker up, and let's go home. But—! The Boy said, "I'll get you a good yonder to that rocky place! Here grows the best grass, and here they usually remain."

"Yes, yes," said the Boy slowly, scratching his head. "And if I was dreaming while awake—well, the blossoms are left in the field. We went homewards with My Mother, and as they went along the Boy kept wondering and wondering, for he had never seen a flower before, and he knew he had not been fanciful.

"And never again did the Boy or Merry-go-Hopple know, for that same summer the dear funny little people decided to travel to a country new, and they were gone."

"Why," he supposed, they took up their abode, and no doubt the Old Man and Moon knows them well, and gains their news from the old legends of their plience.

"And no human beings—save that one Boy who met the Merry-Go-Hopples, and no animals—save those cows—ever saw them, either; and as no one could see them, neither the boys nor the weeds, and as the Cows could not talk to verify his statement, the Merry-Go-Hopples left the Earth without dis-

**LESSON NO. 107—TREED BY A BEAR.**

AN EASY REBUS.

The name of an English poet is hidden in the following sentences. Each sentence contains a one-syllable word whose initial letter helps to spell the name. Find the words and write them one below another—in the order of the sentences in which they appear—and the poet's name will appear before you spelled by the initial letters.

1. A king is not always happier than an ordinary man.
2. To live long one must eat with caution.
3. Art is a goddess who makes many demands of her lover.
4. A catchy tune makes a popular song.
5. The warble of the sun brings blossoms into being.

**PRIMAL ACROSTIC.**

1. Doubly curtall a place where merchandise is sold and leave to ennumerate.  
2. Triply curtall to link closely together and leave an ornament worn in ladies' hair.  
3. Triply curtall a body of troops and leave a sailing vessel.

ANSWERS TO LAST WEEK'S PUZZLES.

ONE is often perplexed by the murmuring sounds that come from a sea shell, but really there is no reason

### BEHEADINGS.

and its polished surface enable it to receive and return the beatings of all sounds that chance to be in the air around the shell. There are many superstitions regarding the murmuring of the sea shells.

### Why Sea Shells Murmur.

fish over there by the bridge." Just at this moment the prince's attendant came up and asked his young lordship's pleasure in remaining longer in the park or returning to the palace. He cast a questioning eye on Davey and Rosey. What right had the gardener's children to be in the prince's company, he asked himself.

"I wish to go over by yonder bridge and watch this young boy catch fish," said young Prince Henry.

## MAUD WALKER.

"Well, she has other company," replied the young prince, "and it pleases me to go over by the bridge for half an hour. There can be no objection to my doing so, I hope." And Prince Henry looked hopefully into his attendant's face.

"Well-I, I am not so sure about that, my lord," replied the attendant. "If the duchess should think it out of place for you to go there in the company of—of—"

the gardener's children, I should have the blame cast upon me, you know."

"There is nothing to cast blame on any one," said Henry. "But if there should be any question of fault—it is mine. I shall take it upon my own shoulders, Johnson."

"My lord," replied Johnson in a resigned manner. "I shall accompany you wherever you say."

Then, to Davey's pleased astonishment, he turned and asked him to lead the way to the best fishing place on the river's bank, remarking that he would go back to try his luck, if Davey would allow him to take one of his line and hook to a little while.

As they walked along over the park path, shaded by mighty trees, Prince Henry talked much to Davey out of his respect, and he drew Davey out of his reluctance, and made him speak of himself. "How do you pass away all your

"Oh, how free and happy you are," said Prince Henry. And he drew a long breath, and asked me a number of questions. I answered them as best I could, but he questioned me. And they were surprised to see how pale and unhappy he looked. His face had not the same healthy color as when I had seen him a few weeks before. He was dressed too fashionably for comfort and play. His hands were small and white and could throw him easily in a wrestling contest, and could do it without any arm. And he knew he could outdistance me in a race. I told him that I could not see, although I am a prince, I cannot have what I want, and that Prince Henry in low spirits. He told me that he had a great deal of money, and the little prince could charge and the little prince could without being overheard by him. "Now," said the prince, "I should like to see you without the prince's eye on me all the time."

**A** little come, back and  
 sleek,  
 Does in the barnyard run;  
 The little piggy, piggy, piggy,

young prince, who sat down on a fallen log and began angling, for a flay. Pretty soon he caught one, but Davey had to show him about pulling it from the water and removing it from the hook. "Oh, isn't it wonderful that I should catch a fish—just like any boy?" cried the prince. "Oh, isn't it nice to be just a boy—and not a prince?"

Davey looked at the prince and wondered at his words. And he—Davey—with all his freedom, had longed to change places with the prince, who, after all, was not happy, and whose life would be guided by others, and who could not

go anywhere alone—like an ordinary boy! It was not so fine being a prince, after all.

Just then Johnson looked at his watch and reminded his young lordship of the hour, remarking that luncheon would be awaiting him.

With a sigh young Prince Henry arose from the log, handed the fishing rod to Davey, saying: "I shall remember this half hour in your company with the keenest pleasure, and if the opportunity comes, I shall repeat it." Then he went off toward the palace, his face serious and sad.

"Oh, isn't it wonderful that I should catch a fish," cried the Prince.

## NEWS OF THE NORTHWEST

## BIG SHAFT AT CROSBY

Foundation Company Making Good Progress With Rogers Brown Works.

New Departure in Cuyuna Range Mining in Growing Mining Camp.

Crosby, Minn., June 25.—(Special to The Herald.)—Work on the cement shaft in section 11-46-23, known as the Niemeyer property, is progressing rapidly. Superintendent R. Jackson, of Chicago, representing the Foundation company, has charge of the work of sinking the shaft for the Rogers Brown works.

On June 11 the first batch of cement was thrown into the forms. The diameter of the shaft is twenty-seven feet. In the center of this circumference is the wooden form which leaves a rectangular opening 12½ ft. in diameter. Between this planking and the circular steel jacket the cement is solidly packed in. The average thickness of this cement wall is five feet, and the greatest thickness is eight feet. To further strengthen the walls immovable steel rods are placed closely together with the cement packed around them.

The mine has the appearance of a busy little village with its blacksmith shop, carpenter shop, offices and men's quarters a hive of industry. Stables and sheds have also been built. The narrow gauge track has been extended to reach another deposit of gravel used in the making of the concrete. A fifty-foot boom derrick with a forty-horse power engine is in constant operation. The clam-shell shovel is being used to dig the shaft. Three boilers are in position while two more are coming.

"The ground here," said Superintendent R. Jackson, "is quicksand and water bearing. It is rather difficult to ground to work in but we shall complete the shaft in September or early in October, going down approximately 70 feet. The sinking of mining shafts of America. For the pneumatic caisson work we import men from Chicago and other mining centers of the Cuyuna range in the Canisteo district at Marquette."

It is reported that two more shafts will be sunk by the Rogers Brown Ore company in great haste and a half a mile from Crosby, one of them being in section 10-46-23.

Mr. and Mrs. O. J. Larson returned Friday evening from their wedding trip and a reception and dance was given them after the usual shower of rice.

Jacob Mulovich and Mary Mikkelson were married Monday by Father Schiffer at the Catholic church. The festivities were held at the home of John Franz.

Sandstone, Minn., June 25.—(Special to The Herald.)—Gertie Muller, aged 13, who was seriously burned when her home near here was destroyed by fire early in the week, when her brother and sister perished, has been taken to the Minneapolis hospital for treatment. The child is in a very serious condition and her recovery is by no means certain.

## CROP DAMAGES REPORTS WILD

Level Headed Farmers in Red River Valley Not Given to Pessimism.

Crookston, Minn., June 25.—(Special to The Herald.)—The hot spell has been broken. After a very warm day the wind shifted to the north last evening and the night was taken to be a good one. The immediate necessity of rain because the crops are in great peril is being lessened. The early soft wheat is strong and vigorous, and the level-headed farmers contend that the damage as a rule is not so great as is being reported. The early soft wheat is strong and vigorous, and the level-headed farmers contend that the damage as a rule is not so great as is being reported.

While there is a great deal of pessimism, the level-headed farmers contend that the damage as a rule is not so great as is being reported. The early soft wheat is strong and vigorous, and the level-headed farmers contend that the damage as a rule is not so great as is being reported.

## WOULD SAVE EXPENSES.

So Druggist Lets Out. Pharmacist and Is Fined \$57.50.

Little Falls, Minn., June 25.—The old adage about penny wise and pound foolish was impressed forcibly upon W. H. Flynn, owner of a drug store at Pier, a point on the Soo road east of here, when he was fined \$57.50 for selling drugs without securing the services of a registered pharmacist. He was haled into Justice Randall's court. His belief in the penny saved is the pound gained was shattered when he learned that he recently bought the establishment from Dr. Senin and let the registered pharmacist go in order to save expenses. Flynn secured the services of a local pill mixer.

## GIVEN HEAVY DAMAGES.

Second Highest Amount Is Awarded in Copper Country.

Houghton, Mich., June 25.—(Special to The Herald.)—The jury in the case of Nick Minkinen, who brought suit against the Quincy Mining company for \$20,000 damages, returned a verdict Thursday awarding the plaintiff \$15,000.

The damages awarded are the second highest on record in the Copper Country. The case was brought by John Reiback, who lost his eye in an explosion at the Hancock Chemical works, against that company. The jury awarded \$15,000 being given to Reiback.

## NOT BAD AS PAINTED.

Col. Kelly of Devils Lake Gives Conservative Crop Estimate.

Devils Lake, N. D., June 25.—(Special to The Herald.)—Discussing crop conditions, Col. J. M. Kelly, who returned yesterday from a trip to the north end of the railroad, said:

"Certainly the condition of the crops is bad enough, generally speaking, but I don't think it is as bad as is being reported. The wheat is looking well, and with rain will produce an average. The corn is looking well, and with rain will produce an average. The soy beans are looking well, and with rain will produce an average. The oats are looking well, and with rain will produce an average. The clover is looking well, and with rain will produce an average. The alfalfa is looking well, and with rain will produce an average. The timothy is looking well, and with rain will produce an average. The hay is looking well, and with rain will produce an average. The straw is looking well, and with rain will produce an average. The grain is looking well, and with rain will produce an average. The stock is looking well, and with rain will produce an average. The poultry is looking well, and with rain will produce an average. The fruit is looking well, and with rain will produce an average. The vegetables are looking well, and with rain will produce an average. The garden is looking well, and with rain will produce an average. The orchard is looking well, and with rain will produce an average. The farm is looking well, and with rain will produce an average. The country is looking well, and with rain will produce an average. The world is looking well, and with rain will produce an average. The universe is looking well, and with rain will produce an average. The God is looking well, and with rain will produce an average. The Devil is looking well, and with rain will produce an average. ## WARM WEATHER AFFECTS REAL ESTATE MARKET

### Little Progress Made Toward Closing of Pending Deals.

### Visiting Real Estate Dealers Impressed By What They Saw.

The exceedingly warm weather of the past week has retarded the real estate business and the dealers would welcome a change. People are inclined to allow matters to run along without attention during warm weather, especially if they are business matters that do not require immediate attention. Vacation time is here and the real estate dealers have set themselves for a period of quietness. They may be surprised, as they were when the normally busy season produced less activity than they expected. However, the signs are that few big deals will be pulled off during the next month and that inquiry, local at least, will fall off considerably. There will undoubtedly be considerable inquiry from tourists and summer visitors and that will help keep up the general tone. The Great Lakes trip is becoming more popular yearly for summer outings and thousands of people are leaving Duluth every year to see the city. When a man is on a vacation, he does not always leave his business exactly behind and summer visitors to Duluth may be expected to see the opportunities for investment

and speculation that are always on the surface here. . . . The delegates to the convention of the National Association of Real Estate Exchanges came and went and Duluth was glad to have them. They came with rather a hazy idea of Duluth's importance. They went away after a sight-seeing trip that they will long remember and they took with them the opinion that Duluth has a great future and that they may well keep their eyes on the city. The real estate men were readily impressed with what they saw and convinced by it of the future of the city. In conversation with Duluth real estate men, they expressed the opinion that prevailing prices are low, that land in the vicinity of the city offers the greatest opportunities for speculation and that people from outside of the city will soon learn of the opportunities in Duluth and make the most of them. The visit of the real estate men will have its effect. From their questions, one learned that they were anxious to learn about the city, not only that they might have the knowledge, but that they might make use of it. They were especially anxious to get prices on suburban acres, and they were astonished at the low prices being paid for acres near the city. It is a fact that acres in the vicinity of Duluth are selling at lower prices than similarly situated land near other cities of Duluth's size. The fact is accounted for largely by Duluth's position on a hillside and the difficulty of access to the lands over the hill. Given good roads on an easy grade to the land above the city and street car service to the farming country on top of the hill, and acreage values will be bound upward. The real estate men who visited here came from twenty cities. They represent millions of dollars of capital, much of it being available for speculative and investment ventures. Many of the real estate men have a free hand in making investments for their clients, and from the tone of their conversation it was evident that many of them were impressed and that their interest in

Duluth would not end with their departure from the city. Duluth may expect to hear from them again, with profit to themselves and benefit, to the city.

The "Own-Your-Own-Home" movement goes on, regardless of seasons or weather. Real estate men unhesitatingly say that more residence lots have been sold in the city during the last three months than in any similar period for several years, and, perhaps, since the boom. The lots are different from the property transferred during the boom days, however. Purchases were made in speculation, but most of the sales made this spring were to people who intend to build their own homes and use the lots immediately. Movements of that kind are of far more interest to the entire city than are speculative movements, in the hysteria of which prices are likely to go bounding beyond all reasonable levels. Prices on residence lots in the city at present are equitable, and the movement is steady. Yet lots are being taken up as freely as in boom times, and thousands of dollars will go into new homes as a result of the movement.

### WILL LAY DUST ON BOULEVARD DRIVE.

The park board will treat the entire length of the boulevard eastwards from Thirty-ninth avenue west with Solvay calcium chloride to lay the dust. The drives in the parks will be treated with the same preparation. The board experimented with the Solvay chloride on Fifteenth avenue east and obtained such excellent results that it has been determined to use it throughout the park system.

### SAWYER, N. D., MAN IS DEAD OF INTENSE HEAT.

Sawyer, N. D., June 25.—(Special to The Herald.)—Chester Doland of this city, who became insane last Sunday by reason of the intense heat, died yesterday afternoon at the state hospital for the insane at Jamestown. Up to the time he became affected by the heat, he was in apparently good health. The body was shipped last night to Leland, Iowa, for burial.

If your "big think" just now is about clothes, you'll find "thought food" in plenty in the ads.

## BETTER THAN GOVERNMENT BONDS

\$8,000

\$9,000

\$16,500

Three five-room brick flats, bath, toilet, gas, electric light; hardwood finish and floors; large basement and separate coal bins. Four-room frame dwelling in rear, city water, toilet and electric light; hardwood finish; easy terms; West Third street, near Twentieth avenue. This property pays 10 per cent on investment.

Three six-room brick flats, bath, gas, electric light, hot water heat, hardwood floors and finish; good terms; East First street, near Eighth avenue. Income over 12 per cent net.

Four seven-room flats, bath, hot water heat, laundry tubs. Very new and modern flats. Easy terms; East Second street, near Fourteenth avenue. This pays 8 per cent net.

WE LOAN MONEY ON REAL ESTATE. WE WRITE INSURANCE IN A-1 COMPANIES ONLY.  
**CHAS. P. CRAIG & CO.**

\$4,200—Beautiful cottage, corner of McCulloch street and Forty-third avenue east; modern in every respect; avenue and street fully improved. **Splendid Bargain.**

New Houses, \$3,500—For a complete modern house on McCulloch street, extra well built.

\$4,500—For nice six-room house in same locality; modern and built on honor. Changes can be made to suit purchaser in both places if taken soon.

## GREENFIELD

Phonics: Office, 2147; Home, 19-1. Residence, 19-1.  
310-311 Columbia Building.

## Lands and Homes

\$2,500—Seven-room house, stone foundation, basement, hardwood floors, water, sewer, gas; easy payments; East end.

\$2,500—Fine corner lot. Twenty-third avenue, west and Second street. Snap.

\$1,000—Good five-room cottage; central; good lot; very cozy house.

\$2,100—Two nice business lots, West Duluth; well located; good buy.

\$700—Twenty acres of land near Steel plant.

\$3,000—Forty acres near Terminal. Snap—The best buy to be had; forty acres near Fond du Lac.

Money to Loan—Fire Insurance.

**W. H. LOCKER,**  
410-417 Lonsdale Building.

## LOOK THIS UP!

A rare chance to get a good home at a bargain; seven-room house, full basement, water, bath, toilet and electric light; fire place; hardwood finish throughout; lot 50x125; fine location; price, \$3,800; \$1,800 cash; balance, mortgage three years, 6 per cent.

**L. A. BARNES,**  
304 Central Avenue, West Duluth.

## GOOD HOMES

\$3,000 buys a new 6-room house in the East end. City water, sewer, gas. Terms \$600 cash, balance very easy.

\$2,000 buys another in Central East end, and on very easy terms.

\$1,800 and \$2,100—Your choice of two A1 investments.

\$9,000—Fine East end home.

**L. A. LARSEN CO.**  
Fire Insurance and Loans.  
214-215 Providence Building.

## BARGAIN

Two five-room flats, hardwood floors, water, sewer, gas, electric light; all modern plumbing; rental \$30 per month.

\$500 Cash and \$50 Per Month.

**A. H. BURG & CO.**  
REAL ESTATE LOANS INSURANCE  
200 Alworth Bldg. Phones, 507.

## DOES THIS FIT YOU? 6-ROOM HOUSE

Concrete foundation, hot water heat, electric light and gas; hardwood floors.

\$1,100 Cash—Will handle this, balance of \$3,000 at 6 per cent. CALL US UP.

**C. H. Graves & Co., Inc.**  
Suite, 500, Alworth Building.

## FLORIDA LAND!

Crop report last year averaged over \$450 per acre. You can do at least half as well.

Is it not worth trying for?

**GREGORY & STEVENSON**  
New Phone 2385, 404 Lyceum Bldg.

## CROSLEY PARK HOMES

I am just completing five beautiful six-room houses, each with bath, maple flooring throughout, and all modern conveniences, in the prettiest portion of CROSLEY PARK. Every one of them are on lots 50x140 feet, overlooking the lake, located at Fifty-fourth avenue east and Wyoming street, near Lakeside car line, and have oak finishings down stairs and complete plumbing.

Will do interior decorating to suit, and will sell for small cash payments, balance monthly installments. . . . Inquire at office or on premises for complete information.

## ARE YOU PLANNING TO BUILD? HERE IS AN ENGLISH HOUSE, COSTING \$5,000

ANTHONY PUCK & HOLSTEAD ARCHTS. DULUTH.

It is a saying that we generally obtain neither more nor less than we deserve, and much of this is reflected in our selection and maintenance of our home. The "grubby" man is reflected in the "grubby" dissipated shack, and the other one, who has that sense of the fitness of things which is akin to art, shows as much in his house. If this is so then it is evident that those who may build or live in houses, have a large share in this subject of house building, and in a great measure the success of our architects and builders will depend on the amount of real help that is extended to them. By this is meant a knowledge of the subject, not only from the point of view of the provision of so many cupboards and so

many rooms in a house, but in addition an acquaintance with the periods of building that have passed and the phases of thought that have induced their being. Without being dogmatic, it can be maintained that a sympathetic client, and one having knowledge, is the most important element in the contract to build a house. Such a one will obtain his share of the house, and will have the very plain reason that they are not thought.

The sketch this week shows a simple refined house in the late Tudor style of English architecture, with brick first story and rough cast second story with a little timber framing in bay and gable, which is a charming use of the

materials, and relieves the tendency to monotony. The first floor contains a hall with direct light; a living room, with fireplace and French casements opening onto a garden in the angle of the plan; a dining room, with bay window; a den, which has its door screened from view of the entrance; and a kitchen and pantry, furnished with cupboards, sinks, etc. The second floor has four bedrooms, with closets and bathroom, all roomy and well lighted. The first floor finish will be stained pine, except kitchen and pantry, which will be in birch. The second floor finish will be of maple.

The cost, inclusive of heating and plumbing, will be \$5,000 in Duluth or vicinity.

**ANTHONY PUCK & HOLSTEAD,**  
Architects, Duluth.

—Photo by McKenzie

Crosby park illustrates the extent of the "Own Your Own Home" movement in Duluth. It is spreading out to include everywhere from the city center to the suburbs. There is room enough for all and what has been done in Crosby park will be done in other sections of the city. The land will be cut up into building lots, the lots will be readied and ready to build on and the city will extend its bounds to care for the growth.

10. The following table shows the number of people who attended the concert in each of the five years from 1990 to 1994.

FALLING OFF  
IN BUILDING

Much Work in Progress, But  
Few New Structures  
Planned.

Building Permits Are All  
for Low Priced Resi-  
dences.

Except for residence building, of  
which there is a great amount in  
progress, the building industry is  
as bright as the builders and archi-  
tects would like it to be. There is  
some work on the architects' boards  
but it is mostly in the way of apart-  
ment houses and residences and the  
prospects are not bright for any more  
big buildings going up in Duluth this  
year.

There has been a decided falling off  
in building permits, those taken out  
this week being for low-priced resi-  
dences. Following are the permits  
issued by Building Inspector S. M.  
Kieley during the week:

To A. M. Martin, frame dwell-  
ing, Seventh avenue east, be-  
tween Eleventh and Twelfth  
streets, 800.  
To C. E. Peterson, summer cot-  
tage, Jay street, between  
Fourth and Fifth streets, 800.  
To S. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 150.  
To J. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 2,000.  
To J. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 2,500.  
To J. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 3,000.  
To J. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 3,500.  
To J. H. Pearson, frame dwell-  
ing, Tenth street, between  
Fifth and Sixth streets, 4,000.

MILK STILL  
BELOW GRADE

Many Restaurant Keepers  
Fall Down on Second  
Test.

Others Show Right Spirit  
and Invite Frequent  
Tests.

Several restaurant proprietors are  
liable to arrest as the result of tests  
of a second sample of milk taken  
from their places by Milk Inspector  
Owens of the health department.

Despite the ample warnings given  
them when the first tests failed to  
come up to the standard required by  
the state law, it appears that a few  
of them have persisted in selling  
skimmed milk of exaggerated thinness  
to the public.

This is not true generally of the  
larger dealers, but mostly of the men  
who cater to the poorer class of trade.  
Two or three of these had milk of  
the poorest kind when the first  
samples were taken. One contained  
but 5 per cent and another but 7  
per cent butter fat, while the state  
law calls for at least 3.5 per cent.  
These have improved some, but they  
are still far below the standard of  
over fair milk.

At the time of the first tests, Health  
Commissioner Webster and Inspector  
Owens declared that arrests would  
follow if the next trial if the milk  
was not up to 3.5 per cent. Dr.  
Webster was most emphatic in his  
department, stating that he would  
compel the restaurants to serve good  
clean milk if he had to keep one man  
in custody on warrants sworn out by  
the health department.

The bigger restaurants and the  
lunch rooms have called up the health  
department since conditions were first  
revealed, asking for tests of their  
milk at any time. They wrote the  
department, stating that they would  
be glad to aid them in their  
checking up the product of the men  
who sell it to them.

Inspector Owens has also secured  
some apparatus for testing the milk  
for cleanliness. In the future he will  
apply both tests to the milk. Not  
only will it have to contain 3.5 per  
cent butter fat but it will have to be  
free of all specks and foreign matter.

WILLING TO BE A GOOD FELLOW.  
The approach of the season when the  
forlorn stranger with the whispering  
tones and the hat down over his eyes  
stops to ask the price of a light  
luncheon recalls the tale of Prince  
Kluge and the generous panhandlers,  
says the Cleveland Plain Dealer.

He said he had not tasted food for  
many, many days. Even so small a  
sum as 15 cents, he suggested, might be  
sufficient to stave off actual starvation.  
"See here," he begged McKinney sternly,  
"isn't it a fact that you want this  
money for drink and not for food at all?"

The man looked him in the eye,  
dropped his head and gulped and owned up  
that it really was a good drink that he  
had in mind when he mentioned his  
need of food.

"Oh, well," sighed McKinney, "I sup-  
pose if you want a drink that had you  
get it sooner or later, and I might as  
well give you the money as somebody  
who doesn't know what you want if  
you. Besides, I feel that I should give  
you for telling me the truth. He picked a dime and a nickel out from  
the change in his pocket and handed it  
to the stranger.

"Say, old fellow," proposed the man,  
"if you feel like making that a quarter,  
dangled if I won't set 'em up."

If a few more table guests would  
make it profitable for you to keep  
your doors open, then you have business for  
a Herald want ad.

The iron frame work for the kiosk  
given to the city by the United States  
weather department has arrived from  
Philadelphia and is being set up at  
the intersection of the paths on the  
courthouse grounds.

A cement foundation has been built  
and on this it will stand. Workmen  
under the direction of Engineer Wil-  
liam Williams were at work this  
morning setting up the frame work.  
The instruments which indicate the  
changes in the temperature and tell of  
approaching storms and fine weather  
have not as yet arrived.

The kiosk was given to the city  
some time ago. Bishop James McEl-  
rick was instrumental in landing it.  
There are but few of them in the  
country.

It is expected that within two weeks  
the instruments will have arrived and  
the machine will be in working order.

PORTLAND, N. D. HAS  
DISASTEROUS FIRE

Four Business Buildings De-  
stroyed at Loss of About  
\$25,000.

Hillsboro, N. D., June 25.—(Special  
to The Herald.)—About \$25,000 dam-  
age was done by a fire which de-  
stroyed four business buildings at  
Portland, Traill county. The blaze  
started in the E. K. Engstrom clothing  
store and had a good start when it  
was discovered. The James Simla  
family, residing upstairs, barely es-  
caped. Desperate efforts were put  
forth by the Portland people to stop  
the flames, but the steam engine  
broke down and an old hand pump  
had to be resorted to.

The losses are: Engstrom clothing  
store, contents and building, \$10,500;  
\$2,000 insurance; Andrew Edson  
Furniture store, contents and building,  
\$10,000; C. P. Boon, jewelry stock,  
\$2,000; C. P. Boon, photograph studio,  
\$1,300, and C. Knutson feed mill,  
\$2,000. The origin of the fire is un-  
known.

KIOSK WILL SOON  
BE IN WORKING ORDER.

## MARINE NEWS

TWO STEAMERS AND TUG GO TO  
ASSISTANCE OF STRANDED VESSEL

THE L. C. SMITH ON THE ROCKS.

THE BOPE PULLING ON THE SMITH.

The tug Crosby and the steamers  
Lyman C. Smith and Saxona left port  
this morning for the rescue of the  
stranded vessel L. C. Smith ran on  
the rocks Thursday.

The tug America has been on the  
job for several days and yesterday she  
and the steamer Wilkinson tried to  
pull the stranded boat from her dan-  
gerous position on the rocks. Their  
efforts were unsuccessful, however,  
and they finally gave up.

Today the American, Crosby and  
three steamers will make another try.  
If they are unsuccessful it will be  
necessary to use hydraulic jacks.

The boat is hard on the rocks, her  
bow being well up out of the water.  
Fessel men are inclined to think that  
more strenuous methods than pulling  
will be necessary before the stranded  
boat is finally released.

All day yesterday there was a stiff  
breeze and it was feared for some  
time that she would be broken up. If  
the wind had continued steady or had  
increased in volume, it is probable that  
she would have been pounded to pieces.  
Her owners are hoping to get her off  
before the wind does any damage.

The damage to the boat is confined  
to the forward portion. Materials have  
been taken with which to patch up the  
holes.

MANY BOATS ARE  
BEING LAID UP

Dullness in Marine Circles  
Attributed to Light De-  
mand for Ore.

Just at present there is a midsum-  
mer dullness being felt in marine cir-  
cles all over the lakes.

It is estimated by local marine men  
that a total of fifty boats which were  
in commission at the beginning of the  
season, are now laid up because there  
is not enough work to go around.

The dullness is attributed for the  
most part to the light movement of  
ore down the lakes. The demand is  
light, and only the boats that have  
season charters are constantly busy.

The dullness coming at this time of  
the year looks bad to the vessel men.

although they remain optimistic. This  
should be a busy part of the season,  
although the greatest rush of the year  
always comes late in the fall.

MANY BOATS ARE  
BEING LAID UP

Dullness in Marine Circles  
Attributed to Light De-  
mand for Ore.

Just at present there is a midsum-  
mer dullness being felt in marine cir-  
cles all over the lakes.

It is estimated by local marine men  
that a total of fifty boats which were  
in commission at the beginning of the  
season, are now laid up because there  
is not enough work to go around.

The dullness is attributed for the  
most part to the light movement of  
ore down the lakes. The demand is  
light, and only the boats that have  
season charters are constantly busy.

The dullness coming at this time of  
the year looks bad to the vessel men.

although they remain optimistic. This  
should be a busy part of the season,  
although the greatest rush of the year  
always comes late in the fall.

where the steamer L. C. Smith ran on  
the rocks Thursday.

The tug America has been on the  
job for several days and yesterday she  
and the steamer Wilkinson tried to  
pull the stranded boat from her dan-  
gerous position on the rocks. Their  
efforts were unsuccessful, however,  
and they finally gave up.

Today the American, Crosby and  
three steamers will make another try.  
If they are unsuccessful it will be  
necessary to use hydraulic jacks.

The boat is hard on the rocks, her  
bow being well up out of the water.  
Fessel men are inclined to think that  
more strenuous methods than pulling  
will be necessary before the stranded  
boat is finally released.

Fessel men are inclined to think that  
more strenuous methods than pulling  
will be necessary before the stranded  
boat is finally released.

All day yesterday there was a stiff  
breeze and it was feared for some  
time that she would be broken up. If  
the wind had continued steady or had  
increased in volume, it is probable that  
she would have been pounded to pieces.  
Her owners are hoping to get her off  
before the wind does any damage.

The damage to the boat is confined  
to the forward portion. Materials have  
been taken with which to patch up the  
holes.

SENTIMENT  
IS DIVIDED

Majority of Wholesale Houses  
Favor the Saturday After-  
noon Closing.

Many Retailers Are Will-  
ing to Close If  
All Do.

The members of the committee in-  
terested in the Saturday half holiday  
for retail clerks during July and  
August are busy in the endeavor to  
secure the early closing during the two  
months to begin the Saturday following  
the Fourth, which will be July 9. The  
executive committee consists of Bishop  
McClure, Mrs. R. P. Boyington, Miss  
Jean Poirer, George A. Gray, A. G.  
Strong and the Rev. Arthur H. War-  
tele. The committee sent out 442  
copies of the following circular with a  
card enclosed for return upon which the  
recipient might write his views of the  
matter. One hundred replies were re-  
ceived. The circular was as follows:

"To the Employers of Labor, Duluth,  
Minn.

Gentlemen—The hot summer months  
have arrived, and the sympathy of  
many people is extended to those who  
have to work for long hours in stores  
and factories and other places where  
labor is employed.

The long hours on Saturday have  
proved to be especially injurious, and  
ing of the labor on that day would  
mean the improving of health of many  
of our young people. We therefore  
appeal to you to use your influence  
to bring about this necessary change.

As of course, you know, all cities  
of the first class, and the majority of  
the second class, have already in-  
stituted this reform, and if anything can  
be done to assist the situation in Du-  
luth, Minn., your co-operation will be  
greatly appreciated. We believe that  
it is a matter of education that people  
should do their shopping on five and  
one-half days of the week rather than  
on the remaining one-half day on Sat-  
urday, and we are trying through pul-  
pit and press to educate the people  
along these lines.

For those firms that will assist us  
by co-operation, we will in return, try  
to get the public to give the benefit  
in their purchases. We have always  
felt assured of your sympathy with  
this move, and therefore we ask you  
to signify on enclosed card whether  
you will be willing to close your stores  
during the hot months of July and  
August at 1 o'clock Saturday after-  
noon, thus giving your employees forty-  
three hours to gain the necessary rest  
and refreshment that will make them  
efficient assistants in your employ."

Of the hundred replies received  
many were from wholesale establish-  
ments. The wholesalers of the city  
have followed the custom for  
closes of closing at 1 o'clock Sat-  
urday, some for four months dur-  
ing the spring and summer and others  
for a year around. They signified their  
intention to continue to do so. Many of  
the second class of the city have fol-  
lowed the custom and others do it  
when possible. Several others replied  
that only the proprietors would after  
1 o'clock on Saturdays.

Of the large retail stores only one  
replied with an entire and uncondi-  
tional agreement to the Saturday closing.  
Several did not reply as yet, and  
others made the proviso that their es-  
tablishment would close if others in  
their line would also agree to the propo-  
sition.

Several grocers and meat dealers  
thought a half holiday could be ar-  
ranged more easily for their business  
on some other afternoon of the week  
than were willing to consider the pro-  
position. Many considered that the  
perishable quality of their goods make  
it impracticable to close Saturday af-  
ternoon.

Schulze Bros., wholesalers, close their  
business Saturday afternoon and will  
continue to do so. They signified their  
intention to continue to do so. Many of  
the second class of the city have fol-  
lowed the custom and others do it  
when possible. Several others replied  
that only the proprietors would after  
1 o'clock on Saturdays.

## FIREWORKS SET OFF BY THE SUN'S HEAT

### Euclid Citizens Get Scared Thinking Bank Robbers Are at Work.

Crookston, Minn., June 27.—(Special to The Herald.)—Sunday morning the Fourth of July fireworks in the J. S. Chapin drug store at Euclid were ignited by the intense heat from the sun, which shone in under the curtain of the front window, and the entire collection was exploded.

The store was locked at the time, but Willie King, a mere boy, prevented a disastrous conflagration by giving the alarm.

The damage was confined to the plate glass window, and that done by water and smoke. Jack Fulton, St. Anthony & Dakota Elevator agent, got his hands and arms badly burned in fighting the flames.

The noise of the explosion created a panic in the village for a few moments as it was thought the exploding fireworks were revolver shots and that the new bank there was being burglarized.

Some lodgers are of romantic tendencies—so publish your furnished room ad this day the room is vacated.

## HOT WEATHER CLOTHING

BRANCH OFFICES:  
A. Jensen, 330 North 57th Ave. W. J. J. Moran, 316½ North Central Ave.

## ARE AFTER NEW DEPOT

West Duluthians Claim Present Station Is Out of Date.

Want New Location to Prevent Blocking of Central Avenue.

In connection with the agitation for a new depot at West Duluth, a number of the leading business men favor the idea of building the new station east of its present location, that when trains stop at the station platform, Central avenue will be in the clear.

It is rumored that the Canadian Northern and Northern Pacific roads will build a union depot at Fifty-fourth avenue west, but the rumor comes from an unofficial source. But whether the union depot is built or not, there is a strong need for a new Northern Pacific station.

The old structure is out of date in almost every particular. It has no waiting room for women and its passenger and freight facilities are much too small. Its location is not the most suitable as whenever trains stop at the crossing, Central avenue is blocked. Fire teams have been held up for three minutes at the Central avenue crossing. This would, of course, be practically impossible, if the station were rebuilt east of its present location.

If the railroad does not show any disposition to construct a new station at West Duluth, a number of the business men will bring the matter before the railroad commission.

## NECKLACE AND TWO WATCHES ARE STOLEN.

Some time Saturday afternoon burglars entered the home of Thomas Burnside, 5408 Columbia street, and after a thorough search secured two gold watches valued at \$150, a pearl necklace valued at about \$75 and 25 cents in pennies.

The burglary was not discovered until yesterday morning when Mr. and Mrs. Burnside looked for their watches. The timepieces were missing and a further investigation showed that the house had been thoroughly gone over in search for valuables.

The burglars must have worked between 3 and 5 o'clock Saturday afternoon when Mrs. Burnside was up town. The children were the circus grounds and Mr. Burnside was at work. As soon as the loss was discovered the police were notified, but no clue as to the identity of the burglars has been discovered.

## AN AMATEUR FIRE BRIGADE

Spirit Lake Cottagers Hold Fire in Check With Buckets.

When fire broke out Saturday afternoon at the summer cottage of Warren Crosby and three other West Duluth men at Spirit Lake, Mr. and Mrs. Ed Robinson, who live nearby, first spread an alarm, and then carried water up a steep embankment to keep the fire from spreading to adjoining property.

When help arrived Robinson made a quick trip to Billings park, Superior, and returned with a fire engine. The fire of about fifteen men was soon extinguished, and although the Crosby cottage and contents were burned, adjoining houses on each side of the structure were saved, despite the fact that a high wind was blowing.

One of the cottages is owned by Al Peterson, Sid McGowan and another Superior man.

## JOSEPH B. GIBSON FOR STATE COMMANDER.

At the annual convention of the United Spanish War Veterans, which will be held at Fairbault, Minn., June 29 and July 1, the Duluth delegation will present the name of Joseph B. Gibson of 250 West Fifth street as a candidate for the office of state commander. He has been promised the support of the Twin Cities and Winona delegations.

No attempt will be made to secure the 121st convention for this city. The delegates from Camp John G. McEwen, No. 4, who will leave Wednesday, are: Marvin C. McLaren, Martin Rude, Dr. E. C. Clements, Past Camp Commander Theodore Simon and Joseph Gibson; State Surgeon General C. E. French. The delegates to the ladies auxiliary convention are: Mrs. John Uie, Mrs. J. B. Gibson, Mrs. C. E. French and Mrs. T. Simon.

## AGED WOMAN FOUND DEAD AT HER HOME.

The funeral of Mrs. Elizabeth O. Kellar, 71 years old, who died at her home, 2141 11, 5493 Grand avenue, Saturday afternoon, will be held tomorrow morning at 9 o'clock from St. James Catholic church, Fifty-seventh avenue west, with burial at Calvary cemetery.

Mrs. Kellar was found dead by a neighbor who lived in the next flat. She is supposed to have died alone from heart trouble. She lived with

## YOUTH GIVEN NOMINAL FINE.

David Cragen, 17 years old, a young man of New Duluth was arrested on a warrant charging assault upon the 9-year-old son of E. J. Pizzard also of New Duluth. Young Cragen was arraigned in the West Duluth justice court, where he pleaded guilty and was fined the cost of the case.

## Barnes Is Candidate.

Lucien A. Barnes, present member of the school board and alderman from the Eighth ward, is a candidate for re-election. The committee is pointing to select a candidate to receive the support of the school board. A petition is circulating asking that Mr. Barnes' name be placed on the ballot.

## West Duluth Briefs.

Trimmed and untrimmed hats at half price. Come early. McClellan's millinery, 5613 Grand avenue.

Mr. Home, formerly of West Duluth, where he conducted a grocery store a number of years ago, now of Milwaukee, is renewing acquaintances today in the western end of the city. He is looking after his property interests while in the city.

Mr. and Mrs. J. J. Johnson of Forges Falls are guests at the home of Mr. Johnson's father, Mr. and Mrs. Anthony Johnson of 624 Western street. Mr. Johnson owns a large farm near Forges Falls.

Children's hats at reduced prices for the Fourth at Lindgren's, 305 Central avenue.

It is probable that L. A. Sulcova, president of the West Duluth Republican club, will name the arrangements committee for the annual banquet, which is to be held the latter part of the summer at Wade's hall, Central avenue and Ramsey street. The next meeting of the club, Saturday evening.

Andrew Paul of International Falls, Minn., a former West Duluthian, is visiting at the home of Mr. and Mrs. D. Seip of Forty-second avenue west.

Miss Catherine McBeth is a delegate to the Christian Endeavor society convention, which will be held at Manitowish, Minn., July 7 to 10. She was named to represent the society of the Westminister Presbyterian church.

Hubert Scanlon will leave this week for his mother, Mrs. Thomas Galway, who is visiting there.

Mr. and Mrs. D. E. Cowden of 623½ North Fifty-sixth avenue west have the guest Dr. Buland of Hobart, Ind.

Joseph, the infant son of Mr. and Mrs. James Joyce of 294 West Sixth street, died this morning. The funeral was held this afternoon from the family residence with burial at Onondaga cemetery. Wedding presents, Hurst, West Duluth jeweler.

Invitations have been issued for an informal party to be given Thursday evening at the West Duluth Commercial club rooms under the auspices of Kitchi Gammil lodge, No. 125, Knights of Pythias.

## IS SMOOTH OPERATOR

Police Claim 10-Year-Old Boy Is a Clever Thief.

Twice Caught Robbing Telephone Booth and "Bluffed" His Accusers.

The police declare that in the capture of Segal, 10 years old, Saturday night, they have rounded up the cleverest boy telephone booth burglar they have ever encountered.

Making a dash for smoothness and cleverness he is in a class by himself. Caught twice before by officials of the Duluth Telephone company, he told accounts so squarely in the eyes that they thought him innocent and allowed him to go. The same booth has been burglarized repeatedly. The police were notified and a search was set to work. The fourth night his vigil was rewarded. Working in an attitude such as would be taken if he were talking to some one who has been handed in the act. The telephone had been so fixed that a bell sounded when Segal confessed at police headquarters.

Major Cullen this morning to learn if it would not be possible to prevent the issuance of licenses to circuses on

## CIRCUS HARD ON BUSINESS

Merchants Claim It Cut Their Saturday Trade in Two.

A delegation of a score of the biggest retailers in the city called on Mayor Cullen this morning to learn if it would not be possible to prevent the issuance of licenses to circuses on

**OPENING OF THE COLONIAL THEATER**  
THIS EVENING  
MATINEE EVERY AFTERNOON, COMMENCING TUESDAY AT 2:30 P. M. PRICES 5 AND 10 CENTS.  
230 NORTH CENTRAL AVENUE

## All Silk Tailored Suits and Black Silk Tailored Coats at a Reduction of 25 per Cent

This includes Rajah, Shantung, Silk Repp and Silk Diagonal Suits in strictly plain tailored and three-piece Demi-Costume styles, in the natural shades and colors. Former prices \$39.50 to \$97.50—at \$30 to \$73.50. None of these are reserved, and they include some of the choicest garments in stock! Beautifully tailored plain models, richly lined with soft peau de cygne. Some slightly trimmed with touches of Persian and others handsomely embroidered or braided, and some combined with not—all are the present season styles.

Also, Black Satin, Moire and Taffeta Coats, in Plain or Fancy Styles, Suitable for Street or Dressy Wear, at a Reduction of One-Fourth from the former prices, which ranged from \$35.00 to \$59.50.

Our Higher-Grade Linen Suits are also Liberally Reduced. This includes Trimmed Linen Suits in exact copies of imported models. Values to \$35.00 at \$25.00, and values to \$49.50 at \$35.00.

Only a special lot of ten dozen—we cannot promise to supply the demand after the given number of pairs is exhausted.

Correct Dress for Women.

**J.H. Gidding & Co.**

1st Ave. W. and Superior St.

Saturday nights. All of them declared that the presence of the circus in town Saturday night reduced their business to a considerable extent, some saying that it was cut in two. The total reduction in the volume amounted to thousands of dollars. The mayor would not say for them, but the matter will likely be taken up with the council.

## COMEDY DRAMA LEAGUE

"Indian Summer" with six comedy sketches.

## HARRY CARROLL VISITS DULUTH

Advertising Manager for Los Angeles Store Greets Old Friends.

Harry S. Carroll, advertising manager for the Broadway department store of Los Angeles, Cal., accompanied by Mrs. Carroll, is a guest of Duluth friends for a few days.

Mr. Carroll will be remembered as former advertising manager for I. Freimuth's department store. He left Duluth six years ago for the Pacific coast. For the past five years he has been connected with the Broadway store, owned by Arthur Letts, and which is considered one of the largest organizations of its kind on the coast.

Mr. Carroll is on his way home from a trip that embraced a large number of the largest trade centers of the East and Middle West where he has been making a study of department store management and publicity methods employed in some of the most successful institutions of that sort. His itinerary included such cities as St. Louis, New York, Philadelphia, Washington, Indianapolis, Toronto, Buffalo, Duluth, St. Paul, Minneapolis, Omaha and San Francisco.

I may much of the success that I have attained in my advertising work to the training that I got here in Mr. Freimuth's store," said Mr. Carroll. "I have learned a great deal in this trip, as he referred to his former connections with the department store business in Duluth.

I find that you can buy things just as cheap and as a general rule, a little cheaper in the West than in the East. That sounds like a pretty broad statement, but I have made careful inquiry everywhere that I have been and except in a few cases, I found that the stores of the West are selling the same class of goods at a little cheaper than the stores of the East. It shows that some people have the wrong idea when they think they can do better by purchasing in the East than of their

Mr. Carroll is a firm believer in the afternoon paper as the best medium of publicity for the merchant. "Our experience," says Mr. Carroll, "has proved conclusively that it is the afternoon papers which get the results.

HARRY S. CARROLL.

## NO RELIEF PROMISED

Weather Man Says It Will Continue to Be Warm and Bright.

\*\*\*\*\*

Duluth is again choking and perspiring under a scorching hot day that is more like the torrid weather of an Arizona desert than of the country surrounding the blue waters of Lake Superior.

The record of the present hot spell, 94 deg., was equalled at 2:30 o'clock with the possibility that the mercury would mount still one or two degrees higher before sunset.

What breeze there was gave little relief, for it was like a hot blast from a furnace. Duluthians longed for a good old northeaster. They ever thought longingly of fog and rain from old Lake Superior. Fortunately the nights are cool, and in this respect Duluth has the advantage of nearly every other large city in the country. In the inland cities, travelers and tourists state, the weather is almost unbearable. People are sleeping in parks and on the roofs of houses in a vain attempt to find some relief. The nights are sultry, and almost as hard to bear as the scorching sunshine. But in Duluth it is different. With sunset there generally comes a cooling, refreshing breeze, which is as welcome as a drink of sparkling water to a thirsty traveler.

In Duluth at 5 a. m., for instance, it was only 63, but the mercury climbed with the sun, jumping from 3 to 5 deg. an hour. At 1:30 it touched 93 and at 2:30 it was up to 94 deg.

There is no rain in sight and the clear, warm weather is due to continue tomorrow.

Most of "the salesmanship that sells things" begins in the advertising. Sometimes it's completed there—sometimes by the store salesman or saleswoman.

## ONLY ONE LIFE LOST ON BOAT

Nearly 100 Injured in Burning of Steamer J. S. at Victory, Wis.

La Crosse, Wis., June 27.—Latest canvass of homes of people who were on the excursion steamer J. S. when it caught fire and burned to the water's edge, near Victory last Saturday night, indicate that Mrs. Emma Randall of New Albin, who leaped into the river when the alarm of fire was first sounded, was the only passenger out of 1,500 who lost her life. Her body was recovered this morning from the spot where she plunged into the stream. John Plank, who was reported burned to death in the boat's brake, was located this morning at Desoto.

The list of injured is constantly increasing and now reaches close to 100. Only six of these suffered serious injuries, the others having minor cuts and bruises which will not lay them up. Many burned their hands sliding down ropes from the second and third decks.

Federal Officers to Investigate.

The hull of the boat is guarded by five officers and government steamboat inspectors are on their way from Dubuque to make an investigation of the cause of the disaster. Fire started in the hold of the boat near the front hatchway, possibly from waste and oil which caused spontaneous combustion, although this has not been definitely determined.

The loss to the Acme Packet company is estimated to be \$60,000. Practically every passenger on the steamer lost clothing, handbags, money, jewelry or other valuables in the mad rush for land and it is estimated that this combined loss will aggregate \$100,000.

## DRIVEN INTO STREET BY FIRE

Occupants of Rooms Over Kaiserhof Aroused in Early Morning.

A number of lodgers in the apartments above the Kaiserhof, 1 East Superior street, were driven in scant attire into the street about 5 o'clock this morning when fire was discovered on the second floor of the building. The fire department extinguished the flames after considerable work.

The damage will amount to between \$4,000 and \$5,000. The building and furniture are owned by Benz & Co., and are leased by F. W. Miller & Co.

The fire department was called to the same building this afternoon, one of the smoldering mattresses having broken out in flames. No further damage was done.

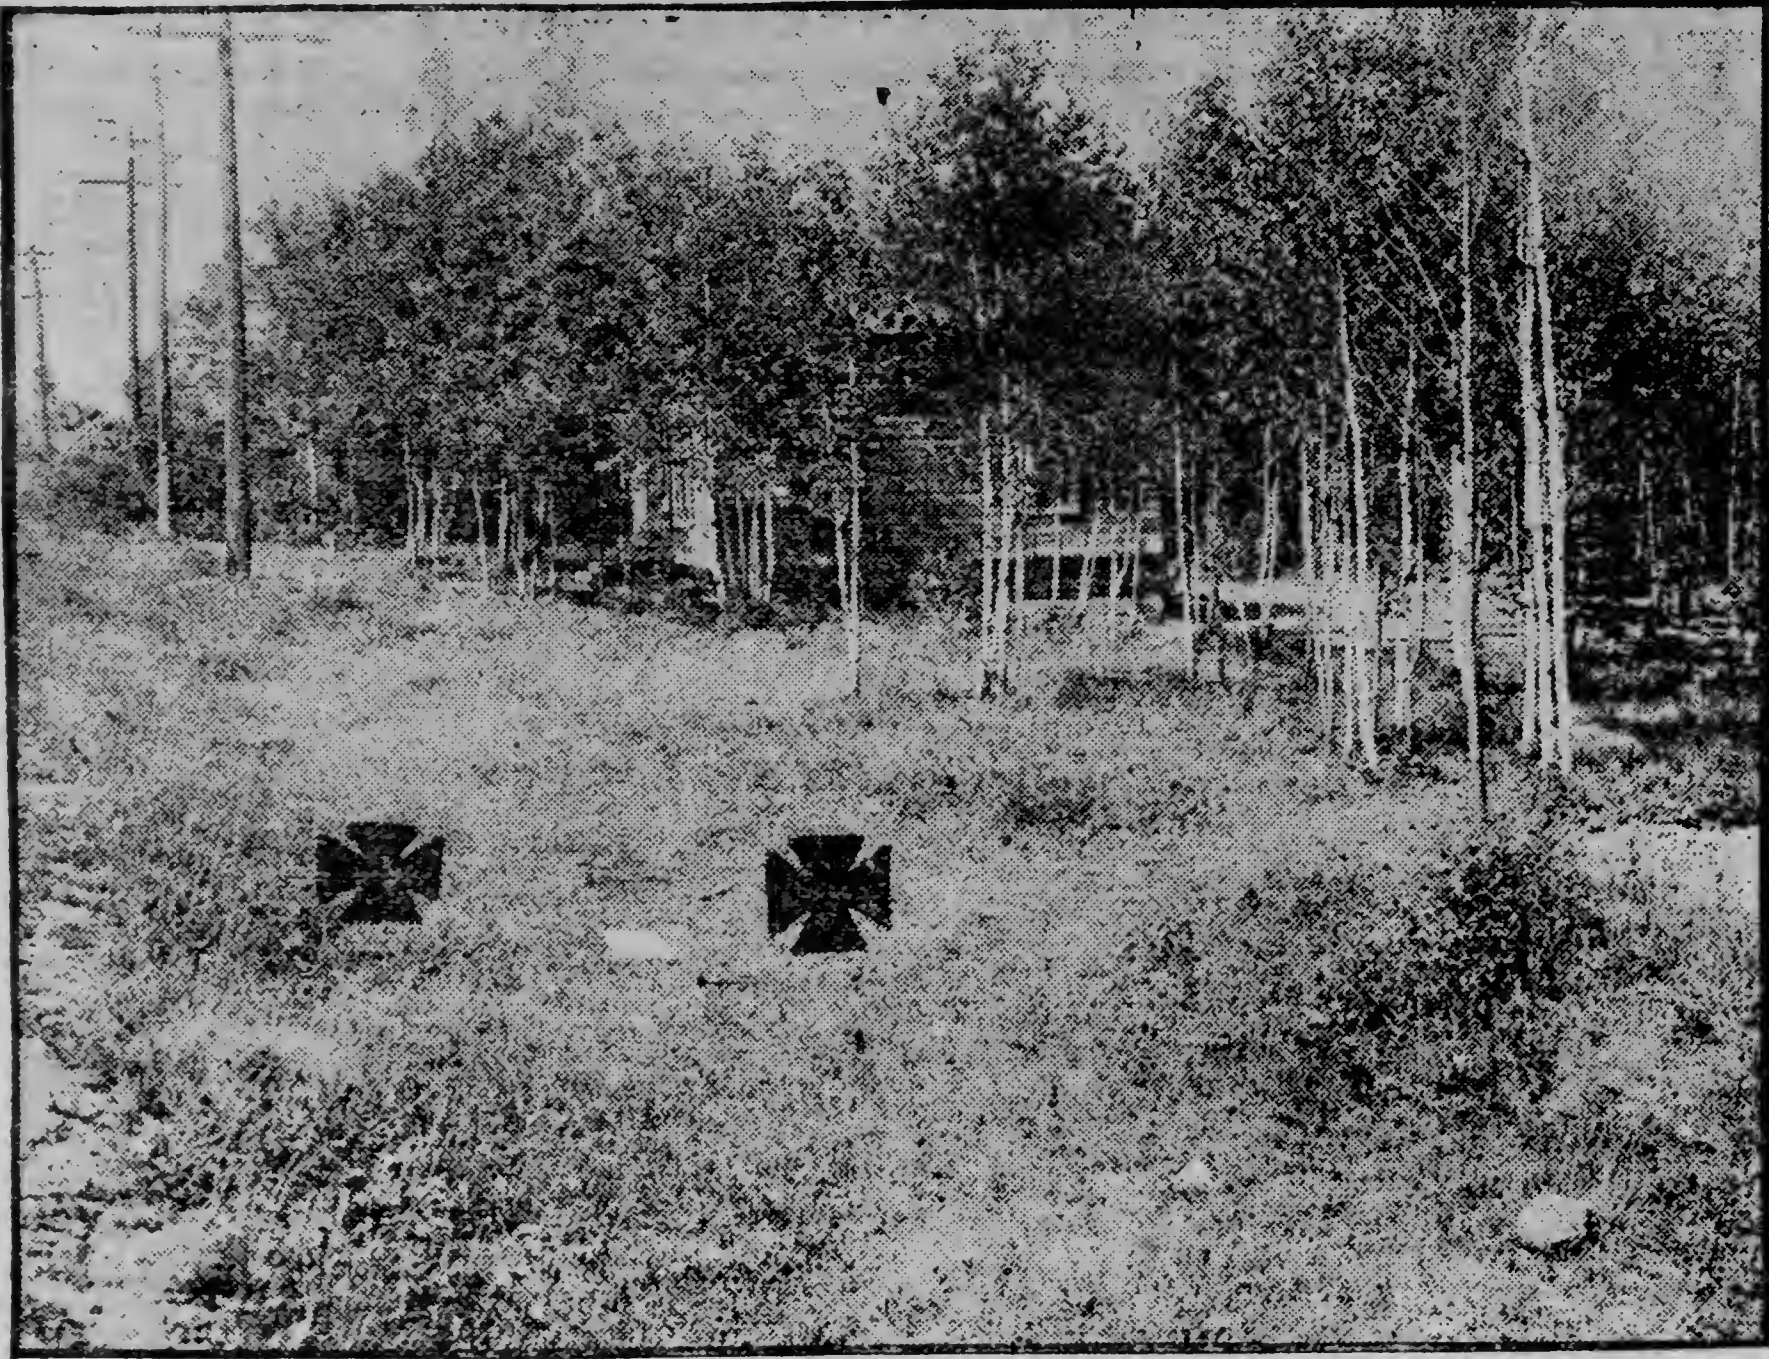

## SCENE OF SATURDAY'S TRAGEDY AT LAKESIDE

THE HOME OF ERICK NELSON AT LAKESIDE. The Black Crosses Show Where the Live Wire Fell and Where the Bodies of Nelson and His Little Daughter Were Found.

## DULUTH HOMES ARE VISITED BY DEATH AND DESTRUCTION

(Continued from page 1.)

body of a drowned man at Grassy Point at West Duluth. Considering the crowds that flocked to the park and spent the day on the water, the drowning accident was very surprising. During the summer months scarcely a Saturday and a Sunday pass without one or more drownings being reported. The other two accidents, however, made the list of fatalities for the two days an appalling one.

## TWO ARE ELECTROCUTED.

## Erick Nelson and Daughter Killed by Live Wire at Lakeside.

Erick Nelson, 40 years of age, and Marie, his 2-year-old daughter, were electrocuted early Saturday evening in the front yard of their home at 5101 Osego street, Lakeside, and Mrs. Nelson was only saved from death by being knocked senseless to the ground before she came in contact with the heavily charged wire which was swinging from an overhead pole.

Both parents were hastening to the rescue of the child from different directions, the mother from the house and the father from the street. Both believed that she was being burned to death in a grass fire which had been started by the dangling feed wire, which had probably been broken by the heavy wind storm of Saturday afternoon.

Mrs. Nelson was the only witness to the accident, and she was shocked to unconsciousness before she saw her husband. Seeing the little girl in the midst of the flames she ran to drag her out. A few feet away she was hurled to the lawn, and came to with her husband and daughter dead before her.

Examination of the bodies at the Olson & Crawford morgue in the West end showed that both had grasped the return of Mr. Nelson, which they knew would be later than usual, as Mrs. Nelson was not in the house.

"Mamma, mamma, our grass is on fire," Marie called to her mother. Not fully grasping the import of what the girl said, Mrs. Nelson paid no attention to her.

Looking out of the window a few minutes later she saw her enveloped in flames.

Rushing to her rescue, terror-stricken, she got within several feet of her when she knew no more until she awoke to see the two lifeless forms of her husband and daughter in front of her.

Realizing at a second glance what had happened she ran screaming for assistance. J. H. Hardy of 5103 Osego street was the first to reach the scene of the tragedy. He immediately notified the police, Chief Troyer, and Coroner J. A. McCuen left immediately in the latter's automobile to make an investigation.

They found Mrs. Nelson frantic with grief, but able to tell a lucid story of the heart-rending affair.

She had not seen her husband, but it is probable that he was making for the girl at the same time she was, although it is possible that she may have been unconscious for one minute or ten minutes. The current had evidently spread through the ground within a radius of several feet, which accounts for the fact that she did not meet death with her husband and daughter.

The Duluth Edison Electric company cannot account positively for the break in the feed wire. The officials suppose that it was blown down by

the wind Saturday and sputtered unnoticed for some time. It is claimed that no break was reported to the general offices Saturday afternoon previous to the accident which took two lives.

Mrs. Nelson and the four surviving children are left in hard circumstances with the bread-winner of the family taken so suddenly from their midst. Mr. Nelson was paying for their home and it is said that he had the larger part of it taken care of. Their friends will look after them temporarily. A. W. Hartman, president of the Electric company, said yesterday that as yet the corporation had made no provision for their relief but would likely do so in a day or two. The wire was cut down as soon after the tragedy as men could be hurried to the scene.

## FOUR PEOPLE INJURED.

## Gas Explosion Wrecks Two Buildings on St. Croix Avenue.

Lighting a match to discover the cause of a sickening odor coming through the floor early yesterday morning, John Kovisto, a shoemaker, ignited a large quantity of illuminating gas which had escaped from a leaking main, blowing up his home and completely demolishing the saloon of Ole Olson at 102 St. Croix avenue.

Four members of Kovisto's family were taken to St. Mary's hospital, one of them, Melmi, 5 months old, with a fractured skull which may result fatally, although it was thought this morning that the baby had a chance for life.

The others, it is expected, will be released today or tomorrow. Cumo, 4 years of age, sustained bruises about the head and face; Lili, 2 years old, received some slight cuts, and Mrs. Kovisto suffered from shock.

The explosion occurred shortly after 2 o'clock, shattering several hundred feet away and echoing throughout the central part of the city. The street for a block is torn up and wreckage of the destroyed buildings is scattered about.

No one outside the Kovisto family in the neighborhood, was leaning against the wall of the saloon and was hurled fifty feet away, but escaped with nothing more than a bad scare.

The smoke was discovered last evening in a main about eighty-five feet from the house and saloon which had been raised. Although neither of them has any basement, the ground had settled under them, allowing considerable gas to be imprisoned between the walls.

Kovisto was awakened about 4 o'clock in the morning feeling ill. He didn't know what was the matter, but detected a foreign smell prevalent throughout the house. Too dizzy to go far, he staggered to the sidewalk and summoned Patrolman Jesse, who called in a physician to treat Kovisto and the members of his family.

Securing no relief Kovisto got up to locate the seat of the trouble if possible. The smell was stronger downstairs than on the second floor, and he thought that the odor must be coming from under the house. Striking a match to aid him in his search he caused the most disastrous gas explosion since part of Superior street was blown up about a year ago.

The wall of his dwelling fell outward. The plastering and parts of the roof tumbled downward, burying him and his family, wretching and separately, he managed to extricate himself and the children, but the gas was quickly extinguished.

The buildings, which were knocked to the ground, were owned by Christ Evans and were worth about \$1,500. About one-half covered by insurance. The mains, which were leaking, cross

FRED BUTCHARD, Who Was Standing in the Rear of the Building and Was Hurled Nearly Forty Feet by the Explosion. He Was Uninjured.

under the railroad tracks and run down the east side of St. Croix avenue.

## CANOE RIDE FATAL.

## Frail Craft Is Capsized and Anton Osterreich Loses Life.

Anton Osterreich, 23 years old, was drowned at Billings Park, Superior, about 3 o'clock yesterday afternoon when the canoe he was paddling was capsized. The accident happened in sight of about 300 people but Osterreich went down so quickly that before other crafts could reach the spot, he had sunk below the surface. The body was recovered at about 9 o'clock this morning.

The drowning was purely accidental, but Osterreich evidently knew little about handling a canoe. It is said he was gesticulating and calling to a dog on the shore when the frail craft overturned, throwing him into the water. There was a witness, but before the horrified witnesses of the accident could give assistance, the man had gone down.

A search was immediately begun for the body thirty or forty hoists taking part, but they were unsuccessful yesterday. Six boats manned by Capt. Chamberlain of the Billings Park fire department, Sergeant Osborn of the police department, Policemen Christopher and Saunders, Principal Booth of Dexter Cooper school and Dan Flory resumed the search this morning and about 9 o'clock, Capt. Chamberlain discovered the body about 200 feet from the pier and some distance from the point where Osterreich had gone down. The watchman in Osterreich's pocket had stopped at 3:34.

Osterreich was a single man and was a son of Mr. and Mrs. H. Osterreich of 1208 Iowa avenue, Superior. He was assistant superintendent of the electric department of the Duluth, Missabe & Northern railroad and had been employed at Proctor for the past two years. He was a member of the Masonic fraternity and a Shriner.

## FLOATER FOUND IN RIVER.

## Body of Young Man Taken From Water Near Grassy Point.

With nothing on his person to identify him, the body of an unknown man

was found floating in the St. Louis river, near the Grassy Point bridge, late Saturday. The body was taken from the water by Joseph Smith of 1514 Ohio avenue, Superior.

The man was well dressed, appeared to be about 25 years of age, and the body showed evidences of having been in the water about two days. A letter, with the address obliterated by the action of the water, was found on his person.

The letter began "Dear Leonard," and was signed "Your Mother." It was mailed from Spring Grove, Minn., which the authorities believe was the home of the dead man. Coroner Gelsen of Superior has written to Spring Grove for information concerning the case.

The body was removed to the undertaking establishment of A. Le Sage in Superior.

## BIG JOB TO RAISE MAINE

(Continued from page 1.)

a cotterdam of the mammoth proportions that would be required to enclose the Maine, for it must be as long as a city block and as high as a six-story building, that is, from the bottom of the timbers to the top. Its cost would probably exceed the total appropriation.

So what the engineers probably will do is to make a thorough preliminary investigation. This will cost a good deal of money and occupy much time.

In fact, it is reasonably certain that congress will again be in session before the results are known and the engineers can tell just how much money it will cost to raise the ship.

May Break Her Up. Then, congress should decide to supply the deficiency in the appropriation. The wreckers will go about their work. Otherwise it seems probable that the Maine will be broken up under water and removed piecemeal from the bottom of the harbor.

## TO ASK FOR CHARLTON

(Continued from page 1.)

ter up to Washington. Should the American state department follow the precedent established by this country and refuse the extradition of Charlton, its action will be construed as a recognition of the equity of the Italian interpretation of the extradition conditions, providing, of course, that the refusal is not based upon the grounds that the prisoner is insane or for any reason other than that he is an American citizen.

Will Hasten Examination. New York, June 27.—Italy's decision to apply for Porter Charlton's extradition, announced today, is believed here to be likely to hasten a decision on the pending question of his mental condition.

Coincident with the news from Rome, too, came word from Jersey City, where the confessed wife murderer is confined pending his arraignment tomorrow on the charge of being a fugitive from Italian justice, to the effect that the young prisoner's breakdown of yesterday had been followed by a night of sleeplessness with frequent spells when the youth seemed to lose control of himself and to break into sobs and means.

His condition today was considered worse than last night, when Warden Sullivan sent in a hurry call for physicians to come to the jail, fearing that Charlton would become violent.

Declares He Is Insane. Already Charlton has been examined by the group of alienists engaged by his father, Judge Paul Charlton, to determine his mental state, and Dr. W. J. Arlt, who saw the prisoner when he was in his state of collapse, declared himself confirmed in the opinion he had previously expressed that Charlton was suffering from a form of dementia. The other alienists had indicated that they would take their time in examining Charlton and rendering their opinion, but his collapse and the advice from Italy regarding the extradition application are thought likely to influence a hastened completion of the examination and a speedier decision.

## A Mattress Sale of the Greatest Magnitude

### Offering 350 "Ostermoor" \$15 Mattresses at \$9.98

A MATTRESS sale without peer or parallel. A remarkable value-giving event that will amaze and startle the people of this community. A merchandise movement that will emblazon itself upon the pages of Duluth merchandising history, as the greatest bargain carnival ever held.

Monday morning we placed on sale a lot of 350 Ostermoor mattresses—the identical quality you have seen advertised for years, bearing the Ostermoor tag and trade mark—the same article that has sold for years from factory to consumer, the identical mattress you pay \$15 for at any other store in this country—at the unheard-of price, \$9.98.

Every one knows Ostermoor mattresses are made from the long staple cotton—not stuffed, but laid in sheets as this illustration shows—packed, compressed and sewed by hand. Never have they been sold for less than \$15 each, but you know the Glass Block is ever doing the unusual—what often seems the impossible—and another evidence of our "Bargain Ability" is emphatically shown in this sale of mattresses—every one of which is fully guaranteed—at instead of \$15, only \$9.98.

## Less Than Wholesale

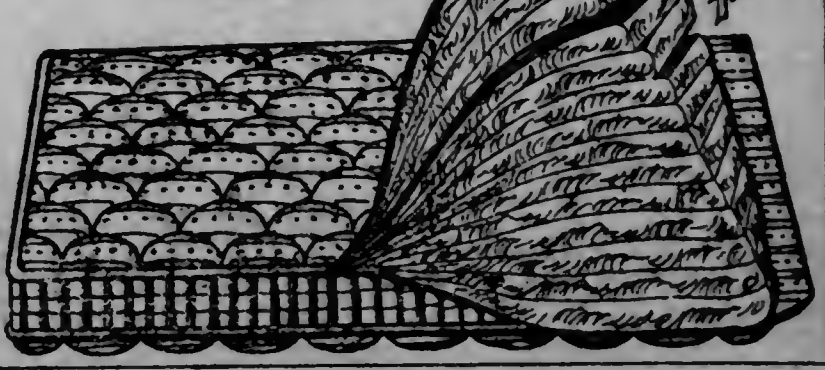

Ask any dealer what he pays for Ostermoor mattresses and he will tell you he pays more at the factory in New York than we ask for these. Get these tomorrow at less than wholesale cost.

## TO THE RETAIL DEALER:

With deep water facilities, with railroads reaching every section of the state, with wideawake merchants, with wholesale houses representative of all lines of merchandise and manufactured articles, there is every reason why you should consider Duluth your market. But couple to this the fact that the city offers you lower freight rates than any other point in the state, and you must know that it is to your interest as a retailer to trade with Duluth wholesalers and jobbers. No city offers superior banking facilities.

### CONGRESS.

The session of congress just closed is mightily en-  
couraging, not so much for what it accomplished, but  
for nothing but half-way measures came out of it, as for  
the evidence it gives that the public demand for govern-  
ment in the interests of people rather than of privilege  
is breaking down the barriers that have guarded Privi-  
lege's monopoly of the forces of government.

Though on its face the territory yielded to the people  
seems slender indeed, it is a foothold on a continent  
of government but lately held absolutely by Privilege,  
and from that foothold the people will advance to com-  
plete conquest.

Though the forces of property interests still hold the  
citadel, and still exercise from within an undeniable  
balance of power, the forces of the people have taken  
the outposts, and have forced concessions that are  
valuable chiefly because they are assurances of complete  
victories later on.

The response by the present congress to the people's  
call is not complete on any measure; but there has been  
a response, and even though it was grudging and re-  
luctant, it is encouraging because it shows that the  
people's cause is pushing ahead.

There was little fruit from the victory of the Demo-  
crats and insurgents in taking away from the speaker  
membership in and the right to appoint the rules com-  
mittee which has swayed the house, but this power was  
taken away from the speaker, and that fact is highly  
important. The victory yielded no fruit because the or-  
ganization that surrounds Cannon was strong enough to  
frame its own committee; but in another congress that  
will not be the case. Another important step, the fruits  
of which are yet to come, was the adoption of a rule  
intended to make it impossible to throttle bills in com-  
mittees which have for years been burying grounds for  
popular measures.

The measure that took the most time and talk, and  
the one on which congress will most plume itself be-  
fore the people in the coming campaign, is the railroad  
bill. That law is a step ahead. It is a better law by far  
than would have come out of the bill as it was sent to  
congress by the president. For that, thanks are due to  
the patriotic efforts of the Democrats and insurgents  
in both houses. Yet it is not a complete victory—very  
far from it. It tends to insure equality of rates between  
shippers—but it offers little or no relief to the consumer  
who pays all freight rates, whatever they may be. That  
relief will be impossible until a physical valuation of  
railroad property is made and stock and bond issues are  
closely regulated by the government; and both these  
plans were rejected by the president and congress.

The postal savings bank, after many years of popular  
demand, is a law, and that is a long step ahead, not  
only in itself but because of the precedent it establishes.  
Having adopted the policy of doing for the people a  
thing that it can do better than private interests can  
do it the government is bound to follow with other en-  
terprises, such as the parcels post. The law is a  
compromise. It is not all it should be. Too much dis-  
cretion as to its scope is left to the administration.  
It is made possible for too large a proportion of the  
deposits to be diverted to Wall street from the commu-  
nity in which they are earned. These defects can be remedied  
later; the important thing is that the principle is definitely  
established.

The law providing publicity for contributions to con-  
gressional campaign committees, too, is more valuable  
for the principle it establishes than for the provisions  
it carries. There is to be no publicity until after election,  
when it is too late to do any good. That defect, too,  
can be remedied; the important thing is that the principle  
of publicity is established.

Of the large conservation program proposed by the  
president as a result of a popular campaign inspired  
by Roosevelt and Pinchot but little became law; but  
the law giving the president authority to withdraw pub-  
lic lands for conservation purposes is highly important  
so far as it goes, and of course it is fundamental.

Another item on which much campaign thunder will  
be based is the appropriation of \$250,000 for the tariff  
commission. This "tariff commission" bears no rela-  
tionship whatever to the tariff commission demanded  
by business interests. Its function is to provide the  
president with information on which to base his applica-  
tion of the maximum and minimum provisions of the new  
tariff law, and only by an absolute distortion of law can  
about the cost of production at home and abroad that  
are absolutely needed as a basis for honest and intelligent  
tariff making. The appropriation is a political device,  
pure and simple; a scheme to delay real tariff revision  
and to fool the people into believing that the Republican  
party is working in good faith toward such revision. It  
was concocted to improve the political fortunes of Con-  
gressman Tawney and others, the fight over it was  
purely theatrical, and it was adopted for reasons of political  
expediency with full knowledge that it cannot possibly  
threaten the fat picking of the beneficiaries of the Re-  
publican tariff law.

On the whole, aside from one or two important  
principles which it established, the late session of con-  
gress was valuable chiefly because it permitted an ob-

servant people to separate the sheep from the goats; to  
distinguish between real insurgents and the imitation,  
between the real Democrats and Bourbon Tories, and  
between the real friends of the people in both parties  
and those who are committed, body and soul, to the  
cause of Special Privilege.

### "ISMS."

What this country is suffering from chiefly is an  
overdose of "isms":

Aldrichism,  
Cannism,  
Tawneyism,  
Morganism,  
Standpatism,  
Protectionism,  
Republicanism.

### THE CIRCUS AND ITS PRICE.

There seems to be a disposition, no doubt con-  
fined to those elderly persons who have left their youth-  
ful enthusiasm behind, to count the cost of Saturday's  
circus. It is figured that it took so many thousands  
of dollars out of town about what it left behind, and  
that merchants may or may not have lost so much in  
trade because people went to the circus instead of go-  
ing shopping.

Of course the circus took out of town more money  
than it left. Since the circus is a business institution,  
not a philanthropy, that is what it came here for. Of  
course, too, many failed to leave their usual Saturday  
contribution with the merchants, not only because they  
went to the circus instead of going shopping, but be-  
cause the circus took some of the money they might  
have used in shopping.

But circuses always have brought about these re-  
sults, and always will. Otherwise they could not pros-  
per. The only question is whether or not they are  
worth the price that the community pays for them, and  
to that question everybody whose blood is not chilled  
by age must give answer in the affirmative.

To be sure, circuses take money away. Also, on a  
hot, dusty day the process of attending the circus would  
be called punishment if it were undergone in pursuit  
of anything but entertainment. To be crushed in a  
crowd, to be drenched with dust and perspiration, to  
be squeezed into baby seats, to find how amazingly  
hard a good soft board can become in the course of  
a couple of hours, to be packed into a street car as  
a sardine is packed into its box—these are discomforts  
which count for little when the glamor of circus day  
turns them into pleasures.

To be counting the cost of circus day and reckoning  
its discomforts—surely that is a sign of approaching age  
and of that disillusionment and disenchantment which  
mark the passing of youth.

### THE DOWNTRODDEN WHITE SOX.

Somewhat earlier in the season The Herald, in com-  
mon with many others, anxiously asked "What is the  
matter with the White Sox?"

Now, when the team can win but half the games on  
the home grounds, and hardly any abroad; when it  
clings tenaciously close to the foot of the column, and  
is topped by Eau Claire, Winona, Rochester, La Crosse,  
Wausau and—horrible thought—even Superior, the ques-  
tion hardly seems worth while asking.

### THE HORRORS OF PEACE.

The postponement of the time when the ordinance  
providing for a "safe and sane Fourth" in Duluth goes  
into effect leaves the city unprotected against the con-  
ventional horrors of the nation's birthday, but the police  
will have the matter in their own hands to a very con-  
siderable extent.

It is to be hoped that they will determine to make the  
coming Fourth of July as peaceable and as safe as it  
lies within their power to do. Particularly they can  
make themselves useful by confining the torture to the  
Fourth itself, and by preventing the premature and be-  
lated celebration which usually makes the Fourth begin  
about July 1 and end about July 7.

The reform that is needed cannot all be done by law  
or by police vigilance, however. Parents of exuberant  
children must do their part, and as a matter of fact they  
have a better opportunity and a greater duty in this  
respect than the police.

Besides, it is necessary that some better way of  
celebrating the Fourth than with noise and clamor and  
disaster shall be invented. It isn't necessary to abandon  
the Fourth simply because custom has made its ob-  
servance a torture and a terror. American inventiveness  
ought to be equal to the task of providing methods  
of observing the day that will give genuine pleasure,  
that will express genuine patriotism, and that will make  
the day less a menace to life, limb and peace without  
depriving Young America of any of its enjoyment of  
the holiday.

The noisy Fourth is doomed. State after state, city  
after city, are banishing it by law. And there is reason  
enough for this movement.

The American Medical association has compiled some  
figures that explain the crusade against the explosive  
Fourth.

In the last seven Fourth's 34,603 people have been  
killed and wounded: 4,449 in 1903, 4,169 in 1904, 5,176  
in 1905, 5,466 in 1906, 4,414 in 1907, 5,623 in 1908 and  
5,305 in 1909.

In an equal number of battles in the War of the Revolution,  
the successful outcome of which the Fourth is de-  
signed to commemorate, the total killed and wounded  
numbered 1,119; about one-fourth as many as the average  
number of casualties on each of the last seven Fourth's.

At Lexington 83 were killed or wounded; at Bunker Hill  
the casualties numbered 449; at Fort Moultrie 37  
were killed or injured; at White Plains 100, at Ft.  
Washington 149, at Monmouth 229, and at Cowpens 72.  
In these seven battles determined men sought each  
other's lives with earnestness and soldierly skill. Yet in  
seven battles they could not accomplish so much mis-  
chief as the noisy Fourth has achieved in any one of the  
past twenty years.

It was heroic and splendid for men to give up their  
lives in the cause of freedom. It is stupid and silly to  
allow children to continue giving up their lives and limbs  
in absurd methods of celebrating the feats of those who  
died at Lexington and other historic battlegrounds of  
the Revolution.

### LODGE.

Congressman Butler Ames seeks to separate Senator  
Lodge from his pleasant berth in the United States  
senate, and in announcing his candidacy says that Lodge  
is bulwarked by a corporation machine which has  
blocked progress and which he has served faithfully in  
the senate. Mr. Ames tells much wholesome truth,  
and his ambition to dislodge Lodge is worthy and prom-  
ising to the people. Massachusetts, too, seems ripe for  
revolt against the selfish, bigoted, reactionary and cor-  
rupt torism that has cemented Lodge to his job.

### THE OPEN COURT.

Readers of The Herald are invited to make free use  
of this column to express their ideas about the topics  
of general interest. Letters should not exceed 200  
words—the shorter the better. They must be written  
on one side of the paper, and must be accompanied in  
every case by the name and address of the writer.  
Letters are always most effective, however.

### THE EAST FOURTH STREET SERVICE.

To the Editor of The Herald:  
I don't want to be a kicker, but  
would like to ask if there is any good  
reason why a resident of East Fourth  
street should have to wait over thirty  
minutes for a car downtown. This  
evening there were three cars about  
a block apart going down between 3:30  
and 3:45 and not another car until 3:45.  
The first one at that time came rushing  
by and passed us all up, and we had  
to wait for the second one and all the  
way down there were four cars, three  
of them waiting for a block of others.  
We patronize the cars every day, and  
see no reason why we cannot have  
better service than this when a circus  
is in town.  
And many other serious  
matters may come up, which would  
need better service. If one calls up  
the street railway company for an explana-  
tion, they either ring off or else give  
an evasive block of others.

You'll Do Better at Kelly's

# July Clearance Sale!

This clearance sale means the closing out of all discontinued patterns and broken lines of home furnishings. Every piece offered is absolutely guaranteed to be exactly as represented.

Whether you need home furnishings now or later it will pay you to attend this sale, select your goods, pay a small deposit and we'll store them free until such time as you want them.

Every piece of furniture is offered at a bona fide discount. This does not mean that we are offering a lot of junk bought for sale purposes, marked up and then marked down.

The discounts range from ten to fifty per cent less than our regular selling price; another thing, your credit is good.

## THE SPEECH THAT WAS NEVER DELIVERED—A BOWERY DRAMA

About 4 o'clock yesterday afternoon a man sufficiently dressed in a blue apron overalls, a rusty gray coat and a well worn hat and other less obvious things ambled along West Superior street. When he reached sixth avenue he stopped, glanced up the avenue and espied a small box. Then he seemed to suffer from the intrusion of an idea. It is at this corner that, almost nightly, an active-tongued and ready-witted Socialist orator holds forth, and possibly he of the overalls had been a listener and admirer at this corner on an occasion or two. In any event he had an idea, and, probably on the theory that he who has gets, he also accumulated the small box. He placed it—not the idea—near the middle of the street, and as soon as that was done passersby halted to see what the man was about. Gravely, politely, the possessor of an idea removed his hat, depositing it besides the box and then carefully stepped on it. He held up his hand. It was an impressive gesture—an arresting one, indeed. More passersby halted. Then more and still more, until a crowd of about 200 persons cluttered the thoroughfare. Several delivery wagons, apparently with no rushing Sunday business at hand, stopped at vantage points for their occupants. "Men, listen. Listen! Keep quiet, now, please. Sh-h-h-h!" Nobody had said a word, but the orator of the day seemed to be hearing things, anyway, and he commanded quiet. "Now, I'm going to show y' trick or two 'for I gin make my speech," he said, and from some hiding place he extracted a perfectly good half dollar which he held between finger and thumb above his head, where it was waved in a fascinating way. Every eye was that of silver pieces. "Bet he'll drop it," said one spectator. But the orator just then realized that he had overlooked the box. Eager to make amends, he stepped up on it lightly. Then he tumbled off it heavily and rolled in the dust. He got up smiling and tried it again, and yet again, until he had rolled good-naturedly about half a dozen times. However, he was resourceful. He got another idea, and with it a bit of wood

with which he propped up the side of the box. He mounted his rostrum then, and after a period of uncertain balancing felt secure enough on his perch to take up his speech. He seemed to have forgotten what it was he had intended to say, so he halted on the coin again and for more than ten minutes begged, implored, coaxed and commanded several and sundry of his audience to approach him and be the goat for his trick. Nobody came. He kept up the performance for half an hour, and then a policeman came and led him away. "What is he, a Socialist?" asked a late comer, watching the officer and the orator. "None," replied the man questioned, "scuse-list."

## DISCRIMINATING FOLK WHO "SUNDAYED" HERE

Among the guests at Duluth hotels yesterday were: St. Louis, Mr. and Mrs. E. Constance. Green Bay, Wis., Mr. and Mrs. H. B. O'Toole. Alpena, Mich., J. M. Landrigan. Virginia, Charles A. McComb. Eveleth, J. Hickey, Jr., Tower; C. H. Car-

## LOOKS LIKE DROWNING. Little Falls Young Man Disappears Under Suspicious Circumstances.

Little Falls, Minn., June 27.—(Special to The Herald.)—Arthur McGrath, 18, who worked only a few days in the local electric light plant, dropped out of sight Saturday. He left his hat, coat and full dinner pail in the plant and this aroused the belief he was drowned in the Mississippi river here, and an effort is being made to locate his body.

## Panama Elections Held.

Panama, June 27.—Municipal elections were held throughout the republic Sunday without disturbance of any kind. The government won by a large majority, particularly in Panama City and Colon.

## Red Blame at Davenport.

Davenport, Iowa, June 27.—Fire Sunday destroyed the washing machine of the factory of the Brammer Manufacturing company, the building of the Davenport's Slaughterhouse & Rendering company and the ice houses of the J.

## GLIDDETTENS START THEIR LONGEST RUN.

Kansas City, Mo., June 27.—At 5 o'clock this morning the Glidden tourists left here for Omaha. They expect to stop at that city tonight. The run today will be the longest made. Circuit Judge Thomas H. Sechorn today declined to issue the injunction against the Glidden tour officials sought by Max Parry of the Parry Automobile company on the ground that his court had no jurisdiction in the case. In his petition for an injunction, Mr. Parry charged the officials in assessing penalties had favored the Chalmers car at the expense of his own.

## BAY STATE BANDIT IS HELD WITHOUT BAIL.

Lynn, Mass., June 27.—Wassil Iwanowski, the captured bandit, appeared in the district court here today to answer to a double charge of murdering Thomas A. Landrean and Policeman James H. Carroll Saturday. By direction of Judge Lukusa a plea of not guilty was entered and the prisoner was held without bail for the coroner's jury.

## NO SHIP SUBSIDY LOBBY FOUND IN WASHINGTON.

Washington, June 27.—The house ship subsidy lobby investigation practically was closed today. The committee will meet in New York city in November to examine steamship representatives and others and will report to congress next winter. The committee already has concluded that the charges that a lobby was maintained in Washington have not been sustained.

## OLD MASON DEAD.

Huron, S. D., June 27.—(Special to The Herald.)—Following an illness of a week, Bruce N. Rowley, deputy postmaster, died at home here, aged 55. He came to Huron in 1882 with Surveyor General Fessenden. He was registrar of deeds for years, city clerk ten years, and deputy postmaster six years. He was one of the oldest and best known Masons in the Northwest.

## National Speech Arts Meeting.

Cleveland, Ohio, June 27.—Delegates and visitors are here from all parts of the country to attend the nineteenth annual convention of the National Speech Arts association which began today and will continue until Friday.

# OUTH IMPERIAL FLOUR

## MORE VEAL CONDEMNED

**Meat Inspector Will Ask for  
Amendments to the  
Ordinance.**

**Fifth Street Residents Com-  
plain of Lack of Water  
Pressure.**

Meat Inspector Bernhardt is continuing to find rotten veal on his daily inspection trips to the depots, where the meat is unloaded from the express cars. He condemned four out of sixteen carcasses this morning and one Saturday. He is also visiting some of the butcher shops each day, but is finding conditions fair.

His amendments to the ordinance requiring more sanitary conditions will likely be introduced in the council tomorrow. The amendments require separate towels for the employees, prohibit dirty water in the street and day for the hands and the use of drippings from the ice boxes for cleaning the counters and fixtures.

It is not known what the wheelage tax will be brought up.

Some of the residents on the lower side of Fifth street between Fifth and Sixth streets, complain of lack of water service. They declare that the pressure is so weak that it is impossible for them to flush their toilets during the day. This is said to be due to the fact that the supply is too small, added to the fact that the residents are being constantly made. It is alleged that the conditions are dangerous to the health of the residents. They have been to the water board but have been unable to get results. It is said that the money is not available as the bonds cannot be sold. It is said that this week would cost \$10,000.

## CITY BRIEFS

**Duluth-Mad. Blank Books.**  
Thwing-Stewart Co. Phone 114.

**Going After Immigrants.**  
Ernest Rehnitz, a Finn, who has lived in this country for twenty years has obtained letters of introduction from Governor A. O. Eberhart and Immigration Commissioner George Wells and will leave soon for his native country. He plans to return to Finland and establish a colony and propose to build churches and schools and bring the priests and teachers with the colonists.

**Hike Is Abandoned.**  
The boys of the C. A. A. have abandoned their proposed hike to St. Paul on account of the hot weather.

**Man Remains Missing.**  
The parents of a missing man are greatly worried over his disappearance. He is but 11 years of age and has not been seen since he left home. They fear that some harm may have befallen him. When last seen he wore a black shirt, a checkered cap and corduroy trousers.

**Overcome by Heat.**  
Ray Nelson, secretary of the Duluth School Exchange, died at the St. Luke's hospital this noon, suffering, it is thought, from the effects of the heat.

**Wanted.**  
Second-hand fire, light wagon or buggy, one or two seats. Address Buggy, Herald.

**Back to Reservations.**  
Dr. and Mrs. F. F. Rodwell were in Duluth today with several Indian children from the government school at Lake Vermilion near Tower. Dr. Rodwell is superintendent of the school and was on their way home to several reservations. The school year ended June 24 and will start on August 1.

**Lecture on "Physiology."**  
Mr. Deane will speak at the Y. W. C. A. tonight on "Physiology."

## PERSONAL

J. T. Condon, formerly interested in Duluth theatrical enterprises, but now a traveling representative of an advertising house, is at the Lenox, after an absence from the city of several months. He is covering territory, which extends from here to the Puget Sound country and far beyond.

Miss Miss Bacon will be the guest of Miss Olive Kretter for a month. Attorney Bert Foster was summoned to Indianapolis this afternoon by a telegram announcing that his mother was not expected to live.

George A. Atterbury, general agent of the Elgin, Joliet & Eastern railroad, is in the city. Chief clerk of the district freight agent's office of the Northwestern at Omaha, is in the city today.

**COPPER MARKET IS BEARISH**  
Heavy Liquidation Causes Prices to Sag Through-out the Session.

Practically all factors bearing directly or indirectly on the copper market today were bearish. The market was exceedingly weak and there was much liquidation, especially in the Steels and Amalgams. The copper market opened easy and declined steadily throughout the day.

The few rallies were feeble and unsustained. Traders sold industrially and railroaders an account of damage to the spring wheat. General liquidation and stop-loss orders contributed to the decline.

Amalgamated was sold because of the discontinuance of Sunday work which indicates a curtailment of about 10 per cent. Several of the mines of the Amalgamated will soon reduce the number of working days. It is said, to 100 days.

Another Duluth property entered the market list today when Butte & Balaclava declared a dividend of 50 cents payable August 1.

The market here was quiet, Butte & Balaclava sold at \$26.25 to \$26.75; Butte & Superior at \$1 to \$1.05; Butte & Superior at \$1.05 to \$1.10; Butte & Superior at \$1.10 to \$1.15; Butte & Superior at \$1.15 to \$1.20; **JUNE FIRE  
ON PRAIRIES**

Excessive Dryness Shown By Sweep of Flames Near Dugdale, Minn.

Weeds and Stubble Left From Last Fall Burn Like Tinder.

Crookston, Minn., June 28.—(Special to The Herald.)—The remarkable spectacle of a prairie fire in June attracted great attention from residents near Dugdale yesterday when the farm owned by Nels Peterson of the Crookston State bank was swept from one end to the other by a fierce fire which it is believed originated from sparks from a locomotive. The house, barn and granary were completely destroyed. Fortunately the buildings were vacant. The owner and Deputy Fire Ranger Guy Munroe went out today to investigate. The excessive dryness as shown by this fire at this time of the year is something never before heard of in June.

Most of the fire was through stubble left from last fall which was grown up with weeds, but they burned like so much tinder. The sky is clear again today and the heat intense, but a breeze relieves the situation somewhat.

**CHANGE MADE IN  
GERMAN CABINET**

Baron von Kiderlen Waechter Now Minister for Foreign Affairs.

Berlin, June 28.—Baron von Kiderlen Waechter today was appointed secretary of state for foreign affairs, succeeding Herr von Schulerberg, who is made German ambassador to France. Prince Rupprecht, who now occupies the Paris post, will retire to private life.

Baron von Kiderlen's successor as Prussian minister of state and finance has not been named as yet. Both the baron and Herr von Schulerberg have received gifts, including his majesty's photograph, from Emperor William. Prince Radolin was honored with a high decoration.

**TWO MAY HAVE  
DIED ON BOAT**

Divers Seek Body of Man in the Wreck of the J. S.

La Crosse, Wis., June 28.—Authorities, who have been investigating reports of missing since the steamer J. S. burned to the water's edge, with 1500 people on board when the fire broke out, declare that the bodies of two of New Albion, whose body was found in the river yesterday, and one of the J. S. are the only persons who lost their lives in the disaster. Plain still is missing and is believed to have been buried to death in the fall in the hold of the boat, although divers have thus far been unable to locate his body or anything resembling a human form.

**TWO PARRY CARS  
ARE DISQUALIFIED.**

Omaha, Neb., June 28.—Two Parry cars were completely disqualified last evening following a committee meeting of the directors in charge of the Glidden tour. The Parry cars were the cause of the trouble in Kansas City. One car was in the competition race for the Glidden trophy and the other in the contest for the Chicago trophy. The cars were disqualified on the ground that the rules had not been obeyed by the drivers and that they had carried their grievances to the public through the press rather than submit them to the contest board.

**ACCIDENT SPOILS  
YOUNG TAFT'S PLANS.**

Beverly, Mass., June 28.—Because of the serious condition of Michael Thisthwaite, the Italian who was injured by one of President Taft's automobiles yesterday, Robert Taft, the president's older son, will not go to New London for the Yale-Harvard boat race Thursday. The injured man was reported to have passed a very comfortable night, with improved chances of recovery, but his name still continues on the "dangerous" list.

The case is in charge of Dr. S. J. Mixer of Boston, who came here yesterday at the earnest solicitation of the president. Robert Taft keeps close by informed of the injured man's condition.

Oscoda Cuts Dividend.

Boston, Mass., June 28.—The semi-annual dividend of the Oscoda Mining company of \$4 a share, declared today, was a reduction of \$2 from the last dividend.

**DIVORCEE IS SAID TO  
HAVE MANY SUITORS**

MRS. ALVA WILLING ASTOR.

London, June 28.—Frequent rumors are heard here regarding the possible marriage of Mrs. Alva Willing Astor, formerly Mrs. John Jacob Astor of New York. She is making her home here and is said to have numerous suitors, but no statement as to her plans has been given out.

**COOK-PEARY  
ROW AIRED**

German Court Is Scene of Hearing of Charges of Francke.

Roosevelt and Taft Have Some Goods Peary Is Accused of Taking Illegally.

Berlin, June 28.—Charges concerning the disposition of Arctic trophies left by him at Etah, made by Dr. Frederick A. Cook against Commander Robert E. Peary during the height of the controversy over their claims of discovery of the North Pole, were aired in a German court today when the suit instituted against Peary by Rudolph Francke was opened.

Francke, who was associated with Cook in polar exploration, demands \$10,000 in satisfaction of prizes of the hunt which he alleges Peary required him to surrender in consideration of bringing him back to America.

The defense sets up a general denial and further questions the jurisdiction of the court on the ground that the defendant is an American citizen, having no domicile in this city.

Jurisdiction Is Questioned.

After hearing the opening arguments the court adjourned to consider the point of jurisdiction.

Commander Peary was served with papers in the suit when he came here recently to fill a lecture engagement. At the time he said that he would be unable to remain here for the trial and that he had placed the matter in the hands of his lawyers.

(Continued on page 10, second column.)

**PATERSON HAS  
DISASTROUS FIRE**

Half Million Dollar Loss From Blaze on Main Street.

Pateron, N. J., June 28.—Fire early today swept a block on Main street from Ward to Market streets in this city and caused a loss estimated at \$500,000. Help from outside had to be asked by the local firemen and at times during the three-hour fight with the flames it looked as if the losses in the big fire of 1907 might be equalled or exceeded. Five firemen were injured by a falling wall and others had narrow escapes.

The burned buildings include the Van Dyke Furniture company's store, a five-story structure, where the fire started; the four-story Lockwood Bros. furniture store building; the three-story Donahue building, Daily's moving picture store; and a number of smaller structures. Hard work by the firemen saved the Pateron opera house, adjacent to the Donahue building.

The burned area is only a block from the path of Pateron's big fire of 1907.

**RELIGIOUS RIOTS  
IN SPAIN KEEP UP**

Clash of Government With the Vatican Continues to Stir People.

Bilbao, Spain, June 28.—There were further disturbances today growing out of the strained relations between the government of Premier Canalejas and the Vatican.

A crowd composed of Carlists and Nationalists surrounded the palace of the governor of the province of Biscay and shouted "Down with the government!"

The police were summoned and charged the demonstrators with drawn sabres, wounding a number of them. The capital has been the scene of many civil clashes since 1874. It witnessed a long siege by the Carlists.

**OLD FRIEND  
SPOTS TEDDY**

Spoils Ex-President's Plans for Secret Trip to Cambridge.

Col. Roosevelt Goes to Help His Class Celebrate at Harvard.

New York, June 28.—Col. Theodore Roosevelt departed at 10 o'clock for Boston, where he will attend the Harvard commencement exercises. Col. Roosevelt came from Sagamore Hill to New York by automobile, and kept secret the hour of his departure, to avoid the crowds which collect wherever it is known in advance he will be. He will preside at the meeting of the Harvard alumni tomorrow, and he will make a short speech. Outside this he has refused to disclose his plans for the trip. He expects to return home Friday.

It had been raining all night in Oyster Bay, but Col. Roosevelt decided not to give up the trip to New York by automobile. He said that the roads were not muddy, and that it was not rough going.

Noted by Letter Carrier.

"I got safely to the station," he con-

(Continued on page 10, third column.)

**LATEST PET IN THE  
ROOSEVELT FAMILY**

"BONGO LEE ROOSEVELT."

Oyster Bay, June 28.—The latest pet of the household of ex-president, Bongo comes from Scotland, where Miss Ethel Roosevelt picked him up during her recent trip through that country. On the return to America, Bongo was the pet of the entire family. Bongo had for companions some white Irish terriers, a big bull dog, three poodles and some other four-footed pets.

**HOPES TO GET CHARLTON  
TRIED FOR WIFE'S DEATH**

GUSTAVO DI ROSA.

Acting Consul General for Italy.

New York, June 28.—Acting Consul General Gustavo di Rosa, representing Italy in the Charlton murder case, believes that Charlton will be tried for the murder of his wife and will not be sentenced to the most severe punishment the laws of Italy can inflict—imprisonment for life with the first ten years a term of solitary confinement in a dark cell.

Meanwhile it is expected that the international aspects of the case will have adjusted themselves and decision be reached as to whether Charlton shall be sent to the Italian authorities on extradition proceedings.

Is Pale and Thin.

Charlton, the self-confessed wife murderer, pale and thinner than when last seen out of doors, was brought from the jail to the courthouse under escort of the warden and sheriff, between whom he walked. Monitored and shielding his face from the gaze of the curious crowd by means of a partly opened newspaper, he sat with eyes fixed upon the floor while J. J. Clarke, clerk, and Edwin Smith, representing his father, together with Prosecutor Garven and

**PUTS IT UP  
TO ITALIANS**

Knox Says Charlton's Extradition Must Be Met By Promise.

Wants Rome to Agree to Honor Like Demands From America.

New York, June 28.—Porter Charlton's case now waits upon the result of exchanges between the state department at Washington and the Italian government. His counsel today, in asking that his formal arraignment be postponed, promised that no effort would be made under habeas corpus, insanity or other proceedings to take the prisoner out of the hands of the New Jersey authorities pending the adjourned arraignment, which, after some argument, was finally set for July 8.

Meanwhile it is expected that the international aspects of the case will have adjusted themselves and decision be reached as to whether Charlton shall be sent to the Italian authorities on extradition proceedings.

**INJURED IN FLYING  
FOR THE BRITISH ARMY**

CAPT. F. S. CODY.

New York, June 28.—Capt. F. S. Cody, the aviator, while making a flight at Aldershot, Eng., last week, fell from a height of 100 feet and was gravely injured. Capt. Cody is an American by birth, but last autumn became a British subject. He is employed by the British war department to teach its officers aerobatics.

In His Seventy-fourth Year.

Senator McEnery was in his seventy-fourth year and his health had not been good for several years. The attack of indigestion weakened his condition, and under the strain which attended the illness his heart action failed. Death came at 2:30 this morning. At his bedside at the time were his wife, who before their marriage was Miss Elizabeth Phillips of Monroe, La., his daughter, Mrs. A. K. McEnery, and one of his sons, Charles P. McEnery. Dr. Douglas McEnery, another son of Washington, D. C., is on his way to New Orleans.

Serving His Third Term.

Washington, June 28.—Senator Mc-

**DEATH TAKES  
S. D. McENERY**

United States Senator Succumbs Suddenly to Indigestion.

Has Been Known in Congress as an Independent Democrat.

New Orleans, La., June 28.—United States Senator Samuel Douglas McEnery died at his home here this morning shortly before 10 o'clock. Senator McEnery arrived from Washington yesterday morning suffering from an attack of indigestion. He was placed in a carriage at the railroad station and taken to his home here, where physicians were hastily summoned. The senator rallied somewhat after treatment, but late last night his condition took a turn for the worse and early this morning he lapsed into unconsciousness.

In His Seventy-fourth Year.

Senator McEnery was in his seventy-fourth year and his health had not been good for several years. The attack of indigestion weakened his condition, and under the strain which attended the illness his heart action failed. Death came at 2:30 this morning. At his bedside at the time were his wife, who before their marriage was Miss Elizabeth Phillips of Monroe, La., his daughter, Mrs. A. K. McEnery, and one of his sons, Charles P. McEnery. Dr. Douglas McEnery, another son of Washington, D. C., is on his way to New Orleans.

Serving His Third Term.

## ALLEGED MURDERER MAY BE RELEASED

Pasquale Chivette, the man who was arrested by the local police some days ago at the request of the Italian government for having committed murder in that country, will probably be out on bonds of \$1,000 within a few days.

Peter Supena, a business man of Stevenson, Minn., offered to go good for the bond. William H. Dean, inspector in charge of the local immigration office, has set the bond at \$1,000. The bond will be sent to Washington, however, before Chivette can be released from the county jail, where he is now being held.

As the range man is said to be a substantial citizen, it is probable that the bond will be approved, and Chivette released within a few days.

After the alleged murder Chivette fled from Italy. A trial was held in his absence; he was found guilty, and was sentenced to twenty years in prison.

At the present time the Italian government does not care to go to the trouble or expense of getting him back, but they are anxious that the United States government deport him as an undesirable citizen.

What final action will be taken in the case is not known at this time.

The murder colony at the jail is on the decrease. At the present time there are but six who are lodged there either accused or convicted of murder. Appropriate provisions, convicted of murder at the last session of the range court, will be taken to Stillwater tonight to begin a life sentence. At the village of Gilbert last fall he killed a fellow countryman with an axe. When he has gone and Chivette has been released, there will be but four left. This is the smallest number in some time, during the past year the number has been as high as eight.

The four who are left will be Frank Skrie, Matt Czekovich, Michael Rossi and Jackson McPherson.

Skrie, Matt Czekovich, the man who is said to have killed Karl Pavelska on the Rice lake road, during the fall of August, 1908. The Austrian consul at

Chicago has become interested in his case and, during the week past, Attorney Helm of St. Paul has been investigating the circumstances under his orders.

Matt Czekovich is awaiting trial for a murder alleged to have been committed on the range. The case will probably be brought at Vienna.

Michael Rossi has been sentenced to hang for the murder of Antonio De Meo, committed at the Omaha railroad yards during the month of August, 1909. The governor has not as yet set the date.

Jackson McPherson has been convicted of the murder of Otto Trey. The shooting took place on board one of the Mutual Transit company's package freighters early last fall. He is awaiting a new trial.

**What a Summer Cold May Do!**

A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system.

**M. W. A. NOTICE.**

This is the latest Duluth camp, 2341, requested to attend the meeting of the M. W. A. at the Swedish Baptist church, 1000 Broadway, on Tuesday, July 5, at 8 o'clock. The meeting will be held at 8 o'clock. The meeting will be held at 8 o'clock. The meeting will be held at 8 o'clock.

### SEVEN INSANE SUSPECTS IN THE COUNTY JAIL.

There are seven people and said to be insane at the county jail. This is the latest number of insane and alleged insane people confined at the county institution for some time.

Some of them have been examined and found to be insane while others have been brought in on suspicion and information filed against them. In some instances, the friends and relatives of the jailers have a hard time to supply their wants and demands. Some pray all the time that the jailers will not let them out, but all of them wish to be waited on.

**No Talk for Howlaway Writers.**

Des Moines, Iowa, June 28.—Theodore Roosevelt in a letter received today by Lafayette Young, declines the invitation of the Des Moines Press club to speak at a banquet for the newspaper editors of Iowa.

## NO MORE SKIN TROUBLES

Science Has Provided an Effective New Treatment to Permanently Cure These Diseases.

Any doctor will tell you that practically all skin diseases, eczema, unsightly eruptions, blotches, etc., come from impurities in the blood. The only way to secure permanent relief is to eliminate these impurities. Everybody knows that a purely external remedy usually fails of permanent success, although it may give a little temporary relief, but the trouble will return much worse than before.

The Eagle Laboratories have prepared a combination internal and external treatment for skin diseases. External treatment consists of Zelmox Tablets, unsightly blotches and pimples, etc. Zelmox, the name of the medicine, is a scientific remedy which cleans the blood and removes the cause of the disease. Zelmox Tablets are a scientific remedy for removing the blotches, irritations, etc., from the skin and blood. Zelmox Tablets are a scientific remedy for removing the blotches, irritations, etc., from the skin and blood.

**OLD FIRE HALL WILL NOT BE CONDEMNED.**

All hope that the site of the West Duluth fire hall would be condemned by the Canadian Northern railway and a part of the right-of-way for the Duluth, Winnipeg & Pacific lines. Scattered last evening, when an amendment was adopted, calling for an alteration in the plan.

## SCHOOL TEACHERS

**WHO ARE GOING TO TRAVEL THIS SUMMER**

Either in this country or abroad, should save themselves worry and trouble by securing

**OUR AMERICAN BANKERS' ASSOCIATION SELF-IDENTIFYING TRAVELERS' CHEQUES**

Which not only render their funds SAFE and CONVENIENT, but insure the holder many courtesies from our correspondents the world over.

Full information will be gladly furnished by our foreign exchange department.

**AMERICAN EXCHANGE NATIONAL BANK**

Savings department open every Saturday night in the year, 6 to 8.

## USE BRASS KNUCKLES

### Bob Brodovich Pounds Man Who Attacked Him With Knife.

Knives and brass knuckles were brought into play in a saloon brawl on Raleigh street this morning and as a result, two men were seriously, though not fatally, cut, and another was slightly injured. The affair was the termination of a quarrel, which started two weeks ago. All three men involved are under arrest.

Mike Vokodnich, a barber residing at 124 South Fifty-seventh avenue west, who is accused of wielding a knife during the fight, is the most seriously injured. He was taken to the hospital after the fight and before the police arrived, he was taken by friends to his home, where he was treated for his wounds. He is now in the hospital, where he is being treated for his wounds.

**Funeral of Mrs. Kellar.**

The funeral of Mrs. Elizabeth Kellar of 549 Grand avenue, who died at her home Saturday, will be held tomorrow morning from the St. James Catholic church, Fifty-seventh avenue west, with interment at Calvary cemetery.

**West Duluth Briefs.**

The Colonial theater, a new moving picture house, opened last evening at 230 Central avenue.

**Former West Duluthian Back for Visit.**

W. J. Carroll, a former West Duluth man, is visiting in Duluth today. Mr. Carroll is a resident of Harbor Beach, Mich.

**Interest to Farmers and Mechanics.**

Farmers and mechanics frequently meet with slight accidents and injuries. A well known manufacturer of safety devices, the only one of its kind, is now in Duluth. The only one of its kind, is now in Duluth.

**Convention in Duluth Next Year.**

The Minnesota State Pharmaceutical association will meet in Duluth next year. This was decided at the convention held this year at Lake Minnetonka, from which the Duluth delegates have just returned.

**LOOK THIS UP!**

A rare chance to get a good home at a bargain: seven-room house, full basement, water, bath, toilet and electric lights; fire place; hardwood finish throughout; lot 50x125; fine location; price, \$2,800; \$1,800 cash; balance, mortgage three years, 6 per cent.

**L. A. BARNES,**

304 Central Avenue, West Duluth.

## HOW TO KEEP COOL

There be men and women who don't know how to keep cool when the mercury boils up towards the ninety mark—Yes, even those who are otherwise judicious and resourceful! Perhaps they'll never learn. Here it is—Keep your heart and your clothing light. Keep as cool as you can.

This store is more competent to advise on some things to do than the things not to do.

Here is where we can offer you real practical help with light-weight clothes, thin underwear, parasols, fans, etc. Every requisite for summer travel. Everything for vacation. And this is the most comfortable store for summer shopping—cool air, pure water, best arrangement, best service.

**The Sale of New Wash Dresses**

Continues today. Notwithstanding the "run" on these dresses all day yesterday, assortments are unbroken—sizes are still complete.

For Women and Misses, of Linen, Chambray, Lawn and Gingham, prices run from \$2.75 to \$10.00, with several in-between prices. Values are a good third more than the threshold of these sale garments may be gauged from the fact that styles and tailoring fare up to the notch demanded by this exclusive store—the dresses being from our most exclusive maker.

**Breezy Waists.**

Middy Waists with youthful looking sailor collar and cuffs—trimmed in white braid for \$1.25.

The New Tennis Blouse Model of white lawn, with colored band trimming, short sleeves, at \$1.50.

New Jack and Tar Waists—Cousins to the Middy models, at \$2.00.

Dutch Neck and Short Sleeve Models—Exquisitely trimmed with embroidery and lace, at \$2.50 and \$3.50.

**Cool Sunshades**

A parasol is one of the secrets of "how to keep cool." Whether you wish to match your gown or just a plain pongee or linen or a Japanese affair of the new pagoda design, they are all here in summer array. Prices run from \$1.75 to \$18.00.

Children's Sun Shades, from 75c to \$1.75.

We never remember of such an array of garment luxury at lowered prices at practically the threshold of summer. It looks more like an August-end disposal than anything else.

**Silberstein & Bonds Company.**

Orne, 814 Tenth street north, was taken to St. Joseph's hospital Thursday night and successfully operated on for appendicitis.

**Chamberlain's Cough Remedy Best on the Market.**

"I have used Chamberlain's Cough Remedy and find it to be the best on the market," says E. W. Tardy, editor of the Sentinel, Gainsboro, Tenn. "Our baby had several colds the past winter and always gave it relief at once and cured it in a short time. I always recommend it when opportunity presents itself." For sale by all druggists.

**CONVENTION IN DULUTH NEXT YEAR**

The Minnesota State Pharmaceutical association will meet in Duluth next year. This was decided at the convention held this year at Lake Minnetonka, from which the Duluth delegates have just returned.

## French & Bassett DULUTH, MINN.

Beginning Saturday, July 2,

**This Store Will Close at 1 o'clock P. M. Saturdays**

**During July and August**

There has been much talk about closing at 1 p. m. on Saturdays during July and August, but we cannot see why there should be any hesitancy on the part of broad-minded merchants in doing so. It is done in all progressive cities with great benefit to all concerned, and we believe that when the matter is properly considered that no Duluth merchant will care to stamp his city as a country town, or himself as unprogressive. We take this position independently, because we believe it is right, and kindly ask our customers to favor us in it. Please come early on Saturdays during these months, and goods will be delivered promptly within reasonable distance.

Sincerely yours,

**FRENCH & BASSETT**

Duluth, Minn., June 28, 1910.

**"The House That Does the Business."**

**39c**

Per Set

Usually Sold at 85c to \$1.00

This is the most beautiful of colored glassware as well as the most popular. The design is exactly as shown in the picture. Set consists of one large nine-inch bowl and six four-inch nappies. (Limit one set to a customer.)

**See Our Fine Dinnerware**

We have a showing of 100-piece sets in open stock that we are proud of. All new designs in domestic and imported Limoges, French ware.

**EASY PRICES and EASY PAYMENTS.**

**MOTHER'S FRIEND**

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

**DEFECTIVE PAGE**

## MUST PROBE OKLAHOMA DURING HIS CAMPAIGN

Congressman Miller Back From Washington Faces Another Warm Task.

"Points With Pride" at Work of the Last Congress.

Now somebody has gone and done it. Clarence B. Miller, representative in Congress from the Duluth district, has returned from Washington, where he has been for the last several months, and he is now facing another warm task. He is expected to make a tour of the state during the next few months, and he is expected to make a tour of the state during the next few months, and he is expected to make a tour of the state during the next few months.

CONGRESSMAN CLARENCE B. MILLER.

hammering, some of the most important pieces of legislation could not have been enacted. The insurgents, as to insurgency—well, that deserves another paragraph. Everybody, perhaps, is an insurgent on something or other. In New England the tariff standstillers are insurgent on the railroad bill and the postal savings bill, and so it is in different sections and among different people.

At last! It may be that it is not yet possible to answer the question, "What is a Republican?" but here is a definition of what is an insurgent from one of them. An insurgent is every body with that classification in mind, it will be realized at once that a great, grand error has been perpetrated. Think of it—Uncle Sam! Poor, mis-treated Uncle Sam! Sure, he's an insurgent. An insurgent on insurgency, probably.

It's very simple. The Oklahoma investigation will not be a simple thing, however. J. E. Murray has been an attorney for the Chickasaw and Choctaw Indians of that state for a period of about fifteen years. In that time he has been engaged in various enterprises, prominent among them being the sale of Oklahoma Indian lands, known as the Murray contracts. Senator Gore announced in the senate last Friday that he had been approached by a man who offered him \$50,000 for his good offices as a senator in aiding in the approval by congress of these contracts. Representative Murphy of Missouri made a similar assertion in the house. Therefore the appointment of the investigating committee of which Mr. Miller is a member.

The Indian lands of Oklahoma comprise about two-thirds of the area of the state, and underlying the tracts are vast riches in zinc and lead and oil. Possessing these great natural resources, the Indians are wealthy. Some of them live in dugouts and shackles in automobiles; others who look like tramps have thousands of dollars in the banks. And the feeling is legitimate prey. In the eyes of the white man, they are hunted frequently and with neatness and dispatch. Now the suspicion is that one of the most ambitious of rackets is being planned by certain people who naturally would be looked upon as protectors of the Indians. To disclose the nefarious scheme is the business of the committee.

Mr. Miller seriously regrets that he is forced to serve on this committee, as he fears it will interfere materially with his fight for election. However, his plans remain to be made, and a way about the difficulty may be discovered.

**What Everybody Ought to Know.** That Foley Kidney Pills contain just the ingredients necessary to tone, strengthen and regulate the action of the kidneys and bladder. Sold by all druggists.

### POWER COMPANY NOT AFFECTED

This long continued dry spell, which is probably the most severe that Northern Minnesota has known within the memory of the oldest inhabitant, has put the St. Louis river water power to a most severe test, and the fact that it has withstood this test justifies the faith the promoters had in their plans.

The St. Louis river is very low, probably the lowest it has been in many years. The river steamers have to proceed at half speed above Zenith island, for fear of touching bottom. In spite of this fact the power company is doing business as usual. The manager of the company, W. N. Ryerson, stated this morning that the drought had not interfered in any way with the company's business, although the river was unusually low.

### WILL CELEBRATE AT COUNTRY CLUB

A big Fourth of July celebration will be held at the Northland Country club on the evening of the Fourth.

While the celebration will go on all day, the big events are scheduled to take place in the evening when several hundred dollars' worth of fireworks will light up the sky.

C. Ziegler, manager of the sporting goods department at the Kelly Hardware company, has been engaged to set off the fireworks. The goods, which come from Germany, represent the newest ideas in fireworks. It is said that it will be the finest display ever seen in the city.

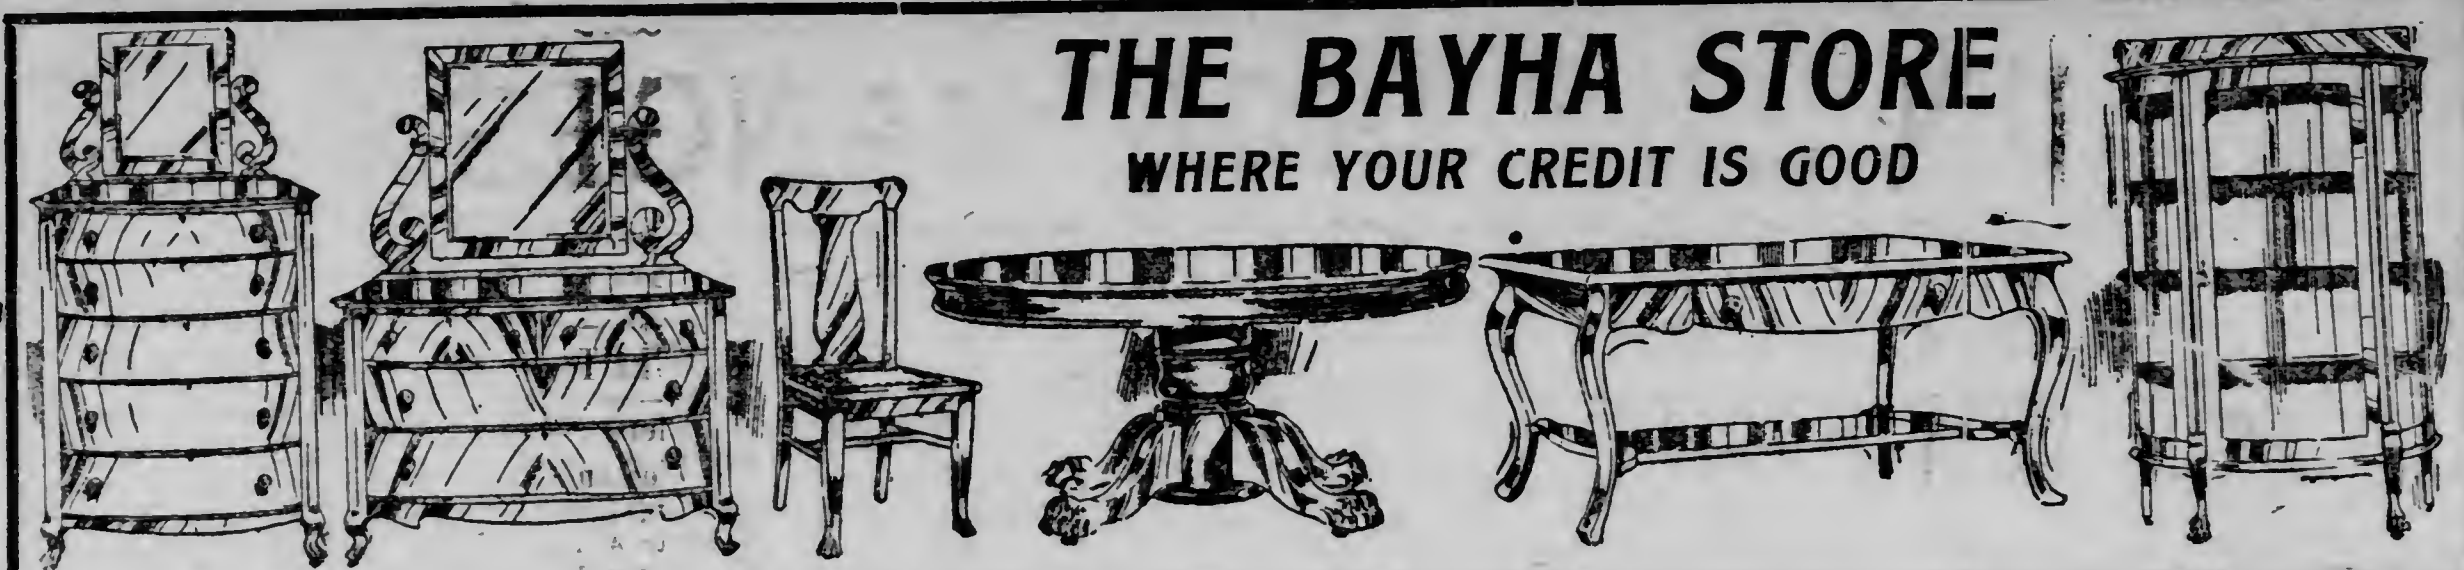

A band will be in attendance at the grounds all day and an elaborate program of sports has been arranged. Prizes will be given the winners.

### THE VICTOR RECORDS FOR JULY.

The July list of Victor records is of unusual interest because it contains a new Caruso-Scotti duet. This wonderful record, Caruso and Scotti have made is the duet "Love or Fantasy" which occurs in Act I of Madame But-terfly.

### HALL-KREIDLER MUSIC COMPANY

## Saturday Closing Notice

Beginning Saturday, July 9th

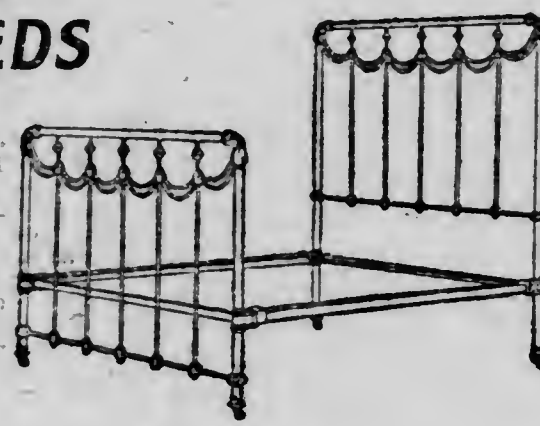

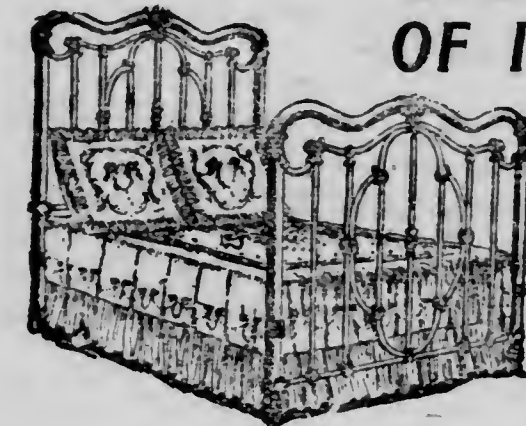

This store will close at 1 p. m. every Saturday until further notice.

We are heartily in favor of the movement that is now on foot to close all stores Saturday afternoon, and as evidence of our sincerity in the matter, we will close our store at 1 o'clock every Saturday afternoon, beginning with the above date, until further notice. Progressive stores in other cities find that the plan works out satisfactorily to all concerned, and we believe Duluth is progressive enough to enjoy the same advantages.

We ask that you shop early for your own convenience as much as anything else. You'll find the morning hours cool and shopping more comfortable in many ways.

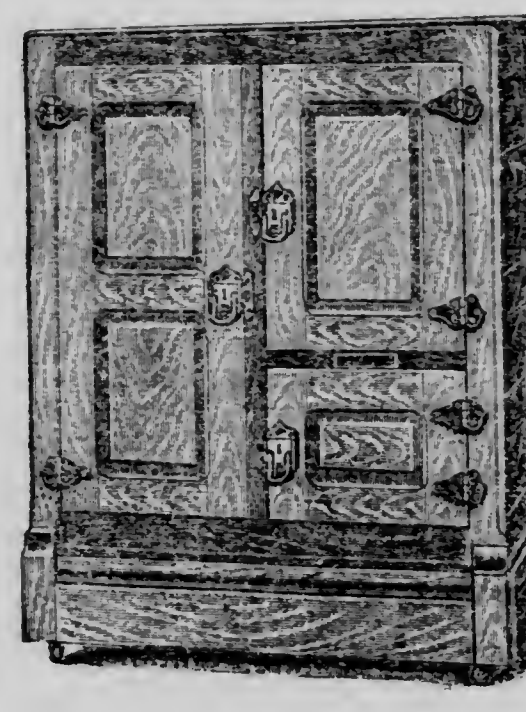

The above move is made for the benefit of our employees, and they will appreciate your co-operation.

### SPECIAL SALE OF IRON BEDS

Some big values are being offered in the Iron Bed line this week and it will pay any one in need of a bed to take advantage of this exceptional offering. We quote here only a few of the bargains:

- A beautifully designed Bed—Heavy posts and filling rods, brass trimmed; regular price \$11.50, sale price..... **\$6.65**

### Perfect Refrigeration, Less Ice

Most any refrigerator will give fair satisfaction if the ice chamber is kept full of ice at all times, but how about those days when you have used a little extra ice for sherbets, etc., or on Sunday, when you can't get ice?

### The Rhinelander Grand

Will keep your food cool and sweet with less ice than any refrigerator on the market. We guarantee it to do all we claim and we'll prove it to you. The Rhinelander Grand gets the benefit of a complete circulation of cool, dry air. And this circulation is continuous—it is produced with less ice in the ice chamber than is possible in any other make. This gives you more ice to use for other purposes, at the same time keeping your food in a cool, sanitary condition. It's safer and cheaper. You can't buy a refrigerator anywhere near as good as the Rhinelander for the same amount of money. In fact you'll pay more for refrigerators that will not give you the service that we guarantee in the Rhinelander.

### LAST GREAT METROPOLIS OF NORTH AMERICA.

Fort George—Now starting on main line of Grand Trunk Pacific railway, and on lines of six other railroads projected and building.  
Fort George is geographical and strategic Commercial Center of British Columbia and metropolis of an inland Empire larger than the state of Minnesota and Iowa.  
Fort George is at junction of one thousand miles of navigable waterways. Millions of acres of splendid farming lands, besides unlimited quantities of mineral and coal resources, are tributary.  
One hundred million dollars will be spent in next three years in railroad building alone. By the summer of 1911 twenty-five thousand men with pay roll of one hundred thousand dollars per day will be employed in the vicinity of Fort George.  
We are joint owners and sole agents for Fort George Township. The government insures the town and owns one-quarter of the town. Write us quick for maps, plans and full information about fortune-making opportunities at Fort George. Also about our upper Fraser Valley farms. Natural Resources Security Co., Ltd., 605 Wincup Bldg., Vancouver, B. C.

of the Lyceum theater. There are reservoirs of cool air stored in the basement of the Lyceum and this is pumped through the auditorium. Mr. Wilk thought the patrons of the Lyceum would be interested in the differences of temperature and he swears that the following table is correct: When it was 92 outside the Lyceum, it was 82 inside; when it was 93 outside, it was 61 inside. When it seemed like 119 outside the cool recesses of the interior seemed like about 50. By this time Mr. Wilk had run in and out so rapidly comparing temperatures to prove that the Lyceum was cool, that he became overcome and he relaxed with a palm leaf and a June 21 mint drink. A June 21 drink is the longest there is.

**Great Muskellunge Catch.**  
Sault Ste. Marie, Mich., June 28—All records for catching fish in St. Mary's river were slashed Sunday when a party of four caught a string of nine muskellunge, weighing 126 1/2 pounds. The largest weighed twenty-six pounds. The catch was made in Mud Lake. Another party got over 1,000 pounds of black bass in Lake George.

**Glad to Recommend Them.**  
E. Weakley, Kokomo, Ind., says: "After taking Foley Kidney Pills the severe backache left me, my kidneys became stronger, the secreted natural and my bladder no longer pained me. I am glad to recommend Foley Kidney Pills." In a yellow package. Sold by all druggists.

**OVERCOME BY HEAT PROVING LYCEUM IS COOL.**  
Jacob Wilk, business manager of the Gus A. Forbes company put in a very busy day today comparing the temperatures of the outside and the inside

which always distinguishes her work. The famous Carmen Quintet, one of the favorite numbers in Blot's opera and at the same time one of the most difficult imaginable, is magnificently rendered by five prominent artists of the Metropolitan and Manhattan operas—James, LeJune, Duchene, Dumessnil, and Mme. Leroux and Gille. Victor sings the great "Prologue" from Bolto's Meisterfale; Ger-ville-Reache gives a "delightful rendition of the lovely, "Song of Spring" from Pellash, which was one of the sensations of the late Hammerstein opera season; Zerola has made a fine record of the great "Improvis" air from Andrea which she sings superbly; his famous high tones being much in evidence; Mische Elman, the young violinist, plays "two" of his most popular encore numbers, "Les Farfadets" and Schubert's "Serenade," and the new Victor recording process brings out the most delicate tones in all their beauty. These are only the operatic selections included in the splendid announcement of the Victor records for the hot month. There are orchestra and solo instrumental numbers and the usual happy, light numbers that will be a welcome addition to the porch parties in the evening.

terly and the number closes with a splendid climax as Lieut. Pinkerton (Caruso) recklessly pledges the "real American wife" he hopes to meet some day.  
Another beautiful duet, "Ah, Mimi, False One" from Boheme, is splendidly sung by McCormack and Sammarco, who have both made a success in that opera. McCormack also contributes two solos—"When Shadows Gather" in English, and the beautiful "Cantilene" from Lakme, in Italian. The two new English songs by Geraldine Farrar will be most welcome to her many admirers. The selections are that most beloved of Scotch ballads, "Bonnie Doon," and Stephen Foster's immortal home song, "My Old Kentucky Home," and Miss Farrar sings them with that loveliness of voice and perfection of diction

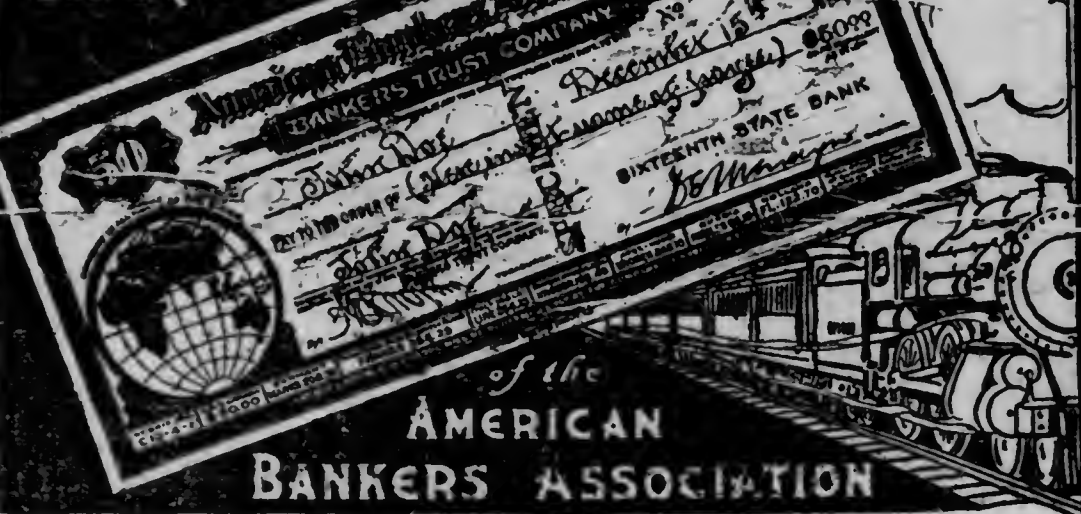

## TRAVELERS' CHEQUES

All the great Railroads, Steamship Lines, Hotels, Etc., of the world honor and accept the "A. B. A." TRAVELERS' CHEQUES. Very easy to negotiate, because self-identifying. Not available to finder or thief, in case of loss or theft. Convenient denominations.

Take them on your trip.

## NEW MEAT ORDINANCE WILL BE STRINGENT

Every Pound of Meat Sold Will Have to Pass Inspection.

Water Board Raises Money to Finance Much Needed Extensions.

\*\*\*\*\*  
WHAT THE COUNCIL DID.  
Held first reading of drastic amendments to meat ordinance. Authorized sinking fund commission to buy \$25,000 worth of bonds from water and light department for carrying out meat ordinance improvements.  
Approved resolution of \$50,000 worth of 4 1/2 per cent permanent improvement revolving bonds.  
Held from Joe Sheehy.  
Put erection of West Duluth market house on conference committee.  
Changed route of Canadian Northern through West Duluth. Informed that Sundry road condemnation damages must be paid.  
Held from Chief Troyer on permits for new fire escape.  
Granted fireworks, saloon and motor vehicle licenses.  
Completed arrangements for ball game with Superior Aldermen June 20.  
\*\*\*\*\*

Rivalling the baker and milk ordinance in stringency, several amendments to the meat ordinance were introduced in the city council last night and will probably come up next week for final passage.

The provisions are by far the most strict ever offered for the regulation of butchers in this vicinity, showing by their very severity the city which has been permitted to exist in the operation of markets in the past. When the amendments become law, and it is not believed that a single butcher will seek a permit by appearing to oppose them—not a pound of meat can be sold without having been inspected by a federal, state, or city inspector, and his stamp affixed. Meat, fish or oysters be exposed to the open air, dust, dirt, or filth in the front of the store, or any other place.  
All meat must be properly covered in delivery and the wagons must be kept scrupulously clean.  
Every precaution must be taken to prevent the meat from poisoning or other contamination which will make it unfit for consumption.  
No animal can be slaughtered in the city limits unless a permit is first secured from the health commissioner.  
Cupboards, soap, clean towels and wash basins must be provided in each shop.  
All barrels or tins containing meat or food products must be elevated at least six inches above the floor.  
The amendments are the results of investigations made by Leo W. Bernhardt, city meat inspector of the health department. He found some shops in the most congested section of the city, demanding reformation he was confronted with the fact that the butchers to compel the butchers to maintain clean, wholesome shops. Men wiping their hands on their aprons in some cases after washing them in dirty water which had been used for a period of several days. The meats were exposed to all kinds of dirt and the counters were sometimes washed with drippings from the ice boxes, subjecting the meat to local contamination. In the past it has also been possible for the butchers to buy meat from the private slaughter houses and sell it to the public before it has been inspected by a city inspector. The amendments are designed to rectify all of these evils.

The council authorized the sinking fund commission to buy \$25,000 worth of the \$200,000 bond issue temporarily, under certain conditions. The sinking fund will repurchase the bonds at a later date, reimbursing the sinking fund commission for any expense to which it may have been subjected. The residents of Garfield avenue have an insufficient supply of water, noticeable particularly in case of a severe fire. The authorities want a bigger main put in before the new sewerage money. The hillside service in some parts is entirely inadequate, causing many bitter complaints from the occupants of residences in the affected neighborhood. The money will be used for the improvement of these two sections.

The ordinance providing for the issuance of \$50,000 worth of permanent improvement revolving fund was passed, the bonds to bear interest at 4 per cent. The issue was authorized by the council to relieve the fund which has been petitioned for since it started. It was not thought possible to sell the 4 per cent bonds.

The city attorney notified the council that the city had been made for the Sundry road condemnation. The time in which the condemnation could be reconsidered is past by money. It is said, which will have to be paid in condemnations, as the new Farrell road will reach the boulevard with a better and more satisfactory grade, eliminating the necessity of the Sundry road below the boulevard.

Chief Troyer replied to the request for information relative to policemen wearing helmets. He stated that personally he thought they would be more comfortable and give the men a more comfortable appearance. He asserted that if the city would buy the helmets he would direct the men to wear them. It was claimed last week that the officers are getting bald because the caps they are now compelled to wear are too warm during the summer. At a meeting about two years ago the men voted down the proposition of wearing helmets, but at that time the question also involved their purchase by the men themselves.

Joe Sheehy, whose application for a license to operate an employment office has been repeatedly refused, delivered a brief oration to the assembled aldermen last night. He asserted that he was under bonds of \$2,000 to conduct the office properly. Still, the license was not forthcoming.

The reduction of the grade of Oak avenue twelve inches under the bridge of the Chicago, St. Paul, Minneapolis & Omaha railroad was authorized, provided the expense be borne by the Duluth Street Railway company. Their tracks pass under the bridge, which is now so low that trolleys are frequently broken and considerable delay caused.

Upon recommendation of the city attorney, the claim of Mina Clark for

personal injuries sustained because of a defective sidewalk was settled for \$200.

The extension of water and gas mains costing about \$8,000 was authorized by the council.  
James Cummins sent in a communication complaining of the alleged practice of allowing wire companies to tear up streets after they are paved and replacing them at the city's expense. He said that the light bills are a lottery, and that when the customer went to the company's offices he got no satisfaction. He also said that it has now gotten so that when a man is elected to the council he is elected in a verdict of "overcome by heat."

A petition was received for the grading and graveling of Fifth street, between Twenty-third and Twenty-fifth avenues east.

The mayor forwarded the protest of the business men of Superior street, who protested yesterday against allowing tent shows or circuses in the city Saturdays or the Fourth of July. The delegation also asked that licenses be raised to \$1,000 for big circuses. They also suggested that the retailers be given a hearing before a council committee.

A communication was received requesting that the order for the sidewalk on Twenty-sixth avenue east, between Superior and Seventh streets, be discontinued. The residents state that the plank walk will be only temporary, and that they want to put in a permanent improvement.

A. K. Love complained of the condition of Miller's creek at Twenty-sixth avenue west between Second and Third streets. He said that the retaining wall is insufficient and that the sanitary conditions are not good. He asserted that the children catch many minnows and leave them to decay on the banks. He said that it is his intention to erect a substantial building in this vicinity.

A resolution of the Proctor council was received asking that the city repair the plank walk between that village and Bay View Heights. The question was referred to the committee on streets, alleys and sidewalks, which will also report on the condition of the roadway from West Duluth to Proctor.

An ordinance was introduced prohibiting the operation of any merry-go-round with a musical attachment within 200 feet of any residence unless written consent of the occupant has been obtained.

The Duluth, Winnipeg and Pacific franchise was amended as to route. Instead of going above the fire hall at Central avenue and Elbow street the road will not pass below it, eliminating the necessity of depressing Grand avenue.

An amendment to the fire escape ordinance was passed, enabling owners to install a better escape if they so desire, allowing them to use an escape on which ice will not collect. The amendment was proposed by the building inspector.

The board of public works was directed to clean up under the Lake avenue viaduct and to take steps in the future to see that there is no more dumping here.

The finance committee reported that there is not enough money this year to provide the market house at West Duluth. The cost would be \$2,000. The matter was put up to the conference committee for consideration when it meets next fall to fix the tax levy for 1917.

About 200 licenses to sell fire works were granted. A batch of liquor licenses was also granted, and applications to operate motor vehicles approved.

It was announced that the famous ball game between the city and the Superior aldermen will come off the afternoon of Thursday, June 29, at the Superior park. The great contest is scheduled to begin at 3 o'clock.

Rural Free Delivery.  
The rural free delivery service of the United States means the distribution of nearly 3,000,000,000 letters and parcels annually along the highways and byways of every state from Maine to Alaska. A force of 41,000 carriers daily go over the routes assigned to them. Take a glass of Golden Grain Belt beer with your meals and at bedtime. It builds up overworked nerves, restores vitality, and insures renewed health to body and mind. Order of your nearest dealer or be supplied by Duluth branch Minneapolis Brewing company.

## AMERICANS THRIVE IN THE PHILIPPINES.

Washington, June 28.—Any idea that the Philippines are unattractive as an abiding place for Americans would seem to be dispelled by the statement issued from the bureau of insular affairs that the death rate among the more than 300 government employees in the islands for the quarter ended March 31 was only 1.00 per cent. These employees, of whom some 3,700 are Americans, include all the officials and employees of the insular, provincial and municipal governments and the police and fire departments of Manila.

Liability of Employers.  
Washington, June 28.—Members of the joint congressional committee to investigate exhaustively the question of employers' liability will meet in this city Wednesday to map out a program.

## TALK ABOUT EXPENSES

Democrats and Republicans Clash Over What Congress Appropriated.

Livingstone Takes Issue With Tawney as to the Amount.

Washington, June 28.—Democratic claim: Congress at the session just closed again passed the billion-dollar high-water mark.

Republican claim: Actual probable fixed charges against the revenues during the fiscal year 1917 are \$593,129,781.

Both parties agree: Appropriations for expenses of the government made during the present session aggregate \$1,027,133,446.

These calculations epitomize the annual review of national appropriations and expenditures made public by Chairman Tawney of the appropriations committee of the house and Representative Livingston of Georgia, ranking Democratic member of that committee.

Both parties agree: Tawney's charge, statement is based on deducting from the aggregate the appropriations which carry no appropriations, Panama canal cost, which bond sales will pay for, the \$2,000,000 for reclamation projects which an issue of indebtedness certificates will cover, and deficiency appropriations and miscellaneous acts for payment of claims and other special matters expendable the present fiscal year, instead of the next.

Mr. Livingston denounced what he called a large increase on account of public expenditures, session aggregate of \$1,027,133,446, and declared that under the reclamation issue and naval appropriations "we have a policy that stands for interest-bearing bonds issued against the taxpayers' pockets and the nation's credit."

Mr. Tawney declared there was a substantial reduction in current military expenses, while Mr. Livingston asserted that under the reclamation issue and naval appropriations "we have a policy that stands for interest-bearing bonds issued against the taxpayers' pockets and the nation's credit."

Mr. Tawney declared there was a substantial reduction in current military expenses, while Mr. Livingston asserted that under the reclamation issue and naval appropriations "we have a policy that stands for interest-bearing bonds issued against the taxpayers' pockets and the nation's credit."

## NO JURY TRIAL OF RUSSELL WILL CASE.

Boston, Mass., June 28.—Trial by jury has been denied the man known as Daniel Blake Russell of Dickinson, N. D., who claimed one-half of the \$500,000 estate of the late Daniel Russell of Melrose. The North Dakota claimant appealed to the supreme court from an adverse decision by Judge Lawton in the probate court at the close of a trial lasting six months. The supreme court decided that the case must be heard by a single justice.

## "THE VIPER" FREE ON HABEAS CORPUS WRIT.

Manila, June 28.—Artemio Ricarte, self-styled "The Viper," who headed an attempt to start a revolution in 1904 and who was sentenced to six years imprisonment and a fine of \$5,000 on the charge of conspiracy against the United States government, has secured his release on a writ of habeas corpus. The ground is taken that he was illegal to impose subsidiary imprisonment to cover the large fine, which he was unable to pay. There is a possibility that Ricarte will be deported.

## FULLMAN ORDER SUSPENDED.

Washington, June 28.—On account of the inability of the attorneys to obtain a hearing of the Fullman case before the United States circuit court in Chicago, the interstate commerce commission has suspended its order, effective July 1, until July 12.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 27 N. MURRAY STREET, NEW YORK CITY.

## WATCH POSLAM WORK

Results Are Seen After a Single Application.

Any one wishing to test poslam, the new skin remedy, for the rapidity of its action should select a red spot or small part of a surface where the skin is extensively broken out. Poslam should be applied on this place at night and results noted in the morning by comparison with the surrounding skin, which has not been treated. Surprising results are seen, particularly when poslam is used for red and inflamed noses, fever blisters, pimples, rash, scaly scalp, itching feet, sunburn, etc. The beneficial action of his new healing agent in eczema, acne, psoriasis, barber's itch, piles, etc., begins with first application when all itching is stopped and continues until the skin is healed. Cases of these troubles, of years' standing have been completely eradicated by poslam after other remedies were abandoned as ineffectual.

A special 50-cent package of poslam is prepared for minor uses and this, as well as the regular \$2 jar, is on sale by all druggists, particularly the Lyeum Pharmacy and W. A. Abbott's in Duluth, and the A. E. Holmberg Drug Co. in Superior.

A sample of poslam, which will afford a convincing test, will be sent by mail, free of charge, to any one who will write to the Emergency Laboratories, 221 West Twenty-fifth street, New York city.

A CENTURY and a quarter has passed since the memorable appeal of the Liberty Bell in Philadelphia. Industries have grown until the United States is the big commercial nation of the world. Among the great industries which have from the start received the support and encouragement of the country's greatest men is the brewing of beer.

A free people chose to make beer a great national beverage. If you would celebrate your "Fourth" in a genuinely enjoyable and "sane" manner, we suggest you order a case of

## Fitzger's Beer

Best By Over 25 Years Test.

There's nothing that really satisfies thirst and refreshes body and brain like this delicious brew. Served at home or with your picnic dinner, it will add greatly to the day's pleasure, and will be appreciated by your family and friends.

ORDER A CASE BEFORE IT'S TOO LATE.

July 4th **Fitzger Brewing Co.** 1910

DULUTH, MINN.

ridge, pastor of Central Baptist church, will officiate. They will leave for Toronto, Can., on a wedding trip. They will be at home at Twenty-second avenue west and Fourth street in a few weeks.

WILL SPEND THE SUMMER LECTURING.

An active summer is planned by Rev. M. O. Stockland, pastor of Grace M. E. church. Twenty-second avenue west and Third street, who will make several excursions to nearby towns on short lecture tours.

Tomorrow, he will leave for Virginia, where in the evening he will deliver his lecture "Making Our Own World," at the Methodist Episcopal church in that city.

This summer, he has already made several trips to a number of Minnesota cities, delivering this and other lectures. He expects to visit Duluth, City, St. Paul, Minneapolis and other of the range towns.

Elected State Delegate.

L. A. Simonson, who was elected vice grand chief of the Scandinavian Grand Lodge meeting of the Scandinavian Grand Lodge of Minnesota will be the state delegate to the world convention of the I. O. G. T., to be held at Hamburg, Germany, next year. Mr. Simonson was instrumental in securing the 1911 state convention for Duluth next year.

row afternoon at the home of Mr. and Mrs. Alexander Kennedy of Eighteenth avenue west and Third street.

The Swedish Christian Sick Benefit society will hold a business and social session at Sloan's hall, Twentieth avenue west and Superior street, Friday evening.

The choir of the First Swedish M. E. church will meet Friday evening for rehearsal at the church, Twentieth avenue west and Third street.

The congregation of the First Swedish M. E. church will hold its mid-summer festival Thursday evening at the church parlors. A program of music and social games has been arranged.

Mr. and Mrs. R. Hunter, who have been making their home at Raritan, Minn., for the past year, have returned to the West end.

Mr. Adolph Olson has gone to Niagara, N. Y.

Charles Simonson is visiting at Mason, Wis.

Members of the Lysaklitt lodge, I. O. G. T., West Duluth, surprised Mr. and Mrs. L. A. Simonson, at their home, 2102 West Superior street, at evening.

The evening was spent in games and music.

For Dyspepsia

Take **Horford's Acid Phosphate.**

Relieves the continued sense of hunger, sick headache, nausea and sour stomach.

"See America First"

TAKE a vacation this summer—get away from the daily "grind"—two weeks or two months can be profitably spent in our national playgrounds, or at delightful mountain resorts in the Rockies and Cascades. Glacier National Park, Montana; Rainier National Park, Washington; Hayden Lake, Idaho; Lake Chelan and Scenic Hot Springs, high up in the Cascade Mountains, are a few of the places you should see. Low fares every day this summer via

Great Northern Railway

Visit Spokane, Seattle, Tacoma, Portland, Everett, Bellingham, Vancouver, Victoria, New Westminster and the charming cities of the Pacific Northwest.

Make the daylight trip down the Columbia River over the new Spokane, Portland and Seattle Railway.

Special Round Trip Fares

Round trip summer tourist tickets are on sale every day, June 1st to September 30th, from all eastern points. Very low special round trip convention fares in effect July 9th to July 16th, inclusive—long limits—stopovers allowed.

Two Splendid Daily Trains

Connections can be made from Duluth or Superior via St. Paul or Grand Forks with the "Oriental Limited," or "The Oregonian," two through transcontinental trains carrying standard and tourist sleeping cars, dining car, and day coaches. The Oriental Limited also has compartment observation car.

Send for our free booklet.

**BULL DERAILS FREIGHT.**

Incidentally Animal Is Killed and Two Trainers Hurt.

Moore Lake, Minn., June 28.—(Special to The Herald.)—An ordinary red bull refused to get out of the way of a freight train on the Northern Pacific road which was backing from Plummer to Moore Lake yesterday, with the result that the engine and caboose were derailed and rolled down an embankment, while the train was reduced to nine cars.

Engineer Kane had a leg broken in two places, the conductor and a cash out in his chin which required several stitches, and was caused by the animal. Charles Bradley injured an arm and dislocated a shoulder. All were taken to a local hospital.

**CIGAR LIGHTER EXPLODES, CAUSING A \$500 FIRE.**

Appleton, Minn., June 28.—The second fire last week destroyed the bakery and restaurant of Harding & Tabe Saturday night, and was caused by the explosion of a gasoline cigar lighter. The loss is \$500, covered by insurance.

**YOU CAN FEEL YOUR ECZEMA HEAL**

(From the American Drug Reporter)

"Eczema on the head and scalp is a common occurrence of a most common disease, and it is to be regretted that most remedies for eczema which produce cures when other parts of the body are affected fail to give good results when used for eczema on the head."

"The new drug Quintone is different from other eczema cures offered to the public, for it provides an excellent remedy for all forms of scalp eczema, better, ringworm, psoriasis and similar skin diseases, and purchasers report that they can feel it heal."

"As eczema on the scalp causes annoying itching, dandruff and falling hair, the sales of Quintone are rapidly increasing and it is probably the most popular 'home treatment' known. All that is necessary is to dissolve two ounces of Quintone in a half pint of hot water and let it cool; now add two ounces of alcohol. For eczema on the head rub Quintone lotion into the scalp with the finger tips. For eczema elsewhere a cloth saturated with Quintone lotion is applied for a half hour twice a day to the affected surface. Quintone stops the itching at once."

# LA FOLLETTE SMOOKS AS HE LEAVES OYSTER BAY

## Spends Two Hours Talking Politics With Col. Roosevelt.

### Burkett and Madison Next and Pinchot and Garfield Have Been There.

Oyster Bay, June 28.—Robert M. La Follette, United States senator from Wisconsin and the father of Republican insurgency, spent two hours yesterday afternoon talking politics with Theodore Roosevelt. He left Oyster Bay wearing a broad smile, and with the declaration:

"Col. Roosevelt is the greatest living American and is in fighting trim."

Senator Elmer Burkett of Nebraska, another insurgent, is coming to Sagamore Hill after Col. Roosevelt returns from Boston. He, too, will talk politics.

Representative Madison of Kansas, irreconcilably insurgent and ardent defender of Gifford Pinchot as a member of the Ballinger-Pinchot congressional investigating committee, will be at Sagamore Hill, too, will talk politics.

Within the next few days, Col. Roosevelt has talked politics with Gifford Pinchot and his ally, James Garfield.

Senator La Follette arrived early in the afternoon. He had with him G. F. Roe, a New York lawyer, who was formerly his law partner. Col. Roosevelt's chauffeur was waiting for them, and whisked them away in a motor car. The senator had pulled his hat down over his eyes and tried to escape unseen, but he was caught fairly at it by a group of newspaper men who saw the Roosevelt automobile. They tackled him on suspicion, although no overt resistance was shown. He had his famous pompadour.

"Not a word," he said, "I'm going to Sagamore Hill, but I don't want a word about it."

When he returned, just in time to catch a train for New York, he looked like a school boy who had just won a prize.

He was smiling his most expansive, persuasive smile.

"It's all right, boys," he cried joyfully. "The colonel says I may talk to you."

The train pulled out and so the group of newspaper men and the senator and rode to the next station.

"Did we talk politics?" he replied to the first question, "we did, and he complimented me."

"We talked of the legislation of the present session of congress," he continued, "from the attitude of those members of the Republican party who are in the majority to those who are in the minority. He was pleased to call insurgents."

"Can you go into details?"

"No, I prefer that they come from Sagamore Hill. I am very much pleased with the result of my visit with Col. Roosevelt; very much pleased."

The senator paused for a moment, recalled the happenings of the afternoon. Suddenly the smile left his face.

for the first time, and he said impressively:

"I want to tell you that Col. Roosevelt is the greatest living American, and is in fighting trim."

An hour later the colonel received the interviewers, who told him just what Senator La Follette said about him and their meeting. The colonel smiled as though he liked it.

"I think there is nothing I can add to what the senator has said," he commented.

His face was inscrutable. He gave no sign of what was in his mind.

Speculation among Oyster Bay politicians is keener than ever because of today's occurrence. One story goes the rounds is that the insurgents have come and seen, but have not conquered. There is another group of equally positive ones who insist that the colonel has shown clearly by his acts that he is veering towards the radicals. All agree, however, that it is entirely a matter of opinion.

When Col. Roosevelt received the interviewers he was standing on the side of the hill which slopes down from his house. He wore a golf shirt and a pair of golf stockings and a soft brown shirt, open at the throat. He was hatless, and a group of golfers clustered around him. He had chopped half through a tree.

"Wait just a moment, please," he called.

He raised his ax and whacked at the tree with hard, true strokes. In another minute the tree quivered and then fell.

"Great exercise," said the colonel, as he sat cross-legged on the fallen trunk, his ax across his knees.

"It is about the only exercise I get out here. I have just been in the hay field."

The colonel said that Senator La Follette and Mr. Roe were the only two men who had come to consult him about his Western Milwaukee.

He agreed definitely to speak before the Milwaukee club on his Western trip, which begins the last of August. He is to be in October, on which other trip only in October, on which he will speak to the Knights of Columbus in Atlanta, Ga., on Uncle Remus day.

Col. Roosevelt was asked about the report that an operation of the throat was to have been performed yesterday morning. He laughed aloud in his boyish way.

"Why, the first I heard of it," he said, "was when a doctor who had arrived here and said he had read that report. He had no right to make it. I am a doctor who said to perform that operation. How do you suppose such a doctor would become a patient? You see for yourselves, not only is there nothing about me, but I am in perfect physical condition."

## BEDDOW DENIES ALL WRONG ACTS

### Accused Cashier of Defunct Ironwood Bank Said Others Ordered Entries.

Marquette, Mich., June 28.—(Special to The Herald.)—The trial in the federal court here of former Cashier Beddow of the defunct First National Bank of Ironwood continues, the defendant being on the stand yesterday.

On direct examination he explained that he had made the entries in the books of the bank for the purpose of deceiving the national bank examiner and the banking association. Beddow's story, except that he denied any knowledge or direct material from that brought out by the witnesses for the prosecution, was the same as that given in his testimony. He testified that he had simply made the entries on the order of John or Larson in the regular course of his duties as bank bookkeeper, and that there was nothing in the big bill now pending out daily to excite suspicion that they did not represent bona fide transactions.

It is possible the case will go to the jury some time Wednesday, though there are so many possible contingencies that this is rather an uncertain prediction.

## MICHIGAN PLANT BURNS.

### Sidway Concern Destroyed While Owners Are Away.

Sidway, Mich., June 28.—During the absence from here of the owners of the William Beltner & Sons' butter dish manufactory, who were at Traverse City, Mich., attending the funeral of a daughter of one of the firm, the concern burned to the ground yesterday afternoon, involving a loss of \$25,000, with small insurance. About thirty-five men are thrown out of employment. A spark from a smoke stack started the fire.

## ARE WATCHING OKLAHOMA.

### Washington Officials Keep Posted on Capital Fight.

Washington, June 28.—In a quiet, informal way, officials of the department of justice have been looking into the situation involved in the removal of Guthrie to Oklahoma City.

The department has interfered in the controversy further than to advise the United States marshals in the state to avoid friction with Guthrie. Whether it will acquiesce in the request appears to be very doubtful. Officials who are willing to express any opinion on the subject think not. Others point out that the plan is purely written in the congressional enabling act the positive declaration that the capital shall not be changed until 1912.

Attorney General Wickham, to whom the appeals from both sides have come, is out of the city.

# DIRECTORY OF AMUSEMENTS

## WHERE TO GO TONIGHT.

LYCEUM—Forbes Stock company in "Merely Mary Ann."

**ZANGWILL PLAY WELL PRESENTED**

"Merely Mary Ann" One of Best Stock Productions Seen Here.

"Merely Mary Ann," as produced last evening by the Gus Forbes play company, is one of the most satisfactory stock productions that has been seen in this city for some time.

No details have been spared to make the rather ambitious offering a complete and thorough success. There is much to "Merely Mary Ann," and it is a play that will put a deal of work upon the part of the actors and actresses, but it is a play that is well worth the effort. The play is a comedy, and it is a comedy that is well worth the effort. The play is a comedy, and it is a comedy that is well worth the effort.

The Merely Mary Ann of the play is indeed a pathetic little story. One is sorry for the wrongs that life has visited upon her. Indeed, Mary is a pathetic little story. One is sorry for the wrongs that life has visited upon her. Indeed, Mary is a pathetic little story. One is sorry for the wrongs that life has visited upon her.

## WILL MARK EPOCH.

### Inauguration of President McVeigh of North Dakota University.

Grand Forks, N. D., June 28.—(Special to The Herald.)—The inauguration of President McVeigh of North Dakota University, formerly president of the Minnesota tax commission, will be the formal inauguration of the university.

## LARGE CROWDS BRAVE THE HEAT

### Bijou Proves a Cool Retreat

---Good Bill Is Offered.

In spite of the fact that yesterday was the hottest day in many years, three large crowds attended the performances at the Bijou theater. The vaudeville bill was a good one, and the electric fans and the bill this week is so good that it is hardly possible to deny the popularity of the theater.

## HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine, and scalding pain in passing it, or if it has effects follow use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to state that you read the advertisement in the Duluth Daily Herald. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

# AT THE MOVING PICTURE HOUSES.

New bills were presented last evening at both the Orpheum and Lyric theaters. In spite of the hot weather, good crowds attended both theaters last evening, who kept the house full of the building cool, and the clean and interesting films offer a good summer evening's entertainment.

## INVESTIGATED STREET LIGHTS

### J. M. Gidding a Member of Cincinnati Business Men's Committee.

J. M. Gidding of Cincinnati, president of J. M. Gidding & Co., of Duluth, Cincinnati and New York, was a member of the committee appointed by the Business Men's club of Cincinnati to investigate lighting systems in the counties of Ashland, Bayfield, Iron, Price, Taylor, Sawyer and Rusk by looking after the expenditure of the money raised by taxes for road improvements in these counties.

These lumber men are extensive owners of cutover lands on which are paid by them considerable sums in taxes. They contend the counties pay little attention to roads and bridges, but spend the taxes secured off their lands for other purposes.

Officers were chosen: President, J. T. Barber, Eau Claire; vice president, George H. Atwood, Duluth.

## WANT BETTER ROADS.

### Northern Wisconsin Lumbermen Meet at Chippewa Falls.

Chippewa Falls, Wis., June 28.—Representatives of several leading land and lumber companies met in the office of the American Immigration company and organized the Equitable Taxpayers' association. This organization will have for its purpose the bettering of public highway conditions in the counties of Ashland, Bayfield, Iron, Price, Taylor, Sawyer and Rusk by looking after the expenditure of the money raised by taxes for road improvements in these counties.

## LET TO MANKATO FIRM.

### Brainerd Concern Awards Contract for a Fine Building.

Brainerd, Minn., June 28.—(Special to The Herald.)—The Brainerd Improvement company has awarded the contract for concrete, brick work, terra cotta and structural carpenter work on their large three-story brick building to be constructed on the corner of Sixth and Laurel streets, to J. B. Nelson of Mankato. Other bidders were Emil Johnson of Minnneapolis, Hoy Construction company of St. Paul, and C. B. Rowley of Brainerd. E. H. Husman bid on the carpenter work alone.

## ROOSEVELT TO LECTURE.

### Washington, June 28.—Col. Roosevelt will lecture in Washington tomorrow, November. The date has not been fixed.

## WINDOWS OF THE SOUL

### Saved in Many Instances by Electric-Radio Magnetic Force Solenoid.

The Electro-Radio Institute Adds to Its Resources the Only Instrument Capable of Removing Particles of Steel or Iron From the Human Body Without an Operation.

Electro-Radio Magnetic Force Solenoid is the latest and one of the most wonderful inventions. After years of patient, painstaking experiments it was but recently that we felt that the Solenoid could not be improved upon further.

It has been installed by the Electro-Radio Institute. It has brought relief from suffering to a score of patients, happiness to as many saddened homes.

The Magneto Force Solenoid is an apparatus that accumulates the magnetic lines of force, which thus in unlimited quantities, are at the command of the operator. By its means any piece of steel or iron, however large or small, may be quickly and painlessly drawn to the surface of the Solenoid, and the powerful forces of the Solenoid reach the particles of steel and withdraw it from the anatomy with the ease and facility of a steam train.

The patient is first placed upon the stand of the Diaphanoscope, the magnetic forces are brought to bear and instantly every muscle, joint and organ is made visible to the naked eye. The imbedded particles of iron or steel are immediately seen and the exact location ascertained. This is the exact method in which the wonderful and always truthful diagnoses are obtained, as no disease can be mistaken for another when all functions of the body come under the actual sight of the specialist.

The location of the steel or iron particle once discovered, the Magneto Force Solenoid is brought to bear and instantly like a tiny fish rising to the surface of the water for a breath of air, it slips through the tissues and muscles until the outer skin is reached, where it may be removed with the fingers.

Hundreds of machinists, electricians and factory workers of both sexes have lost their sight through operations by surgeons noted surgeons, the removal of particles of steel or iron from the eye. In many many cases an operation on the injured

**Whitney Wall Company,**  
301-302-303 Torrey Building.

## ARRESTED FOR JUMPING BOARD BILL.

Renny Kelly was arrested yesterday afternoon for the Hibbing arrest with charges with jumping a board bill. He was captured after an exciting chase through the railroad yards, with Mrs. Johnson, wife of the proprietor of the boarding house he is alleged to have jumped.

She had taken the train for Duluth when her husband informed her by telegram that Kelly had skipped and was on the train with her. He left the train before she could reach him later and started the chase in company with Patrolman Hunter. Johnson said that he would swear a warrant for Kelly's arrest and see that he was brought back to Hibbing today.

## BOUQUET FOR THE SOUTH SHORE ROAD.

John S. Hale, manager for the Grace George company, which traveled from Duluth to the Soo over the Duluth, South Shore & Atlantic railroad, has written a letter to Matt Adson, general passenger agent of the road, stating that the treatment and courtesy accorded to Miss George and the members of her company by the officials of the train they traveled out of here, was one of the most pleasant things they had encountered upon their long trip over the country.

Mr. Hale congratulated the officials of the South Shore upon their service, the equipment of the train and the courtesy of the officials. He also paid a tribute to the scenery of the Northwest.

William A. Brady, husband of Miss George and one of the big theatrical producers who joined the company at Ishpeming, and accompanied his wife East.

**\$1000 Reward, \$100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have tested it in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## NO HAY TO BE BOUGHT FOR FUTURE DELIVERY

The hay crop is in a critical condition, if rains do not materialize soon the crop will be almost a total failure. The situation is now so serious that livestockmen and large buyers of hay are being forced to purchase their supplies for future delivery.

Parity of prices has been maintained on to their hay and feed and will not sell until the market becomes more clearly defined. There is no doubt that prices for hay and feed of all kinds will be higher this year than last, and this condition aggravates the crop situation in the Northwest. It is said that the yearling such as the black rust year of 1904, when the wheat crop was a partial

failure, there was plenty of rain and the hay crop was good. This year it appears that the farmer may lose his hay crop as well as a large portion of his wheat yield and small grain crops. A dairymen here said that he had his herd yesterday as prices were so high he could not make a profit. Whether the lack of hay and feed will force cattle on the market and cheapen the price of meat is problematical. This condition might put prices down temporarily, but it takes some time to grow and fatten a steer and the supply, after a forced liquidation of stock, would be so short as not only put prices back where they were before, but probably to boost them higher.

## CITY BRIEFS

**Duluth-Made Blank Books.**  
Thwing-Stewart Co. Phone 114.

**Northland Printery.**  
Good Printing. Call Zenith 494.

**Triennial Meeting.**  
The triennial meeting of the North Star Lodge of Perfection will be held in the Masonic temple at 8 o'clock Thursday afternoon.

Chapter Rose Croix, Council of Kabosh and consistory will be held for the election of officers. The meeting will mark the twenty-first anniversary of the North Star lodge, which was instituted Feb. 16, 1889.

**Clerks' Elect Officers.**  
At a meeting of the Duluth local of the International Brotherhood of Bookbinders, the following officers were elected: President, J. Kreimer; first vice president, H. E. L. second vice president, Ed. Barbo; recording secretary, E. H. Grouse; treasurer, J. H. May; and J. H. Grouse; delegates to trades assembly, Charles Nack, J. Kreimer, J. Grouse.

**Bar Association Banquet.**  
Arrangement sure being made for the third annual banquet of the Bar Association of Duluth. The banquet will be held July 16, probably at the Hotel Stevens. The committee in charge is composed of E. M. Morgan, W. E. Greene, C. S. Mitchell, W. E. Morgan and Walter F. Dancy.

**Fined for Assault.**  
John Quackenbush, arrested last week for disorderly conduct, was found guilty of assault and fined \$10 and costs with the alternative of thirty days in jail. He was charged with assaulting Andrew A. Johnson, a member of the Marshall-Wells Hardware company, for an imaginary grievance. Quackenbush was in the wagon, and opened his scalp with an iron hook used for handling boxes and gave him two black eyes.

**Another Insanity Case.**  
Information of insanity has been filed in probate court against Donald McElroy. McElroy is said to have been showing signs of insanity for some time past. He is 26 years old and was taken to the hospital to be examined by a physician.

**Ladies' Aid Society.**  
The Ladies' Aid society of the First Baptist church will meet tomorrow at 2:30 p. m. in the church parlors.

**Annual at Platte.**  
The Little Platte club will have their annual picnic tomorrow evening at Lester Park. Supper will be served at 6 o'clock. All members of the association are invited to attend.

**Will Discuss Water Rates.**  
The Hibbing club will discuss this evening at the Public school hall, Fourth avenue east and Fourth street, the water rates. Any one interested is invited to attend.

## PERSONAL

Mr. and Mrs. Frank T. Gartside of Winona are in Duluth today, and will leave tonight for a lake trip. Mr. Gartside was formerly postmaster at Winona.

Miss Antoinette Saucier, who graduated this month from the Emerson school, left today on board the Huronic. Miss Saucier will go by the lakes and the St. Lawrence river to Montreal, where she will spend her vacation.

The Misses Grace and Opal Wiltsie have gone on a lake trip. They will visit at Detroit and Jackson, Mich.

C. A. Thompson, traveling passenger agent of the Erie, is in the city today.

C. A. Asterlin, traveling passenger agent of the Nickel Plate, is here on business today.

H. M. Ferguson has been seriously ill from typhoid fever for about twelve days. His condition shows decided improvement now and it is expected that he will soon be about again.

Mr. and Mrs. David Smith and daughter of Minot, N. D., are guests at the Lenox.

Walter Bell and wife of London, Ont., are in the city. They are guests at the Lenox.

George Cornell of Bertha is at the Lenox.

O. J. Tallon and Miss Nellie Tallon of Fort William are guests at the Lenox.

D. M. Neill of Red Wing, who was a candidate for the Republican nomination for lieutenant governor, is in the city.

J. J. Young of Marquette is at the Lenox.

Mr. and Mrs. W. H. Young of Nashua are guests at the St. Louis.

John Le Clair of Ashland, Wis., are at the Lenox.

F. M. Sheets and wife of Long Prairie are guests at the McKay.

John Le Clair of Ashland, Wis., are at the Lenox.

G. Z. Lehn and wife and Mrs. Rose

D. H., June 28, 1910.

This pictures the dream of The Columbia-ad man seeing the stores open every day at 10 a. m. and close at 1 p. m. Wouldn't we poor store people be in the swim, (wear Columbia Bathing Suits—for men, women and children), instead of toiling (summer togs by the carload), while the thermometer in the coolest corner of the store (there is no such a corner), hovers around 90 degrees. (Tropical underwear and feather weight pajamas are it just now). By the way, did you see those new broad-brimmed Rusticana Straws which arrived here yesterday?
